NUMBER 96.

FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And about the Care of the Skin, Scalp, Hair and Hands

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Resolvent in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening ulcerations, inflammations, itching, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invalided by such distressing ailments, as well as such sympathetic afflictions as anemia, chlorosis, hysteria and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura remedies the standard household remedies of the civilized world.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for removing irritations and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

Read throughout the world. Cuticura Remedies, 32c. per box of 50. One box of Cuticura Soap, 25c. per box of 50. One box of Cuticura Ointment, 25c. per box of 50. One box of Cuticura Resolvent, 25c. per box of 50. Cuticura Remedies, 32c. per box of 50. Cuticura Soap, 25c. per box of 50. Cuticura Ointment, 25c. per box of 50. Cuticura Resolvent, 25c. per box of 50.

INTO VLADIVOSTOK

Japanese Warships Enter Harbor Engaging Forts.

Russia's Vladivostok Fleet in Danger of Capture. Quiet at Port Arthur. Russians Working Coolies Repairing Escaping Sailors Shot.

Special to Journal.

St. Petersburg, Mich 7.—It is reported that seven Japanese war ships entered the harbor of Vladivostok today and afterward withdrew without firing a shot.

London, Mich 7.—Reports from St. Petersburg say that great anxiety is felt for the Russian Vladivostok fleet which is now locked out of the harbor by Japanese. The Russians will soon be helpless because their coal and ammunition will soon be exhausted. It is feared it will be destroyed by the Japanese fleet.

Berlin, Mich 7.—The Tageblatt, says that Russia will defy Europe and send its Black Sea fleet through the Dardanelles.

Paris, Mich 7.—It is said that the Russian fleet at Vladivostok has gone to bombard the west coast of Japan.

London, Mich 7.—It is thought that Japan's attempt is by holding her fleets off from Port Arthur and Vladivostok, to lure the Russian fleets out of those ports and engage them in an open sea-fight. The Russians are trying to avoid such contacts.

Rome, Mich 7.—The report received by the Japanese Legation here of the engagement at Vladivostok on Sunday differs from the Russian account, the latter saying that the Japanese shells fell short doing no damage. The Legation account says the Russian batteries were damaged, while the shells from the forts failed to reach to the Japanese ships falling short, thus indicating that the Russians had no big guns on their forts.

London, March 7.—Only Russian reports on the bombardment of the Vladivostok have yet been received, and they give no indication as to whether the Russian squadron is still there. According to a report the squadron was seen off there Thursday, but on this point there is no reliable information. Speculation, however, mostly inclines to the belief that the Russian squadron is not in port at Vladivostok, as neither the official or the other reports of the bombardment mention Russian battleships.

Port Arthur dispatches of Saturday and Sunday say that everything is quiet there and on the Liao Tung peninsula. The Japanese cruiser squadron was seen reconnoitering off Port Arthur Friday night during a heavy snow storm.

The Daily Telegraph's Chee Foo correspondent says the Russians are still employing thousands of coolies at Port Arthur and Dalny on entrenchments and new forts and that they are also mounting over a hundred guns to protect the neck of the isthmus. The correspondent of the Standard at Tien Tsin gives a rumor that thirty Russian sailors were caught in an attempt to escape from Port Arthur and that they were shot the same day.

RECEIVERSHIP HEARING

Delayed. Illness Prevents Judge Simonson Coming to Raleigh Until 17th.

Raleigh, N. C. March 7th.—Governor Aycock was today formally notified that Judge Simonson, of the U. S. Circuit Court could not be here until the 17th inst, to hear the State's answer in the Atlantic & North Carolina railway receivership matter. He was to have been here earlier but sickness prevented. Governor Aycock, remarked that Judge Simonson, was sick when he signed the order last week, setting the time for the hearing on the 10th inst, and that he is yet indisposed. The governor said that he had been apprehensive that the Judge would not be able to be here on the 10th. The answer of the State, which has been printed, is extremely well drawn, and has attracted much attention on the part of lawyers as well as the general public. The governor continues to get letters regarding the lease of the Atlantic & North Carolina railway, and has received three or four such since the road was placed in the hands of receiver Malloy.

EASTERN WAR.

Inhabitants of Vladivostok Warned to Leave.

Port Arthur and Vladivostok Must Defend Themselves. Russia Trying to Gain Time. Continued Bombardment of Port Arthur. War Frises.

Special to Journal.

St. Petersburg, March 6.—The Admiral in command of Vladivostok warns the inhabitants within 17 miles of the city to leave immediately, taking only personal effects, but no food, stores or cattle, which the garrison needs. Apprehension for the safety of the garrison is felt. It is thought Vladivostok is untenable owing to the Japanese fleet, and the approach of the Japanese army from Posselt Bay.

It is the intention of the Russian Commanders to let Port Arthur and Vladivostok defend themselves the best they can, and to concentrate the Russian troops along the line of the Trans-Siberian railway.

London Mich 5.—It is said that Russia is seeking to gain time in Manchuria, as it has been discovered that enough troops cannot be brought to the front and sufficiently provisioned to begin an active campaign for another month. General Linovitch is withdrawing the advance guard in Northern Korea, and there is confirmation of the advance of a large Japanese force in the rear of the departing Russians, coming from the northeast coast.

The Russian General has resolved to make a stand at New Ohwang before retreating upon Liao Yang.

Tien Tsin Mich 5.—Port Arthur has been bombarded by the Japanese in intervals on Monday, Tuesday and Wednesday.

