## THERE MUST BE A SOLUTION FOR MARKETING TRUCK CROPS.

The failure of the strawberry truckers of Eastern Carolina to get their crop to the northern markets this spring, is laid at the door of the transportation companies, especially is the Armour Refrigerator Car Company held to be guilty of negligence in not supplying cars fast enough to carry the strawberries to market. But whatever the negligence may be on the part of the Armour people, the solution of the car famine would not mean the success of the strawberry grower, or any of the Southern truck growers, for so far as the Eastern Atlantic coast people are concerned, if there were cars enough at every point of accumulation, there would be the fatal defect which now exists, namely, a single track to the northern markets over which the truck must be carried to the consuming markets.

Already the truckers in the New Bern section are complaining about their shipments being slow, irregular and from twenty-four to forty-eight hours late in reaching their destination, which means deterioration in the condition of the produce, and loss to the grower. There is no loss to the transportation companies, their pay and profit come regardless of bad shipments to the producer.

A knowledge of the railroad facilities for the handling of the vast and ever increasing truck crops along the Atlantic coast, shows the present fault of this congested condition in transportation, and it is easy to recognize the fact that a car famine, alone, is not the cause. The trouble lies with the Atlantic Coast Line, with its single track over which it is pretending to handle all its transportation, freight, passenger and mail. This company is still ostensibly, saying to the vast trade interests along its single track of road, stretching from Florida to the north, give us your business. From this single track, in every State are branch roads which are commercial feeders to the single track road of this company's system. At this season of the year, there are thousands of cars seeking northern markets, and this single track road must handle these cars going north, must bring back the cars for additional loadings, at the same time the regular passenger and mail service both ways must be carried on.

Is it any wonder that this one track railroad is congested, that truckers are losing all their possible profits, that mail facilities are hampered throughout the section which this road traverses, that freight, passenger and mail must just wait, until this railroad company, with its single track, relieves the congestion, to let out a few cars going north, or receives a few cars coming south.

And this condition is not to be any better, but rather worse, each year, for the country is growing, crops are larger, more branch roads are being constructed, and yet one single track road is made to serve the company, not the people, and business is being sought, immigrants are asked to come and settle in a section, where the transportation companies cannot get the present farmers' products to market.

There must be some early solution to this kind of marketing of the truck crops of the Atlantic sea coast country, or the truck growers must go out of business.

**Saved By Dynamite.**  
Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Geay, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her, so she took Dr. King's New Discovery for Consumption, Coughs and Colic, which cured her cough, gave her sleep, and finally cured her." Strive for scientific cure for bronchitis and La Grippe. At all drug stores, price 50c and \$1.00 guaranteed. Treatable free.

## A NOTABLE PERSONAL TRIUMPH.

This city greets Theodore Roosevelt because he is the chosen chief of eighty millions of free people; because by his sterling manhood, patriotism, and energy he has fairly and honestly won the proud position he now occupies—the proudest on earth—and because in his character he typifies that which the citizens of this city honor above all else—honesty of purpose and intensity of effort. Most of us here tonight differ with him in many of his policies and political convictions, and have often declared that he has been in political error but none of us ever has doubted the honesty of his convictions or the patriotism of his character. In common with our fellow citizens of other political faiths we heartily welcome him within the walls of our city and the doors of our club, and express the sincere hope that his days may be long, his joys many, and his sorrows few. As mayor of Chicago, in welcoming him I feel that I voice the unanimous sense of all citizens, as I know I voice the unanimous feeling of the members of the Iroquois Club.

The above tribute paid to President Roosevelt by Mayor Dunne, at the banquet tendered the President on the tenth of May by the Iroquois Club of Chicago is one of the most remarkable personal triumphs ever recorded. Here was a President, whose Republicanism stands for all his party's principles, given a great banquet by a political club, the oldest in Illinois, and one of the oldest in this country, a club which stands for the most ultra of every thing that is Democratic, yet receiving and honoring the gentleman, their guest, for himself, as well as for his being the Chief Executive of the nation, his individuality and character unquestionably being given the preference.

