BANK TAKEN

In Charge of By Examiner at Gastonia.

County Superintendents Meet. State Textile Mills. First Sheriff to Settle. State Board of Censors. Selma Injunction Case.

Raleigh, Dec. 1.—The State Association of county superintendents of public instruction resumed its session this morning, and took up the program which was set for yesterday, Prof. C. L. Coon leading in the work of the morning. There was a report by the committee composed of superintendents Terrington of Johnston, Massey of Durham, Bagdale of Pitt, Hayes of Wilson, Atkinson of Wayne, Wright of Wilkes, Foust of Guilford and Mebane of Catawba, this being upon school register, blank reports, record books, and rules and regulations. This afternoon there was a very complete explanation and discussion of the State course of study, also a discussion of consolidation and local taxation, the Calvin A. Wiley monument and North Carolina day in the public schools, changes in the school law, the second hundred thousand dollars aid to schools; the evening being devoted to the organization of district associations. Several new superintendents arrived, and only very few are absent.

Sheriff T. Ellington of Johnson county again has the honor of being the first sheriff to make full settlement of taxes, he having paid the State Treasurer today \$15,300.

There is a difference of opinion as to what shall be done at the Soldiers Home here in the way of providing more dormitory room. Auditor Dixon favors the cottage system, while the veterans themselves prefer, while A. B. Stronach thinks the second story of the present dormitory should be completed.

Today Superintendent McKee of the State School for the Insane here and Superintendent Miller of the one at Goldsboro were in conference with the Governor.

At noon today the State Board of Censors met in the Hall of the House of Commons. The Hall is now being renovated but the law requires the board to meet there. There is two or three days work. Wilson G. Lamb is presiding.

There is no change in the small-pox situation here, and as yet compulsory vaccination is not ordered. The situation is closely under watch.

North Carolina is put down in the drought basin in the newspapers, although the drought was broken some weeks ago. It is true there is a dry period just now, but not at all like a drought.

The corporation commission sprang a surprise today by ordering bank examiner Ellington to go to Gastonia and take charge of the Gastonia Banking Co., until the judge of that district appoints a receiver. Application for such an appointment is to be made at once. The total resources and liabilities of the bank are \$231,000 the capital stock being \$100,000. The amount due depositors is \$136,000. John F. Love is the president and James A. Page cashier. The commission regards the bank as insolvent on account of excessive loans and undesirable securities. The report of the bank examiner on which this action by the commission is based was made yesterday; after a critical examination of the affairs of the institution.

At the opening of the county superintendents convention today 70 were present, and by noon six more had arrived and reported. The program arranged for today and not touched, because of the absence of Charles L. Coon, who was hurriedly called to Salisbury to appear as witness in a law case. State Superintendent Joyner did not intend to make any remarks, but filled in the gaps by reading advance sheets of his annual report. The program for Thursday was taken up and the first discussion was on rural libraries, how to secure them, preserve them and increase their usefulness. R. D. L. W. Connor and E. C. Brooks leading the discussion. The next subject was county supervision, including the examination of teachers, institutes, township meetings, selection of teachers, visiting schools, and course of study. At four o'clock the convention went in a body to the Hall of History and spent an hour there examining the thousands of historical objects which had been collected for two years.

Attorney General Gilmer, Fred A. Woodard, Argo and Shaffer, Busbee and Busbee appeared for the corporation commission in the Selma Junction case today, Pott and Feller and James Davis representing the Atlantic Coast Line. This case went against the commission in Wake Superior court, the State appealed. The railway broadly contends that the State has no power to require such connection to be made as the order of the corporation commission prescribed.

A charter is granted the Freeman's Mutual Benefit Association, of Henderson, J. W. O. Garrett and others being the incorporators. Grand Secretary B. H. Woodall of the Grand Lodge of Odd Fellows returned

here today from Rockingham, where last night he attended a very fine banquet given by the order, at which 300 persons were present. He says the lodge at Jonesboro is to be revived, and that there will be new lodges at Lynn, in Polk county, at Hayesville.

The State labor commissioner finds that there are now in North Carolina 314 textile mills, an increase of 15 over last year; 2,178,964 spindles, an increase of 844,543; 45,896 looms, an increase of 3,900; 3,477 knitting machines and increase of 284. There are 37,553 employees an increase of 7,251 over year ago.

