UPROAR IN POLAND.

Fierce Street Fighting in Lodz. Strike in Warsaw.

St. Petersburg, June 24—According to advices received here, the situation in Poland is again exceedingly serious. Censored dispatches from Lodz, though giving few details, indicate that fierce street fighting was in progress yesterday between the military and the striking workmen, who barricaded the thoroughfares in various quarters of the city and offered resistance which the troops met with volleys. The list of dead and wounded presumably is heavy but not even an estimate has been received here. Russian correspondents telegraphing that the streets are entirely in the hands of the military and the mob and that it is unsafe to venture out to obtain details.

Lodz has been in a turmoil for the past three days. The strike, which embraces sixty thousand workers, appears to have entirely lost its economic nature and is now a vast political manifestation. All forms of public business activity have been suspended, the peaceful inhabitants remaining indoors in fear of their lives. The political zeal of the manifestants has become inflamed by intoxicants from the vodka shops which were broken into and pillaged yesterday.

At Warsaw a strike has commenced, and disorders are looked for and the trial of Okrzej, who threw a bomb at a police station March 26th, will probably result in other bomb outrages. A man was arrested yesterday morning armed with a bomb which was evidently intended to be used in court during the trial yesterday.

The Raleigh Shooting Scraps.

The shooting affair which may terminate fatally occurred in Raleigh Saturday morning in the corridor of the Tucker building. Deputy United States Marshal, John C. Dockery, son of United States Marshal, H. C. Dockery, was shot twice by policeman W. I. Rogers. The bullets took effect in the left side and the arm. The wound in the body is considered dangerous.

The causes of the shooting are well known to the public and the scandal is of such a nature that the least said is the better. Mr. Dockery's companion, ex-United States District Attorney, Claud Bernard, who seems to have been the wounded man's tempter is equally guilty in the matter which led to the shooting—the betrayal of two young girls, one of whom was the daughter of Rogers. Bernard cannot be found.

A MUCH WANTED NEGRO.

Officer Lupton Makes an Important Arrest.

An important arrest was made by officer Lupton last evening by his capture of a colored man named Bennie Richardson. The nominal charge for which the man was taken was disorderly conduct but he will be held until advices arrive from Columbia, S. C., where he is alleged to have stolen a large amount of money. He was breaking up the furniture in his house and beating his wife. By various means this man was suspected as committing a more serious crime.

In company with an officer from Wilmington Mr. Lupton approached Richardson, who, when he saw the officer broke into a run. The Wilmington officer identified the man and Mr. Lupton gave chase. Richardson proved a good sprinter but he found that the policeman was something of a runner too. He was caught at length and the "come along" applied. The negro was very loquacious all the way to the city hall and seemed disposed to blame his wife for his misfortunes. He didn't want to go in the cell because it was "lousy," and made quite a vigorous protest against it.

It developed that Richardson's wife is wanted for the same theft and the officers are looking for her.

The man and woman are wanted in Georgetown, S. C., for the larceny of \$190 from a white man.

AS TO IMMIGRANTS

State Agricultural Department Hears Requests.

Soil Test Farm Decision. Thinks Coal Field in State. Raleigh and Durham Railway. Against Letting Stand. and Oil Company Rebuilt in City.

Raleigh, June 24.—Grand Tiler R. H. Bradley and other Masons left today to attend the special session of the Grand Lodge at Oxford, it being St. John's day. Tomorrow the Grand Lodge will be here to conduct the funeral of Mr. William Simpson, who for so many years had been the Treasurer of the Grand Lodge.

A charter is granted the Harrison Mountain Air Association, which is to operate a Sanitarium at Black Mountain.

The Band of the Third Regiment here now has over forty members. Twelve of these being Juniors, who will take part in concert and general work here at home. The band will take twenty-eight men to the encampment at Wrightsville.

It is said that it will be two weeks before the question is settled as to the location of the soil test farm for truck and berries. Wilmington is seeking to have it moved from Wallace, but it does not seem that there will be any change.

It will be some days, the Corporation Commission says before they decide the matter as to whether the railways are handling truck and berries properly from the Wilmington-Goldsboro section. They have heard both sides on the question.

