GOLF RASH

Soothed by Baths with Cuticura Soap

And gentle applications of CUTICURA Ointment, the great Skin Cure. For preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for lame, sore, and bruised muscles, incidental to outdoor sports, for baby rashes and chafings, in the form of baths for annoying irritations and inflammations of women, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath, and nursery, CUTICURA Soap and CUTICURA Ointment are indispensable.

Again the A & N C Lease

Special to Journal. Raleigh, Aug 4.—Gov Aycock was asked today, whether any other proposition had come in for the lease Atlantic & N C road. He replied, "No, but there would probably be a couple in a day or two." He says, "there is only one complete proposition as yet, and one incomplete." He has notified persons who made the latter proposition, they must complete it by giving guarantee if they desire to have bid entertained by him.

Last Day of Tournament

Special to Journal. Salisbury, Aug 4.—The fire company of Spencer was doubly fortunate today capturing two first prizes. The first event was the hand reel race which was won by Spencer in 25 seconds; Monroe got second prize. In the grab reel race Spencer won in 19 seconds; Sale, second in 21 seconds.

In the Interstate races the results were as follows: Hand reel race 1st tie between Charlotte and Salem; money divided; time 2:31.5. Second prize, Charleston S C, time 2:33. In the horse race wagon race, Camden S C, won first prize; time 3:21.5. Second prize, Durham Horse Co No 2, time 3:32.

COVE.

August 3rd. More rain today. Seems as if the cotton crop will be ruined yet if we don't have some dry weather soon. The bolls and squares are shedding now. Mr C E McCoy was unfortunate enough to lose his tobacco barn last night. It is supposed to have been set on fire as he had just filled the barn with tobacco and started a small fire in the afternoon. He awoke about twelve o'clock and it was burning from the outside. He had a dispute with some of his hands and it looks very suspicious as the barn was burning from the outside, where there was no chance for it to catch from the inside. Mrs Sallie Hardy of Pollockville is spending this week in Cove visiting relatives. At last the bridge across Core creek on the road leading to Trenton has been granted by the commissioners, and we hope to soon see it started as it is very badly needed. Mr H T White has bought a new glazing outfit and will have it ready to work the first picking.

HENON.

Another Day of Rain. Special to Journal. Washington D C, Aug 4.—The weather for the cotton growing States, in Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana and Eastern Texas, tomorrow is showers. It will be fair in Tennessee and Kentucky. Cooler in North Carolina.

NATIONAL GUARD ORDERS.

Campaign Songs in State. Auditor Dixon at Raleigh. Too Much Rain Feared.

Raleigh, Aug 4.—A general order from the office of Adj. Gen. Royster directs that the First Infantry, North Carolina National Guard will proceed to Manassas Va., to participate in the maneuvers which begin there September 5th. Col. Robertson will on arrival report to Brig. General J. M. Lee, commanding First Brigade, second division. He is directed to keep in communication with deputy quartermaster general Jones at Atlanta, who has charge of the transportation of troops to the maneuvers, and to have his regiment in readiness on train at short notice. The surgeon general of the State will see that the regiment has proper medical attendance and supplies, and the quartermaster general of the State will supply the necessary tenting etc. The uniforms required will be that of the regular army. All the details of the trip will be left to Col. Robertson's judgment.

Governor Aycock returned today from Shelby where he addressed a large audience yesterday, in a political speech. He brought back a pocket full of campaign poems, the title of which is: "I'm bound to vote for Parker, set to the air of 'Dixie' and written by Dr. E. B. Wharton. The poem sets forth that, 'We'll show to Teddy where his grave is.' Dug by Parker and by Davis."

State Auditor Dixon says that his theme, in his address at Boston before the Grand Army of the Republic will be the Confederate soldier. He is very enthusiastic in regard to his visit. It is a critical time for the crops now and a good many of the farmers express considerable fear of too much rain, which would prove very injurious to cotton particularly.

There will be no more elections on the prohibition or dispensary question until next year; as the law provides that none shall be held within ninety days of the general election.

Capt. W. H. Day has to improve that he expects to leave here Sunday for one of the resorts, in order to fully recuperate.

State Treasurer Lacy has gone to Caswell and Yadkin counties to make some Monroe addresses.

Showers Continued.

Special to the Journal. Washington, Aug. 3.—The weather conditions for the South Atlantic Coast and Gulf States tomorrow are showers followed by fair weather. Heavy rains will occur in the central south.

Mc Too, Says The East.

Raleigh, Aug 3.—Mr A Cannon the mountain member of the board of agriculture says the farming prospect in western North Carolina is superb and that taking it all and all the crops are certainly by far the best in ten years past. He says the corn and grass crops could not be better; that the cabbage crop is very large and the quality high and that the Irish potatoes will be the best ever grown in that section. He said that from his potato field he got an early rose potato which weighed one pound and six hours, this being the largest he ever saw of that variety.