Conference at Work.

Henderson, N. C., Nov. 30.—Conference opened at 9:30 a. m., with Bishop Candler in the chair. The religious services by the bishop were very impressive. His subject was the power of the ministry, its duty and responsibility and heroic work in saving souls. The conference roll was called and 133 answered to their names. W. L. Cunningham was elected secretary, with Assistant Secretaries N. H. D. Wilson, G. T. Simmons, H. G. Stanley, R. H. Broome, R. F. Taylor.

The hour of meeting was 9:30 a. m., and adjournment at 1 o'clock was agreed on. The joint resolutions of the ministers of the town offering their churches for worship and all courtesies necessary was received. The resolutions were adopted. The motion was carried that the presiding elders nominate different committees. A special committee was appointed to take under consideration the divorce laws of North Carolina, Messrs E. A. Yates, R. F. Bumpas, L. L. Smith compose said committee. Two special committees, one on temperance and Sabbath observance were created.

No, Brother Stevens, we can't send a carriage for you, our horse has been traded for an automobile. Come up on the shoofly, if you can persuade Jack Neal to stop long enough for you to light.—(Jack has always been good to us, so expect your company.—Ed.)

At The Theatre.

The wide and spontaneous success which met the coming of Archie L. Shepard's high class Moving Pictures on its initial tour of the South, has encouraged the management to respond to the numerous appeals for a reappearance of the Co. here. This time, however, we are to be visited by the big No. 1 Co., which has previously confined its route to the larger cities of the East.

It is the organization foremost in picture entertainment, having the greatest variety of high grade subjects seen on the stage. No expense has been spared in making this entertainment the first of its kind in the country, and the warmth of the welcome given in the East has proven to the management the merit of presenting the best of its kind on earth.

THE SECRET OF SUCCESS.

Forty million bottles of August Flower or sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles 25c; regular size 75c. For sale by all druggists. F. S. Duff.

HONEY DEW.

AN IMPORTANT REAL ESTATE DEAL.

Mr. L. J. Taylor Has Purchased the Building Known as the Holland Property on Craven Street.

Wednesday, papers were completed transferring the title of the brick building on Craven street known as the Holland property from E. K. Bishop to L. J. Taylor. The consideration for the property was \$3,000.

Mr. Taylor contemplates making a large extension on the back of the building and when all improvements are completed he will remove his bottling plant now located at the corner of Queen and Burn streets to the new building where he will have more opportunity to enlarge his business and increase his sales. Work on the new extension will begin very soon.

Perhaps no other piece of property would show the appreciation of real estate better than did this transaction. Eighteen months ago Mr. Bishop bought the building for \$2,725 and realized nearly \$1,000 in the sale of it. The transaction indicates well the appreciation of real estate in New Bern and represents a rise in value which will be permanent.

Real estate in any part of the city is good property.

Dr. Thacher's Liver and Blood Syrup has been used in thousands of homes for fifty-two years with perfect confidence and the most remarkable results.

The great success of this remedy is due to the fact that its formula (which consists of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium) has been freely published.

Doctors and Druggists everywhere do not hesitate to recommend a preparation which they know contains the best-known remedies for correcting all irregularities of the Liver, Kidneys or Blood, and the diseases caused by the failure of these functions to perform their proper work.

Thousands of sick ones to whom life has been a burden have written grateful letters that others might profit by their experience.

BLOOMING GROVE, TEX., Nov. 13, 1902.

I was suffering terribly with indigestion and kidney trouble and sent to my druggist for medicine to relieve me.

As he sent me a package of Dr. Thacher's Liver and Blood Syrup I concluded to try it, and now I am deeply grateful to my druggist as well as to you.

I had been a sufferer from these things and a general run-down condition for ten years, and had only received temporary relief from other medicines. But after using not quite two packages of your Liver and Blood Syrup I feel a stout and hearty as I ever did in my life, and I am satisfied that I am entirely cured. I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.

I never had any remedy give me such quick and permanent relief, and I can not put a correct estimate on the value your medicine has been to me. I would not take any amount of money for it. Very gratefully yours,

J. C. BROWN.

If you need a medicine write to-day for a free sample bottle and "Dr. Thacher's" Liver and Blood Syrup. We know what it will do. For sale by all Druggists—two sizes—50c and \$1.00.