The dispatches say President Roosevelt was touched by the great demonstration in his honor, and well he might be, for cheers greeted his appearance at the banquet from the hundreds present. Only once before in the history of this country has an opposition party so honored an opposite political party, the exception being the case of President Monroe in 1823.

## HOW ARE ENLARGING LOCAL COMMERCIAL CONDITIONS TO BE MET?

It is a matter of commercial importance, and community welfare, as well as good business sagacity, that the constantly enlarging local commercial and material conditions of New Bern, should be met by a local organization, such as a Chamber of Commerce, for behind such an organization, the business interests, the merchants and all dealers, may form, and meeting the new conditions, reap benefits from them.

A mercantile opening up which is of vital importance to the commercial interests of New Bern, is the approaching completion of the Pamlico, Oriental and Western railroad for transportation and business, generally, which means greatly increased business for the trade of New Bern. There have been, and maybe now, citizens, perhaps merchants, who look upon the completion of this railroad line, as a menace to trade interests here. If this was true, then it would speak very poorly for the strength and character of New Bern's business men, and their interests. But there is too sound and too much trade centered in this city to be injured by any new railroad which might touch some other point and secure trade.

Yet, with this local commercial, trade and financial strength, it is not business or good sense to remain indifferent to the enlarging trade openings and their possibilities. Trade today must be gone after, quickly and practically, so that with the completion of this Pamlico railroad, the trade window is for this city to be right along the line as fast as the road is constructed.

Here is where local organization, such as a Chamber of Commerce, is demanded, to insure locality, and with it, a united business action. There are capable merchants, patriotic citizens, but without a union of local forces there can be no success. This demand for organization is not only in reaching out after business, but also in the protection of present existing mercantile interests. But aggressive action is far to be valued, rather than the attempt to simply maintain existing conditions, and under a five Chamber of Commerce this aggressive trade warfare may be carried to success.

**A Good Suggestion.**  
Mr. C. B. Wainwright of Lenoir City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains to the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. When taken in this way the effects are double in quantity. It seems to get at the right place, and it is safe. For sale by Druggists, or by mail, 25c per bottle.

## CASE CONTINUED

### Celebrated Gattis-Kilgo Continued For Special Call Term.

State Fair Buildings Struck By Lightning. Plato Collins' Fine Address. Election Officers Grand Lodge Masons. Commencement Shaw University.

Raleigh, May 12.—During a severe thunder storm that passed over the city last evening lightning struck the State fair buildings at the fair ground and displaced three thousand shingles. The heavy downpour of rain was all that saved the buildings from destruction by fire.

Grand Master Plato Collins of Kinston, of the North Carolina Grand Lodge of Odd Fellows delivered an address on Odd Fellowship here last night that was greatly enjoyed by the visiting and local lodges. He declares his intention of making the coming year the most significant for progress in the history of this order. The erection of the \$6,000 building for the Odd Fellows Home for the aged and infirm is to be one of the specialties of the work for the year.

Governor Glenn makes an order for a special term of Wake county superior court to convene June 12th, for the special purpose of trying the noted damage suit of T. J. Gattis vs Dr. Jno. C. Kilgo and B. N. Duke as trustee of Trinity college. It is to be held by Judge Fred Moore.

The Gattis vs Kilgo damage suit is not to be tried at this term of court after all, an order being made this morning that it be continued until time as shall be agreed for Gov. Glenn to call a special term for its trial. The continuance was on affidavit by John C. Kilgo of Trinity College that W. R. Odell of Concord and Dr. Dred Peacock of High Point, important witnesses for the defense cannot be gotten here for the trial at this time. A motion by the defense to continue some days ago on account of the death of Washington Duke at Durham was refused.

