

WHERE IS ARCADY?

(Editorial from Washington, D. C., Post Sunday, July 9, 1906.

Now is the season of the year when we would go to Arcady. We know that it is a place of simplicity and rest, upon whose gentle shores no wave of trouble rolls, and whose inhabitants dwell together in delightful harmony.

And still the question is, where shall we find it? If we consult our friends, our minds become confused with tales, as many as are told in the Arabian Nights. For, after all, Arcady depends very largely upon one's self. It may be a farm, far away from civilization, where the lowing of the kine and the cackle of the hens are the only sounds that reach the tired ear, unless it be also the murmuring of innumerable bees.

One thing, however, we must learn. It does not pay to hunt for Arcady. It does not lie at the end of a long and thorny lane. We must drift into it or reach it not at all. If we are to fret and fume and worry over where we are to go, we had better stay at home.

At the photograph entertainment given in Mr. W. T. Hill's store Friday night, some of the most recent songs and instrumental pieces were heard. There was not one selection that was not thoroughly enjoyed and almost perfectly produced.

The excursion of the Sunday school of St. Peter's church which went to Washington, N. C. Thursday was reported to be one of the most orderly and best conducted that has ever been held. The authorities and citizens spoke in highly complimentary terms of the behavior of the colored people.

Travel over the Trent bridge is delayed on account of the draw being broken down. A tug with barges attached smashed into it Friday and it will be several days before the repairs will be finished.

Rev. J. R. Betts will preach at Bridgeton this morning at 11 o'clock. Forty tickets to Morehead City were sold here last night.

We are pleased to note that yesterday was passed without rain, the first day for more than two weeks. The heat, however, will remain for some time yet.

F. T. Turner, a white man who lives about three miles from town, was indicted in Justice W. R. Barrington's court yesterday for assaulting Tom Sykes, a negro with a deadly weapon. The evidence developed the fact that Sykes was making a nuisance of himself and that Turner only used the gun to frighten him off the premises. Turner was released and Sykes was taxed the costs of the action.

George Norris, a white man, living near Kinston, whose wife was shot and seriously wounded by what was said to be an accidental discharge of a gun in the hands of a negro woman, has been indicted for doing the shooting himself. At a preliminary trial Saturday, the negro woman swore that Norris shot his wife intentionally and a young man testified that after the shooting he overheard Norris begging his wife to say that the negro woman did the shooting and that it was accidental, which statement was made and published. Mrs. Norris is severely injured, her hip being shattered, but it is believed that she will live. The Justice held Norris in the sum of \$200 for his appearance at court.

AN ALLIGATOR COUNTRY.

Big Sawfish are Seen in the Creeks Tributary to the Neuse and Trent.

Every little while the Journal publishes an account of the killing of a large alligator in some of the neighboring streams emptying either into the Neuse or Trent rivers. It is said that many streams abound in these saurians and that they are multiplying rapidly. They grow to a large size but there has yet to be a report of any depredation done by them.

Last Thursday Shade De Loach, a colored man living near the head of Scotts Creek saw a big alligator making its way clumsily across the creek to small pond about a mile from the creek. DeLoach got his gun and put two charges of No. 4 shot into the animals eyes and head, the shot entered its brain and killed it. It measured eight feet long and was the largest that has been seen at large in this section at any time. The animal was skinned and the hide was brought here and a good price was paid for it.

Colored Man Drowned.

Will White, colored, of New Bern, working with Colvin & Davis, bridge contractors building a steel bridge for the Atlantic & North Carolina Company over Neuse river near Kinston, fell from the bridge when at work Friday evening and was drowned.

Efforts to recover the body by dragging for it have, so far, failed. The river is pretty high and is deep at the point where the man was drowned.

Charles Midyett, Colored, Dead.

The funeral of Charles Midyett, colored, will take place at Clinton Chapel A. M. E. Z. church, Sunday afternoon at 4 o'clock. Friends are invited to attend. The deceased was the oldest son of Charles and Joanna Midyett, and leaves three brothers and three sisters. The family have the heartfelt sympathy of a large circle of friends in their sad bereavement. The young man was well known in the city as a hack driver for several years, and was ever polite and quiet in his deportment.

Go to Tournament.

The Atlantic fire engine, hose cart, and the Button Company's horse were put on cars yesterday to be taken to Winston-Salem where each will have a part in the contests to be held there this week. The apparatus and the horse were in splendid condition. They have been thoroughly tested and there is reason to believe that the New Bern contingent will come home with several first prizes.

