**SHORT PASSING EVENTS.**

Dr R S Primrose has moved from Middle street to his new office on Broad street.

The North Carolina Teachers Association will meet at Morhead, June 8th.

See to it that your poll taxes are paid before May first if you are desirous to vote at the fall elections.

The condition of Albert M Edward's who has been very sick with Erysipelas, is reported as improving.

Capt McNett a well known river man, who has been sick at the marine hospital for some time died yesterday morning.

Thirty silver maple trees were planted in the court house yard yesterday. These trees will make a very handsome ornament after a few years.

Mr Owen Dunn has moved his printing and stationery business to the Small wood building corner of Pollock and Craven streets.

The Academy bell makes more noise squeaking than it does ringing. It is very evident that some grease is needed. A little oil on the bearings might help.

The school girls of Goldsboro have formed two baseball teams and are reported as playing very good ball—for girls. They had a game Saturday and the Hoolligan Braves beat the Nine Caps by a score of 28 to 8.

The change of weather from 82 degrees on Saturday to 40 degrees yesterday was another of those jolts that is better to anticipate than realize. Sunday was mixed up with sunshine and rain to such an extent that it was more pleasant indoors than out.

About twenty candidates were given the rite of baptism on East Front street Sunday afternoon by the pastor of the colored Baptist church in Pavletown. A good many of the negro spectators "got happy" and made as much noise as if they were on their annual picnic.

Strangers remark the attractiveness of the show windows of New Bern's business houses. With the fine plate glass fronts and tasty decorations they are very pretty indeed.

A fishing crew brought in quite a large sturgeon yesterday which they caught a little way down Neuse river. The fish weighed considerably over two hundred pounds and its captors received \$18.00 for the capture.

The Gaskins Cycle Company has built a spacious and convenient repair shop in the rear of their place and have made considerable improvement in other parts of their establishment.

The directors of the A & N C railway held a meeting here yesterday. The summer season at Atlantic hotel in More head was the only subject discussed outside of routine business.

The boys of town are kicking over the site proposed by the trustees for the new school building. They are not willing to sacrifice their play ground for any asymmetrical placing of the buildings.

A white man named Dixon was making a disturbance in Coton's restaurant last night and officer Lupton appeared to act in an official capacity. The sight of the blue coat set the man wild and his cries and curses attracted a large crowd. He was not disposed to accompany the officer to the calaboose but later was persuaded by the irresistible way Mr Lupton has. The man appeared to be crazed with liquor.

The A & N C railway is at work getting in order the necessary equipment for a pumping station at Jack Smith's Creek. It has been found that the water there is better for steam purposes than the water at the shops as the boilers do not crust so much with this water. The water will be pumped from the station to the tank at the shop.

Garden workers are about the best paid laborers now going on. One will reluctantly engage to work for \$1.00 a day. After you employ him he declines to work more than eight hours for a day and requires two days in which to make that time, begs dinner from his employer each day, and would accept of anything in the way of old clothes, if they are not too badly worn.

There are more draymen in New Bern than any other town of its size in the State, and yet it is almost impossible to employ one to haul a load, all are busy. Ten were counted yesterday in a line hauling guano to one depot alone, while there were many others hauling the

**OUR NORTHERN ADDITION.**

**Dunn's Field Assuming a Clarified Appearance.**  
The building fever seems to be raging in Dunn's field. It is a surprising and very gratifying fact that this portion of our city is growing so rapidly and filling up with handsome and comfortable homes.  
During the past two years about two thirds of the houses there have been erected. No season within these 2 years but at least two houses have been erected.  
Here is the record of new houses in that section of New Bern.  
The home of W C Brick on National Avenue has been completed and is now occupied.  
The home of J S Bizzel nearly completed.  
The home of Capt Sam Lancaster on Dunn's Avenue is now under construction.  
The home of Rufus Simpson under construction.  
The home of Capt Davis on Griffith St., under construction.  
The new store of L B Habicht which will be ready for occupation in a few days.  
The new houses facing the railroad and those on Crescent Avenue and other streets have added greatly to the appearance and size of the city. In all about twenty-five new houses have been built.

