

SHORT PASSING EVENTS.

Mr Lee J Taylor yesterday received a solid car load of Pabel Beer direct from Wilkesboro, Wis.

There have been a few sales of cotton in the local market this week at 1 1/2 cents. There is very little demand for the staple.

The price of shad is still holding up. Roes are 40 and 50 cts the shad, bucks are 25 cents.

Dr N H Street and family are residing at No 199 Middle street until the completion of their former home on Johnston street.

Radios were offered for sale by the green grocers yesterday. They were the first in any considerable quantity on the market this season.

G S Waters & Sons, the well known carriage makers, have presented this office with a nice combination thermometer and barometer, for which the Journal is greatly obliged. While the instrument is really an advertisement for the firm, it is like the product of their factory, well made, neat and serviceable.

The relatives of those James City rioters, who were sent to jail yesterday set up a great lamentation while the prisoners were being incarcerated. These people are very emotional and excitable. Just as they scream and howl about the punishment of their friends, so will they shriek and froth for the punishment of a supposed enemy. Their preachers and teachers are largely responsible for their wild and senseless conduct.

It looks as though the county authorities will have enough convicts on their hands after this court to organize a pretty good sized road gang. It is very strange why the convicts from Craven county have to be sent to other counties to work roads, when this county's roads are well nigh impassable half the time. If the county makes very much money by the operation nobody has ever found it out.

The first excursion of the season will be run by Thos H Knight from Wilmington to this city on Monday May 9th, the rate being \$1.25 for the round-trip.

The condition of Mr J R Parker, Jr, of whose illness the Journal has spoken of does not improve. His death is expected to occur at any time. He was taken with a second attack of hiccoughs last night which greatly weakened him.

Although the month of April is nearly half over the weather up to date with but few exceptions is such as belongs entirely to the month of March. Uncomfortably cool and frosty nights have been the rule and vegetation has been retarded by the unseasonable condition. Wednesday the government thermometer registered 55 degrees and yesterday it was 40 degrees. So far the month has been the coldest that has been known for many years.

Mr B B Mallison sustained a painful injury to his hand in an accident that occurred yesterday in his and Capt J M White's truck package factory. He was edging some cabbage box heads when a piece caught on the saw and jerked his hand into the saw. The flesh on one thumb was badly mangled, but the bone was not injured and it is probable that the thumb can be saved. -Kinston Free Press 14th.

The elocution class of Miss Annie D Green will give on next Wednesday afternoon the 20th, Cinderella's Pantomime and Editha's Burglar. This entertainment will be especially for the interest of the children and everything is planned with the purpose in view of pleasing them. The older folk will also be pleased with this enjoyable affair in which some of the prettiest and most attractive children in New Bern will take a part. Fuller particulars will appear in Sunday's issue.

A gentleman from Jones county in conversation with the writer yesterday said that the terribly bad roads leading into New Bern were costing this city many hundreds of dollars a year. The people of his county, he remarked, preferred to trade at New Bern, because it was their old market town, but that they were compelled to carry their trade elsewhere, because of the bad roads leading into this town. The writer while on a recent trip through the upper part of Onslow, heard a number of prominent farmers express the same opinion.

Tea for the Orphans.

The Junior Auxiliary of Christ church will give a tea at the residence of Miss Margaret D Nelson, Monday afternoon April 18th at 4 o'clock. The proceeds will be devoted to the Orphanage at Charlotte. The needs of the orphans are specially pressing at this time and their cause is one that will appeal to all. Remember the day Monday April 18th.

THE LADIES favor painting their churches, and therefore we urge every Minister to remember we give a liberal quantity of the Longman & Martinez Paint toward the painting. Wears and covers like gold. Don't pay \$1.50 a gallon for Linseed Oil (worth 60 cents) which you do when you buy other paints in a can with a paint label on it.

8 & 1/2 make 14, therefore when you want fourteen gallons of paint, buy only eight of L & M, and mix six gallons pure Linseed Oil with it, and thus get paint at less than \$1.30 per gallon. Many houses are well painted with four gallons of L & M, and three gallons of Linseed Oil mixed therewith. Wears and covers like gold. These Celebrated paints are sold by Ryan Supply Co., New Bern N. C.

Wetherington-Daugherty.

Mr John Wetherington, was happily married to Miss Ada Daugherty at half past seven o'clock on the evening of April 13th at Asbury Church, Perfection N. C.

The scene was one of beauty and grandeur and the building was filled to overflowing.

The church was profusely decked in flowers, jessamine and dogwood adding rich perfume and abridging a fairy like influence over the whole bower.

