

PLASTICO

PLASTICO is a durable, sanitary and economical material for tinting and decorating walls, superior to kalsomine and wall paper, and much cheaper than paint.

PLASTICO combines all the good features of other wall coatings, and none of their disadvantages.

Packed in dry powder form, in white and blue, ready for use by adding cold water. Full directions on package. Any one can apply it. Sample card of beautiful tints for the asking.

Anti-Kalsomine Co. GRAND RAPIDS, MICH.

For Sale in New Bern by E. W. Smallwood.

FEDERAL COURT THIS WEEK

Has Several Important Cases to be Tried. A Few of Unusual Interest.

The regular spring term of the United States Court convenes tomorrow morning at 10 o'clock, Judge Purnell presiding. While the docket is not large the cases to be tried will probably require the entire week. There are many continued cases and many new ones.

In addition to the usual cases such as violation of the internal revenue laws, illicit distilling and retailing without a license there are some of the nature of which have not been tried in this court for several terms. Two postoffice cases are on the docket; one for sending obscene literature through the mail and the other for obstructing the mail. One case for violation of the pension laws and another for cruelty to seamen, and larceny of money from a postoffice. The docket contains more warrants for retailing liquors without payment of the special tax; there will be quite a number of illicit distillery cases also.

Those in which Craven county are interested are United States vs Foster Williams, retailing liquors without special government tax; United States vs Mark Dismore and L. H. Ervin failure to remove cancelled stamps; United States vs Washington Brown, removing and concealing spirituous liquors on which the tax had not been paid.

District attorney Harry Skinner is expected to arrive in the city this morning. The other court officers will come tomorrow.

RUSSIANS GOING NORTH

But No Further News Regarding Fleet. Japs Secretive of Their Part.

St. Petersburg, April 24.—Vice Admiral Rojestvensky continues his policy of silence, and has answered the Admiralty's message of last Saturday, pointing out the position of the French government on neutrality regulations, only by putting to sea, giving no intimation of his plans or destination. Russian naval circles would not be surprised if it should develop that the squadron had been already two days or more on the way northward when the instructions were cabled to him, and that the Admiralty was aware of this when the message was sent asking the Admiral to move outside the three-mile limit if he happened to be in French territorial waters.

London, April 24.—Beyond the report that from Kamranh Bay the Russian Second Pacific Squadron proceeded northward, there is no further news of any kind nor confirmation of the reported firing off Kamranh Bay. There have been rumors recently that a portion of Rojestvensky's squadron was at Hainan, near the promontory of Liancho. If these rumors are true, it is supposed the whole squadron may reasonably there and endeavor, in Chinese waters to continue coaling and other preparations.

Little attention is paid here to reported movements of the Japanese warships. It is considered that Vice Admiral Togo is not likely to lift the veil of secrecy for the express purpose of misleading.

TWO ESCAPES

Of Important Prisoners From State Farm.

Improvement in State Guard. Annual Inspection. Convict for Pen. Commencement Addresses by Dr. Dixon. Colored Training School Charter.

Raleigh, April 22. Superintendent Mann of the penitentiary announces the escape of two important convicts from the State farm. They are John Watson, a white man sentenced in 1904 for 25 years, for killing a man by the name of Bassett, having shot him on the streets of Henderson. The other escapee was Will Smith, a negro serving ten years from Lenoir county for house breaking. Nothing is known here yet as to how the convicts managed to escape.

Raleigh's two military companies were subjected to the regular annual inspection by Gen. Carl Woodruff for the War Department and Col. T. H. Bain for the North Carolina National Guard. The inspections here finishing the inspection for the entire State. And Gen. Woodruff says he finds a marked improvement among the companies of the State generally since the inspection a year ago. The inspections just concluded will result in the disbanding of three—the two Durham companies and the company at Lexington. This will leave opportunity for the admission of three new companies into the Guard and High Point and Louisburg are already getting together men for the formation of two of them.

George Harshaw, a negro, was brought here this morning from Clay county to serve a sentence of fifteen years for criminal assault on a white woman. When the crime was committed the fiend narrowly escaped lynching.

Major B. P. Dixon, State Auditor, will deliver a number of school commencement addresses within the next few weeks. He speaks at Mapleville, Franklin county, Tuesday, at Hickory Grove on the 28th, at LaGrange on May 5th, Presbyterian College, Charlotte May 18th. On the 10th of May he will deliver the response to the address of welcome by Bishop Filjows of Chicago at the Reunion of the Blue and the Gray at Washington, D. C.

The Southern Orphanage and Industrial Training Home for colored youths was chartered this morning for the establishment of a home at Sanford. There is no capital stock. W. H. Brick is one of the incorporators. The Monroe Steam Laundry was chartered with \$1,000 capital. J. J. Lockhart principal incorporator. Another charter was to the Caxette Publishing Co. of Albemarle. Albert R. Kirk being the principal incorporator. The capital stock is \$2,000.

FISH MARKET—A lot of three herring, 100 lbs. Apply to J. I. T.

