ROOSEVELT'S PROPOSITION

Submits One to Russia and Japan Which Will Remove Deadlock.

Portsmouth, August 23.—The president's proposition if accepted will put an end to the deadlock. It is as follows: "Japan to sell all or half of Sakhalin to Russia to consent to pay a price for Sakhalin as a remuneration to Japan. Russia is to pay to keep the Russian prisoners on that island. Japan is to yield the subject of the intended Russian warships and the limitation of Russia as naval power. Japan is to permit the sale to an international syndicate of the eastern Chinese railway; the proceeds to be added to her remuneration. The conference met early today. Japan has assured the president it will present his terms to the conference.

Cure Found For Leprosy.

Manila, August 22.—What appears to be a well authenticated instance of the cure of leprosy has been found here. A few weeks ago a patient who had been under treatment for that disease, died of liver complaint. After the patient's death every part of the body was subjected to a searching microscopic examination by bacteriologists, but not the slightest trace of leprosy could be found. Dr. H. B. Wilkinson, the physician who treated the patient for leprosy, is a graduate of the University of Virginia class of 1894.

Hurrah For New Bern.

News and Observer.
"Hurrah for New Bern!" said a gentleman from that city who spent yesterday in Raleigh.
The Board of Aldermen of that city he said, has adopted an ordinance prohibiting carriages and hacks from being driven on the streets at night later than nine o'clock. New Bern is in the wake of Raleigh, but it is always awake.

Arapahoe

August 24th.

Business in Arapahoe is as flourishing as can be expected at this season of the year.
From the amount of lumber that is being sawed by our lumber man Mr. J. B. Lee, there seems to be great preparations for building.

Saturday before last, the fighting boys of our community united their forces at Arapahoe, and fought a battle that would have made Japan and Russia blush. I am not prepared to give the particulars, but it resulted in one or two getting knocked down with clubs and one came very near getting his throat cut with a pocket knife, and other hurts of less importance. Two of the boys are bound over to court under one hundred dollar bonds, while others that were implicated will hardly be able to shun the court. What a pity that young men who claim to be intelligent cannot see how ungentlemanly it is to use brute force to settle small difficulties.

The mechanics will start up work on the Arapahoe academy the first of September.

The Methodist and Baptist Sunday day schools are anticipating a fine time here tomorrow; they will give an annual. All are invited to attend.

Miss Cornelia Holton returned home last Friday. She has been visiting friends and relatives near Arapahoe.

Mrs. Alice Land and daughter Allie and Miss Meta Simpson went to Oriental Tuesday. They were accompanied by Mrs. G. W. Brinson. They took the Neuse yesterday morning for New Bern A. B.

Makes bone and muscle faster than any other remedy. Brings strength, health and happiness to the whole family. That's what Hollister's Rocky Mountain Tea will do. 35 cents. Tea or Tablets. Sold by F. S. Duffy.

LANDS OFFERED.

But Very Few Applications For Immigrants.

Attempted Negro Outrage. Fire Investigation
State Charter Granted. Relic
For Hall of History
Corporation Com
mission Re-
turns.

Raleigh, N. C., August 23.—Governor Glenn left today for Red Springs where he delivers the principal address at the reunion of the people of that section tomorrow which is to be a very large affair.

The Corporation Commission has returned from South Dakota, where they attended the National Convention of Railway Commissioners, sessions being held at Deadwood and Hot Springs, the places being only two miles apart. They say the crops in Iowa and Nebraska are the finest they ever saw. The attendance at the Convention was larger than usual. No business of special importance to North Carolina was transacted.

Deputy Commissioner of Insurance Scott, is now in the western part of State investigating fires which is thought to have been incendiary. A charter is granted to the Young-Hartwell Mills Co., which will build and operate a cotton spinning and weaving mill in No. 11 township, Cabarrus county, near Concord, the capital stock being \$200,000, one fourth preferred, J. I. Hartwell, R. S. Young and W. C. Houston being the stock holders.

Col. S. J. Cobb of Lumber Bridge has sent to the Hall of History the British musket used by his grandfather Neil McAlpin during the war with the revolution. He writes that McAlpin was a lieutenant and was wounded at Ramsays Mills on deep river, at the battle of March 28th, 1781, thirteen days after that of Guilford court house, and that he took the oath of allegiance to the United States at Wilmington, where he was left suffering from two wounds his regiment having gone with Cornwallis to Yorktown. He took the oath some time after the surrender of Cornwallis. He then went to the Scotch settlement in Robeson county and located Rembert where he died in 1830. Col. Cobb says the old musket has killed hundreds of deer, bear, turkeys, panthers, wild cats etc., and will still shoot as well as ever making a noise equal to that of a small cannon, the recoil equaling the kick of a mule.

