

THE FEVER'S COURSE

Last Evening's Report of the Condition of the Epidemic.

New Orleans, August 16.—The second death above Canal street occurred yesterday that of Wier Daspil, a prominent citizen. The cases above Canal street continue to be traced to down town infection. Last night's report says:

Deaths 6
New cases 62
New foci 19
Total deaths 172
Total cases 1,060.
Total foci 229.
Under treatment 334.

THEY COME AND GO.

Mrs. G. W. Bryar, of Durham, is visiting Mrs. Emma H. Powell.

Editor B. F. McCullen, of the Morehead City Coaster, was in the city yesterday.

Miss Marietta Hewett went to Newport last evening.

Misses Julia Erven and Carrie Hill went to Kinston last night to spend a few days with friends.

Misses Daisy and Mattie Green went to Morehead City last night.

Dr. C. L. Duncan of Beaufort was in New Bern yesterday.

Mr. J. C. Whitty was in Pollocksville yesterday.

Mr. John Fields of LaGrange was in the city yesterday.

Mrs. Ida Gautier is visiting her daughter, Mrs. Hurtt at Portsmouth, Va.

Mr. Ralph Davenport is visiting in Richmond.

Mr. and Mrs. C. E. Foy returned last evening from a visit to Richmond, Va.

Beaufort.

Aug. 17.

Editor Journal.

Owing to scarcity of time several joelings were unintentionally omitted from my letter of last week.

Beaufort has a minstrel troupe, perfectly organized; that will probably be heard from, during the coming winter—that is up Bogue Sound way—they have rendered several performances of late and so far have escaped a treat of egg-nogging. The first part, or olio, is very good, and the singing is up to the standard of shows that visit that section. The boys have had their photos taken in costume as they appeared before the footlights and all the girls are eager after the minstrel man's manager.

A phonograph dealer has struck town and pretty near every night those who happen to be down town are subject to a musical treat free of cost. Strains from "Lazy Bill" and "In the Stillness of the night" catch the eye of listeners.

The wireless telegraph station here has almost received its finishing touches and no doubt the placing of the station here means a good deal to the town. It has been suggested that a station be erected at Morehead also as the people in Beaufort are half the time cut off from the world owing to the miserable telephone and telegraph service they have to contend with.

A big base ball game is looked for here, Saturday. The town boys and the Laboratory bunch are going to try it again. This town boys have been successful in every game they have played with the government crowd except one, and so they are determined to give Beaufort one more licking before the season is over, and therefore have secured the peerless Hobgood to twist for them Saturday. In the last two games played the "Lab" boys were shut out entirely.

A STEP FORWARD

Permanent Quarters for Merchants Association.

Flat Building to be Remeled and Used for Commercial and Residence Purposes. Raleigh Chamber of Commerce to Re-organize. Appeal for Prison Bonds.

Raleigh, N. C., August 16.—The Raleigh Merchants Association took a decided step forward last night when they passed an order for a charter to be procured from the State, and permanent quarters in the business section of the city were rented with the understanding that the place will be kept open, a salaried officer being kept for the purpose. A rating of the consumers will be made up on one similar to that of the merchants issued by the mercantile agencies.

Dr. Norwood G. Carroll and wife, Dr. Delia Dixon-Carroll who, by the way is a sister of Tom Dixon, the famous author and minister, have purchased a three story building on Fayetteville street near the Capitol and will remodel it and provide handsome office and residence quarters on the second and third stories. The first floor to be retained by the Ellington Art store. Dr. Delia Dixon-Carroll, the only lady physician in Raleigh, has built up quite a large practice.

The work of remodeling the old Park Hotel as a hotel for tourists is to be resumed now and pushed to completion so that it will be ready for the travelers this winter. The prices will be higher than the other hotels in the Yarrowborough both being under the same management.