Potash advertisement with image of a barrel and text: 'Better Fruits—Better Profits. Better peaches, apples, pears and berries are produced when Potash is liberally applied to the soil. To insure a full crop, of choicest quality, use a fertilizer containing not less than 10 per cent. actual Potash.'

START FOR VLADIVOSTOK.

Russian Fleet Forced To Leave. Oyama Surrounding Russians on Land.

St. Petersburg, April 22.—Reports are current here that the Russian Second Pacific Squadron has already left Kamranh Bay and is on the way to Vladivostok, but the government will proceed with action on the Japanese protest as if the squadron had not continued its voyage. A special service was held in the Admiralty Church yesterday to offer prayers for the safety of the squadron and its successful arrival at Vladivostok.

London, April 22.—The Tokio correspondent of the Daily Telegraph gives a report emanating from Peking that a portion of the Russian Second Pacific Squadron is coaling at Hainan, an island southeast of Lonquin Bay.

London, April 21.—The movements of the land forces are once more arousing great interest. It is evident that Marshal Oyama has now well under way another great turning movement against Linewitch's army, which is massed in the vicinity of Kijin. Two great Japanese armies are reported to be moving forward in a direction which indicates an intention on the part of the Japanese commander to envelop both of the Russian flanks and complete the work begun at Mukken by completely surrounding or destroying the remnants of the Russian army, after which Vladivostok will be at his mercy and the Russian fleet deprived of its only possible haven of refuge in the far east, if they should succeed in passing safely through the mines and torpedo boats now barring their passage in the Korean, Tauguru and L'Peresue straits.

UNITED STATES COURT CONVEYS

The Federal Tribunal Begins Its Proceedings For The Spring Term.

The Spring term of the United States court began yesterday. The business to be transacted is large and the sessions will undoubtedly last the entire week. A few cases will be continued but it is expected that most of them will be heard.

The personnel of the court consists of his honor, Hon. Thomas R. Purnell, presiding judge; Hon. Harry Skinner, District Attorney; J. A. Giles, Assistant District Attorney; H. C. Dockery, U. S. Marshal; J. C. Dockery, J. T. Sharp, Deputy Marshals; W. G. Poole, J. P. Miller, and John B. Koonce; George Green, Clerk. E. W. Bryan, Cryer.

The bond of George Green, clerk of court was presented and approved; J. W. Bryan was appointed bailiff for the present term and was sworn in. The grand and petit juries were empanelled and the judge charged the grand jury. Considerable time was exhausted in the instructions on the laws which will govern them in making indictments. Eight cases were disposed of and true bills were returned in five cases.

That Beautiful Gloss. comes from the varnish in Devco's Varnish Floor Paint; costs five cents more a quart though. Sold by E. W. Smallwood.

If you want the family to be healthy strong and active, give them Hollister's Rocky Mountain Tea this month. Makes rich, red blood, bone and muscle 35 cents, tea or tablets. F. S. Duffy.

Retail and Wholesale at FACTORY PRICES. W. D. Barrington & G. Daniels.

RALEIGH'S SECOND PRIMARY.

Governor Glenn Delivers Religious and Educational Addresses. Judge Purnell At New Bern.

Raleigh, N. C. April 24.—An immense congregation assembled yesterday afternoon at Tabernacle Baptist Church to hear the address by Governor Glenn before the B. Y. P. U. on the subject "Shall We Reject The Master?" and every one was delighted. He lamented the fact that so many people do not really want to receive the Master in their lives. That they would have to change their mode of living, their business their methods in politics and other relations of life. He dwelt on the great need for the influences of devout christian living in business, in the affairs of the city, the state and the nation and urged that voters see to it that none but christian men are elevated to positions of public trust.

Judge Purnell left this morning for New Bern where he goes for the purpose of hearing the writ of habeas corpus that he issued Saturday in the case instituted in the state court at Beaufort against C. B. Jones, collector of customs for the port of Beaufort, for violating the immigration laws of the state. The contention of the government is that Jones was acting within his duties as acting shipping commissioner in signing papers for the moving of certain fishermen from this state to Virginia. Collector of Internal Revenue Duncan says that if the fishermen of this section are hampered by this state emigration law, by having captains of vessels pay \$100 license tax before they can employ a seaman it will mean a great hardship and limit the livelihood of many of these people about Beaufort to two or three factories for a livelihood.

Gov. Glenn left this afternoon for Clarkton to deliver the address for the closing of the high school there. He goes to Greensboro tomorrow to deliver the address for the A. & M. College, colored, there and will deliver an educational address in advocacy of grade schools at Sanford tomorrow night.

Raleigh is in the midst of a hard fight in connection with the second democratic primary to be held tomorrow for the nomination of a candidate for mayor, police justice and city tax collector. It looks now like the result will be very close in the mayoralty fight between Johnston and Stronach and that Thomas Badger will defeat B. C. Beckwith for police justice. C. F. Lumsden will certainly secure the renomination for tax collector.

Little Points That Count.