The North Carolina Grand Lodge of Masons today elected and installed officers and adjourned to meet next year in Goldsboro. The grand officers are: grand master, Plato Collins, Kinston; deputy grand master, Thos M Stephens of Durham; grand warden, Perrin Busbee, Raleigh; grand secretary, E. H. Woodell, Raleigh; grand representative H. E. Riggs, Raleigh; grand marshal, E. P. Albee, Winston; grand conductor T. L. Moore, Lexington; grand guardian, F. B. Johnson, Raleigh; grand herald, H. H. McCoy, Kinston; grand chaplain, A. P. Barbee, Statesville.

The Grand Lodge levied a per capita tax of seventy cents—thirty cents each for the Orphans Home and Grand Lodge and ten cents for Home for Aged and Infirm. Salary of the grand secretary was increased to \$1,300, \$600 was appropriated for assistant grand secretary; \$500 was appropriated for traveling expenses of grand master.

The commencement of Shaw University for colored people was held today, the annual address being by Rev. J. C. Masses, pastor of Tabernacle Baptist church. The graduates are six with degree of A. B.; two B. S.; one B. T.; eighteen normal department; four, missionary training department; two blacksmithing, two bricklaying and plastering, one drawing and designing; one machine work, six in woodworking, fourteen in woodworking department, four in cooking, Honorary degree doctor of divinity on Rev. Jas H. Lee, Washington D. C. and Rev. W. A. Pattilo, Oxford.

In Wake Superior Court this morning Sam Yarbrough who has been in jail without bail for the killing of Charles Faison, colored, some weeks ago near Raleigh was released on bail, there being some doubt as to guilt even in manslaughter. The negro was killed with a bare ball bat, in self defense it is claimed.

The secretary of State authorizes the dissolution of the Carolina Spoke and Bending Co., of Greensboro by mutual consent of stockholders, J. Elwood Cox and J. H. Witt being among them. The Guilford Plaster Co. of Greensboro is chartered with \$6,000 capital and \$20,000 authorized, the stockholders being J. H. White and others. The company will deal in holders supplies. Another charter is to the Wales Lumber Co., of Asheville, capital stock \$10,000, E. A. Wales principal incorporator.

Gen. James D. Glenn left today under advice from his physician for Greensboro to spend a week quietly before resuming his work as private secretary to Governor Glenn.

**Very Beel.**  
"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harkers, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use. For a cold can be cured in much less time when promptly treated. For sale by Druggists, or by mail, 25c per bottle.

**THE GREATEST EPIC OF MARRIAGE**  
The first is the most crucial time. If for the first time the greatest event in your married life is about to occur, how important, how wrapped up in it you find yourselves. You try to overlook, but in vain, that element of uncertainty and danger that you have been led to expect from the experience of those mothers and fathers who have struggled through this ordeal in ignorance of **Mother's Friend** what it is, and what it does.

If at this time every expectant man and wife might know of this greatest of boons, devised for the express purpose of alleviating and dispelling the suffering and consequent danger of childbirth, how quickly would all doubt and worry be dissipated. Mother's Friend is an invaluable liniment for external massage, through whose potent agency countless mothers have been enabled to experience the joy of parturition for the first time without danger to themselves or their offspring.

## ATLANTIC COAST LINE SOAKED.

The Jury in Barker Case Returns Verdict Second Time for \$5,000.

The jury brought in a verdict yesterday afternoon in favor of the plaintiff in the Barker vs the Atlantic Coast Line railway, awarding her a judgment of \$5,000.

This was the second time the jury had rendered a like verdict; the Judge setting aside the verdict and remanding the case back to the court for a new trial. The case was fought hard and there is a probability that it will be continued either to a higher court or new trial demanded.

The case of Pursuer vs Machine Co., was begun.

