

## PLASTICO

PLASTICO is a durable sanitary and economical material for tinting and decorating walls, superior to kalsomine and wall paper, and much cheaper than paint.

PLASTICO combines all the good features of other wall coatings, and none of their disadvantages.

Packed in dry powder form, in white and tints, ready for use by adding cold water. Full directions on package. Any one can apply it. Sample card of beautiful tints for the asking.

Anti-Kalsomine Co. GRAND RAPIDS, MICH.

For Sale in New Bern by E. W. Smallwood.

## AMENDED PENSION LAW.

Great Care Demanded by County Pension Boards.

Raleigh, June 21.—State Auditor Dixon is sending out to the pension boards of the various counties copies of the new pension law together with the list of pensioners from each county. The present law was amended by the last legislature as follows:—"Provided, that the county board of pensions may place upon the pension roll in the classes to which he or she would otherwise belong any Confederate soldier, sailor or widow, disqualified by the provisions of this section who may appear to be unable to earn a living from property valued at as much as \$500 or more for taxation, and who may appear to the Board, from special circumstances worthy to be placed upon the pension roll." Regarding this new provision State Auditor Dixon says: "Of course this matter is left entirely with the county pension board and it is earnestly desired that the latter be extremely careful in making thorough examination of each applicant who has property over \$500 in value, because every one of this class who is placed upon the pension rolls will take money from those who possibly need it worse, and unless the cases are extremely urgent I think it would be wise for the county pension board not to approve this class of pensioners."

## How To Go To California.

Travel via the Chicago, Union Pacific & North Western Line. Two fast trains per day. The Overland Limited electric lighted, less than three days en route. The California Express, through service to San Francisco, Los Angeles and Portland. The best of everything. Full particulars on application to W. B. Kniskern, P. T. M., C. & N. W. Ry., Chicago.

## Fast Flying 20th Century Wrecked.

Mentor, O., June 21.—Running at the rate of fifty or sixty miles an hour, the Twentieth Century Limited on the Lake Shore railroad dashed into an open switch at the passenger station here shortly before ten o'clock tonight. Four or five persons were killed and twelve or fifteen badly injured. The combination baggage and smoking buffet car and the coach behind it, caught fire and were destroyed.

The train was eastbound, having left Cleveland about 9 o'clock tonight and as it does not stop here it was running at great speed. The engineer did not notice the open switch until the train struck it. The engine left the rails and plowed into the ground, tearing up the track for yards. The two coaches following it jammed into it with great force and were crushed, the fire from the engine setting them ablaze. Fortunately most of the occupants of these two coaches were rescued before the fire reached them.

## First Cotton Blossom.

The first cotton blossom to reach this office was brought in Thursday by Mr. R. C. Lancaster, and was picked from the farm of Mr. A. L. Brittain, near Jasper, in this county. The blossom opened on the morning of June 22nd.

Last evening Miss Anna Hanf gave a delightful lunch party, the trip being made up Stocumb's Creek. Supper was enjoyed on the way.

The second cotton blossom of the season was brought in Thursday night by county treasurer, Freeman Emul and was picked from the farm of Mr. George Dall, near the city.

The Worley murder trial is still in progress in Kinston. The State rested its case Thursday, and the defense began to examine their witnesses today.

## BUSY GOVERNOR

Variety of Business to Occupy His Time.

Gold Brick Swindlers Work Hard for Release. Powell a Bold Man. Dying of Cigarette Smoking. More Bonds. Mink Kills Chickens.

Raleigh, June 21.—Governor Glenn left today for Wrightsville, stopping on the way at Goldsboro to give a hearing in the case of Dan Teachy, murderer from Duplin county in which the death sentence is sought to be commuted to life imprisonment. The Governor goes to Wrightsville mainly to look at the camp site and to confer with citizens of of Wilmington and Wrightsville regarding the encampment of the Second and Third Regiments there. Tomorrow evening the Governor delivers an address at Wilmington. Next Saturday he will give a hearing in his office here in the matter of the application of the gold brick swindlers now in the penitentiary who ask for pardon or commutation of sentence. At this hearing the State will be represented by Solicitor A. L. Brooks of the Greensboro District, who prosecuted and brought about the conviction of these notorious swindlers whom a number of criminal lawyers have sought to get out of the penitentiary. One of their noted lawyers who came here from Chicago to get them out of trouble and who was very bold, not to say impudent in this argument and statements, has since been disbarred for practices becoming an attorney. This item about what the Governor has to do will give an idea of what a very busy man he is. He finds out that it requires hard work to be Governor and remarked with a smile that some one had told him a Governor had nothing to do.