Tokio, Mich 5.—The Russian fleet is reported as having left Vladivostok, Feb. 29th for a northern cruise seeking Japanese vessels as prizes. Two Russian ships were seen off Utsunomiya Bay. A Russian volunteer-transport steamer has been fitted up as an auxiliary cruiser.

The steamer Manchuria, belonging to the Chinese Eastern Railway company, the schooner Sibir and the steam launch Ulidje have been declared prizes of war by the naval court at Sasebo.

The Grip Leaves Thousands in its Path Weak, Nervous, Dyspeptic, Catarrh Wrecks.

FROM N. Y. JOURNAL. "During the recent Grip epidemic, millions of victims were relieved by the efficiency of Peruna in quickly relieving this malady and its after-effects has been the talk of the continent."

"For Grip and the after effects like ability, nervousness, dyspepsia and other catarrhal conditions resulting from the Grip, in the entire Materia Medica I have found no remedy that equals Peruna for its efficacy."—Dr. J. C. Hartman, President, The Hartman Sanitarium.

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands. Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is no true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

A New York Alderman's Experience.

Hon. Joseph A. Flinn, alderman Fifth District, writes from 104 Christopher street, New York City, as follows:

"When a pestilence overtakes our people we take precaution as a nation to preserve the citizens against the dread disease.

"La grippe has entered thousands of our homes this fall, and I noticed that the people who used Peruna were quickly restored, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated.

"I had a slight attack of grippe and at once took Peruna, which drove the disease out of my system in a few days and did not hinder me from pursuing my daily work.

"I should like to see our Board of Health give it official recognition and have it used generally among our poor sick people in Greater New York."

Joseph A. Flinn.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe backache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do.

"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. I used it faithfully and felt a marked improvement. During the next two months I took five bottles, and then felt splendid. Now my head is clear, my nerves steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

Mr. O. H. Perry, Atchison, Kansas, writes:

"Again, after repeated trials of your medicines, Peruna and Manalin, I give this as my expression of the wonderful results of your very valuable medicine in its effects in my case after repeated trials.

"First, it cured me of chronic bronchitis of fifteen years' standing by using two bottles of Peruna in January, 1899, and no return of it.

"After I was cured of bronchitis I had la grippe every winter for several winters. But, through the use of Peruna, it got gradually weaker in its severity, until it dwindled down to a mere stupor for two or three days. Now, the stupor does not trouble me any more."—O. H. Perry.

A Congressman's Experience.

House of Representatives, Washington, D. C.

Peruna Medicine Co., Columbus, Ohio.

Gentlemen—I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully,
George H. White.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

LOST ON GULL SHOALS

The Schooner L. T. Duncock Springs a Leak and Captain Runs Her Ashore.

The schooner L. T. Duncock, Capt. T. M. Mumford was wrecked on Gull Shoals off Roanoke Island Wednesday morning. The boat had on 75,000 feet of lumber which was consigned from the Goldsboro Lumber Co. of Dover, to the Johnson and Winnett Lumber Co. of Washington D. C. The Duncock was loaded at the Trent Warehouse wharf last during the week ending Feb. 27th.

When the captain discovered that the boat was sinking he headed her for the shoals thinking he could make a landing and possibly save the cargo if not the ship. But when she went aground she became unmanageable and soon went to pieces. The crew escaped in their yawl I had some thrilling experiences before getting to land.

Capt. Mumford reached Elizabeth City on the steamer Neuse Saturday morning and immediately notified the owners and insurance companies. The boat and cargo are a total loss.

PAINT YOUR BUGGY FOR 75c.

to \$1.00 with Devco's Gloss Carriage Paint. It weighs 3 to 8 ozs. more to the pint than others, wears longer, and gives a glass equal to new work. Sold by E. W. Smallwood.

COUNTY AURUBON SOCIETY

Holds its Regular Annual Meeting and Elects Officers.

The regular annual meeting of the Craven county branch met Friday night in the office of Mr. George B. Waters and transacted some business including the election of officers for the ensuing year.

There was some discussion as to game laws. An effort will be made to have game laws that will be satisfactory to the people and will protect the game.

The following officers were elected: President, G. A. Nicoll. Vice-President, W. T. Hill. Secretary and Treasurer, George B. Waters.

Board of Directors—S. W. Smallwood, D. L. Ward, T. G. Hyman, A. D. Ward, George Green.

Committee on Membership—E. W. Smallwood, W. T. Hill and O. K. Hancock.

Legal Committee—A. D. Ward, O. H. Gulon and D. L. Ward.

Committee on Grievances—F. S. Duffy, H. C. Lumsden, F. H. Whitely.

Committee on Game Warden—J. B. Duffy, W. F. Foy and George Green.

The sum of nearly \$400, was collected of non resident hunters this season.

There will be a delegation to go from this city to the meeting of the State Audubon Society in Greensboro next Saturday.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful; bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

DR. SCOTT ATTACKED.

Joe Scott, recently known as "Dr. Scott" was the victim of a vicious assault yesterday by Will Cannon. Scott's face was a good illustration of the Russo-Japanese war, not only was his face a war map but he looked very much like a veteran of the siege of Port Arthur himself. Scott's punishment was thorough.

EX-SHERIFF HOOKER DEAD.

Mr. Wallace B. Hooker, a prominent citizen of Pamlico county died at his home in Bayboro, Friday after a protracted illness.

Mrs. Dr. Battle Paralyzed.

The friends of Rev. Dr. W. H. Battle, who some years ago was pastor of the First Baptist Church, will be pained to know that his wife sustained a severe stroke of paralysis at her home in Greensboro Saturday morning. The stroke affects the entire right side involving the power of speech.