Nature too, had done her utmost to grant the couple a beautiful night the stars studding the ebony vaults without, viewing in loving competition with the candles within.

Six bridesmaids, and an equal number of groomsmen made up the bridal party and helped to render the hour attractive. The participating ones were Miss Sara Baum, and Mr Rogue Richardson, Miss Bertha Wetherington, and Mr Walter Kennedy, Miss Lizale Ipoek, and Mr Archie Lyon, Miss Ida Ipoek, and Mr Walter Richardson, Miss Ida Wetherington, and Mr Ernest Daugherty. In the soft mellow light of the shining candles while the organ under the skillful touch of the efficient organist pealed forth in full, rich, tones of joy the attendant, came slowly up the aisle on either side and crossing at the front formed a semi circle around the chancel rail. The bride came in with her brother while the groom was accompanied by his sister and there beneath the flowery arch the twain were joined by Pastor Townsend.

After the ceremony, the party passed under the arch and dividing every other two separated and passed out on opposite aisles.

Seldom if ever has Asbury Church witnessed such beauty and grace. The bridesmaids were tastefully arrayed in white dresses and chiffon hats while the bride was handsomely dressed in the same.

After this the parties with a host of friends and acquaintances, repaired with the wedded ones to their new home near Jasper and there, amid the feasting and revelry made merry until the night was far spent.

Mr and Mrs Wetherington, were both well known and beloved as was testified by the profusion of beautiful presents received and one and all joined in wishing them innumerable years of unbroken felicity.

Letter to W B Ellis,

New Bern, N. C. Dear Sir: The way to buy paint is to go by the name. There is a name never seen on sham paint or weak paint or short measure paint: Devco.

There are a hundred different names in paint. Some are shams; some weak; some short measure; and some all three.

If there is another such paint as Devco lead-and-zinc, we don't know it. There are a few fairly good paints; a few; only one Devco. A gallon Devco is worth a gallon-and-a-half of those few.

Mr Aaron Higgins, of Plainfield, N. J, always used 15 gallons of mixed paint for his house. Last spring he bought 15 gallons of Devco and had 4 gallons left.

Yours truly F. W. Devco & Co. P. S. E. W. Smallwood sells our paint

Death of William Charlotte.

Mr William Charlotte died at his late home at 141 Pollock street Wednesday morning, after a long and painful illness. He was 68 years of age and was born and raised in this section. Mr Charlotte was well known in the city and a highly respected resident. The funeral will be held at the Tabernacle Baptist church this afternoon at 4.30. Rev Boney of Wilmington will officiate.

SUMMER BOARDERS ATTENTION

The First Whale of the Season Seen on the North Carolina Coast.

The sea serpent agitation has begun at an earlier date than usual and summer resort proprietors are making extra efforts to get a serpent or a whale attraction for their hotels.

From Manteo comes the first report of anywhere on the coast. The Manteo correspondent of the Elizabeth City Record states that a really truly whale has been seen near there by at least one truthful man.

Mr Joe Tom Daniels, a fisherman was out at sea fishing for sturgeon when he saw a monster whale coming toward him with wide open mouth and at a very rapid rate.

Daniels put up all the sail the boat could carry and made every possible effort to get out of the way of the whale, even putting out further to sea. He escaped the monster and waited some time before daring to go back for fear the whale might appear. Mr Daniels is now safe at Manteo and feels mighty glad that he wasn't a Jonah.

Daniels described the whale as 75 feet long as near as he could tell at a hasty glance; that much was out of water and there is no telling how much his whale-spine is showing behind. The man thinks the fish was not less than 150 feet long. The dimensions of the distended mouth was all of 25 feet and could have swallowed the boat, mast, cargo and all and then asked for a second helping.

Arrangements will be made by the enterprising hotel keepers to have the whale appear off the beach every day during the heated season.

GALILEE.

We have had some pretty weather for the last two weeks and it has dispated the blues of our farmers.

Most of the work with us since last writing has been plowing and burning off land.

We had a light thunder storm yesterday and last night we had a hail storm, but it was light and no damage was done.

All the sick people of Galilee are well one more time I believe.

Miss Maggie Jones of near Vanceboro is visiting her parents here and is suffering with an abscess on her arm. Mr J O Wiley and Misses Stella Whitford and Mary Whitford of Zora were in Galilee last Sunday.

Rev J B Reppas will preach for us next Sunday at 3 o'clock. Our Sunday School is preparing for a Children's Day.

HARD TIMES.

CASTORIA. The Kind You Have Always Bought Bears the Signature of

Criminal Court.

