#### STATE LEAGUE BUILDING AND LOAN ASSOCIATIONS.

Last year several of the State Building and Loan Associations formed a State Association, and the first annual

have it, and enjoy its benefits, for there places, which was denied the counis no question of the great advantages try. which a building and loan association gives to the entire community, especfally to the wage earner, who can either place his savings in this association, and have these savings draw interest, behave been made.

In this city, the local building and cen association has proven of great value. Its business has been splendidbeen made safely and wisely, without a loss being incurred.

The Wrightsville meeting on the 15th inst. ought to have delegates from every State Association, for the organ ization of a State league means the better protection of every local association as it will give an organization which will be protective against the imitative safely conducted.

Other States have these leagues, and find them profitable, and North Caro- crimination exists between town and line will also find it so by organizing country, it sught not to be, for the this State League of Building and Loan same laws ought to be made applicable Associations

#### JUST RECOGNITION FOR PUB-LIC SERVICES.

The Journal's political forecast some months ago, that Congressman Charles R Thomas of the Third District, would be his own successor, and that without opposition, has been fully substantlated by the returns from the County conventions in the Third District.

Wayne, Pender, Duplin, Sampson, Jones, Pamlico, all give unanimous in structions to their delegates to vote for Mr Thomas, Onslow convention took instructed for their fellow citizen, and ealy Carteret remains, which is certain to vote for Mr Thomas.

The strength of Charles Randolph Thomas among the people of his District, lies in his integrity of purpose in serving his constituents, and in faithfully maintaining a high personal charscter in the office at Washington to which he has been elected.

And when the Journal published some months ago, Mr Thomas's record in Congress, there was enough in this record together with the Congressman's the very unanimous expression of his District, which has since been given him, which means his return to Con-

It has not needed political scheming, or the customary convention wire pulling to secure this practically unanimous mination for Mr Thomas. His pub-He record as the servant of his constimts, and his integrity of character in s, are recognized by the vo styldual character, is the recognition sed at the county convention Bit is a record of which every voter to the Third District is proud to have such a Congressman, and it is a record hard-ly equalled, much less surpassed in any other Congressional District in North

Crop Report.

the N. C. Crop Bulletin for week endidg June 6, 1904:

Cotton though still somewhat am has made rapid growth during the past week, and as chopping is nearly over the stande are reported much improved very few complaints of damage by lice have been received. Corn is growing rapidly, and is generally being worked the second time: there is now but little left to be planted

bacco, and this work is now approaching completion: the crop is smaller than usual, but is starting off well.

Early wheat and rye are ripening, and though low, the heads are well filled; some fields are ready for cutting and harvest will begin next week; winter oats are not good; spring oats are beginning to head. A poor stand of peanuts is reported, and a good deal of replanting of this crop is being done. A large number of sweet potato alips were set during the week. Digging Irlah potatoes is underway in the east, with fair yield, and shipments of potatoes and for Criminal Court. beans are going forward.

perries will be abundant. Rains reported: Goldsboro 0.50 inches

#### An Exciting Runaway.

The dray horse belonging to Mr. J. T Davenport did a remarkable, stunt yesterday noon. Some men were loading the wagon with furpiture whom the animal became frightaned and man away.

The horse ran to Hotel Chattewin and Jones Daniels was delivering some goods at a store and his wagon stood a few feet from the curb.

The running horse cavorted in behited the Daniels wagon, circled round and harely escaped a collision with several buggies and carts.

A few pieces of furniture dropped from great damage was done. The wonder la that there was no serious accident one a town. the runaway.

New York June 8th. Shorts showed a disposition to cover again this morning on the report that of the country than all other diseases put the Fanchester mills would resume run-together, and until the last few years ning on full time after June 15th. The market soon weakened however, on renewed selling for both accounts. The general trend of prices will depend on new crop development and unless the short interest has been preity well aleaned out on, this advance and this tends to robabe market of a sustaining power. The new crop position is very favorable at the moment, except in a very few places Traders who have been operating on the buil side have now turned to the bear side and it is confidently predicted that July will sell at 16 cents before July. At any rate we do not look to see cotton have much of an advance until the crop situation le settied and liquidation has run its course. Meanwhile profitable turns will make on each side of the market.