Outside of the reel team a good many who are interested in the work of the firemen will attend the tournament. The members of the reel team are George Harrington, Hendricks Arnold, Spurling Thomas, Sam Coward, Tom Smith, Furney Gaskill, Leon Land, Doc Howell, John Stanley, Jim Willis, John Lupton, Will Hoover, Hunter Smith and Dick Bryan.

No Kick From New Bern.

The report said to come from this city that the change of schedule in the E. C. D. Line to Behaving, daily, except Saturday, instead of to Elizabeth City, is entirely erroneous, for there has not a single note of protest been heard at the Journal office, and this office would certainly have heard such protests if any had been about.

The fact is that the present schedule is a fine one for our merchants and they are doing much more business because of it.

Won By An Iowa Man.

The Grand American Handicap at flying targets, the most important trap shooting event of the year, which was held at Indianapolis, June 27-30, was won by R. R. Barber, an amateur of Paulina, Iowa, with Winchester Factory Loaded Shells, his score being 99 out of 100. There were 335 entries in the event including the best amateur and professional shots in America. The Preliminary Handicap and the Amateur and Professional High Averages for the tournament were won by shooters using Winchester Factory Loaded Shells. Such important victories as are constantly being won by shooters using Winchester Factory Loaded Shells convincingly demonstrate their reliability, uniformity and strong shooting qualities. They are the satisfactory, the winning kind; the only kind to shoot.

SHORT PASSING EVENTS.

The Washington, N. C. Messenger says the streets of the city are a sea of mud. What could it say of New Bern's streets? It would fail to find anything to compare them with. They are incomparable.

The new three mile an hour ordinance went into effect Sunday and the trains move about as fast as a funeral procession.

The Pamlico, Oriental & Western rail road will soon be built as far as Bayboro. The track has been laid through Alliance and it is expected that Bayboro will be reached by the last of the week or first of next week. The work has progressed rapidly and if the rest of the road can be built as quickly, Pamlico county will be traversed from north to south by a railroad and her residents will no longer be put to the painful necessity of driving or walking when they want to come to New Bern.

The K. of P. Band has given two very enjoyable concerts on the river front the past week. These concerts will grow in popularity as they are given from time to time especially during the heated season. The public appreciate their efforts to entertain.

A telegram announcing the death of Mr. J. F. Rogers, of Goldsboro, was received in the city last night. His many friends will be shocked to hear this sad news.

Mrs. John Whitford gave a very pleasant lunch party last night in honor of her guests, Mr. and Mrs. T. B. Clarke, of Salem, Oregon.

The Daughters of Confederacy will meet at their rooms Wednesday evening at 6 o'clock. All members are requested to be present.

The Trent bridge has been repaired.

Oak Grove M. E. Sunday School, near Pollockville, will have their annual picnic on Thursday, July 26th. Come along and lets have a day of outing. SABBATH OBSERVANCE.

An Important Theme of Rev. G. T. Adams Sermon Sunday Evening. A Practical Discourse.

Rev. G. T. Adams preached on the timely subject of Sabbath Observance at the Methodist church Sunday evening and the discourse was sound and practical; dealing with a question that is threatening the civic as well as the religious life of the country. In the course of the sermon he paid a high compliment to the Mayor and authorities for the enforcement of the Sunday closing law.

He said that the good people who have the better interest of the city at heart should encourage the authorities by endorsing their acts. There is a tendency to turn the Sabbath which is one of the pillars of the American government into a holiday. The Christian citizen should view this violation of Gods law with alarm and should practice the divine injunctions of the Bible and use their influence against the tendency.

In spite of the hot weather and absence of many from the city, divine services at the churches have been well attended; there being scarcely any diminution from the regular attendance. It demonstrates that New Bern people are church attendants far above the average city. Also that her respect of the Sabbath is greater than most other cities. These facts greatly to the credit of New Bern and words of praise of which she may well be proud.

Ike Farrow Captured.

A telegram was received Saturday from Wilmington's chief of police stating that a negro answering to the description of Isaac Farrow, as advertised had been apprehended in that city and would be held for identification by New Bern authorities.

Chief of police J. M. Harget sent of ficer Bryan to Wilmington Monday to identify the man, which he was able to do very easily. Although the negro was a good deal darker his features were familiar enough to Mr. Bryan, and he took him into custody.

It will be remembered that Isaac Farrow, resisting arrest, shot and painfully wounded officer Montague after which he fled the city and his whereabouts here have been unknown until the telegram was received Saturday.

Mr. Bryan arrived with his prisoner safely on the Coast Line train Monday afternoon and took him immediately to the city hall where Farrow acknowledged the shooting but said that he didn't intend to hurt Mr. Montague but was trying to shoot over that officer's shoulder to get the negro who had betrayed him to the officers.

Farrow was sent to jail to await further examination.
