

Wishap To Glenn Parly.

Winchendon, Mass., Sept. 15.—An automobile containing members of the party accompanying Governor R. B. Glenn, of North Carolina, plunged over a bridge on the road to Royalton here today and landed at the bottom of a ditch, pinning the occupants underneath. The injured are: J. C. McNeill, of The Charlotte Observer, badly cut about the head. Guy Townsend, of Winchendon, seriously hurt. Selectman Henry N. Raymond, of Winchendon, heat cut and bruised. Owen Hoban, lawyer of Winchendon, knee injured and back sprained. The motor car containing Governor Glenn was directly behind the automobile which met with the accident, and only the prompt action of the chauffeur averted a collision between the two cars, as the first automobile swerved from its course and crashed into the ditch, capsizing in its passage. It is believed that all the injured will recover. Mr. Townsend was the most seriously hurt, having three ribs broken and a badly bruised head.

Death of Garrett Taylor.

Mr. J. F. Taylor received a telegraphic message yesterday morning announcing the death of his son Garrett in New York. No other particulars were obtainable as the telegram was received just prior to the departure of the train and haste was necessary in order to get away. Garrett had been in poor health for several months and some time ago he came to his home from New York and then went to Asheville. He returned to New York in a short time but the disease from which he was a sufferer, had made such inroads on his constitution that he could not withstand it. Further announcement will be made in the Journal concerning the funeral arrangements.

You will need to prepare your system for the coming cold weather, get your organs to work like clock work. Hollister's Rocky Mountain Tea taken this month will do the business. 35 cents. Tea or Tablets. For sale by F. S. Duffy.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." All druggists sell and guarantee them, at 50c a bottle.

Electricity in Medical Practice

Dr. J. F. Rhem has returned from New York where he has been for a few weeks taking a course in Electric-therapeutics under the celebrated physician and electric medical authority, Dr. Waks. He has received competent instruction on this new and important branch of medicine. While in New York Dr. Rhem also purchased a static machine and an X-ray outfit which will arrive in a few days. The use of these instruments is new to people of this city but their efficacy in many diseases has often been proved and there is no question about its value.

Baxter Silks Selling

The Auction Sale is now over, but I am still in business, and with New Goods, shall ask my patrons to call and see me for what they want in fine jewelry and optician goods. I appreciate the splendid attendance at my auction sales, and am prepared to serve the trade.

RALEIGH.

Hospital Attendant Released On Bail

Atlantic Coast Line to Build Thirty-two Miles at Rocky Mount. Tobacco Crop Condition. Southern Railway Laying Heavy Track.

Raleigh, Sept. 16.—This morning W. F. Durham, one of the four attendants at the Central Hospital for the Insane here, charged with the murder of patient Nall, secured a writ of habeas corpus before Associate Justice Hoke, and was given a hearing at once and admitted to bail in the sum of \$1,000. He gave bail immediately and was released from jail until the Superior court meets next week. He was from this county and his father is a farmer.

The Board of Directors of the Hospital meets again on the 21st. Its chairman says all the known witnesses have been examined in regard to the treatment of patients.

The corporation commission is informed that the Atlantic Coast Line railway will build twenty parallel tracks at Rocky Mount, total length \$2 miles, to hold three thousand cars.

Insurance Commissioner Young, whose business it is to place the insurance upon State property, has made a valuation of the Soldiers' Home and finds its insurable value to be \$35,000.

Leaf tobacco buyers say that the crop this season, except in the west is light and thin, and further eastward one goes the lighter and thinner the leaf is. West of here it is much better than elsewhere.

The Southern Railway is laying new and heavy rails from Greensboro to Goldsboro and an official of the company says this work will be completed by the end of the year it is thought. The rail has been laid already between Hillsboro and Gibsonville.

Took The Water Cure

An amusing little incident at the market dock Saturday morning is worth mention. For a week or more the supply of watermelons has fallen off and the quality has grown poorer until the melon proposition was "bum" and "nit", much to the disgust of leisurely "coons." Saturday morning, a boat load of real nice melons came in, causing quite a little stir on the market and much mouth watering. The load was soon disposed of, being hauled off instantly to all parts of the town. One buyer was unable to take all of his purchases away and left a few on board the boat. A strange negro appeared on the scene. The melons were the magnet, his eyes sparkled, his teeth shone and had it not been for the ebullient of Nature's brush, his cheeks would have flushed. His steps became brisker, in fact they became strident. The attraction grew stronger, Splash! And then a cool was seen dragging himself from the depths of the Trent. The charm was over. Amid the shouts of the wharf loungers, the negro crestfallen and disappointed, flitted away, the water streaming from his garments as he went.

