NUMBER 3.

THE GREAT AMERICAN TOURIST

Honor (?) This City With a Visit. A Typical Tramp Arrested by Officer Lupton.

A tramp's sojourn in the city is not very often given more than passing notice but we had a visitor of the Great American Tourist class yesterday who was something out of ordinary. As a tramp he was a decided success. And yet he lacked that remarkable nerve that most tramps acquire. Otherwise he was a thorough bred hob.

When he arrived at the jail officer Lupton had to perform the disagreeable task of searching the man to see if he carried any weapons. He found no very vicious looking arms but many to his amazement of \$10.90 was found done up in many small packages and secured to different parts of his anatomy were discovered. The money was mostly in small coins, nothing larger than a quarter was found.

He was evidently a foreigner for he had a marked brogue in his speech. He said he was Irish but stories as to his nationality, were rather conflicting for he would not give the piece of his birth twice alike. It is not probable that any country would be proud to own him as a native. He did not appear to be lacking in sense, at least to any extent, but the absence of energy in his motions was enough to stamp him as a tramp. His head was enveloped in a mass of which any hair dresser maker would have given a good price for; and his face was surrounded by a scraggly growth of whiskers that did not enhance his good looks at all. If he was clean he would pass as a blond but the accumulation of dirt of many days—not to say longer makes it difficult to say to what class he belongs.

He was photographed while in the jail yard and while a photograph could not do him the justice he deserved one could get an idea of how bad a tramp can look when he once sets out to make a record for himself.

Yesterday noon he was escorted to the city limits by Chief Hargett and officer Parker who sent him onward to Kinston his next stopping place.

The vagrant law while it may have covered his case was not applied for it would have been of no account to punish him. He was a person who the city could very well spare; the sooner the better.

It is such as this tramp that often spread contagious diseases either having a case themselves or carrying it in their clothing. In view of this one fact which in itself is a terrible menace the people are justified in being severe with just such animals.

There are more Germans in Chicago than any city in Germany except Berlin. There are more Italians in New York than in Florence. 130,000 came to us from Russia last year. 218,000 from Austria-Hungary. 240,000 from Italy. Paets are said to be the flag of God. What do the above figures point out to us?

GREAT BRICK OUTPUT.

Carolina Brick Company's Four Plants 15,000,000 Brick Annually.

Mr. T. G. Hyman returned yesterday morning from a trip to Kinston, to which place he had gone to attend a meeting of the Directors of Carolina Brick Co., in which he and Mr. F. R. Hyman are Directors, the latter being Vice-President. Among the stockholders are Messrs. M. M. Marks and Geo. A. Nicoll of New Bern.

Mr. Hyman stated that the Company had just completed the remodeling of the two plants at Clark's, giving each plant an annual capacity of 4,000,000 brick per annum. The Company also owns a plant at Kinston, and has just begun making brick at their new plant recently erected at Robertsonville. The four plants will have a combined capacity of 15,000,000 brick per annum, and it will therefore be in position to take care of large orders with all ease. The Company have a full supply of brick ready for immediate shipment.

Hyman Supply Co., will act as selling agents for New Bern and vicinity, and all inquiries addressed to them at New Bern, or to Carolina Brick Co., at Kinston, will receive prompt attention. Having installed the latest improved machines on the market at their yards, the quality of brick will not be surpassed in Eastern North Carolina.

Death of Judge Simonton.

Hon. Charles H. Simonton, of Charleston, S. C. Judge of the United States district court, died yesterday morning at a hospital, in Philadelphia whither he had gone for treatment. He had been ill about a week. He was about 70 years of age. Judge Parnell, received word of Judge Simonton's death yesterday shortly after court convened, and out of respect to the deceased jurist's memory adjourned court until 10 o'clock today.

One of Judge Simonton's last judicial acts was to act with Judge Parnell, in dissolving the receivership of the A & N C Railway.

THE S. S. CLUB.

Play Progressive Outlooks and Have a Royal Time.

The S. S. Club, composed of gay girls held a social at the home of Miss Sarah Stewart Friday night. The occasion was a most enjoyable one and will long be pleasant in the memories of all who were present.

