## DISFIGURING HUMORS

### CUTICURA

Of the Skin and Scalp Speedily Cured by Baths with

Soap to cleanse the skin of crusts and scales, and soften the thickened cuticle, gentle applications of CUTICURA Ointment to instantly allay itching, irritation, and inflammation, and soothe and heal, and mild doses of CUTICURA Pills to cool and cleanse the blood. A single set, costing but One Dollar, is often sufficient to cure.

### ROUTED WITH BIG LOSS

Russian Right Wing. Japanese Batteries Worry Russian Warships at Port Arthur.

St. Petersburg, Oct. 17.—Independent messages from the front state that the force of Gen. Meyeroff on the Russian right has been turned into a rout and has suffered tremendous losses. These dispatches report that the Russian soldiers at one point charged at bayonets in magnificent form, and captured eleven Japanese guns and a machine gun. These dispatches are not confirmed.

Tokio, Oct. 17.—A report has been received here from the seat of war this morning which has it that fourteen more Russian guns were captured yesterday. Another report from the neighborhood of Port Arthur asserts that the Russian fleet in the harbor is suffering severely from the shells of land batteries.

St. Petersburg, Oct. 17.—A report has been received in the Russian capital today which states that twenty three thousand wounded Russian soldiers arrived at Mukden during the past week.

### Kinston Free Press Items

Mr and Mrs J I Brown went to New Bern Saturday. Mrs Jane Griffin went to New Bern Saturday.

Mr John Tucker is the possessor of a shirt bought by him in 1878, 29 years ago and wears it yet. The shirt is in a good state of preservation, though it has been worn a good deal in its 29 years of existence.

### The Youthful Artist

Young artists and the parents of youthful prodigies will be interested in Mr. C. D. Gibson's brief and direct advice in Collier's for October 15. Mr. Gibson says:

"Beginners are worried needlessly over the quality of paper and ink to be used. It is only necessary that one should be white and the other black."

"For some reason all beginners draw very much alike. Those who work the hardest are the first to get away from this sameness. First of all a start must be made before any guiding is possible. Nearly all children draw more or less; consequently there are a great number of parents fearing that if they withhold their encouragement a career may be destroyed. It is more likely to be the other way about, for it is entirely a matter to be worked out by the beginner himself. And too much help is bad for the self reliance without which there is no chance."

### How to Cure Corns and Bunions.

First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general treatment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

## WORLD'S FAIR

Every One Impressed By North Carolina's Exhibits.

Faircloth Dormitory at Baptist University. Nothing Doing in Politics. Soldiers Hospital Coming to State Fair. New Flat Building.

Raleigh, Oct. 17.—William Dunn, A. Cannon, and R. W. Scott, a committee representing the State Board of Agriculture, has been out to St. Louis to see the Exposition and to inspect the North Carolina exhibit. The members of the Board have returned to the State. Like everybody else who goes to the Exposition, they are profoundly impressed by it. The daily average attendance is about 200,000 and the social side of foreign and State exhibits is being greatly enjoyed by persons who have the time to attend functions. T. K. Bruner, Secretary of the Board of Agriculture, who for over a year has been a prominent official at the Exposition will return to North Carolina in a few days and will resume his regular work here Nov. 1st. His work at the Exposition has been very valuable. North Carolinians continue to attend the Exposition in large numbers.

The new dormitory, known as the Fair cloth Building, at the Baptist University for women here, is almost completed, and a large portion of it is already occupied. Next week State Veterinarian Tait Butler will go to Charlotte as one of the judges of cattle at the Mecklenburg Fair, and thence go to Hendersonville, to conduct an institute for farmers at the Fair at that place. The institute having been arranged for by Mr. A. Cannon, a member of the State Board of Agriculture.

To use the phrase of a public man, politics in North Carolina continue to be "very languid." Very little interest is shown and not a few people predict a light vote.

At the Soldiers Home the finishing touches are being given to the new hospital for persons suffering with lung trouble. These have been for a number of months isolated in a temporary hospital. There are now seven in this class.

A large number of people came in today to attend the State Fair. The Sunday before the Fair is always a great time for people to visit the grounds, and yesterday afternoon several thousand were present. The Fair will be a good one. The display of agricultural products is up to a very high mark for this State and shows the year to have been a good one.

The Supreme Court devotes this week to appeals from the 8th district, the docket being only a moderately heavy one.

It is learned that very handsome flats are to be built here, by one of Raleigh's largest property owners. There have been many inquiries for flats, but there have been no needs in this direction heretofore.

One of the most interesting events tomorrow will be the annual meeting of the State Literary and Historical Association in the evening. The report will show progress along every line.

Sick headache is caused by a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

### News in a Nutshell.

The old historic Canterbury tower is said to be rapidly crumbling to ruin.

The loss by the burning of the plant of the Metallic Bed Company at High Point was about \$40,000, on which there was \$2,000 or \$10,000 insurance.

A. G. Fields, the well known minstrel, is about to close a deal for the entire Forepaugh & Sells shows. The name of the show will remain unchanged.

One hundred thousand American farmers have gone to the North-western part of Canada to settle. The new wheat regions there promise a revolution of the world's markets.

Plans are on foot to establish a naval academy at Wrightsville, the noted suburb of Wilmington.