If you want your little ones strong, healthy and robust, give them Hollister's Rocky Mountain Tea. A tonic for the whole family. The children's friend. 35 cents. Tea or Tablets. For sale by F. S. Duffy.

Fine veal and venison at Coast Line Market.

ANOTHER ATTACK.

On Dispensary On Ground of Substitution.

Appeals of Fourth District. Wake County Farmers For Eleven Cent Cotton. Serenade by Confederates. Du Corps, Wounded. Escape From Death.

Raleigh, N. C. Sept. 18, 1905.—The Supreme court will tomorrow take up the appeals from the fourth district. There are only two state cases, one of these being out of the ordinary. A man who was hunting turkeys in the woods saw the bushes move and thinking this was caused by a turkey shot and killed a man. The man who fired is really being prosecuted under an old English law as a poacher and the Attorney General has been looking up the English laws on that subject. He was hunting for forbidden land and also at a time when turkeys were out of season.

The Wake county farmers who grow cotton will meet tomorrow and will definitely fix the price at eleven cents. They know the crop is a short one and they have securities from the business men that cotton can be stored in warehouses. They and the business men have co-operated all during the present year regarding cotton.

Tomorrow the saloon men will start another form of their attack on the dispensary, this being that there was preference in selling certain brands of whiskey. The dispensary management says that there is no truth in this and further that there has been no "substitution" that is the brand of whiskey asked for was given, and if it was not in stock no other sort was offered in place of it.

This afternoon the drum corps of the local camp of Confederate Veterans here went out to the Soldiers' Home and gave a serenade to the inmates, to their great delight. This, as has been stated, is the only Confederate drum corps in existence.

The number of students at the A. & M. College has reached 400 and that number took dinner today in the large mess hall. It would be easy to have 1000 students at the college if room were provided for them. It would cost about \$200,000 to provide the additional dormitory room, lecture rooms etc.

Early in August a man who was tiling the roof of the Agricultural building at the Agricultural and Mechanical College slipped from the roof and fell 45 feet to the ground, breaking both arms one leg and injuring his back. Yesterday he left here for his home in Virginia. As he passed the college he showed your correspondent the place from which he fell and said, as showing his presence of mind, that he fell head foremost, but bent his body so that he struck on his hands and feet and thus saved himself.

THE EQUINOX

The Annual Storm Occurs And Does Business Without Any Fuss.

We have passed through the equinoctial storm period a few days earlier than usual. Last Friday night marked the beginning and it continued intermittently until about 4 o'clock Sunday afternoon. Although the rain fell in large quantities mostly during the night time, there was no disturbance either by lightning or wind; it was a straight out rain and came in big lots.

With all the moisture that we have had it would be natural to suppose that the humidity would be lessened but on the other hand, it has increased making the weather very disagreeable. The temperature stood at the 85 degrees at the maximum and 76 degrees for the minimum Sunday. Yesterday the thermometer registered about 90 degrees. The total rainfall for the period was 5.53 inches. The greater portion of it falling on Saturday and early Sunday morning. This is the largest amount of rainfall that we have had for several months.

Died

At Smyrna, N. C., Monday Sept. 18, 1905, Mr. Samuel W. Hancock, aged 76 years.

Mr. Hancock is the father of Capt. H. T. Hancock of this city. The funeral services will be held today at Smyrna.

SHOT AND RAN.

Two Negroes Engage in an Encounter on Cedar Street. Shoot at Each Other and Escape, No Arrests.

The usual Sabbath stillness which is generally the rule on Cedar street on that day was rudely broken Sunday afternoon by a fuss made of pistol shots. The suggestion of a sanguinary affair had a tendency to make most people timid about venturing out and the shooters shot at each other quite boldly until one of them, apparently getting shy on ammunition did the next best thing and burned the wind. His capabilities as a sprinter were fully demonstrated as he ran down one street to the other with policemen and citizens after him until he reached the steamer Ocracoke lying at its dock.

