A HORSELESS TOWN.

Automobiles increasing in number in the City.

The deep bass tone of the mobile trumpet is getting to be quite familiar sounds around the city and its cool day when one can't see from three to eight automobiles bowing along on the street in the course of a half day. They are becoming less and less of a luxury and as they decrease in cost the people will buy them more.

The first touring car owned and used by a citizen arrived yesterday morning. It is the property of Mr. O. A. Kafer and was purchased through Mr. W. T. Hill. The machine is a gasoline motor car made at the Pope-Hartford works in Hartford Conn. It will accommodate four persons and is what is called a light touring car.

The car can run at any speed, having an equipment that will run 45 or 50 miles per hour if necessary. The Pope Hartford belongs to a combination of automobile manufacturers of which Pope the famous bicycle maker of Boston is the head. There are six or eight of these associated works and there are representatives of a number of these factories in New Bern.

There are eight automobiles in New Bern owned and described as follows:—

Wm. Dunn, Sr., and C. W. Murgel electric runabouts of the Pope-Waverly factory.

W. T. Hill, mobile runabout; D. H. Gaskins, gasoline buckboard from Orient Co., Waltham, Mass.

Capt. J. J. Laster, gasoline runabout Pope-Tribune Co.

O. A. Kafer, touring car, Pope-Hartford.

J. B. Blades, runabout.

G. S. Waters, runabout, made by him self.

Finger Mark or Trade Mark-Which?

Common crackers and wafers—fingered from the time they leave the bakery until you get them in a paper bag or the Biscuit, Crackers and Wafers baked by the NATIONAL BISCUIT COMPANY and packed in a package with all their oven flavor, delicious freshness and high quality? **Which will YOU have?** If you want to answer this question once and for all, try a package of either of the three delights mentioned below:

Social Tea Biscuit

Just the thing to offer with an afternoon cup of tea or chocolate—or coffee. In fact, they're good to eat most any time just for the pleasure of it. Sweet and slightly flavored with vanilla.

Butter Thin Biscuit

A crisp, light, dessert biscuit, rich and satisfying, served as something out of the ordinary. If you really want a biscuit that's particularly nice, try a package.

Graham Crackers

So different from the ordinary Graham Crackers—different in baking—different in flavor—different in texture. More palatable—more satisfying—more nutritious. Made of the purest Graham flour and baked in a manner that only the National Biscuit Company knows.

Ever after you will be guided by the In-cr-seal Trade Mark in red and white, on each end of a package, whenever and wherever you buy *Biscuit, Crackers and Wafers.*

The Boys and Teachers Associates and Friends.

It is a pleasant thing to see cordial relations exist in a school. Where such is the case the enforcement of the discipline is an easy matter and much better work can be done. At the Bingham School, near Mebane, N. C., the teachers have the respect of the boys, yet join them in their sports and games, esteeming the students as companions, friends and enjoyed associates. A beautiful catalogue tells all about the institution and will be sent free to those interested by writing Preston Lewis Gray, B. L., Mebane, N. C.

Child Badly Injured.

A little child about two years of age, was frightfully injured on Crescent Street Monday afternoon.

The child is the son of Mr. Alonza Kellum, and was out on the street in front of the home playing, when a dray loaded with wood came along, knocked him down and ran over him, crushing his thigh and injuring the head.

Dr. R. Du Val Jones was called and with the assistance of Mr. Walter Watson, did what could be done to relieve the little one's sufferings. The child was resting last evening as well as could be expected and it is thought will live. The drayman may have to answer to a charge of careless driving.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely 'cured.' Guaranteed at all drug stores; price 50c."

Passing Of An Old Landmark.

The old hickory tree in the Christ church yard is doomed. The main limb fell down yesterday from its own weight, old age and decay had done their work. The rest of the tree is now a menace and the limbs should be cut down before it breaks and does great damage. The tree is an old landmark; its age antedates the history of New Bern and under its shade have rested and studied some of the Old North State's most famous men. It was one of two of the original forest trees within the city limits, the other being the fine old cypress in Mr. S. W. Smallwood's yard.

As much as possible of the old tree should be saved and it would be a good plan to have the trunk serve as a post over which to train an ivy vine and it would make a beautiful ornament.

is the saving from death of the baby girl of Geo. A. Eyles, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores 50c and \$1.00 guaranteed. Trial bottles free.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well. During the summer kidney irregularities are often caused by excessive drinking of being overworked. Attend to the kidneys at once by using Foley's Kidney Cure. For sale by Davis Pharmacy."

A Notable Party.

There hangs in the Journal office a picture which, while it has no particular historical significance, unless it be in connection with the Union Pacific Railroad, during its construction is none the less interesting. It is a picture of a group of generals of the United States army and their aides taken at Fort Sanders two and one-half miles south of Laramie, Wyoming Territory in 1867.

A few members of the party are guests of the road and others are stationed at the fort as those were the days of frequent Indian outbreaks and lawless border settlers. The fort was garrisoned to be ready for attacks made by this element. The party consisted of the following persons:

Maj. General Grenville M. Dodge, Chief Engineer of the Union Pacific railway; Sidney Dillon, Maj. General P. H. Sheridan, Mrs. Gen. Potter, Maj. General John Gibbon and Mrs. Gibbon, General U. S. Grant, Brig. Gen. Fred Dent, Kattie Gibbon, Allie Potter, Lt. Gen. W. T. Sherman, Mrs. Kilburn, Maj. Gen. W. S. Harney, Thos. C. Durant, Gen. Adam Stemmer, Col. L. Coss Hunt, Brig. Gen.
