### STREET WIDENING FOR LOCAL DEVELOPMENT.

The petition from leading business interests and residents on Griffith street, to the city authorities, as king that the city undertake the work of widening their street ten feet, is a matter more than important to just those on that street, for this street is the natural highway to Dunn's subdivision and the territory along the Neuse river beyond Dunn's property.

The already congested condition of the residential section of New Bern is too well known to need special mention at this time. That there are few if any desirable vacant lots for residences within the city limits, must develop a most serious problem in this city's future growth, for that New Bern is to grow, needs no argument, for the fact is apparent with the crowding together of the houses all over the city, lots large enough for one good house with space about it are being crowded with two houses.

The section adjacent to New Bern, from the city limits up the Neuse river is building up. This building is likely to be extended, surely will be, if there was transportation in the way of an electric car line which would bring the people quickly to their business in the city. Griffith street is the natural roadway leading to this suburban section, and today its narrowness makes it unsuitable for any electric car line, and almost too narrow for the present commercial demands, not to consider the interests of those who live on this street.

By accepting the offers of the petitioners for widening Griffith street just now, the city can save itself from the future demand, when this street will become such a congested highway that it will become practically impassible. Today it will cost comparatively little to widen this street, and in so doing it will open up a section that will pay taxes enough to make good the cost. By neglecting the present opportunity, it means either a choked up roadway for the future, or if in the future the attempt to widen is made, it will be found impossible, or at a cost which the city cannot pay for the improvement. Let the city do this now.

### SEEKING FEDERAL PROTECTION.

It is to be hoped that the report from New Bern that the Atlantic Coast Line will hereafter seek to move all its cases into the Federal court is not correct. That road owes its prosperity to the protection and fair dealing it has received from North Carolina laws, and courts and has heretofore always tried its cases in the State courts. Seldom has it had cause to complain of the North Carolina law. If it becomes a foreign corporation and advertises its unwillingness to be amenable to State court it will take a step that its wisest counselors will see will be unwise.

The above editorial expression from the Raleigh News & Observer of October 15th, is not a pleasant outlook to face, if true, for if the Atlantic Coast Line, or any other corporation that seeks protection, for it tends to create feelings among the people, which might result in unpleasantness between the railroads and the people, for if a corporation comes into a State, asking local concessions and State favors through its legislative bodies; it would seem the square thing for such corporations, amenable to the laws of the State and the people which have granted them concessions.

If a railroad is granted favors in a State, it should prove its good faith by accepting local conditions. If it accepts favors, then at the first opportunity reprobates local laws, and pretends to refuse to accept their protection, it proves bad faith, that all the favors accepted were purely selfish, without the thought or purpose of taking these laws for gain.

The seeking federal protection under

pretense of being a foreign corporation is very easy. It is more, it is a slip at State courts, and indicates that the corporation seeks a court that may be best employed to render it a decision, and make its opponents have the long and hard road to travel, with expenses and delays which will likely wear out the corporation's opponent.

It is such corporate actions as this that will make the people regard corporations with distrust and apprehension, as to their honest intentions, if given concessions.

### NEEDED—A UNION DEPOT.

With these railroad lines entering and leaving this city, and the constantly increasing passenger travel over these lines, the present independent depots of the several railroads, make it not only inconvenient to the passenger travel, but works hardship to the rail road companies, for with the present conditions existing, there are constant annoyances in getting transfers from the several stations, and a good deal of confusion resulting.

So far as the Atlantic and North Carolina and the Atlantic Coast Line railroads are concerned, a union depot of these roads would be easy and of great benefit to both railroad people and the traveling public. As it now is at the crossing of these roads often occurs some pretty wild scenes and dangerous situations. So far as the present terminal of the A. C. Line is concerned, except for tickets and baggage, and the leaving train, it does not affect many of those who arrive in the city, for at the A. & N. C. crossing there are the transfers waiting, the hotel runners, and there is a rush of those on the arriving train to get off, either to stay in the city, or to go on the A. & N. C. trains to Morehead City or Goldsboro.

With a union depot this out door confusion would cease, travelers could find out what they wanted to know or do, without being out in the bad weather, and without being subjected to the annoyances of transfer drivers, and the usual blockade caused by stopping trains.

The Pamlico, Oriental and Western railroad station is on the borders of the city, and at the remotest distance from hotels and business. The track of this road joins the A. & N. C. and its trains could easily come into the city over the A. & N. C. tracks to a union depot.

