POSSIBLY ANOTHER INDICTMENT.

Speak Freely Likely To Fait.

Raleigh, July 19.-It appears to be inderstood that there will be fresh indictments against Rogers certainly. A newspaper wants Rogers forced to tell what he knows, but people who snow the man say that is a hard proposition in other words that he is not one of the telling kind. It is contended that of course he does know who induced him to want to see certain jurors and that he did not do this out of friendship for Kilgo, who did not even know him. so the latter swore, but on the other hand the friends of Rogers, who have known him as a soldier and a citizen says he does not mind punishment but was never known to betray anybody. They admire this trait very much in-

Of course it is well understood now secure a reduction of his sentence of when sentenced-but that was not on his own account but on account of his family, which is so much esteemed here. Mr. Rogers is a brother of the late congressman Sion H. Rogers. Every day since he has been in jail he and Sorrell have been supplied with the best food, from a private table. Some persons want such a punishment put upon Rogers as will force him to tell everything, but the question comes up op off in Colorado, take in the Rocky could make him "peach." Rogers has assumed the entire responsibility and even offered, in fact begged to be allowed to take the punishment both for himself and for Sorrell. Of course there is no telling what will be done as to this matter. It is but frank to say that if one listens to street talk it lawyers were concerned in the matter. Dr. A. R. Miller.