The State Superintendent of Public Instruction has advised from some counties that the new Boards of Education have not received notice of their appointments. All of the notices have been sent to the clerks of court, whose duty it is to notify the appointees. The clerks who have failed to do so have been informed of this dereliction on duty.

State Auditor Dixon left today for Morehead City for a day or two to rest. Grand Secretary Drewry of Grand Lodge of Masons was unable to go to Oxford, having to take his sick child to Wrightsville.

The State Labor Commissioner has a letter from Edward Jones the mining engineer of Paisley, Ill., stating that on some mining chart there is shown an undeveloped coal field lying across the south line (eastward) of North Carolina and extending into the northern part of South Carolina and that he would like to obtain all information possible, with a view to looking over this field desiring to know the depth of the coal from the surface, thickness of seam, etc. He and his son are looking around for a new field to operate in.

Two surveys have been made for the proposed street railway between Raleigh and Durham. One running nearly parallel with the Southern Railway, and being a few miles longer than the other, which is by way of Leesville, and which is about twenty four miles in length. Stakes have been placed along these routes. The gentlemen interested in the railway say positively that it will be built, but it seems that the general public is rather incredulous. It is found elsewhere that these inter-urban electric roads do a wonderful business. They have had some great fights with the railways and have come out ahead.

John M. Harrell, a son of the late Col. Eugene C. Harrell has arrived here from the Philippines, to visit relatives. He is in the Quartermaster's Department U. S. A., and has been in the Philippines twice. He now goes to New York, having served his time on the Islands.

A strong fight is being made here against the rebuilding, within the city limits anywhere of the plant of the Standard Oil Company which was burned last month, and the opposition has been so great that there is to be a hearing for and against the building.

Secretary Bruner of the Agricultural Department is getting in some letters in regard to the character of immigrants desired in North Carolina. Nearly all want white people, largely as land buyers or as tenants. Two say they would like to have Japanese, and a few desire negroes. The question is being asked whether it would be worth while to experiment with Mexicans as laborers. Mr. Bruner said that he did not think the people desired these or that they would be satisfactory.

Dear Gus— I have solved the mother-in-law problem, just give her regularly Hollister's Rocky Mountain Tea. It will make her healthy, happy and docile as a lamb. 35 cents, tea or tablets. Sold by F. S. Duffy.

Ante Nuptial Reception.

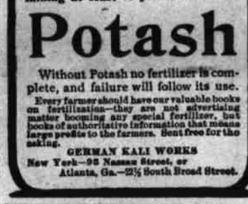

Last night in her beautiful home on New street Mrs. N. H. Street gave a delightful informal reception in honor of her niece Miss Mary Estella Kornegay, who this morning marries Dr. Chason, of Bainbridge, Georgia.

RALEIGH.

The Rogers-Dockery Shooting Affair All Absorbing Topic.

Gov. Glenn Will Probably Pardon The Gold Brick Men. Interesting News About The New Railroad From New Bern To Trenton.

Raleigh, N. C. June 26th, 1905—Interest yesterday and today here was absorbed by the Rogers-Dockery shooting affair and the Claude Bernard side sensation. No news was heard from beyond the fact that a couple of Raleigh men said they saw him at Hamlet Saturday night. John Dockery had a good night Saturday night and another last night. Saturday night he was of the opinion that he would die, but yesterday and today his spirits revived and about noon yesterday he said he expected to recover. A very good account of him was given from the hospital today. His left leg is yet paralyzed. Of course evidence in the case is being gathered as rapidly as possible, by the state and by the defense for Rogers. The most important witness is Elmer Durfey, the elevator boy in the Tucker building who saw the whole affair and who says Rogers fired the first shot from about the top of the stairs, at Dockery who was coming up, and that there were only three shots. The young man who took the pistol from Dockery says it was a 32 calibre weapon and that only one bullet had been fired from it. The warrants for Claude Bernard in the civil suit for damages for betrayal of Bertha Howell were not made out until six o'clock and the one sent to Wilmington leaving here at seven o'clock Saturday evening did not reach there until yesterday morning by which time Bernard was far away.