The Raleigh Chamber of Commerce will reorganize within the next few days with 150 members, the annual dues being changed from \$5 to \$10 per year. They are in conjunction with the industrial club, formed recently, by the younger business men of the city purpose to inaugurate a new era of business activity.

The appeal for prison bonds to be allowed the prisoners, J. Rowan Rogers and J. P. Sorrell, serving six months for embezzlement in the Gattis vs Kilgo case, is the first that has ever come to a Governor of this State. The last man who ever had "prison bonds" privileges in Raleigh was the late Jas Miller who was sentenced to 90 days in jail, and \$2,000 fine for gambling. The confinement is telling very much on both Sorrell and Rogers, who is an ex-Sheriff of the county.

ORDER RESCINDED.

The Board of Health of Wilmington have reconsidered Their Order and Allowed The Excursion From New Bern.

Yesterday's Journal, announced that on account of the quarantine restrictions the railroads would not be allowed to take excursions to Wilmington. The board of health of that city has raised the quarantine as to New Bern. This makes the Knight excursion to Wilmington from this city operative as advertised.

The news will be pleasing to a good many people in the city who have no other way to go to Wilmington and who had anticipated this excursion.

There will be good service on the train and no one need fear any disturbance. Sufficient police protection will be on the train and any attempts to make disorder will be promptly frustrated.

Hair Ornaments Are Effective Head-Dress.

Lines and curves are all that a great artist uses in his painting; when the proper line or curve is executed in hair combs (side or back) they are very effective in beauty of ornamentation. J. O. Baxter, the leading jeweler shows a large assortment of just the right shape to suit each one, from 25 cents to the 14 karat gold trimmed.

Fort Barnwell

August 16.

The crops are very good in this section. The writer had the pleasure on last Monday of visiting the farm of Mr. M. D. Lane, near Ft. Barnwell, and was convinced of the truth of the old adage "more in the man than in the land." Everything on this excellent farm seems to be full of energy, and denotes thrift. Were it not for the retiring modesty, and reluctance of Mr. Lane to be brought before the public all would like to hold him up to the young men of our country as an example of push and perseverance. Mr. Lane is only in his 33rd year yet, he has the implicit confidence of his neighbors, and stands high in the estimation of the business world. He has recently bought four splendid farms, and under his superb management, in a few years will be beyond a doubt, be objects of beauty. I would there were more young men like him.

Messrs G. M. Wooten recently of the Artillery School of Ft. Monroe, Va., Willie and Harvey Wadsworth of Ft. Barnwell have organized a base ball team, and their enthusiasm seems to be contagious as the infection has spread to old and young alike, and especially to the ladies of the community, who gave an ice cream supper, and realized quite a good sum to equip the team. Ft. Barnwell can soon boast of a ball team equal to any, if encouragement from beautiful young ladies mean anything to inspire the lads to effort, and Fort Barnwell has the most beautiful girls in the land, and for refinement and culture, they are second to none in the State. I must not fail to mention Mr. and Mrs. M. B. Sauls, who so graciously gave the use of their commodious home to the enjoyment of their neighbors. The broad verandas were especially adapted to the occasion, only the soft murmur of "cooing" words inarticulate only to those for whom they were intended could be heard. In the soft shadowy light of broad veranda is the ideal place for love making. Long live Mr. and Mrs. M. B. Sauls, our host and hostess.

Mr. Ball was in our village yesterday buying cotton.

Miss Carrie Gay, of Greenville is a visitor here.

Miss Minnie Arnold of New Bern, is visiting in this community.

Miss Carman of Spring Garden is a visitor here.

Miss Mary Wooten has returned from Kinston.

Melons are plentiful and peaches are fine. Call Mr. Editor at your pleasure and the hospitality of Ft. Barnwell is yours.

B. B. W.

Dies Suddenly.

