VOICE OF THE PEOPLE.

A Prophet.

In a recent issue of the Raleigh Post copied from an Asheville paper "This seen that a Mr. Rollins, a member of the Republican party, has assumed to dictate to the Democratic party, what is to be. He seems so much exorcized by Senator Simmon's idea that "Butler is the Republican leader, that he asserts (Junior Solomon like) "that as Democratic leader Ex-Gov. Aycock is the man." To justify his assertion he said, "that there a great many prominent Democrats in the State, who have grown weary of Senator Simmon's leadership."

Just here permit me to ask can Mr. Rollins or any man point out an organization, or even an individual, unless 'tis himself, who is weary of Senator Simmon. I've often heard it said that the Senator and Congressman Thomas, are notably commendable for their work in Congress, especially in behalf of our Carolina. They unquestionably have properly, yes, nobly fill'd their positions.

"'Tis indeed a pity, that Mr. Rollins was impelled to make the assertion he made. His mind doubtless, is much troubled in regard to Mr. Butler being "Republican leader." It seems to have impelled him to make two assertions that are void of any reliable base. Possibly however, he himself may desire to fill the position, said to be held by Mr. Butler as Republican leader.

Hacked the Empire.

One of the sources that the excursionists from Whiteville and Wilmington had Monday was a base ball game between the colored-teams of New Bern and Wilmington. The players were well up in the science of the sport and are said to have played a very good game, exciting at times even to the extent of a scrap. The umpire Bradley Holley of this city came near sharing the fame that umpires usually do in a close decision and he had all the excitement he could attend to. Being a citizen of New Bern one naturally being a little inclined to favor his home team, the visitors thought he did a little too much favoring and at one time Holley was almost forced to fight or run because he called a local player safe at home where the Wilmington's claimed he was put out. It was a case of riot in dark town. Goss, the catcher for the Wilmington team was kept from a sanguinary encounter with Holley by his friends. Peace reigned and the decision held good.

The features of the game as far as the local players were concerned was Besse's heavy hitting and Gorham's work at short stop. The score was New Bern 8; Wilmington 6.

G. B. Burhans Testifies After Four Years.

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." For sale by Davis' Pharmacy.

The New York Life Insurance Company is the best of these corporations to be taken up by the legislative committee of investigation.

Weekly Crop Bulletin.

For Week ending Monday, August 14th 1905.

The general dry condition of the weather for the week ending Monday the 7th was broken by general rain throughout the State during the past week. In most sections the rains were excessive, causing the creeks to overflow their banks, and thereby damaging an immense amount of crops in the low lands. Beaufort and Dare counties in the eastern district, however, report that rain is needed in some sections. There were a great many local showers and crops are reported to be in fine condition in many sections of the eastern district. In the central district, corn and cotton was much damaged in the lowlands, and in fact all crops were injured rather than benefited by the rains of the past week. Heavy winds with hail were reported from many sections in the west and central portions of the State doing a great deal of damage to all crops and fruit.

Cotton has been improved to some extent by the rain, but almost all sections report that it is shedding. The wet weather has caused rank growth. In Johnston county rust on cotton is reported to be the most destructive ever known; no rust reported in the east; a few reports of rust in the west.

In the east tobacco curing is completed, except in Hertford county, and in Nash County it is being marketed. In the central and west portions of the State tobacco is not so far advanced although some report curing all done. Some tobacco in Johnston county is beginning to fire at the bottom of the plants, and it is thought that it will have to be cut sooner than desired. It is rotting some on sandy land.

In general corn was not injured on the highland, but on the lowlands it was washed out, and in cases turning yellow. In the east a fair crop is expected; upland corn is looking well, but lowland corn is injured to a considerable extent in the central portion; while in the west a fair crop is reported, although some is yellowing on the lowland.

Pulling fodder is quite general throughout the State, but the weather has been unfavorable for saving the crop; rotting is reported in Rockingham county. Peas are a good crop but shodding is reported. Sweet potatoes, Irish potatoes, turnips, and peanuts are doing fine. Wheat thrashing is still being carried on in some parts of the west. Fruit is generally a failure, but peaches are reported as good in Iredell county.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Oba Witmer, a prominent druggist, of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation for sale by F. S. Duffy and Davis Pharmacy."

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly, and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it. For sale by Davis' Pharmacy.

Public expenditures in the United States have increased at a rapid rate during the past few years and the voices raised in the favor of economy will have to be heeded sooner or later, for increased expenditures entail increased taxation, and where increasing taxation is concerned, there is a limit to popular endurance.

When I came to Washington, I found a lot of roll-top desks and some "half-starved" scientists, says Secretary Wilson. And he has succeeded in growing one of the fastest crops of grafters that ever flourished in the Government fields.

Secretary Wilson has discovered the source of corruption in his department. He wires the editor of "Successful Farming": "I don't select the people. They come from the civil service."

For Cause of Education.

The Sunday News and Observer was the Educational Edition and it was twice the size of the regular Sunday edition, all the sections outside of the news sheet being devoted to the subject of education. The paper was an interesting and valuable document for the cause of the schools and colleges of the State, both as a historical retrospect and a prospective view.

The colleges are enjoying a period of prosperity which indicates that the youth of the State appreciate these institutions and that the higher education is becoming more popular every year. It is a welcome sign when the colleges report that their capacity is taxed to the utmost to accommodate their students as has been the case for several years. The papers were a good cause when they exalt the higher education.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief, after taking four bottles she was cured, and is now in perfect health. Never fails to relieve and cure a cough or cold. At all drug stores, 50c and \$1.00 guaranteed. Trial bottle free.

Bingham Boys at the University of North Carolina.

The stand in scholarship and every department of the student life taken by the boys of the Bingham School, located near Mebane, N. C., at the State University, is very gratifying. Besides good scholarship and deportment, the boys are among the first in athletics and have been honored by their fellows with offices of trust. Bingham boys have filled the offices of Chief Marshal, Society Debater, Manager of Football Team, Class Secretary and Second Vice-President of Class.

A handsomely illustrated catalogue of the school may be obtained free by writing to Preston Gray, B. L., Principal, Mebane, N. C.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. For sale by Davis' Pharmacy.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to grip. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by F. S. Duffy and Davis Pharmacy.

They Appeal to Our Sympathies

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by F. S. Duffy and Davis Pharmacy.