Garden Truck
can be raised profitably only in soil containing plenty of Potash. All vegetables require a fertilizer containing at least 10 per cent. actual Potash.

Without Potash no fertilizer is complete, and failure will follow its use. Every farmer should have our valuable books on fertilization—they are not advertising matter but contain special fertilizer, and large quantities of information that most farmers need to know.

GERMAN KALI WORKS
New York—92 Nassau Street, or
Atlanta, Ga.—25 South Broad Street.

Police Court News.

The following cases were disposed of in the mayor's court yesterday morning.

Henry Bryant, disorderly conduct; costs.

John Anderson, disorderly conduct; aged cursing; fine and costs \$5.

Harriet Hall, disorderly conduct; costs \$3.75.

Dockery Improved.

Special to Journal.

Raleigh, June 26.—At 8 o'clock tonight John Dockery's physicians said his condition was improved. Paralysis of the left leg has ceased.

Woman Supposed to be Murdered.

Special to Journal.

Pollockville, N. C., June 26.—Quite an excitement here among the colored people over the murder of a colored woman, Sallie Humphrey, who left her home in the place late Saturday evening, to return in a short time, but she did not return at all, hence her family became alarmed.

Search was instituted on Sunday morning, but no find was made but suspicious signs of tracks, scrambling and a boat all pointed to foul work.

Upon further investigation suspicion fell on a negro man, her old lover, by name Junius Loftin. He was at once arrested at a neighbors house where he was in love with another girl.

The jury will need to pass upon the evidence at 4 o'clock this evening. He nor any of his people were in the searching party Sunday.

SHORT PASSING EVENTS.

The Journal acknowledges the receipt of St. Mary's College, catalogue of Belmont, which is the only school under the control of the Catholic church in the State. It has a wonderfully beautiful location and its buildings are such as to attract attention for the beauty of their architecture. Among the officers the name of Rev. F. Leo, formerly known here was observed. He is disciplinarian of the institution.

The thunder storm of Saturday night which was quite severe here, was more severe at Bridgeton. Lightning struck several trees but no other damage.

More cotton blooms have been shown at the Journal office. Yesterday Mr. D. A. Askins, on the Capt. Osborn Rocky Run plantation sent in a bloom which indicates that the crop is in good growth and progress.

Mr. J. J. Baxter, the enterprising Middle street merchant, received a large consignment of benches which is placing around town for advertising purposes. The benches are real comfortable to sit upon, and are hailed with delight by the weary oracles at their several meeting places.

Mr. J. Wayland Jones who has been salesman for J. G. Dunn for several years has accepted a similar position with a mercantile house in Wilson. Mrs. Jones and son left for their new home Sunday night. Mr. Jones will go next Saturday.

Members of the Anti-Saloon League are urgently requested to meet at Rountree Hall tonight, as business of importance will be transacted.

The Wedding ceremony of Dr. Gordon Chason and Miss Mary Estella Kornegay will occur at the Centenary Methodist church this morning at 8:30 o'clock.

A very handsome pendant charm was presented to Mr. J. G. Delemar, retiring Noble Grand by the Eureka Lodge of Odd Fellows last night. The charm bears the insignia of both lodge and camp.

A terrific thunder and lightning storm passed over the neighborhood of Perfection, in this county Saturday night, doing much damage to crops and killing three steers and one horse belonging to Mr. A. E. Washburn.

RALEIGH.

The Rogers-Dockery Shooting Affair All Absorbing Topic.

Gov. Glenn Will Probably Pardon The Gold Brick Men. Interesting News About The New Railroad From New Bern To Trenton.