Most of the day in the criminal court yesterday was taken up with the trial of the case of the State vs Sallie Gannon for keeping a disorderly house. The testimony was extremely sensational and was not such talk as is heard in polite society. The jury rendered a verdict of guilty. Sentence will be pronounced later.

The case of State vs Foust for assault with deadly weapon was heard.

New Idea in Scientific Farming.

The New Bern truck farmers who always up to date and adopt the most advanced methods of truck farming, have had their attention called to the system of irrigation.

Mr Wm Dunn, a prominent trucker of this vicinity has introduced this system and has about 7 or 8 acres on his farm covered with the irrigation pipes.

Mr W C Willett, expects to adopt this system and no doubt others will follow.

The Skinner system of irrigation consists of a system of iron or galvanized pipes 40 feet apart and the length of which can be according to the number of feet of ground to be covered. These are elevated from the ground on stakes set firmly in the ground. The stakes may be made high enough for a horse to pass under if it is considered important to work the crop both ways.

The pipes are perforated and little brass sprays or nozzles are inserted four feet apart in the pipes and when the water is turned on it gives a uniform spray the entire length of the line. In 48 hours of continuous pumping at 50 pounds pressure, it can equal 12 inches of rain. The greatest value of this system outside of irrigation is protecting the plants from frosts, as on frosty nights warm water can be raised all over the garden all night.

By this irrigation ten acres will yield more profit than a large farm conducted on the old plan.

Echoes From District Conference.

Mr Editor.-I thought I would tell you, what an enjoyable time we had at our Quarter's Conference for Craven circuit, held at Tuscarora, the only place named after that almost forgotten tribe of Indians that Lawson, in his history tell us, held this country with the Croatan Indians. There are many Croatan a Sound named after them but as far as I know this is the only place named for the former, Dr Swidell, presided, with his accustomed grace and dignity, and preached to my point of view the best of his many oratorical sermons Saturday, his subject was "Love."

I know you will say a prolific subject be made it so. Sunday we had the pleasure of a sermon from Kinston's pastor, Rev Mr Davis, subject "Praise" an able thoughtful sermon. He is a genial cultured gentleman, he is quite remissant and tells an anecdote well. Our own pastor was also present than whom few are more erudite. We had a good representation from all the circuit, from the Lenoir to the Jones county line. The veteran leader of the Laymen, Daniel Lane was there in the language of the lamented Bill arp, calm and serene as ever.

Tuscarora has taken on new life since we saw it a nice depot building, well equipped and presided over by an alert competent young lady.

There is a nice school, taught by a young lady, Miss Baum, from the historic, region of Roanoke Island, the very cradle of America. Tender memories of the ill fated Raleigh cluster around this extreme eastern portion of our State. This school will soon close and the people part with this efficient teacher, reluctantly.

The men of this place are all fat and rubundous, some think it the water of the peculiar prime odor of the air, but betag the guest, of Mr and Mrs C H Wetherington. I found out the secret, the viands.

We were most hospitably entertained did you know genuine hospitality could not be cultivated so you could not tell the genuine from the other? Well it is so it must be innate, then it falls upon you like the dew upon the thiraty grass and the drooping flowers. This is the kind we receive at Tuscarora.

Yours very Truly, I,

To The Democratic Voters of Craven County;

I hereby announce myself a candidate for the nomination of Register of Deeds of Craven county. I desire to express my appreciation for the support which the Democratic voters of the County have given me in the past and to state that if nominated and elected I will give my best efforts to discharge the duties of the office acceptably.

GEORGE B WATERS

Announcement.

I wish to announce my candidacy for the office of Register of Deeds of Craven county subject to the will of the Democratic county convention.

I represent a constituency on the north side of the river which has been loyally Democratic at all times and have sought political preferment but little. I believe it is due the townships in that section to be represented in the county administration and I therefore solicit the consideration of the Democratic electors.

DAVID P. WHITFORD.

Announcement.

I take this means of notifying the Democratic voters of Craven county, that I will be a candidate before the next county convention for the office of County Treasurer.

If nominated, I shall faithfully and diligently discharge the duties of the office. In the event of my nomination, when elected, I shall establish my office in the City of New Bern conveniently located for the payment of all vouchers.

My section of Craven county has for years born the name of rolling up heavy majorities for Democracy, I have ever been found, since my majority, in the heat of every election.

All the County offices are now filled by gentlemen from New Bern and I trust the Democratic voters in the next convention, will concede this office to the County and to the section I represent. Respectfully, FREEMAN S ERNUL.

Announcement.

I hereby announce that I am a candidate for the office of Treasurer of Craven county and will appreciate the support of my friends. If elected to said office will serve you as faithfully in the future as in the past.
