NEW BERN, CRAVEN COUNTY, N. C., TUESDAY MAY 16 1905 - FIRST SECTION.

28th YEAR

PLASTICO

PLASTICO is a durable, sanitary and economical material for tiling and decorating walls, superior to kalsomine and wall paper, and much cheaper than paint.

PLASTICO combines all the good features of other wall coatings, and none of their disadvantages.

Packed in dry powder form, in white and tints, ready for use by adding cold water. Full directions on package. Any one can apply it. Sample card of beautiful tints for the asking.

Anti-Kalsomine Co. GRAND RAPIDS, MICH.

For Sale in New Bern by E. V. Smallwood.

RALEIGH

Confederate Veteran Dies Attempting Good Work.

Terrible Rain and Wind Storm Does Damage. Governor Addresses Clerks Union. Elo kadé Still Captured. Commencement Exercises. General Glenn Fair Way to Recovery.

Raleigh, May 13.—J. A. Adams, an old confederate soldier, who has been in the soldiers home here since 1902 died suddenly yesterday afternoon in the home of Fannie Adams, a woman in a disreputable section of the city. The woman was a relative of his and he had gone there to try and induce her to give up the life she was leading. He was subject to fits and in the midst of his conference with his wayward relative he fell over in a fit and died before medical assistance could reach him. He was 62 years old and served during the Civil war as a member of Company 144th Regiment, North Carolina troops.

A most violent wind and rain storm that has visited this section in a great while passed this way last evening, doing considerable damage. The wind registered 50 miles an hour and the rain fell in torrents for nearly an hour. Two fine oaks in capital square were blown down. Also twelve on the campus of St. Mary's School. A number of the fine oaks of which Raleigh is noted succumbed to the storm. All the telephone exchanges were practically put out of business. It is reported that the town of Garner, on the Southern Railway, east of Raleigh was damaged to the extent of having as many as twenty-five houses blown down. The wires are all down and the report has not been verified from here. A west-bound Southern passenger train passed the town in the height of the storm and passengers say they saw a giant oak tree fall across a residence. The storm seems to have assumed almost the proportions of a cyclone there.

Governor Glenn made a speech last night before the Clerks Union of Raleigh, the occasion being a sort of rally for the purpose of quickening interest in the Union. He endorsed the union when judiciously and fairly directed and made a splendid impression on the members. The graduating class of the A. & M. College here comprise thirty young men. The graduating exercises will take place May 21, the commencement season beginning however, on the 23rd. The baccalaureate sermon will be by Bishop Warren Candler, of Atlanta. The annual sermon before the Y. M. C. A. by Rev. J. R. Bridges of Charlotte on the 23rd. On the 25th, there will be the annual address before the Alumni Association by W. F. Bonita of Wilmington. On Tuesday the 30th, there will be the dress parade in the afternoon followed by a reception by the faculty at night. Then the graduating exercises on Wednesday. Five of the students will speak; J. R. Smith of Bertie, E. C. Porter of Wayne, A. T. Kenyon of Sampson; J. O. Morgan of Henderson and O. L. Bagley of Johnston.

Revenue raiders destroyed a blockade still at Hannah's Creek in Johnston county last night, capturing 60 gallons of whiskey and destroying 500 gallons of beer. The owner was not arrested. It is reported from the office of the State Superintendent of Public Instruction that a local tax for the improvement of public schools has been carried in Jacksonville, Onslow county by fifteen majority. The St. Ambrose Parish School and Kindergarten in connection with St. Ambrose Episcopal church, colored, here announce their first graduating exercises May 15th, and 16th. There is only one graduate, the first they claim turned out from such a school in the State.

Governor Glenn says in speaking of the condition of his brother, and private secretary, Gen. Jan. D. Glenn, that he has not been paralyzed at all, but that his trouble is from acute indigestion and a consequent excessive flow of blood to his head. There is every indication of speedy recovery and a weeks rest at his home in Greensboro will bring him around in good shape. His mental faculties are as clear as can be.

