Murdered in Wilmington.

Another murder has been added to Wilmington's long list of tragedies. The affair occurred yesterday morning and the victim is Mrs. Mollie Wright, the mother of Mrs. Arthur Kafer. Mrs. Wright's daughter, Mrs. McCraw was living with her, separate from her husband on account of his treatment, he being abusive and threatening. Wednesday McCraw came to Wilmington after an absence of several weeks. He was drunk and in a quarrelsome mood. He went to Mrs. Wright's house and beat and abused his wife until she called for the police. He slipped off and the police were not able to find him. Yesterday morning he came back to the house and after some words with her shot her in the back, the ball penetrating the lungs and causing death in about an hour. Mrs. Wright exclaimed "O, he killed me but don't hang him." These were her last words. McCraw was arrested almost immediately and will be held on the charge of murder.

The remains of Mrs. Wright will be taken to Washington N. C. for burial today.

New Plays Presented Next Week.

Hal Mordant, leading man in the Mordant Stock Co., who occupies the boards at the New Masonic Opera House all next week, is one of the rising young actors of the day, and the company supporting him is the strongest that money could get together. The plays that are to be presented here are all new having never been seen here. Monday night the company will present the beautiful society drama entitled "A Broken Heart." This play is full of comedy and pathos and teaches as good a moral lesson as are learned nowadays from some pulpits.

In this play Mr. Mordant characterizes the part of a minister and is seen at his best. The play is full of comedy the effectiveness of which never fails to throw the audience into convulsive roars of laughter. The comedy roles are delightfully handled by Geo. Hanna, Will C. Davis and Miss Estelle Wentworth. Miss Zehra St. Clair as "Ann" is splendid, her emotional lines completely winning the sympathy of her auditors. Other plays to be presented here are as follows:

"Thou Shall Not Kill" by Count Leo Tolstoi. This is the play that created such a furore in Russia and the publication was suppressed by the Czar, this is the first time it has been presented on any stage in the South. Henry Miller's masterpiece "For His Child's Sake" Bartley Campbell's celebrated drama "Hearts of Gold." The great English melodrama "The Silver King," "In Colorado," "The Vapor Chimes," and "My Wife." Moving pictures that move, illustrated songs, red hot songs, dances, etc. are features of this engagement.

The management guarantees this to be far above the average and to lovers of the good clean drama this will be a decided treat. Popular prices prevail throughout the week. Reserve your seats at once.

NEGRO CREW MUTINIED.

Ship Comes Into Port at Southport With a Ghastly Story.

A story that seems almost incredible for its brutality and fiendishness comes from Southport. The four masted schooner Harry A. Berwind sailing from Mobile to Philadelphia put in at Southport and reported that the negro crew had mutinied while sailing and had killed the captain, mate, engineer and cook, all white, and a colored sailor. The story briefly told is that the sailors for some fancied wrong or unquenchable thirst for blood attacked the men while they slept, killed them and threw the dead bodies overboard. The negro sailor was killed because he hailed a passing vessel the schooner Blanche H. King, which came to the relief of the Berwind. The King took in the situation at once and took possession of the Berwind putting the entire remainder of the crew in irons and brought them to Southport and reported the affair to the federal authorities having jurisdiction.

Druggist F. S. Duffy Says He Does Not Charge Anything for Vinol Unless It Gives Satisfactory Results.

When asked by a reporter of the Journal how he could make such a broad offer in regard to any medicine, Mr. Duffy replied: "If Vinol were a patent or secret preparation it would be another thing, but it is not, everything it contains is named on the label.

Vinol is simply the up-to-date form of administering cod liver oil, which for centuries has been recognized as the grandest of all food-building agents for wasted human strength and vitality, and during the last five years we have seen it produce such grand results that we are now willing to back it with any kind of a guarantee.

In Vinol we have simply done away with the useless, system-clogging oil and have given to the people all the medicinal, body-building elements of cod liver oil in a highly concentrated and deliciously palatable form, and we have never sold in our store a medicine of more curative and strength-creating value than Vinol, and if the people of New Bern only realized its value we would not have clerks enough in our store to supply the demand for it. In a natural manner Vinol tones up the digestive organs, makes rich red blood and creates strength. We can only ask the people of New Bern to try it on our guarantee." F. S. Duffy, Druggist.