Secretary Bruner of the Board of Agriculture is very much astonished at the fact that so few applications for tenants or laborers, have come into him from the people of the state in response to his circulars. It had been understood that great numbers were desired and in fact that a quarter of a million people could be placed, but not enough applications have come in to make up a car load of people and he does not care to go to New York after a smaller number than a car load, say 50 or 60. There are really more offers to sell land than there are applications for immigrants.

The Baptists here appear to be much pleased at the selection of Rev. M. L. Kestler of Morganton to succeed Rev. J. B. Boone as general manager of the Baptist Orphanage at Thomasville. At one o'clock this morning the wife of Richard Crone, who is a night watchman at the Seaboard Air Line Ry. shops here, awoke in time to see a negro in the act of climbing into her room through a window. She screamed, the man fled and was shot at. Bloodhounds were wanted but there are none here. The penitentiary bloodhounds are no longer kept here but at the state farm near Weldon.

Jasper.

There will be a lawn party in Mr. Ed. Wetherington's yard at Jasper, Friday night Sept 1. The proceeds will be used for the benefit of Bethany Christian church at Jasper. Everybody cordially invited and a large attendance will be highly appreciated.

Committee—Mr. and Mrs. J. E. Wetherington, Mrs. Sim Dawson, Miss Florence Wetherington, Miss Ida Wetherington, Mr. Mark Dixon.

A wonderful tonic for the sick and afflicted. Get strength, health and happiness by using Hollister's Rocky Mountain Tea this month. A bracing family medicine. 35 cents. Tea or Tablets. Sold by F. S. Duffy.

Dental Notice.

Dr. Early is out of town and his office will be closed until Sept. 8th or 9th

PLASTICO

PLASTICO is a durable economical material for tinning and decorating walls, superior to kalsomine and wall paper, and much cheaper than paint.

PLASTICO combines all the good features of other wall coatings and none of their disadvantages.
Packed in dry powder form, in white and tint, ready for use by adding cold water. Full directions on package. Any one can apply it. Sample card of beautiful tints for the asking.

Anti-Kalsomine Co.
GRAND RAPIDS, MICH.
For Sale in New Bern by EW Smallwood.

FEVER IS CHECKED.

Local Authorities Exercising Every Effort And Efficient Handling of Cases.

New Orleans, August 23.—While the leaders in the fight against yellow fever feel the struggle is succeeding beyond expectation there is no disposition to lull the public to a false sense of security lest there be a relaxation in the efforts of every household to maintain the recent control of the disease. The situation is encouraging above Canal street and the disease has failed to secure a foothold there. Cases are now being reported within six or eight hours after taken down, indicating increased efficiency by the local authorities and their close co-operation with the Federal. Last night's report says the deaths yesterday numbered 9, and new cases 57. The new case is 21, cases under treatment 819.

Linevitch Seeks To Divide Japan.

London, August 24.—A new Chwang dispatch says General Linevitch still detaching a considerable force to strengthen his extreme right. His plan seems to be to divide the Japs into two or more bodies by compelling them to devote their attention to his left flank and thus prevent their cutting the railway between Harbin and Vladivostok.

SHORT PASSING EVENTS.

With the coming of the automobile to New Bern, it is just as well for all who drive horses, or drive autos, and even those who walk across the streets to take heed. It is not every horse that knows or likes an auto, and with so many girls and ladies driving horses, accidents are not only possible but quite probable, and these might prove disastrous and all auto-drivers are not perfect in their control of their machines, so accidents are easy to occur. And those who walk should take heed lest their walk have serious interruption when crossing the streets.

The yacht LaVina sailed early yesterday morning for Core sound.

The residence of Mr. John Dunn on Middle street is being enlarged by an addition on the north side of the house.

That enterprising merchant S. Coplon is having the front of his Middle street store changed, the old windows to be replaced by large plate glass ones, and the windows also increased in depth for the better display of his goods.

Fixing Prices For Cotton and Cotton Seed.

Atlanta, Ga., Aug. 23.—The Georgia division of the Southern Cotton Association today adopted resolutions calling upon cotton growers to fix a minimum price of thirty cents a bushel on cotton seed and to sell not a pound at a less price; also declaring that no cotton shall be sold by farmers under its jurisdiction at less than ten cents a pound, until a fixed price shall be agreed upon by the executive committee at its meeting at Asheville in September. An assessment of one cent a bale, based on the number of bales raised last year, was levied to meet the expenses of the State organization.

Notice!

Notice is hereby given that I will apply for deed for lot of land No. 4 Court street purchased by me at Sheriff's sale of land sold for taxes on 29th day Aug. 1904.

ROYAL ARCANUM INTERESTS

Marshal Dockery to Go North to Meet Representatives

And See as to Rates. Power of Commissioner Internal Revenue to Compromise Cases. Food Adulteration Inspection. State Charter Granted.

