A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customer who asked for a cough medicine, whethor it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberiain's Cough Remedy. The reason for this is that they know that there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

It is learned from corporation clerk Wilson in the office of the Secretary of State that there will be a slight increase in the number of charters granted corporations this year as compared with last year. This is rather a surprise as it was thought the number would be smaller, owing to the fact that it is election year.

I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.

I never had any remedy give me such quick and permanent relief, and I can not put a correct estimate on the value your medicine has been to me. I would not take any amount of money for it.
