

VOLUME XXVII.

NEW-BERN, CRAVES COUNTY, N C., FRIDAY MARCH 17, 1905 .---- 3E(O .D NECTION.

NUMBER 102

fenden will build another story on the brick building and extend same in the rear, tearing down the frame buildings, rear, tearing down the frame building, erecting in their place a three story brick warehouse 50x200 freet. This warehouse will extend nearly to the dock, a passage way being left between the building and river, and along this will be run a track from the A. & N. C. road, so that freight can be handled direct to the warehouse or on boats. The warehouse will be modern in its construction, with elevators, etc, for mainens needs.

On South Front street Mr. S. M. on is tearing down his frame two at adding adjoining Hotel Chattaw is and will erect in its place a two-story brick store and office building Exclose feet. Mr. J. L. Hartsfield is the contractor for this work, which is utilized will east 22 500 atimated will cost \$2,500.

On the site of the burned stores on Pollock street, new brick stores will be created by the owners of the property, Mrs. Julia Duffy and Miss Windley. The latter has already contracted for 100,000 brick for her store. It is esti-mated that these buildings will cost 57,000, and work will probably begin soon as insurance losses are adjusted and contracts made for the work. -

It is bad that the city cannot afford collection of moving pictures in the world.

It is had that the city cannot afford of to have permanent repairs made to the main streets. Such repairs as are now made, while of some little help, is like throwing money away. The holes in Broad street are now being filled with brickbats which on first thought might be supposed good material to fill them with, but reflection will show that the with, but reflection will show that the bricks being harder than the adjoinng surface, they become to some extent an obstruction to wit: As one wheel of a vehicle passas over the harder surface a jar is produced which causes the op-posite wheel to cut a rut in the softer posite wheel to cut a rut in the with such surface. Thus filling a hole with such unfit material is to create another hole