Progressive Outlooks was the leading game and there was great excitement worked up by the spirited rivalry occasioned by the game. Prizes were won by Miss Mary Carraway and Nat Street which were respectively a silver hat pin and a pair of silver cuff buttons. The booby prize, a rattle, was taken by Rodman Gulon.

The rooms were beautifully decorated with plants and bamboo. The table was adorned with pink and white carnations. Dainty refreshments were among the enjoyable features of the evening.

The club composed of the following members were hosts: Misses Sarah Stewart, Mary Whitty, Ivy Blades, Marnie Baxter, Mary and Beale Hollowell, Mary Hughes and Mary Nixon.

The guests were: Nat Street, Mann Pretyman, Will Duffy, Jack Street, Rodman Gulon; Dan Pelletier, Emmett Whitehurst, John Gulon, Thomas Mitchell, John Holland, Ernest Dunn, Nelson George and Don Pasterson.

The invited girl guests were: Miss Blanche Burros, Mary Carraway, Virginia Pretyman, Mildren Gray, Susie Gulon, Ruth Thomas and Irene Peck.

Base Ball Meeting.

There was a meeting of men interested in the base ball matters in the Naval Reserve Armory last night and the matter of making the new grounds fit to play on was discussed. Although the attendance was small there was much enthusiasm and if that counts for anything we will have good grounds and good games here this summer.

It will require about one hundred dollars to place the grounds in fit condition to play on and to build a grand stand. This amount must be raised.

Mr. James Dawson and others were named as solicitors for the purpose of raising money to make these improvements. They will wait upon the business men today and it is hoped their efforts will meet with a ready and liberal response.

FEDERAL COURT CONVENES.

The Spring Term of The United States Tribunal in Progress Now.

The spring term of the United States court began here yesterday at noon. The court officers, Judge Parnell, Marshall O. Dockery and his deputies, J. T. Sharp and John Dockery; and district attorney, Harry Skinner, and deputy clerk, George Green, were present to conduct the proceedings. The court room was attractively decorated with handsome plants and flowers.

The only business transacted was the charge to the grand jury which body found true bills against the following persons:

- U S vs R. J. Donaldson, obstructing navigation.
- U S vs P. Cannon; retelling spirituous liquors without paying special tax.
- U S vs Irvin McLaughlin and William Dennis, retelling spirituous liquor without paying special tax.
- U S vs L. B. Habicht, failure to obliterate stamps.
- U S vs M. Discoway and L. H. Ervin; failure to obliterate stamps.
- U S vs Edward Patrick, retelling spirituous liquors without paying special tax.
- U S vs James F. Taylor, failure to obliterate stamps.

SPLENDID PUBLIC SERVICE.

List of Appropriations Secured by Congressman Charles R. Thomas in The 56th and 57th Congresses.

- River and Harbor Appropriations, \$75,000
- Public Building for Goldsboro, 80,000
- The building is now being constructed, and the full amount of \$200,000 is available.
- Two life saving stations, one at Swanboro, Onslow county, and one at Beaufort, Carteret county, 20,000
- Road to Federal Cemetery, New Bern, 6,000
- Preliminary map for Sampson county, 1,500
- Marine Biological Laboratory Beaufort, in co-operation with Mr. Small, 25,000

Recently for improvements at Laboratory. He has put about 75 rural free delivery routes in the 8th district.

He has also passed through Congress, and has a favorable report again, upon the bill to pay the war claim of St. John's Masonic Lodge, New Bern.

He also has a favorable report on bill to repair monument and beautify grounds at Moore's Creek battle ground, Pender county; and a favorable report backed by the Secretary of the Treasury for a new revenue cutter to navigate Pamlico sound and Neuse river, to cost, 175,000

In the House of Representatives he has made speeches upon party questions as follows:

The financial bill, known as the gold standard bill, in favor of bimetalism; the Philippine question, and the subject of imperialism; the life-saving service by which he helped secure an increase of \$5 per month to life saving crews on southern war steamers; on the trusts; on reciprocity; on Moore's Creek Battle Ground Monument; on the river and harbor bill, including inland waterway from Norfolk and Beaufort, and on the Post Office Appropriation bill.