A correspondent of the Sheffield Daily Telegraph, writing from Johannesburg, gives an interesting explanation of why the American adze eyed carpenter's hammer has supplanted hammers of Sheffield make in the South African market. The American hammer, he says, has an enormous sale, and the chief reason is because of its steel collar standing out from the hammer head. In the Transvaal, owing to the dryness of the climate, wood shafts shrink rapidly, and hammer heads are soon loosened. The projecting collar of the American hammer gives a longer wedging space, and this simple advantage has enabled it to distance all competitors.

Berlin a Fairy City.

Berlin is at its best at night. It has discovered the secret of electric lighting, and when people step out from their offices and shops at 8 and 9 o'clock at night it is into an enchanted city. The solid palaces, the monstrous statues, the enormous houses and wide spaces of the long and stately streets are then soft and gracious with a fairy radiance. It is a city not only of prosperity, but of pure delight. The heaviness of the buildings and the rigidity of their lines are blurred and softened. In this clear northern air the million lamps blazing from the walls of houses, shining across the interminable streets and glowing in a straight line down the whispering avenues, have something of the magic gentleness and sensuous inspiration of an Arabian story. You begin to think Berlin is the greatest city in the world.

Wagon Sale.

I have a large number of farm wagons, both double and single that escaped fire when I was burned out, the paint is blistered on them, though it does not damage them but very little, and as I have no way of caring for them I will sell them down very low, so come in in need of any and look for yourself before buying.

Headquarters Scotts stables, New Bern, N. C. April 24th, 1905.

FACE LIKE PIECE OF RAW BEEF

Scalp Covered With Sores, Hair and Eye-Brows Fell Out—Agony for Eight Long Years—Doctors Were Unable to Cure.

SPEEDILY CURED BY CUTICURA

"I had suffered terrible agony and pain for eight long years from a terrible eczema on the scalp and face. The best doctors were unable to help me, and I had spent a lot of money for many remedies without receiving any benefit. My scalp was covered with sores, my face was like a piece of raw beef, my eyebrows and lashes were falling out, and sometimes I felt as if I was burning up from the terrible itching and pain. I then began treating myself at home, and now my head and face are clear and I am entirely well. I first bathed my face with Cuticura Soap, then applied Cuticura Ointment to the afflicted parts, and took Cuticura Resolvent for the blood. I was greatly relieved after the first application, and continued use of Cuticura soon made a complete cure." Miss Mary P. Fay, Westboro, Mass.

AGONIZING ECZEMA

And Itching, Burning Eruptions With Loss of Hair, Cured by Cuticura.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle; dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal; and, lastly, take Cuticura Resolvent Pills to cool and cleanse the blood. A single set is often sufficient to cure.

A COLD BLOODED MURDER.

Lenoir County County Again The Scene of a Horrible Tragedy.

The dark criminal record of Lenoir county has been made darker and bloodier by a seemingly unprovoked murder committed four miles south of Kingston last Saturday night. The story of the affair which was given to the Journal by a gentleman from Kinston was as follows: Three men, P. B. Worley and his sons Clem and F. T. Worley, were riding in a buggy to their home having been to Kinston. They stopped to open a stock gate and one of the boys got out and after opening the gate went to speak to the occupants of a buggy which had been driven up. The men were Ed. Waters and a man named Williams. Worley said, "I'll speak to you but I won't speak to that ———— with you he's a ———— coward."

Waters got out to resent the insult and the two came together and Waters was beaten, he got away from the man who pursued him and caught up with Waters and continued his beating. Worley was joined by his brother and when Waters saw that he was to be attacked by two he pulled his revolver and shot into the air twice to frighten them away. He broke away the second time and tried to escape them but the brothers kept after him and caught him a third time, Waters then emptied his revolver shooting on the ground. The brothers attacked him stabbed and beat him and left him with his neck broken as a consequence of his treatment. The father of the two men endeavored to join the fracas with his sons but was prevented by the man Williams.

The three men concerned in the murder were arrested yesterday. The people of Kinston were much excited over the affair and doubtless would have done violence to the men had they been caught on Sunday.

The trouble is said to be the result of a grudge which was a trivial circumstance happening at a dance at Worley's house a year ago. At that time one of the Worleys and Waters had a fight and Waters whipped Worley. There has been bad blood between them ever since.

Do you suffer with indigestion, constipation, feel mean and cross, no strength or appetite? Hollister's Rocky Mountain Tea will make you well and keep you well. 35 cents, ten or tablets. F. S. Duffy.

Joe Jefferson Dead.

West Palm Beach, Fla., April 23.—Joseph Jefferson died at his home, "The Reef," at Palm Beach, at 6:15 o'clock this evening. The end came after a day of unconsciousness and after a heroic struggle of days, which had exhausted his vitality. At his death bed were his wife, his sons, Charles B. and Frank Jefferson; his nurse, Miss Mabel Stephens; Dr. R. B. Potter, and his faithful old servant, Carl Kottler.

Joseph Jefferson was born in Philadelphia, February 10, 1820, and was looked upon as the finest dramatic performer in this country.