BUTTONS PRIZE WINNERS

The Quick Steaming Contest Declared in Favor of New Bern Fire Company.

Special to Journal. Salisbury, Aug 3.—The quicksteaming contest, one of the principal events of the tournament, took place today at 11 o'clock. The event was one in which every one without regard to age or sex took an interest. A great crowd witnessed the contest.

In this event the Atlantic steam fire engine threw water over the line 2 minutes and 27 seconds. But the judges ruled it out claiming that it fell back of line one inch. The New Bern engine was next, getting up there in 2 minutes and 29 seconds. The judges awarded the prize to the New Bern engine.

Quickly following this race members of the Atlantic company entered a protest to this decision on the ground that it was unfair. They claimed for their engine two and a quarter seconds in and that it met all the requirements necessary to win the race.

The decision was held in abeyance until 4 o'clock pending an investigation. By a vote of three to two the judges sustained their former decision ruling the Atlantic engine out.

In the long distance race Elizabeth City was first, Greenboro second, and Rocky Mount third. The horse race was an exciting event. The Raleigh department sprang a surprise on the tournament by defeating Goldsboro, the time being 33:35 and 34:1 respectively.

Lease Seems Certain.

Raleigh, Aug. 3.—One of the most interesting things now before the public is the lease of the Atlantic & North Carolina railway and it seems to be regarded as certain that the matter will be effected in a very short time, and that the stockholders as well as the state will get something like a four per cent dividend to start with and that the average dividend for a term of fifty years will be very close to 6 per cent.

THURMAN

Aug 3.

Crops are all about laid by, and the farmers are having more leisure now than they had while the grass was growing. The season so far has been fine and crops are looking well. Mr Harry Smith and family returned to their home in New York; Messrs. Wm. H. Smith and Alex. Hardison of Thurman accompanied them to New York where they will spend a few days taking in the sights and wonders that are to be seen in the Metropolis; from there Mr. Wm. H. Smith goes to Concord N H to visit his two aged brothers, and Mr. Alex. Hardison will go to Boston Mass. to visit his daughter. Mrs. Harvey T. Smith returned home Sunday afternoon from a visit to her sister at Kinston, accompanied by her sister.

We noticed the presence of Mr. Will A. Buys of Havelock in our burg a few days recently.

Our pastor, Rev. J. H. M. Giles preached for us last Sunday and gave notice of meetings at the M. E. Church at Riverdale beginning Wednesday Aug 24th. He is expecting Rev. M. D. Giles to assist him in this meeting.

Mr. J. G. Hardison and sister returned home Monday morning from Havelock where they have been visiting Miss Marie Buys who had just returned from the A & M Summer School at Raleigh.

Mr. Paul L. Vinson and mother spent Sunday afternoon with friends at Thurman.

Mrs. G. L. Hardison and Miss Bertha Hasket spent Tuesday in New Bern visiting friends.

"LOVEY MARY"

RUSSIANS IN LAST TRENCH

At Port Arthur. Fleet Tries To Break Japanese Lines. Still Chasing Alleged Contraband Vessels. New Chwang, Aug 4.—According to the word received here the Russians at Port Arthur have been driven back to their last trenches. The Japanese have three hundred and fifty guns in trained action on the defenses.

London, Aug 4.—The St. Petersburg correspondent of the Central News reports that the Russian auxiliary cruiser Donrual has left the Baltic sea in pursuit of one British and two Swedish vessels which are said to be carrying live sub-marines and seven torpedo boats in sections to Japan.

Tokio, Aug 4.—Advices received today state that twelve torpedo boat destroyers and four torpedo boats and a number of gunboats emerged from Port Arthur Monday night, but were driven back by the Japanese.

Bishop Potter concluded by wishing very success to the movement. The formal opening ended by the singing of the hymn.

Fearful Results of War.

London, Aug. 3.—The Chee Foo correspondent of the Reuter Telegraph Co. wires that junkies have arrived here which report the Japanese made a desperate but unsuccessful attack on Port Arthur July 26th and another on the 28th. The Russians lost five thousand men. The Japanese according to the report displayed fanatical bravery. The losses among the Japanese forces are said to be twenty thousand killed and wounded.

Admiral Togo, according to his reports shelled the shore batteries, which returned the fire. On the morning of the 27th the Russian fleet steamed out of the harbor, but did not fire on the Japanese.

Tokio, Aug 3.—General Kuroki reports the Japanese losses in the two-days fight at Yanktsuling and Kusbintze were six officers killed, and sixteen wounded and nine hundred men killed.