A union depot of these railroads is very much needed, and such a depot is not to be counted as an extra expense to the railroad people, for it would prove of great benefit to them, and the change would soon prove the wisdom of having the trains to and out of New Bern, arrive at one place, where passengers would not need to be subjected to various annoyances and expenses that they now encounter when arriving, departing or passing through this city.

STATE OF OHIO, CITY OF TOLEDO, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Missouri's wine shipments during 1904 were sufficient to float a 13,000 ton battle ship, and were also sufficient to give nearly a gallon per capita to the state's population. During that year the state's surplus shipments of wine were 3,068,780, or pretty nearly one-twelfth of the shipments made by the United States.

### A Prominent Trainman

The many friends of G. H. Hausan, Engineer L. E. & W. R. R., at present living in Lima, O., will be glad to know of his recovery from threatened kidney disease. He says: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially to trainmen, who are usually similarly afflicted." Sold by Davis Pharmacy.

Abandoning the particular line of work that has brought him fame and fortune, Charles Dana Gibson is going abroad for the purpose, as he himself phrases it, of studying art.

### The Original

Foley & Co., Chicago, originated Foley's Kidney Cure as a throat and lung remedy, and on account of the great merit and popularity of Foley's Kidney Cure many imitations are offered for the genuine. Ask for Foley's Kidney Cure and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative, it contains no opiates and is safe for children and delicate persons. For sale by Davis Pharmacy.

### FINE IN THE MOUNTAINS

Says Auditor Dixon Just Back. Secretary Glenn Not So Well. Mexican War Veterans Convention.

Raleigh, Oct. 17.—A charter is granted to the Farmers, Merchants and Bankers Warehouse Company of Maxton, capital stock \$35,000, to store cotton, tobacco and other commodities and deal in the same. A. J. McKinnon and others being the stockholders.

The Christian Advocate Publishing Co. of Greensboro is authorized to reduce its capital stock from \$10,800 to \$6,000. D. B. Coltrane is the president of the company.

Warrants are issued for 17 libraries by the State for rural public schools, four going to Haywood and three to Wilkes.

State Auditor Dixon has returned from a trip through the splendid mountain section of Buncombe, Yancey and Madison. He says he had a grand time, made seven speeches, all in the interest of local taxation for public schools. He says there was a large attendance and marked interest and he was deeply gratified at the abundant enthusiasm on the subject of education.

He says the people in that section are in first class condition. To quote him: "The big roads are full of chestnuts, and the apple trees are full of apples, the finest I ever saw. We don't get these apples, it is too expensive to ship them here. The mountains are gloriously beautiful now. I never enjoyed a trip more in all my life. I spoke Saturday at Lattimore in my home county of Cleveland, to a great gathering of people."

Governor Glenn said today that his brother, Private Secretary James D. Glenn, was not as well as he was yesterday. His recovery from his severe attack of Sunday is slow.

This afternoon in the city hall the convention of Veterans of the Mexican War was held. Col. Louis F. Boelter of the National Association presided. Mayor James Iredell Johnson made the speech of welcome and the chaplain, Rev. Dr. M. M. Marshall offered prayer. Most of the veterans are very feeble but two or three, including Orren B. Smith and Justice M. B. Barbee are quite spry.

If in a kind of bilious mood, You wish an aid to digest food, No other pill is half so good As DeWitt's Little Early Risers.

When e'er you feel impending ill, And need a magic little pill, No other one will fill the bill Like DeWitt's Little Early Rise.

### Lynn--Davenport.

The home of Mr. and Mrs. B. B. Davenport, on the corner of Pollock and George streets, was the scene of a very pretty wedding yesterday afternoon, the contracting parties being their daughter, Hilda, and Mr. Allan Gardner Lynn, of Greensboro, N. C. Promptly at five o'clock the wedding party entered the library in the following order:

Miss Albertina and Master Roderick Jones forming an aisle with white ribbons, Mr. Edwin K. Gully of Greensboro as best man, the bride entered on the arm of the groom preceded by the maid of honor, Miss Rena Mills of Wilmington, N. C. The party formed a semi-circle in front of the bay-window banked with ferns and flowers, lighted with candles, where the happy couple were soon made one by Rev. G. T. Adams, pastor of the bride, the impressive ring ceremony being used.

The bride was becomingly attired in a green cloth traveling suit and carried a bouquet of brides roses, the maid of honor wore gray crepe de chine and carried white-bridesmaid roses. The groom and best man wore conventional black.