**A FINE OFFICE BUILDING.**

The Splendid Edifice Now Occupied by Dr Primrose and O H Gulon,  
Mr O H Gulon, and Dr R S Primrose are now occupying their handsome new office building on Broad street. The structure is the finest of its kind in the city and made to meet the special requirements of these gentlemen. It is constructed to combine the artistic and the sensible in architecture.  
The building is made of brick with a pressed brick front. The dimensions are 35 by 26 feet. The finish is in hard wood and heated with a hot air furnace of the Peck-Hammond manufacture. Mr H W Simpson, the architect, furnished the plans and Mr J M Register, was the contractor.  
The first floor is occupied by Dr Primrose. The reception room at the front is handsomely and substantially furnished. The private consultation rooms have every convenience that such an office requires. The operating room is arranged with all the care that scientific construction can give.  
If a germ ever finds entrance to this room it will die of starvation in the infalliblest part of a second. The floor is made of concrete and on a slight incline from the sides to the centre at which place there is a drain to draw off the water.  
The walls are finished with white enamel, thus preventing the lodgment of dirt and floating substances. The furniture of this room is of glass and between this scientific safeguard and use of odoriferous antiseptics it will be hard sledding for the microbes.  
The law offices of Messrs O H Gulon and E M Green are on the second floor; Mr Gulon occupying the front and middle rooms and Mr Green the north room. A compartment is made in the latter office from the stenographer. The offices are fitted with new furniture and everything is in accord with the new order of things.

**Ferry and Bridge Notice.**

Chairman Baxter, of the County Commissioners says that the flat for Street's ferry will be towed up and placed in position, tomorrow, Monday evening, and the ferry will be open for travel Tuesday.

Also at Brices Creek bridge repairs will begin tomorrow, Monday and while there will be some interruption to travel during the day, the bridge can be crossed at night.

**A Famous Elk Tooth Robe.**

The famous elk tooth robe that belonged to a daughter of Old Crow, a Cheyenne chief, has been purchased by the proprietors of the Thomas Tribune. Old Crow's household was loath to part with the relic that had been the pride of the Cheyenne and Sioux Indians for several generations. The 728 teeth represented 364 bull elk, as there are only two good teeth in the head of each animal.

When the robe changed hands Old Crow's entire family of about fifteen aborigines was present to see that the deal was pulled off according to the latest rules of commerce. When the money was handed over there was a grand rush for the "wohah" (meat) market, and the "chuck" that was hauled to Old Crow's tepee that evening was sufficient to feed a company of soldiers. The Indian is a free spender. He believes in the admonition to "eat, drink and be merry, for tomorrow we die."—Thomas (Okla.) Tribune.

**Celery Beauty Cult in London.**

West end grocers have been considerably astonished of late by a prodigious demand which has suddenly sprung up for celery.  
The explanation is a curious one. A large section of smart and pretty society women, together with an equally large section who are not so conspicuous for good looks, have created a celery beauty cult.  
Experts have declared that no drug in the world has the potency of celery for producing a clear complexion and bright eyes.  
It must be eaten raw, say the experts.  
It is not only a beautifier, according to its devotees, but it promotes health in various ways and also inspires energy and good temper.—London Express.

**Is There no way to Stop It?**

Some time ago the shrieks of a boat whistle awoke the town and kept everybody awake all night. The screaming was laid upon the Aunt Sue at that time.  
Sunday night about eleven o'clock the most unearthly and blood curdling screams imaginable came up from Neuse river, and were continued at intervals, until far and towards day greatly to the annoyance of people who wanted to sleep and to the injury of sick persons and nervous children. Now we don't know whether the noise came from Aunt Sue, or Sister Sally, but there is no necessity of any boat keeping up such a prolonged racket. Its a nuisance at all times, but for such carryings on Sunday night, its disgraceful. There seems to be a lot of ordinances on the city's statute book that were put there for mere ornament.