The Osmen Stock Company opened at the New Masonic Theatre last night in the comedy drama, "Blue Grass" to a large audience. Helene Reicks, sustained her former reputation as a fine actress and was warmly greeted. Harry K. Hamilton, in the leading male part, made a most favorable impression. The company has improved over its previous appearance, and will please everyone who sees it. The specialties are good, like the trained pig being a new feature. Tonight La Belle Shanks will be presented. This company should be greeted by large houses, as this will probably be the last.

Local Grain Market. Corn, per bushel, 50 to 55. Oats, 40 to 45. Hay, 1.00 to 1.25. Wheat, per 100 lbs., 1.40. Corn bran, per 100 lbs., 1.25. Feed, 100 lbs., 1.00. Cotton seed meal, 100 lbs., 1.00. Cotton seed hulls, 100 lbs., 1.00. City lard, 1.00.

Blue Grass Well Presented.

Potash as Necessary as Rain

The quality and quantity of the crops depend on a sufficiency of Potash.

In the soil. Fertilizers which are low in Potash will never produce satisfactory results. Every farmer should be familiar with the proper proportions of ingredients that go to make the best fertilizer for every kind of crop. We have published a series of books, containing the latest researches on this important subject, which we will send free if you ask. Write now while you think of it to the

Silverdale and Swansboro Pic Nic.

The annual Sunday School picnic from Swansboro took place last Saturday May 13. Stella fleet under command of Capt. Muller & Littleton fine officers. Our fleet drew 34 feet of water yet made a successful and pleasant run down the river and joined the Swansboro fleet. Bogus sound fleet joined us at the beach. All kinds of boats from a 20 tonner to a 10 footer, sails, gasoline steam and oars, outnumbering the Russian and Japs fleet but not so war like. Only loaded with happy young people and beautiful children and it made the old people feel that it was well to be there.

We met many old friends and talked and talked and forgot that our cotton was grassy and the price was low and after eating more than was good for us we visited the life saving station procured through the faithful and untiring efforts of our noble worker in congress C. R. Thomas.

The station is fitted with every modern device for saving life and property and manned by a crew of the finest specimens of physical manhood, fitted for the position by a lifetime experience on the water.

And here I would like to say that a stranger cannot but admire the healthy rosy checked young ladies and men of Swansboro. They are happy because they are healthy, kind, jovial and clever because they feel good, they have good schools, excellent Sunday schools, good churches filled by pastors who are appreciated and while we always liked Swansboro, we now better like long ago. We think it has improved very much in the last few years.

Miss Ada Howell, of Goldboro, is in the city, the guest of Miss Henrietta Pate.

Letter To Mark Disoway.
New Bern, N. C.
Dear Sir:—There's a little bit of a state down east—a Rhode Island man was fined \$100 the other day for selling potatoes—his bushel was like his state, short measure.

It isn't fair to punish a man for short bushel potatoes, and not for short gallon paint.

BIG SURVEY

To Be Made In Jones and Onslow Counties.

Remains of James Boylan Brought to Raleigh Land Company for Residence Property. Bond Money Now In State Treasury.

Raleigh, May 15.—It is announced that Prof. W. I. Reddick, professor on engineering at the A. & M. College and seven members of the senior class of the college have been engaged by a Charleston syndicate to survey 300,000 acres of timber and agricultural lands in Jones and Onslow counties to which they have acquired title under grants issued by the State more than one hundred years ago. There will be three surveying parties made up entirely of members of the faculty and students of the A. & M. College. The work will take about three months. They will live in tents, moving their camp from day to day. Prof. Reddick and seven seniors left this morning to begin the work and eight others from the junior class will join the party immediately after commencement. In this way they will earn enough to pay their expenses in the college next year.

The North Carolina department of labor and printing is issuing to all the rural public school libraries in the State bound copies of the last annual report of the department. The object is to get the people interested more in the work of the department, especially that feature pertaining to compulsory education and the child labor problem, and to enlist their co-operation in reaching better conditions along these lines.

The remains of Mr. James Boylan, a prominent merchant of Raleigh, and a member of the firm of Boylan, Pearce & Co. one of the largest dry goods firms in the city, was brought from Morganton this morning and was interred in Oakwood Cemetery this afternoon.