The North Carolina football team defeated the eleven from the University of South Carolina at Chapel Hill by the score of 27 to 0.

### Broke Into His House.

S. Le Quinn of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 50c at C. D. Bradham's Drug Store.

## THE ENEMY OF FRUIT

The Scale Which Attacks Fruit Trees, Shade Trees and Bushes is a Peril to Life To Trees.

The San Jose Scale is a parasite which attacks fruit trees and ruins them in a few years. Franklin Sherman, the State entomologist has issued a circular about the pest and stating that North Carolina.

Trees that are so badly infected by this pest as to be in dying condition when discovered should be dug out and burned at once. It is especially important that they should not be allowed to stand during the breeding season—from March to December.

The circular descriptive of the Scale may be had on application to the State Entomologist, Franklin Sherman, Raleigh orchards had become infested with them. They are not only found on trees but are also seen on bushes and shade trees.

We publish some of the remedies said to be efficient in getting rid of this pest.

Trees that are infested but not in dying condition should be marked so that they may be readily recognized next winter. During the winter they should be thoroughly pruned and sprayed or washed with the Lime-Sulphur Salt wash. This remedy is fully discussed in Entomological Circular No. 5, which will be sent on application.

In conclusion, it may be said that while the San Jose Scale is a very serious pest, yet there is no need for fruit growers or farmers to give up growing fruit because their orchards are infested. The Lime-Sulphur Salt wash is a cheap and effective remedy if applied once each winter. In North Carolina, at least, the State authorities cannot visit all the infested places and compel the treatment of trees, and it devolves upon each individual to treat his own trees. The man who is too shiftless to do this had better go out of the business.

## Tragedy and Suicide.

Man's, Oct. 17.—Col. Lieut. Wm D Pritchard, of the thirteenth cavalry today was killed and Second Lieut. Fred L. Deen, of the same cavalry, then committed suicide. The tragedy occurred at Camp Stokesburg. Pritchard is a native of North Carolina and was appointed from that State. He was 28 and Deen was 28, and a native of Texas. Both men became involved in a personal difficulty.

J. C. Hanson, Rhinelander—Hollister's Rocky Mountain Tea is the greatest tonic I have ever used. Gained 55 pounds in ninety days. Tea or Tablets, 35 cents. F. S. Duffy.

## New Bern, N. C., History.

Some months ago, it was seen in a Raleigh paper, that a gentleman, whose name has escaped my memory, proposed publishing a book on North Carolina, especially a history of her eminent men of the days, that the wheels of time have rolled away.

Doubtless such a work will not only be interesting, but instruction to many, especially of the rising generation of "The Good Old North State," and it may not be known generally, to many adults of today, that the early settlement of the noble old town of New Bern, was chiefly by the Swiss, who were emigrants brought from the old city of Berne Switzerland, by Count De Graffenreid in the year 1733, who named the settlement, New Bern.

There were in all, 213 Swiss, among them were 11 families. The name of only one family, is now in my memory, its Lucas.

This name now exists chiefly in the Eastern section of our State. The name "New Bern" and its settlement was stamped on my memory by my reading of documents, in "my boyhood days," establishing the facts, in regard to the settlement, and name New Bern.

The gentleman whose purpose is to publish a History of "Old time Carolina" cannot properly, leave out, New Bern's early days of distinction, when she notably merited, as was known, as the "Athens" of the State.

### THOS L. HALL.

Morehead City, Oct. 18, 1904.

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, County and State aforesaid and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the blood system and mucous surfaces of the system. Send for circular free.

F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## WIRE GRASS.

October 15. The sudden changes of the atmosphere have begun to make the people feel that winter is approaching.

Mr D S Sanders of Beaufort was at his mill Friday.

Miss Jessie Sparrow of near Beaufort spent Saturday night with Mrs Martha Hummings.

Rev J E M Giles of Newport, who has been conducting a revival at Bethel church at this place, closed the meeting Friday night with eleven accessions to the church.

We had the pleasure of having Rev H M Euse of Beaufort with us Wednesday who assisted Rev Giles in the service that evening.

The Vandelula left the dock of Sanders and Morris gin yard today loaded with cotton bound for New Bern, Mr M Whitley as captain.

Many of our citizens will attend court at Beaufort which commences there next week. They will also attend the speaking of Hon C B Thomas and Judge Brown.

The Virgil, T S Merrell, Captain, returned Wednesday from New Bern and will sail again Monday with a load of fish scrap, for New Bern.

There will be Rally day service at Bethel church on the 5th Sunday in this month.

Mr and Mrs Calloway of near Beaufort left Friday to visit relatives and friends in Aurora and Washington, N. C.

INEZ.

Passenger coaches will run through to Raleigh and return, making it unnecessary for passengers to change cars. Ample accommodations will be provided for a large crowd.

ED. A. NEILL, Traffic Manager.

## Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that none should hesitate about buying it in preference to any other. It is for sale by all druggists.

Kodol Dyspepsia Cure. Digests what you eat.

## A MATTER OF HEALTH

Remaining in the Post Office at New Bern, Craven county N. C. Oct. 17 1904.

MEN'S LIST.

## Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

## Chamberlain's Cough Remedy

It has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the passages, affecting a speedy and permanent cure. It commences any tendency toward pneumonia.

Price 25c, Large Size 50c.