He had run steadily over a mile and when he reached the steamer it probably seemed to him that he had reached a refuge. He was fireman on the steamer and knew the ins and outs of the lower hold perfectly. He felt that could he once be snatched in that place he could defy the officers of the law with impunity. He reckoned wisely, for when he got aboard he was down in the furnace room and hidden in the dark recesses of the nether part of the steamer where no one could find him who was not perfectly acquainted with the place. A long search was therefore ineffectual. The other man also escaped in the excitement and nothing has been heard of him.

The duel—for such it apparently was, was like similar affairs that take place in France once in a while. There's lots of shooting, honor vindicated but no gore shed. The cause of the shooting is not known.

Former New Bernian Died

Doctor J. M. Davies died at his home in Warren, Tenn., on Monday Sept. 11th, aged 77 years.

Doctor Davies will be remembered by many of our older citizens, as a successful practicing physician, and mayor of the city about forty years ago. He removed to Pennsylvania in 1866. Two sons and a daughter survive him.

Extra fine celery at Coast Line Market.

SHOOTING AFFAIR IN ONSLOW.

Three Men Wounded in a Mixup At Richards.

A most sensational shooting affair occurred at Richards, Onslow county, last Thursday night in which two men are said to have been badly wounded. The names of the three negroes who were principals were not known to the Journal's informant.

The facts as related to the Journal are that a negro shot at two colored men, brothers, while they were in their house; the shooting being done through the door or window. They returned the fire but missed him. The man ran away and a crowd of negroes ran after him but he kept them at a distance with his gun which was a Winchester repeating rifle of large calibre. The man continued his running until he was encountered by a white man named Humphrey who was armed. The negro tried to avoid Humphrey and the latter shot at him and wounded him. The negro also fired at Humphrey but failed to hit him. The negro was found some time later in a cotton field weak from the loss of blood. He was arrested and taken to the Jacksonville jail. His wound is not regarded as serious.

The cause of the shooting was said to be the accusations which the brothers made against the prisoner, and their threats concerning him. He was accused of adultery with their mother and had threatened to kill him on sight. The negro heard of it and procured the rifle to be prepared for any trouble and hastened affairs by going to the house and shooting the men. It is not known to what extent the men are hurt but it is said their wounds are serious.

Auction Sale

On Wednesday, September 20th at 10.30 a. m., the household and kitchen furniture, dining room set, bed room sets, carpets, pictures, heating and cooking stoves, etc., of Dr. Early, will be sold at his late residence on Pollock street; also about 10 cords of good dry wood. S. R. Street, Auctioneer.

SCRAP IRON, OLD MATERIAL

I will sell to highest bidder on Monday Sept. 25th, the old scrap iron, hose and other material belonging to the city of New Bern, which can be seen by calling at city hall.

ECZEMA ON LITTLE GIRL

Sleepless Nights for Mother and Awful Suffering of Child.

CURED BY CUTICURA

Had Given up All Hope of Ever Making Any Cure.

Mrs. I. B. Jones, Addington, Ind. T., writes: "My little girl had been suffering for two years from eczema, and during that time I could not get a night's sleep, as her ailment was very severe. I had tried so many remedies and spent so much money, deriving no benefit, I had given up all hope of making any cure. As a last resort I was persuaded to try Cuticura Ointment, and at the same time gave her the Resolvent, according to the directions. One box of Ointment and two bottles of the Resolvent, together with the Soap, effected a permanent cure. I submit this for publication, hoping it will assist other sufferers in curing themselves."

COMPLETE TREATMENT

Consisting of Cuticura Soap Ointment and Pills.

The first step in the treatment of chronic Eczema is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. Dry carefully and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent Pills, or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.

Sold throughout the world. Cuticura Resolvent Pills, (the form of Cuticura Resolvent Pills, per 100 of 20). Cuticura Soap, per 100 of 20. Cuticura Ointment, per 100 of 20. Cuticura Pills, per 100 of 20. Cuticura Soap, per 100 of 20. Cuticura Ointment, per 100 of 20. Cuticura Pills, per 100 of 20.

THEY COME AND GO.

Miss Mary Smith who has been visiting Mrs. Mary Williams has returned to her home in Duplin county.

Miss Mollie Heath has returned from a several months sojourn at Alexandria Va.

Miss Etta Parson of Belhaven is visiting Miss Mary Hooker.

Mr. D. T. Edwards, editor of the Kingston Free Press was a caller at the Journal office yesterday.

Mr. M. Suskin went to Baltimore on business yesterday.

Miss Nannie Street returned yesterday from a visit to Black Mountain.