## Confederate Veterans Reunion, Louisville Ky, June 14, 1905.

General J. S. Carr has selected the Southern Railway, via Asheville, Knoxville and Harriman Jet as the official route for his veterans' Special, which will consist of first class day coaches, and standard Pullman cars to be handled through to Louisville without change. These special cars will leave Raleigh at 3.30 p. m., Monday June 12th 1905. Berth rates from Raleigh and Durham \$4.50, Greensboro \$4, Statesville and Hickory \$3.50. Two persons can occupy a berth without additional cost. Excellent service on regular train in both directions. Ask your Agt for rates from your station. For further information and Pullman reservation write R. L. Vernon, T. P. A., Charlotte, N. C.

## Police Court News.

David Bryan, Thomas Bomar, Columbus Bomar and Richard Fulcher were tried in the municipal court yesterday for disorderly conduct. Sam Taylor the complaining witness testified that the men entered his place formerly owned by Jack Rodman and acted in a boisterous manner. A whiskey bottle played some prominence in the evidence as the prisoners are said to have been drinking whiskey. Mayor Patterson questioned the defendants and learned that they had bought it as "tonic" and mixed it with elder. Bryan said he bought it of Taylor, but the latter denied it. Bryan was informed that he would have to divulge the place he got the whiskey or be fined \$20.

All four defendants were fined \$2.50 each and the costs. Sam Hill was fined \$2.00 and costs for disorderly conduct. Two cases were continued until today in order to procure necessary witnesses. Beatie Smith, a white woman from Wilmington was brought in after court adjourned and arraigned for disorderly conduct. The Mayor ordered her out of town. She came here from Wilmington last Saturday having been sent out of that city by the Mayor.

## Resolutions—Bishop Watson.

At a meeting of the Vestry of Christ church New Bern, May 8th 1905 the following minutes and the accompanying resolutions were adopted.

The death of our Rt. Rev. Father in God, Alfred Augustin Watson, D. D., on Good Friday last brought to a fitting close here on earth a long and fruitful life which shall always be a precious heritage to the church of which he was a loyal son and especially to the Diocese to which as Deacon, Priest and Bishop he gave the sixty-two years of his devoted ministry.

This parish at one time was blessed by his rectorship and as a parish priest he had few equals, "vigilant" of "good behavior" "apt to teach" "just" "blameless as the steward of God" he fed the flock "with a faithful and true heart and ruled them prudently with all his power."

As Bishop he was wont to come to us in the fullness of the blessing of the gospel of Christ. Both by his life and doctrine he set forth the true and lively word of God. Both in his private conversation and in his public ministrations we know that he always spoke what he believed to be the truth without fear. He sought not the praise of men. He lived always as in the sight of God. He was wont to say that for every moment of one's time, every penny of one's money, every word we speak, we shall give account to God; and in his life he was an example of what he taught, diligent in business, fervent in spirit, serving the Lord.

Exactness of himself, he was ever considerate of the limitations of others, gentle humble, kind. To him we may truly apply the words of the apostle: "I have fought a good fight, I have finished my course, I have kept the faith. Henceforth there is laid up for me a crown of righteousness which the Lord the righteous Judge shall give me at that day."

Therefore Resolved—  
1. That we return thanks to God for the holy life of this, His servant who having finished his course now rests from his labors.  
2. That a copy of the above minutes be sent to Mrs. Watson with the assurance of our respectful and tender sympathy.

## Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for every nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Halls Catarrh Cure. Send for circulars free.

## DIED

At her home near Bogus, N. C., May 7th 1905, Mrs. Alice Garner, the affectionate wife of Mr. K. R. Garner. She was interred in the Bethlehem Church Cemetery on the morning of May 9th, in the presence of her beloved family and friends.

She leaves to mourn her departure, an affectionate husband, nine children, four brothers and all others who knew her. Her children are all living—the oldest 18 years, the youngest 10 months. She was a Methodist, and lived a pious life within the sacred paled of her church. She was a good wife and mother, a worthy neighbor, answering with alacrity and love every call of duty.

Just in the prime of life, entering her 34th year, the relentless hand of death seems cruel and untimely to strike down one so young and useful. May she be an anchor cast in the Heaven of Eternal rest. Drawing her family thitherward, to be finally united and inseparable in the celestial City of God.