In the event of a Democratic Congress he is likely to become chairman of the Committee on Public Buildings, and upon that committee is in a position to secure large appropriations for the State. With this record, do the people of the district want to change?

Notice to University Alumni.

The banquet given by the two societies to their alumni members, will be on Monday night of commencement week this year. The first of these banquets was given last year and was thoroughly enjoyed by both alumni and students, and it is hoped that many alumni will be present this year. It is absolutely necessary for the arrangement committee to know how many will be present, so alumni who expect to attend are requested to send their names to the undersigned as early as possible. Names must be sent in not later than May 15th.

BLIND TIGER RAIDED.

Alleged Illegal Booz Bazaar Pulled On Atmore Street.

Randolph Yelverton, a colored man was arrested Sunday night for selling liquor on Sunday and also for selling liquor without a license. The arrest was made by officers Lupton, Bryan, Bowden and Parker. They had received word that there was a blind tiger in operation at Yelverton's place and before this information was received they had suspicions of the place. Sunday night they went in the vicinity of the place which is located above Atmore St. facing the A & N C Railroad. The officers hid under a box car and awaited developments. They watched the place for some time and after seeing men in and around the place they made the raid.

They met with no resistance and made a thorough search. About 50 empty whiskey bottles and two jugs containing corn whiskey and several bottles filled with beer were confiscated. One man was found in the act of drinking beer. The bottles were found hid in boxes, cupboards, behind the furniture and many other places; evidently to conceal any signs of drinking there.

The defense which was conducted by J. E. and R. O'Hara maintained that the place was run as a boarding house and that was the reason why there were so many men around the place. The presence of the whiskey bottles was also accounted for that the liquor was legally purchased with the intention of giving away to his friends.

Yelverton was bound over to the next term of the Superior court for the trial of criminal cases in October. The bond was placed at \$100.

IT'S UP TO YOU.

Whether or Not We Will be Permitted to Have Base Ball This Year.

The base ball matters have been aroused by the advent of warm weather. We are going to have some good games if those who care for the sport will "come across" and show their interest.

We have an excellent amateur club and also we have the refusal of some good grounds, rent free, for three years or more. The principal difficulty now lies in putting the grounds in proper condition for play.

The amateur season will begin in about three weeks. There will have to be some lively work done to get the grounds in good order by that time. If this is done the public can be assured of some very interesting not to say exciting games at reasonable periods during the summer.

There will be a meeting of those interested in base ball affairs at the Naval Reserve Armory tomorrow (Monday) night at 8 o'clock to discuss this question. Grading the grounds, making the grand stand and a few other necessary repairs will require the outlay of a little expense. If all who have the interest of the game at heart will head the appeal and contribute something to the expense it will not be hard on any one.

Turn out tomorrow night and discuss the matter with the boys. Let us have some rousing games this summer.

New Order Methodist Worship.

A joint commission from the Methodist Episcopal church and the Methodist Episcopal church, South, has recently adopted a joint hymnal for the two churches which will be published some time within a year. This commission by instruction also adopted a new order of worship for the two churches which they have officially promulgated. It is as follows.

Let all our services begin exactly at the time appointed; and let all our people kneel in silent prayer on entering the sanctuary.

- I. Voluntary, instrumental or vocal.
- II. Singing from the Common Hymnal, the people standing.
- III. The Apostle's Creed, recited by all, still standing.
- I believe in God the Father Almighty, Maker of heaven and earth, and in Jesus Christ his only Son our Lord; who was conceived by the Holy Ghost, born of the Virgin Mary, suffered under Pontius Pilate, was crucified, dead, and buried; the third day he rose again from the dead, he ascended into heaven, and sitteth at the right hand of God the Father Almighty; from thence he shall come to judge the quick and the dead.
- I believe in the Holy Ghost; the holy catholic church; the communion of saints; the forgiveness of sins; the resurrection of the body; and the life everlasting. Amen.
- IV. Prayer, concluding with the Lord's Prayer, repeated audibly by all, both minister and people kneeling.
- V. Anthem, or voluntary.
- VI. Lesson from the Old Testament, which, if from the Psalms, may be read responsively.
- VII. The Gloria Patri. Glory be to the Father, and to the Son, and to the Holy Ghost; as it was in the beginning, is now, and ever shall be, world without end. Amen.
- VIII. Lesson from the New Testament.
- IX. Notices, followed by collection; deriving or after which an offering may be rendered.
- X. Singing from the Common Hymnal, the people standing.
- XI. The Sermon.
- XII. Prayer, the people kneeling.
- XIII. Singing from the Common Hymnal, the people standing.
- XIV. Doxology and the Apostolic Benediction.—(2 Cor. xiii. 14)