St. Petersburg, Aug 3.—General Kuropatkin reports that the Russian troops retired from Hsi Chong along the road to Anjo Chan. The retreat was in perfect order despite the heat, which caused many sun strokes. He adds that no serious news has been received from the eastern frontiers.

Tokio, Aug 3.—A dispatch today from the front states that the battle of Tomucheng last week the Russians left fifteen hundred dead on the field. The Japanese casualties were four hundred killed and wounded.

The Weekly Crop Bulletin for the State.

The climatic conditions, taken as a whole over the entire State, have been favorable; and this has been the first week for some time when crop correspondents from all sections report an ample supply of moisture. The temperature was about normal, although there were a few cool days. The rains were general and occurred mostly on the 27th and 28th. A number of correspondents, however, report rains nearly every day during the week. The northeastern south-central and a number of northwestern counties received excessive amounts, and the soil in each of these sections is too wet for cultivation, and is considered entirely too wet for a healthy growth of cotton. In the north-eastern and south-central parts of the State there is some complaint of shedding, due to excessive rains; in the latter section, where the rains have been excessive for some time, the cotton is becoming weedy and in a few fields the plant is growing too rapidly. In the other parts of the State it is growing satisfactorily and, as a whole, promises exceptionally good results. It is blooming and fruiting freely, and the squares are well formed and well distributed. Tobacco has made satisfactory growth during the week, but on an average is considered only a fair crop; curing is becoming general in the eastern and in a number of counties in the central district. Threshing still continues, but the season is nearing completion; the yields are everywhere satisfactory. Peas are growing well, and some fields are being cut for forage. In the extreme western counties, haying is in progress with good results, although the weather has not been favorable for this week. Peanuts in Hertford county are slightly backward and the stands are not satisfactory; no reports have been received from elsewhere. Sweet potatoes, garbanos, and all minor crops are doing well. Watermelons are beginning to flood the market in the eastern section, and are beginning to ripen in the western counties; the quality is variable, but generally inferior. Apples continue to fall, and will be a short crop; peaches will be more plentiful; grapes are beginning to ripen, and although there is considerable complaint of rotting, a fair crop is anticipated.

Rains (in inches) for the week ending 8 a. m. today: Raleigh, 0.13; Goldsboro, 0.80; Greensboro, 0.44; Weldon, 0.54; Lumberton, 0.48; New Bern, 2.66; Wilmington, 1.09; Hatteras, 1.56; Wanteo, 2.43; Charlotte, 1.80; Asheville, 1.90; Lexington, 1.40.

Oh, Horror!

New York, Aug 2.—Bishop Henry C. Potter delivered the principal address today at the formal opening of "The Subway Tavern," a model saloon which was established by a number of leaders in the reform movement in the city. The purpose of the promoters of the enterprise is to serve pure liquor and food at low prices under the best possible moral conditions. In his address Bishop Potter said the keynote had been struck by this attack on the liquor situation. He said he believed in the old village tavern as a meeting place where a long evening could be spent without the necessity of intoxication.

"I belong to a dozen clubs," he said. "If I want to go out to dinner or a social evening I can do so in any one of these clubs. But what of the man who lives in two rooms with five small children? He has no club. To get his glass of beer with his luncheon he must go to the saloon."

"This is the greatest social movement New York has ever known. It is a movement every one of you must take into account if you would save the republic."

Bishop Potter concluded by wishing very success to the movement. The formal opening ended by the singing of the hymn.

KIDNEY TROUBLE CURED.

General Health Greatly Improved by Peruna.

MRS. M. J. DANLEY.

Mrs. M. J. Danley, Treasurer of the Rebecca Lodge, L. O. O. F., writes from 121 First Street, N., Minneapolis, Minn.: "I was afflicted for several years with kidney trouble which became quite serious and caused me considerable anxiety. I spent hundreds of dollars trying to be cured, but nothing gave me any permanent relief until I tried Peruna. It took less than three months and only ten bottles to effect a permanent cure, but they were worth more than as many hundred dollars to me. I am fully restored to health, know neither ache nor pain and enjoy life."—Mrs. M. J. Danley.

"This experience has been repeated many times. We hear of such cases nearly every day. Mrs. Danley had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery. A Prominent Southern Lady's Letter. Miss Laura Hopkins, of Washington, D. C., niece of Hon. F. O. Hopkins, one of the large iron manufacturers of Birmingham, Ala., writes the following letter commending Peruna. She says: "I can cheerfully recommend Peruna for indigestion and stomach trouble and as a good tonic."—Laura Hopkins. Peruna cures catarrh wherever located. Peruna is a specific for the catarrhal derangements of women. Address The Peruna Medicine Co., Columbus, Ohio, for free book on catarrh written by Dr. S. B. Hartman.