Raleigh, N. C. June 26th, 1905—Interest yesterday and today here was absorbed by the Rogers-Dockery shooting affair and the Claude Bernard side sensation. No news was heard from beyond the fact that a couple of Raleigh men said they saw him at Hamlet Saturday night. John Dockery had a good night Saturday night and another last night. Saturday night he was of the opinion that he would die, but yesterday and today his spirits revived and about noon yesterday he said he expected to recover. A very good account of him was given from the hospital today. His left leg is yet paralyzed. Of course evidence in the case is being gathered as rapidly as possible, by the state and by the defense for Rogers. The most important witness is Elmer Durfey, the elevator boy in the Tucker building who saw the whole affair and who says Rogers fired the first shot from about the top of the stairs, at Dockery who was coming up, and that there were only three shots. The young man who took the pistol from Dockery says it was a 32 calibre weapon and that only one bullet had been fired from it. The warrants for Claude Bernard in the civil suit for damages for betrayal of Bertha Howell were not made out until six o'clock and the one sent to Wilmington leaving here at seven o'clock Saturday evening did not reach there until yesterday morning by which time Bernard was far away.

It is learned from Fred D. Warren of Jones county who is here that the Goldsboro Lumber Company will remove its plant from Dover to New Bern and will build a railway forty miles long from New Bern through Trenton to Richland through a very fertile truck and agricultural country and through the best timbered county in the state. The company has four hundred million feet of standing timber enough to last twenty years and has a quantity of young timber growing. It goes to New Bern to get water rates and will save a dollar a thousand feet in freight, it is said. It already owns 20 miles of railway part of which it will take up in changing the lines. The principal owner is a man named Winsapp of Washington D. C. Senator Simmons is deeply interested in the road being a large holder of timber in that section.

The Governor will before long dispose of the gold brick case which was referred to as having been argued at length on Saturday. No one believes that he will pardon the gold brick men who are believed to be professionals and little or no attention is paid to Altheah, the man from Arkansas who has worked so hard to free them.

THEY COME AND GO.

Mr. J. Glenn Smith representative of Colliers Book House, is in the city.

Mr. Frank Findeison of Catharine Lake is in the city.

Mr. and Mrs. R. D. Kornegay of Mt Olive, arrived last night to attend the Chason-Kornegay wedding today.

Miss Mary Scott Monroe is a guest of friends in the city.

Mr. E. Donaldson of Bainbridge, Ga, is in the city to attend the Chason-Kornegay wedding this morning.

Miss Susie Lumley, of Goldsboro, is visiting relatives in the city.

Mr. W. F. Richardson has returned from a visit at Seven Springs.

Miss Clara Lewis, of Oriental, is a guest of relatives in the city.

Mr. and Mrs. Roscoe Nunn and children who have been the guests of relatives here for several weeks returned to their home in Nashville, Tenn., yesterday going by the way of Wilmington where they will spend a few days.

Miss Sallie Meyer of Washington, N. C. is the guest of Mrs. George Waters.

Miss Birdie Stiefel who has been a guest of her sister, Mrs. H. B. Marks returned to her home in Baltimore Sunday night.

Mr. James F. Taylor went to Black Mountain Sunday night to return with his wife and son. The condition of the young man who is suffering with tuberculosis does not improve.

Mr. and Mrs. L. B. Habicht left last night for the north, Mrs. Habicht going to Buffalo, N. Y. to visit relatives and Mr. Habicht will stop in New York City on business.

Mrs. M. C. Parker left last night for Hampton Va. to spend the summer.

Miss Mary Dixon who has been visiting at Mrs. S. F. Hurtt's left Monday afternoon for her home at Oriental.

Mrs. F. H. Shipp left on the steamer Neuse last evening going to Elizabeth City.

CUTICURA

Soap, Ointment and Pills the World's Greatest Skin Cures.

PRICE THE SET \$1

Complete Treatment for Every Humour, from Pimples to Scrofula.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum, all demand a remedy of almost super-human virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

The grandest testimonial that can be offered the Cuticura remedies is their world-wide sale, due to the personal recommendations of those who have used them. From a small beginning in the simplest form, against prejudice and opposition, against monied hosts, countless rivals, and trade indifference, Cuticura remedies have become the greatest curatives of their time, and, in fact, of all time, for nowhere in the history of medicine is to be found another approaching them in popularity and sale. In every clime and with every people they have met with the same reception. The confines of the earth are the only limits to their growth. They have conquered the world.
