Ellington Is Nominated

Special to Journal.
Raleigh, Sept. 12.—Practically all returns from Wake county Democratic primaries are in tonight and it is acknowledged that J. C. Ellington has defeated N. B. Broughton for the senate by at least 100 votes. The primary was in fact a sweeping victory for "reform" candidates. Reform commissioners received over 600 majority.

Sept. 12th.—
Miss Neva Padrick returned Saturday night from visiting in New Bern.

Mrs. James A. Bryan was here today.

Mr. O. E. Foy of Newbern, spent Sunday in the city.

Mrs. Annie Delamar, of Oriental, is visiting at Mrs. J. F. Davis' in this city.

The merry-go-round which was to have been packed up and moved to New Bern today, will remain over today and tonight.

The excursion to Seven Springs on Sunday on the steamer S. J. Phillips was not very liberally patronized, only about a dozen going from here, but those who did go had a very pleasant trip. Not a bit of trouble was experienced in making the trip and no delay was occasioned by low water.

The cotton picking season is on in full blast now, and every Monday morning wagons from the country come into the city and return loaded with colored people who spend the entire week on the farm and return to the city Saturday night. The cotton pickers make good wages where they are quick and industrious.

One of the farmers recently brought here to work on the sewerage construction killed a buzzard Saturday, and not being familiar with the season in which the bird is held as food game prepared the scavenger nicely, with the intention of having a big Sunday feast. The foreman of the works made him acquainted with the "quality" of the "turkey" and he threw it away.

Mother's—Yes, one package makes two quarts of baby medicine. See directions. There is nothing just as good for babies and children as Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets.

RESULT IN DOUBT.

No Final Decision of the Wake County Primary Reached Yet.

Important Petition for Corporation Commission to Settle Board Bill Jumpers Arrested. Religious Services at A. & M. College Addressed by City Pastors.

Raleigh, Aug. 12.—The official returns from a number of the most remote precincts for the Wake county Democratic primary held Saturday are still missing and it is hard to tell whether J. Ellington or H. B. Broughton is nominated for the Senate. In precincts heard from Ellington has about 100 majority and his friends claim that he has the nomination by 150 though Broughton's friends say the unreported precincts will show in most instances majorities for him and that he has the nomination. The reform ticket for county commissioners is undoubtedly elected and Ellington was his candidate for the senate. Wake representatives in the lower house will be A. H. Stronach of Raleigh, R. E. Suttle of Wakefield and P. J. Olive of Apex. John C. Drewry was represented the county last session was defeated by about 300 majority.

When the North Carolina Corporation commission convenes for their regular weekly session tomorrow, one of the most important cases to be considered will be a petition from the citizens of Pine Level on the Southern railway near Selma asking the Western Union Telegraph Co. to be compelled to establish an office at that place. Indications are that the petition will be granted and the company ordered to provide an office. The commission will also take up the petition of the commissioners of Wake county for a change in the crossing on the S. A. L. railroad on the Louisburg road about a mile from Raleigh. Several serious accidents have occurred there by running into farm wagons.

The smart looking young men, claiming to be drummers for a Chicago Grocery house have been arrested here and would for the authorities at Wilson here they are wanted to answer the charge of jumping their board bill and getting money under false pretences.

At the A. & M. College last night the first of a series of services, one each month, to be conducted by the various pastors, was held. Dr. R. F. Bumpass of the Centenary Methodist church officiating. The purpose is to arouse a more intimate interest between the people of the city of the student body of the college.

TEDDY ACCEPTS.

His Letter Telling All About It is in the Hands of the People.

President Roosevelt's letter accepting the nomination for the presidency of the United States has been issued. It comprises 30,000 words and is a self laudatory effort in which Rooseveltism is very prominent.

He begins by making a contrast as to the issues of the two parties charging the Democrats with having no issues at all. He says on this score: "A party whose members are radically at variance on most vital issues, and if united at all, are only united on where issues where their attitude threatens widespread disaster to the whole country, cannot be trusted to govern in any matter. A party which, with facile ease changes all its convictions before election cannot be trusted to adhere with tenacity to any principle after election."

Of the pension questions he says: "The men who fought for union and for liberty in the years from 1861 to 1865 not only saved this nation from ruin, but rendered an inestimable service to all mankind. We of the United States owe the fact that today we have a country to what they did; and the nation has decreed by law that no one of them, if disabled from earning his own living, shall lack the pension to which he is entitled, not only as a matter of gratitude, but as a matter of justice. It is the policy of the Republican party, steadily continued through many years, to treat the veterans of the civil war in a spirit of broad liberality."

As a matter of fact, many railroads pension their employees when they have reached these ages, and in nations where old age pensions prevail they always begin somewhere between the two limits thus set. It is easy to test our opponents' sincerity in this matter. The order in question is revocable at the pleasure of the executive. If our opponents come into power they can revoke this order and announce that they will treat the veterans of sixty-two to seventy as presumable in full bodily vigor and not entitled to pensions. Will they now authoritatively state that they intend to do this? If so, we accept the issue. If not, then we have the right to ask why they raise an issue which, when raised, they do not venture to meet.

A Remedy without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klotz, of Edison, Mo. For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by F. S. Duffy and Davis Pharmacy.

A Heart Courageous.

One of the most courageous and daring acts seen for a long time here was that of Mr. George Mann, mate of schooner H. W. Honston. The schooner was being anchored in the channel, when the cable became detached, and the massive spragel sank in the mud in six feet of water, and all efforts to recover it with drags were of no avail.

Mrs. Mann volunteered to dive and attach a rope to the anchor by which the iron might be hoisted and did so, but the rope parted because of the tremor. Seamen went again to the dows weight, and the courageous bottom, this time carrying a stout chain. His disappearance was of such considerable length, that those on board the vessel became alarmed thinking that the mate had become fettered with the chain and was drowned, but the brave young sailor came up smiling and announced the recovery of the universal emblem of Hope, which a few moments afterward was swinging at its usual place on the prow of the craft.

"Plastico" A SANITARY WALL COATING.

Plastico is NOT a hot water, filthy glue. It is a finely powdered rock, in white and beautiful tints to be mixed with cold water. Any one can brush it on. Plastico has the peculiar property of cementing to the wall, destroying disease germs and vermin and never rubbing or scaling. It depends entirely on glue to make it stick. The glue soon rots, nourishing vermin and germs of deadly disease spoiling walls, clothing and furniture. Wall finishes that must be mixed with hot water are Kalsomine, no matter what fanciful names they bear. Before these unsanitary mixtures and before Plastico in a 5 lb. package only, 75c. only. Sample card of Plastico free. ANTI-KALSOmine CO., East South, Tenn.