**Letter to J E Latham & Co.**

New Bern, N. C.  
Dear Sir: Here's a paint that's being sold to bargain-bunters:

10 per cent lead  
50 " " zinc  
30 " " barytes  
20 " " whiting

Barytes and whiting are sand and white wash, not paint.  
Some people must like gold bricks. The name of that paint is — "pure lead-and-zinc." The dealer who sells it says it's as good as Devos.

Yours truly  
F. W. Devos & Co  
New York.

**A RUNAWAY ACCIDENT.**

No Serious Consequences But the Happening Suggests Some Changes.  
Mr George Howard, book-keeper for the Hyman Supply Co., had a narrow escape from a serious accident yesterday morning. He was driving on Griffith street between the Broadus and Ives mill and the Pine Lumber Company's mill.  
A locomotive engine on the Broadus and Ives track scared the horse which whirled quickly, overturned and wrecked the buggy and spilled Mr Howard on the ground. Fortunately, however, Mr Howard sustained only a few slight bruises on the face.  
This little accident emphasizes the importance of adopting some means at this place to prevent such occurrences; either a flagman or gates. It is as much as a man's life is worth to drive on Griffith street with a spirited horse.  
The tracks are so laid that it is impossible for a driver to tell whether there is an engine moving on the track or not. As it is now the place is a menace to human life.

**Police Court News.**

The following cases were disposed of in the Mayor's Court yesterday.  
Ed Dixon, drunk and disorderly. Judgment suspended on payment of costs.  
Israel Harris, larceny of a watch; discharged.  
C D Bradham, assault; Judgment suspended on payment of costs.

**TRADE AND INDUSTRY.**

Milan, Italy, and Lyons, France, is now the greatest silk market.  
Our manufacturers require annually about \$7,300,000 worth of Egyptian cotton.  
The revenue derived from the lumber industry on the Pacific coast exceeds that of all other industries combined.  
The annual government expenditures for the promotion of agriculture are \$4,500,000 spent by the states and \$6,250,000 by the national secretary of agriculture.

**Confederate Annual Reunion**

Headquarters United Confederate Veterans, New Orleans, La., March 12, 1904.  
General Orders No. 7.

I. The Lieut. General Commanding announces that, according to the custom heretofore in force, which leaves to the Commanding General and the Department Commanders the fixing of the date of the Reunion, the Fourteenth Annual Reunion will be held in the City of Nashville, Tenn., on June 14th, 16th and 18th 1904, Tuesday, Wednesday and Thursday respectively, those days having been named by our host as satisfactory.

II. The Lieut. General Commanding realizes that there is no necessity for him to urge an attendance from those who were present in Nashville at the Reunion of 1897. These Comrades enjoyed to such unlimited extent the broad and liberal hospitality of the noble men and women of that delightful city, that they will gladly embrace the opportunity to partake of the pleasures certainly to be spread out for them in profusion. He does, however, urge ALL Confederate soldiers and sailors of all arms and departments, whether members of Camps or not, and Sons and Daughters of the Confederacy, to be with us and take part in this grand meeting.

III. The Lieut. General Commanding with much pleasure announces, at the request of its most energetic President, Mrs. W J Behan, that the Confederate Southern Memorial Association will hold its meeting at the same time; and that the opening feature of the Convention will be the usual Jefferson Davis Memorial Service. The time and place of this service will be given in future orders, so that every U. C. V. may be able to attend.

By command of  
**STEPHEN D LEE,**  
Lieutenant-General Commanding.

**A Wonderful Saving.**

The largest Methodist Church in Georgia, calculated to use over one hundred gallons of the usual kind of mixed paint in painting their church.  
They used only 25 gallons of the Long man & Martinez Paint mixed with 24 gallons of linseed oil. Actual cost of paint made was less than \$1.50 per gallon.  
Saved over eighty (\$80.00) dollars in paint, and got a big donation besides.  
EVERY CHURCH will be given a liberal quantity whenever they paint.  
Many houses are well painted with four gallons of L. & M. and three gallons of linseed oil mixed therewith.  
Wears and covers like gold.  
These Celebrated paints are sold by Hyman Supply Co., New Bern N. C.