Raleigh, Aug. 24.—Sunday U. S. Marshal H. C. Dockery goes to Put In Bay Lake Erie, to attend the special session of the supreme representatives 115 in number, of the Royal Arcanum. This order has 3750 members in North Carolina, and 316,000 in the United States, these carrying six hundred and eighty millions of insurance. The other representative from North Carolina is H. Taylor Rogers of Asheville. Under a new regulation, adopted at the last meeting the rates were materially increased on the older members and this special session is to see whether there shall be a revival. The executive committee called in two actuaries of National reputation and after two years conference, at a cost of \$20,000 made a tabulation, on a scientific basis, intended to perpetuate the order. The rates were so high upon the older members that they raised a howl. It is not known by Mr. Dockery whether the action taken will be reconsidered or not. He opposed the increase, being one of the seven members who did so and was the only one who spoke against it. Whatever he does, he says will be for the best interest of the Order and in justice to the older members Mrs. Dockery, Miss Nettie Dockery and Miss Bessie Everett accompany Mr. Dockery to Put In Bay.

A good deal of talk is being heard about the power of the Commissioner of Internal Revenue to compromise cases before or after trial. The Commissioner is especially authorized by section 3229 of the Revised Statutes, to take such action, with the advice and consent of the Secretary of the Treasury and the attorney General in any criminal or civil case. The authority given is very complete. The Commissioner is a subordinate of the Secretary and the Treasurer.

A charter is granted the Regal Mfg. Company at Forest City, Rutherford county, to manufacture lumber, capital stock \$15,000.

Coburn L. Harris, expert of the Agricultural Department has completed the inspection of foods for man and beast in this State in search of adulterations, and finds a very remarkable improvement over last year. The results will be given in the Bulletin for November.

The street railway here is putting down two miles of new lines with 60 pound rail, its building cement bases for new engines at the power house and also a cooling tower there.

The Secretary of State is preparing abstracts of all the wills in his office, four thousand in number, these running from 1700 to 1773, though there are very few after 1750. All names given in the wills, and the locations of the lands are covered by these abstracts, which will be printed. The wills have been placed in jackets, endorsed.

New York Cotton Market.

The following were the opening and closing prices on the New York Cotton Exchange, August 24.

SALE OF STEAM TUG.

By virtue of a power of sale contained in a mortgage from W. H. Harris to me registered in the Collectors office, District of Pamlico, N. C., port of New Bern, N. C., in liber 15 of Mortgages, folio 50, I will sell to the highest bidder for cash at Hollister & Cox's wharf in New Bern, N. C., on the 25th day of September, 1905, at 12 o'clock m., the Steam Tug or vessel called the "Mary Belo" of the burden of 970 tons, or thereabouts, together with her bowsprit, boat, anchors, cables, chains, rigging, tackle, apparel, furniture, &c &c This 23rd day of August, 1905.

B. E. Moore, Mortgagee.

A free bottle of Dr. Thacher's Liver and Blood Syrup will be sent to any reader of this paper who will write to the Thacher Medicine Co., Chattanooga, Tenn.

BETTER AT NEW ORLEANS

But Worse Outside. That is Yellow Fever Report.

New Orleans, August 24.—The situation apparently improved yesterday in the city, but is worse in the State. There were only five deaths and 10 new foci here, but new places of infection were discovered in other parishes. There was a steady increase in Hanson City and St. Charles parish. The governors of Alabama and Louisiana threaten to become engaged in a controversy because Louisianians are not permitted to pass through Alabama unless they spend seven days in detention.

The following is the official report to 6 p. m. Wednesday:
New cases 63.
Total to date, 1,556.
Deaths, 5.
Total, 213.
New foci, 10.
Total, 363.
Cases under treatment, 312.

THEY COME AND GO.

Mr. J. H. Bell of Pollocksville was in town a few hours Thursday.

Messrs. M. W. Garman and A. E. Wadsworth, of Craven county, were here yesterday.

Mr. A. B. Dawson of Jasper, made a business trip to New Bern Thursday.

PEACE OR WAR

Awaiting Word From Czar. Conference Favors Peace.

Portsmouth, August 24.—Sentiment here is equally divided between peace and war. The envoys of both Russia and Japan talk of the hopelessness of the situation, but its certain both desire peace. The concessions proposed by Japan have been cable to St. Petersburg. The plenipotentiaries are now awaiting the answer of the czar.

WINCHESTER

RIFLE AND PISTOL CARTRIDGES

Winchester Rifle and Pistol Cartridges of all calibers are loaded by machinery which sizes the shells, supplies the exact quantity of powder, and seats the bullets properly. By using first-class materials and this up-to-date system of loading, the reputation of Winchester Cartridges for accuracy, reliability and excellence is maintained. They cost no more than inferior makes. Ask for them, and insist upon getting them.