The deceased was 50 years old and leaves a wife and five children. He married Miss Maggie Tucker, daughter of the late Major R. S. Tucker. Mr. Boylan had been afflicted for several years and was under treatment at the State Hospital at Morganton when he died yesterday morning.

Application will be made to the Secretary of State tomorrow for the incorporation of a big land company for Raleigh the purpose being to develop desirable residence property west of the city. The Street Railway Company is interested and there will be an extension of the line to give access to the property. Mr. James H. Pou is one of the principal incorporators.

State Treasurer R. B. Lacy was notified this morning that the purchasers of the \$250,000 bonds just issued have paid over the purchase price, \$265,440 and received the bonds and the money is now subject to the check of the State Treasurer in the Citizens National bank here. Out of this the \$27,000 claim of South Dakota was paid today and the \$215,000 claim of Shaffer Bros., and others of New York will be satisfied in the next few days so there will be very little of the amount left.

Baby sleeps and grows while mammy rests if Hollister's Rocky Mountain Tea is given. It is the greatest baby medicine ever offered loving mothers. 35 cents. Tea or Tablets. F. S. Duffy.

An Attachment Case.
The case of Frank Matthews vs. C. R. Tyson for attachment of a piano was heard in Magistrate S. R. Street's office yesterday. The plaintiff had taken possession of the property in order to satisfy a debt and the defense maintaining that it was not the property of the debtor but of his wife and used in connection with the business conducted by her in Kinston. This is one of several suits that have been commenced against Tyson on account of his alleged financial crookedness.

Mr. E. M. Green was attorney for Mr. Matthews and Mr. Cooley of Kinston represented the defendant, Mrs. E. M. Tyson.

Obstinate constipation, indigestion and stomach disorders are permanently and positively cured by taking Hollister's Rocky Mountain Tea. 35 cents Tea or Tablets. For sale by F. S. Duffy.

Police Court News.
Joe Rue was before Mayor Patterson yesterday for driving a transfer without the payment of license. He was taxed the amount of license and the costs.

M. W. Chapman was charged with throwing refuse into the street in violation of the ordinance. He was fined \$5 and costs.

The case of the Sewing Machine Co. vs. Owens occupied the attention of the court except for the disposition of two divorce cases. The first mentioned case will be given to the jury today.

That Beautiful Gloss.
comes from the varnish in Devve's Varnish Floor Paint; costs five cents more a quart though. Sold by E. W. Small, wood.

Flaxseed Butter is the city at the Only Market for it east of the pines.

MASS OF SORES

Awful Suffering of Little Boy from an Itching Humour

CURED BY CUTICURA

Not One Square Inch of Skin on His Whole Body Unaffected

"My little son, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did no good. At the time I was induced to try Cuticura he was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages, as it was impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not affected. He was one mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up. His skin peeled off twenty times, but it finally yielded to the treatment. Now I can say that he is entirely cured, and a stronger and healthier boy you never saw than he is to-day." ROBERT WATTAM, 4222 Center Ave., Chicago, Ill., Dec. 30, 1897.

SIX YEARS LATER

Mr. Wattam writes

"Your letter of the 21st in regard to the case of my little boy at hand. I am truly thankful to say that the cure effected by the Cuticura Remedies has been a most thorough and successful cure to date." Chicago, Feb. 23, 1903.

300 MOROS KILLED.

Outlaw Chief on Island of Jolo Makes Fierce Fight.

Manila May 15.—Fierce fighting has been going on the last two weeks on the island of Jolo, between the outlaw Moro chief Pala, with 800 well armed followers, and troops under the personal command of Major General Leonard Wood. Pala's losses thus far are 300 killed while those of General Wood are seven killed and nineteen wounded. Pala and his remaining followers in accordance with Moro tradition prefer death to capture.

General Wood, with detachments from the fourteenth cavalry, the seventh tenth, the twenty-second and the twenty-third Infantry and Constabulary Scouts has driven Pala and his followers into a swamp which has been surrounded.

Pala was a noted slave trader and warrior when the Americans occupied the Islands. Later he escaped with his followers to the island of Pala Sekar, near Borneo. One of Pala's leaders deserted and took refuge in the British settlement at Lahad.