The rooms were beautifully decorated with evergreens and flowers, the library where the ceremony was performed was arranged with ferns and white cosmos, the dining room in pines and pink tea roses and the parlor in green and yellow roses and golden rod. The music was rendered by Miss May Fulford. Miss Rena Mills in her sweet manner sang a solo, "For all Eternity." Immediately after the ceremony a delightful reception was held after which the wedding party drove to the A. & N. C. depot. Mr. and Mrs. Lynn, leaving for a tour in northern cities. They will make their future home in Greensboro, N. C.

### Full of Tragic Meaning.

Are these lines from J. A. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Life-giver for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all drug gists; guaranteed; 50c and \$1.00. Trial bottle free.

### Improved Newspaper Plant

The Asheville Gazette-News, a newspaper largely circulated and read in the State, and one of the most influential journals of the South has equipped its office with a Cox Duplex Web Perfecting press. It is a wonderful piece of mechanism and prints complete from roll of paper between four and five miles long 6,000 eight page, seven column papers, folding, cutting and pasting each, per hour.

The press thus installed has a capacity something like 12 times as great as the one it replaces. It enables the Gazette-News to be put on sale earlier and meets the demands of a growing paper better.

The Journal joins with her sister papers in extending to the Gazette-News her hearty congratulations as evidence of prosperity and growth.

### Wounds, Bruises and Burns

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by Davis Pharmacy and F. S. Duffy.

### Word and Deeds

(New York Press.) Don't think that per-mer money-getting is all there is in this world. Turn your thoughts to higher things.—J. D. R., to Citizens of Cleveland. "A foolish consistency," says Emerson, "is the hobgoblin of little minds."

### An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by Davis Pharmacy and F. S. Duffy.

One of the technical schools established by Andrew Carnegie at Pittsburg was opened.

### Plans to Get Rich

are often frustrated by sudden breakdown due to dyspepsia or constipation. Brace up and take Dr. King's New Life Pills. They take out the materials which are clogging your energies, and give you a new start. Cure headaches and dizziness too. At all drug stores, 50c a bottle.

### FAIR FORMALLY OPENED.

New Record in Attendance. Decorations on City Buildings.

Raleigh, N. C., Oct. 17.—People poured in here today by the thousand and in the afternoon everything was in a stir. The bureau of information, which has its offices in the Capitol Club building, furnished rooms and other quarters to great numbers of persons and is proving itself a notable convenience. The decoration of public and private buildings went on all day. Across the principal street a very large net banner was displayed with an immense picture of President Roosevelt upon it.

The attendance at the fair-grounds was extremely good today, and in fact broke the record for the opening day. Governor Glenn and President Ashley Horne of the State Agricultural Society were escorted to the grounds by Chief Marshal B. Frank Mebane and a great number of assistants, all well mounted. So many marshals had never been seen here before, and they represent all parts of the State. Governor formally opened the fair. Everything presented a very attractive appearance, the new grand-stand proving very convenient. The space beneath is utilized and in fact every bit of the space available within the grounds is occupied. So many shows were never seen before at a fair. The agricultural exhibit had stimulation. There are many county fairs north of here which make better exhibits in their department, and some township fairs, are larger or larger in this respect. Steps will have to be taken to induce counties to make exhibits by the offer of very handsome prizes, most probably in money.

Work on Raleigh & Pamlico Railroad. M. C. O. Haines, President of the Raleigh & Pamlico Sound Railroad Co., is in the city and informs us that the work of construction of the line from Raleigh to Washington will be rapidly pushed to completion and he will have one hundred convicts at work grading, and building across Choocoviny Swamp near Washington, before January 1st. Sixteen miles of the road has been built near Raleigh and it is the purpose to have sufficient force to complete this to Wilson by the spring and to have the grading on several parts of the line going on at the same time, so that the entire line will be ready for operation at an early date.

### District Conference

The New Bern District Conference of the A. M. E. Zion Church, with the Presiding Elder, Dr. Wm. Sutton presiding, met yesterday at Maysville. The conference opened with about one hundred ministers and delegates present, including Sunday School and Christian Endeavor workers. Routine business occupied the attention of the conference during the day, and last night interesting welcome exercises were held. The conference will be in session 'till Friday night.

### Presidential Election Will Make No Change

No matter which candidate is elected, Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nusbbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and eight doses cured me." Sold by Davis Pharmacy.