It is learned about the man J. B. Powell, the Norfolk swindler now in jail here on his way to the Atlanta penitentiary that he had been tried fourteen or fifteen times before U. S. Commissioners or in Federal courts. The Government officials are glad that they have at last got hold of him. He is recognized as a man of great daring who will run great risks to get at liberty.

One of the clerks in the court house here has been very sick for some time and it was thought had fever, but upon an expert examination it is found that he is dying of cigarette poisoning, something which is affecting a vast number of young men.

Inspector General Bain of the North Carolina National Guard was here today and mustered in the members, 28 of them of the new band of the Third Regiment. He remarked that Raleigh military headquarters should have always been the location of one of the bands of the National Guards.

Another one of the bonds of what are known of the South Dakota bond class came in to lay from Schafer Brof. of New York. No one knows how many of these bonds are yet outstanding. It was thought that practically all had been taken up but since the settlement several have come in. They are worth \$892 each.

Clerk Arrington of the State penitentiary expressed great indignation and sorrow today because of the fact that a mink visited the prison grounds last night and killed over 60 of his finest chickens, biting the heads and leaving the dead birds scattered in all directions over the grounds.

## Schooner Disabled.

Delaware Breakwater, Del., June 20.—The schooner Dorchester, from Newbern, N. C., for New York, has arrived here, and is leaking about 1,500 arries an hour. About 20,000 feet of lumber were jettisoned.

## August First Envoys Meet.

St. Petersburg, June 20.—Russia, the Associated Press is officially informed, finds no objection to August 1 as suggested by Japan for the date of the meeting of the plenipotentiaries and instructions will be sent to Ambassador Cassini to accept it.

## Who Can Dispute It?

In using Davis 100 per cent Pure Paint, sometime since in my residence the painter coated the walls, ceiling and wood work of my kitchen, amounting to 625 square feet, one coat, with one-half gallon of No. 27, and had some paint left.

Geo. S. Aldhiser, Broadway, Va., May 12-04. For sale by E. W. Smallwood.

## CORN FIELDS ARE GOLD FIELDS

## Potash

Send for our books—they tell why Potash is as necessary to plant life as sun and rain; sent free, if you ask. Write to-day.

GERMAN KALI WORKS New York—93 Nassau Street, or Atlanta, Ga.—25 1/2 South Broad St.

## BOTH CONFIDENT.

Japan and Russian Commanders Say Victory Assured.

St. Petersburg, June 21.—Diplomatic measures for the peace conference are continuing in the face of the steady pressure brought to bear by the militant factions. Lieutenant General Linevitch has again wired the emperor saying that victory is almost at hand and begging that he and his army be not deprived of the opportunity to restore the prestige of Russian arms.

General Linevitch's telegram confirms the indications that negotiations for an armistice are not proceeding between the Russian and Japanese commanders.

London June 21.—The correspondent of the Daily Telegraph at Tokio sends the following:

"The Japanese are continuing their victorious advance in Manchuria. The Russians have been completely outflanked on both wings and news of Japanese victories may be expected.

The Japanese have considerably over half a million men in the field."

## SHORT PASSING EVENTS.

There were sales in the local market yesterday, of 50 bales of cotton at 8 1/2.

Two cases were up before the mayor yesterday for failing to obey sanitary regulations. Some people look upon sanitary inspection in the light of a meddling arrangement which is a mistaken view of it. Upon the sanitary conditions depend the health of a community and people should not wait to be driven by law to clean up their premises, but each and every one should make it a personal matter to see that the surroundings are kept in a cleanly and healthy condition.

Will Benders, the colored delivery wagon driver who stole a case of sardines from the store of J. L. McDaniel Wednesday was arraigned before Justice S. R. Street Thursday. For probable cause Benders was held for his appearance at next court in the sum of \$50 which he was unable to give and was sent to jail.

Mr. Ernest Wood has successfully passed the examination before the North Carolina Board of Pharmacy.

Tickets for the address by Frank Dixon at Morehead City tonight can be obtained at Ennetts book store.

It is noticed that there are many strange negroes in town. It is said that they have drifted here from other places from whence they have been driven for vagrancy. These strange negroes are idle and therefore disposed to be criminal, and it behooves the law abiding and industrious colored people of this town to keep an eye on them and if any of them are vagrants to promptly inform the authorities so that the law can be enforced. Self respecting negroes often suffer reproach because indifferent ones of the race cloak or shield from the law, idle and vicious wretches who deserve punishment.

An alarm from box No. 53 about 6 o'clock Thursday afternoon, announced the burning of a small house in the western part of the city, near the limits. The fire originated from the flue of a stove on which some sod irons were being heated, and burned very rapidly. The fire department responded promptly but did not have sufficient length of hose to be of any service. The house was the home and property of a colored man named Fonville and was valued at \$250 with no insurance.