Letter to Blades Lumber Co.

New Bern, N. C.

Dear Sirs: The usual way to buy paint is to take the lowest price by the gallon. Mistake; the buyer loses by it; how much? Depends on the paint; it is so much a gallon, or so much a year. How much a gallon or year, do you think? As much perhaps, as the total price of the paint. It may take twice the number of gallons.

N. Avery, Delhi, N. Y., owns two houses, both exactly alike. He painted one with Devco and one with another paint. Devco 6 gallons; the other 12.

Go by the name: Devco. There's noth'g cheaper. Go by the price; there's nothin' dearer, except not painting at all.

Poor paint is better than none. What does it cost not to paint at all? Can't figure it out, besides; say a tenth of the building a year, lasts looks.

What is poor paint worth, then? Don't know and don't care; you don't want it. Go by the name.

Yours truly, F. W. Devco & Co. New York.

HAIRS OF THE NETTLE.

The Reason They Sting So When They Prick the Flesh.

The stinging hairs of the common nettle, which can easily be seen by the naked eye, stand out under the microscope as rigid, transparent, tubular prickles, highly polished and exquisitely pointed. At their bases these hairs are furnished with bulbous reservoirs, which are charged with formic acid, an acrid, poisonous fluid, which is discharged into the wound after the sharp points have pierced the skin.

Mr. Curtis, in his "Flora," gives this graphic description of the process: "Placing the foot stalk of a nettle leaf on the stage of a microscope, I pressed the bulb with a blunt pin and found a liquid ascend in the prickles, as quicksilver does when a warm hand is applied to the bulb of a thermometer. I saw the liquid ascend and flow from its extremity. I was the more anxious to see this, as I fancied the poison might proceed from an aperture in the side of the sting near its point, and here it appears to be placed rather than quite at the end, that it may not take off from its necessary sharpness.

"Plastico" A SANITARY WALL COATING. Plastico is NOT a hot water, filthy glue stick, in which are finally powdered rocks, in white and beautiful tints to be mixed with cold water. Any one can brush it on. Plastico has the peculiar property of cementing to the wall, destroying disease germs and vermin and never rubbing off or scaling. Kalsomine has no cementing property depends entirely on glue to make it adhere. The glue soon dries, scattering vermin and germs of deadly disease and the stuff rubs and scales off, soiling walls, ceilings and furniture. Wall finishes that must be mixed with water are Kalsomines, no matter what fanciful names they bear. Notice three unsightly features and buy Plastico in 5 lb. packages only, properly labeled. (An Interesting Letter Concerning Pe-ru-na.)

Miss Della Janveau, Globe Hotel, Ottawa, Ont., is from one of the oldest and best known French Canadian families in Canada. In a recent letter to The Peru-na Medicine Co., of Columbus, Ohio, she says:

"Last spring my blood seemed clogged up, my digestion poor, my head ached and I felt languid and tired all the time. My physician prescribed for me, but a friend advised me to try Peru-na. I tried it and am pleased to state that I found it a wonderful cleanser and purifier of the system. In three weeks I was like a new woman, my appetite had increased, I felt buoyant, light and happy and without any ache or pain. Peru-na is a reliable family medicine."

Adla Brittain, of Sokitan, O., writes: "After using your wonderful Peru-na three months I have had great relief. In a recent letter to you I had told you of my case and you had been pleased to give you my valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O."