A stevedore, Henry Singleton by name, dropped dead on the Norfolk and Southern wharf Thursday afternoon about 5:40 o'clock. Singleton was helping to load cotton aboard the Orcaenke when all at once he was seen to loose his truck and drop into a chair which was sitting in the hold. He immediately arose and staggering across the gang way, fell upon the wharf and expired in a few minutes.

Dr. Duguid was called and immediately responded, giving an opinion that death was caused by heart trouble.

The deceased was a colored man about 40 years old and had been employed as a stevedore for many years by the E. C. D. and other lines, was said to be industrious and steady in his habits, and was well thought of among his associates. He lived on Elm street to which place his remains were taken to await interment, an inquest being deemed unnecessary.

Industrial Club to Organize a Building and Loan Association. An Illicit Distillery Destroyed. Hillsboro Road Being Repaired.

Raleigh, Aug. 17.—The Raleigh Industrial Club at a meeting held last night decided to organize at once a new building and loan association modeled after those now working so successfully at Charlotte, Asheville, Winston-Salem, Wilmington and elsewhere in the State. It will be chartered within the next few days. The club is also taking steps looking to the inducement of the Government to include the whole of Wake county in the topographical survey now in progress. Senator Simmons and Congressman Pot are called upon to co-operate.

Another Illicit Distillery was destroyed Tuesday night in Johnson county making more than a score that have been destroyed in the county by the revenues within a year. The last one was in O'Neal township.

F. H. Busbee and B. Andrews, Jr. of Raleigh and J. Crawford Riggs of Durham will be among the lawyers who will represent North Carolina at the American Bar Association at Narescent Pier, R. I., August 23th, 24th and 26th.

Twin brothers, with twin names, both Baptist preachers, pastors of Twin churches in the same city and one of them the father of twin daughters presents the remarkable coincidence existing in Raleigh just now. The brothers are Rev. Thos Joseph Watts and Rev. Joseph Thomas Watts, twin sons of the late Squire Watts of this city. Their churches are in Louisville, Ky.

A large force of hands is at work putting Hillsboro road in order for the tremendous crowd that will go over it during the week of the great State Fair Oct 16, to 21. It is a macadamized road and is being thoroughly repaired. During the Fair week sprinklers will be operated over it constantly for the comfort of the many thousands of visitors. President Roosevelt's visit to the Fair is expected to cause the breaking of all records in attendance on the State Fair.

A number of old prints of books by North Carolina authors have been added to the State Library recently, the management of the library making a specialty now of this class of books. Twenty-nine were added yesterday. The Raleigh Chamber of Commerce will meet re-organization tomorrow night and two hundred business men have pledged themselves to enter into the re-organization in which the annual fees will be doubled.

The new twenty-year bonds of the North Carolina Agricultural Society are now ready to be exchanged for the new bonds and this will be done on applications to Joseph E. Pogue, secretary.

Forced Liberty.

It is not often miselness gets such a straightforward rebuke as in the case quoted by the Montclair Times. In the early days of primitive Methodism there traveled in England an eccentric minister named Neale, who was famous for his plain talking. On one occasion he was preaching missionary sermons at a village so noted for its small collections that he determined to pass the plate himself.

On his round he came to a farmer who was, as Mr. Neale well knew, the richest man in the place. This individual placed a penny on the plate. Mr. Neale stopped immediately and said in a loud voice:

"Take your penny out, man, take it out! Don't you see you've covered up your laborer's sixpence?"

The rebuke was effectual, and a much more valuable coin was placed on the plate.

Cloves.

From Java, Sumatra, Mauritius, Zanzibar and Ceylon come the little brown flower buds of the clove tree. When gathered the buds are red and are dried by exposure to the smoke of wood fires and afterward by the rays of the sun. In a very short time they become of a deep brown color. To secure a monopoly and thus keep up the price the Dutch in the seventeenth century destroyed all their clove trees except those in the island of Amboyna. The chief value of cloves lies in their essential oil, which forms about one sixth of their whole weight.