The death of Robert D. Bray is reported as having taken place at Florence, S. C., on June 21st, caused from typhoid fever. He had been sick nine weeks. Bob Bray lived in this city some years ago, and was popular with every one. He was ever cordial and bright. In the days he was here he was a fine base ball player, and may be remembered by many from that. He married a Florence lady, who with one child survives him. Bob was thirty two years old. His friends here will be sorry to learn of his death.

Annie Grady, a colored woman was before Mayor Patterson Thursday, for failure to clean up premises after being ordered to do so by sanitary officer. Fine and cost imposed. Michael Romanus, a Hyrtian was up on a similar charge, case continued until today.

## A CANDID DESPERADO.

Would Have Shot Officers. If Had Seen Them.

Resources And Liabilities State Banks. Croatan Indian Shakes President's Hand And Invites Roosevelt to Visit Roanoke Island. Fine Relics For Hall of History.

Raleigh, N. C. June 22, 1905.—The bank statement, as made to the Corporation Commission shows total resources and liabilities amounting to \$33,368,564 as against \$29,416,580 at this date last year. There are now 210 banks, of which 177 are state, seven private and 26 savings. The amount of deposits subject to check is \$19,335,700.

A posse from Raleigh went up to New Light township and captured a desperado named Lowry last night. His wife had sworn out a warrant against him for assault and he is in jail, failing to give \$100 bond. He very frankly told the officers that he would have shot them if he could have seen them.

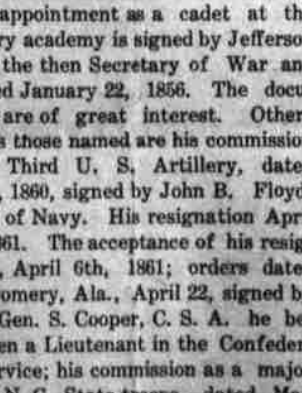

Chairman W. J. Peele of the North Carolina Historical Commission has returned from Washington where he had a special interview with President Roosevelt and invited the latter to visit Roanoke Island when he comes to Raleigh next October. The president says that he could not charge his itinerary for this tour. Senator Simmons thinks the President will make the visit a part of his itinerary in 1907 when he will visit the Jamestown Exposition celebration.

There was quite an unusual feature of Mr. Peel's visit this being the presence of a Croatan Indian named Locklear, who had been sent from his home in Robeson county by the Roanoke county association. Locklear told the President as he shook the latter's hand that he was the first of his race to meet a President and that in a very well worded address invited the President to visit Roanoke Island, the home of his ancestors. The President was very much gratified by the speech and the invitation and expressed his pleasure at the novelty of it.

The historical commission has placed in the Hall of History a superb picture of that distinguished North Carolinian and gallant soldier Major General Robt. F. Hoke, who ranked among the very ablest of the Confederate officers, and who since the war has taken so prominent a part in the up-building of his native state, which has always desired to do him the honor he deserves.

Miss Mary Dodson Rameur of Milton, daughter of Major General Stephen B. Rameur, has very kindly sent to the Director of the Hall of History a number of relics of that talented and brave soldier and gentleman, whose grave is in the Episcopal Church yard at Lenoirville. Among the relics are his diploma, given upon his graduation in 1860 from the National Academy, where he stood highest in his class. His commission, as a Second Lieutenant in the Fourth Artillery dated March 19th 1861 and signed by President Abraham Lincoln and by Secretary of War, Simon Cameron. It was not long before he came to North Carolina and volunteered his services. May 27th he was commissioned to Major in the corps of artillery and engineers, and his commission is also sent as well as the notice of appointment, signed by Hon. Warren Winslow, Secretary of the Department of War and Marine.

His appointment as a cadet at the military academy is signed by Jefferson Davis the then Secretary of War and is dated January 22, 1856. The documents are of great interest. Others besides those named are his commission in the Third U. S. Artillery, dated July 2, 1860, signed by John B. Floyd, Sec'y. of Navy. His resignation April 6th, 1861. The acceptance of his resignation, April 6th, 1861; orders dated Montgomery, Ala., April 22, signed by Adj. Gen. S. Cooper, C. S. A. he being then a Lieutenant in the Confederate service; his commission as a major of the N. C. State troops, dated May 16th 1861; Commission of Colonel, 49th N. C. T., April 12th, 1862. Commission as Brigadier General C. S. A., Nov. 1, 1862, and as Major General, June 1, 1864, with directions to report for duty to General Robert E. Lee for assignment to the command of Early's Division of Ewell's Army Northern Virginia.

THE RIGHT WAY IS THE ONLY WAY to turn out good work and the right is the only way to do it. We are the only blacksmith work of unusual work, or any kind of work, it is never slighted at Waters' carriage repairing shop.