President to Be Elected

It is expected that when the Board of Directors of the Jamestown exposition meets today that Harry St. George Tucker will be elected president of the exposition to take the place of the late Gen. Fitz Hugh Lee. Mr. Tucker is an ex-congressman and president of the American Bar Association.

A NEW MANUFACTURING CONCERN.

To be Started in a Few Days on The Hazelton Farm.

The Simpson Manufacturing Co., the notice of whose charter was published in the Journal a few days ago, will soon start business in the manufacture of naval stores, oil, wood alcohol, roof paint, and other articles produced from wood and lightwood. Charles F. Hallock owns nearly all the stock. The business is capitalized at \$100,000, and of that amount \$30,000 has been paid in.

The plant is located on the Hazelton farm which was formerly known as the Simpson farm, it being the property of Mr. M. L. Jacobs. It is situated three and one half miles from New Bern on Neuse river. Buildings are being erected and it is expected that the manufacturing will commence in ten days. The business will soon develop into a large plant in a very short time.

Regulates the stomach and bowels, heals and soothes the little ones' stomachs and gives them a healthful and natural sleep. Hollister's Rocky Mountain Tea is the children's benefactor. 35 cents For sale by F. S. Duffy.

REDUCED FARE TO KINSTON

On Account of Presbyterian Sabbath School Annual Convention, to be Held August 24th to 29th.

The A. & N. C. R. R., have authorized reduced fares from stations on that line to Kinston, N. C., and return account above occasion, tickets to be sold on certificate plan, and certificates will be honored by Agent Kinston on or before September 1, 1905.

R. E. L. BUNCH, T. M.

In Memoriam.

Pauline, the daughter of J. D. and Gula Marshall died of diphtheria at their home in Gum Branch, Friday August 4 after a brief sickness at the age of ten years and three months. She was a sweet spirited child full of hope and cheer in whom her parents had placed so much of hope and comfort. A sweet flower that blossomed but to be cut down by the reaper whose name is death has left a home desolate and loving hearts in dire despair.

"So the sun withdrew its ray
Clouded grew the beaming day
Ever thus hope fades away."

Diamonds—Six Reasons Why You Ought to Buy Them.

(1) They are beautiful. (2) They're indestructible. (3) The prestige they give to the wearer. (4) Their constant increase in value. (5) Their salable-ness. (6) Their safety as an investment. A reason why you ought to buy them here.—Because our present stock was bought so reasonably that we can well afford to sell diamonds at lower figures than our competitors—and fine diamonds, every one of them. Come and see if this statement isn't a fact.

J. O. Baxter, Leading Jeweler.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by F. S. Duffy and Davis Pharmacy.

To The Magistrates of Craven County

You are hereby notified that there will be a meeting of the Board of Magistrates of Craven County, at the Court House in New Bern, N. C., on Saturday Aug. 19, 1905, at 11 o'clock a. m. The meeting is called for the purpose of considering the matter of levying a special tax for the betterment of the public roads of the county, as provided in chapter 224 of the public laws of 1905.

Respectfully,
C. E. Foy,
Chairman Bd. Com. Craven Co.

LIVES DEARER THAN OUR VERY OWN
How many lives dearer to us than our very own have been placed in needless jeopardy by failure to provide against and forestall the great suffering which too frequently accompanies and follows the bearing of children? That we would do anything within our power to obviate the possibility of such a happening is too patent to admit of question; therefore—mark well this fact—a liniment,
MOTHER'S FRIEND
by name, has been devised, whose function it is to prepare in advance the muscles and tissues intimately associated with parturition.
This liniment is for external application. By its use the parts are relaxed and enabled to withstand not only the actual strain brought to bear on them during accouchement, but also to rally from this ordeal and speedily regain their normal proportions and tonicity. It is not irritating to the most sensitive surfaces, and is applicable to all cases. It's not enough to call it Mother's Friend—it's the friend of the whole family. \$1.00, all druggists. Book "Motherhood" free.
