

Raleigh Fair Fakirs Harvest

Raleigh, Oct. 28. - The thousand fakirs who were at the State Fair, the greatest number ever together in the State, certainly had in their ranks a great number of professional thieves. All hands are said by observant people to have stood together, and the public have certainly been plundered. So far more than 200 persons are known to have had their pockets picked.

HALLOWEEN TONIGHT.

A Time Honored Gala Time When Witches and Ghosts Get Loose.

Today—or rather tonight will be Halloween. It is an occasion of mirth and joyous festivity and whatever of superstition there is about our nature, is exercised on this night. The custom originated in Scotland, and the quaint Scotch poet, Robert Burns, describes the festival in one of his poems.

It is one of the fads of society to have Halloween parties and an article in the Washington Star tells how it should properly be conducted. It says that an open fireplace is a real necessity to carry out the idea correctly, even the conventional gas log will do if there is nothing better, or in extreme cases a kitchen stove with a red hot coal fire. The object is to have the spoons plain and as is well known they will not come out after any day light or artificial light save that made by the open grate. The grate fire lends a weirdness and mystery about the time that is favorable to spoofs.

The party should not begin before 9 o'clock and better a little later as the real fun does not commence until after midnight. It is not necessary to attire one's self in their best bib and tucker, in fact it should be prohibited for quite likely there will be some rough play and good clothes may be ruined.

The guests should be equally divided and the best results come from a small number of congenial friends, not over 24.

Among the requisites for a successful party is first a quantity of chestnuts which may be either large or small, two or three pounds of stale marshmallows and some rosy cheeked apples and have as many long thin sticks of wood as there are guests. A good story teller and above all a good person to manage the party will be found to make the occasion pleasant and memorable.

Maryland Democrats Divide on Disfranchisement of Negro.

Washington, D. C. Oct. 29.—If the consensus of opinion as expressed by men best informed as to political sentiment in Maryland be accepted, the Democrats who are making a fight for the adoption of the Poy amendment to the Constitution, designed to eliminate the negro from the electorate, will be unsuccessful. The party is not united on the question—in fact, it is woefully divided—and the Republicans are using all the power of the national administration to defeat the amendment. As conditions are now, the amendment will not win, unless there be a great change in sentiment before the 7th of November, or unless practiced politicians have misread public sentiment.

Makes indigestion and assimilation perfect. Makes new red blood and tone. That what Hollister's Rocky Mountain Tea will do. A tonic for the sick and weak. 35 cents. Tea or Tablets. For sale by F. S. Duffy.

NEWSPAPER REPORTS

Approved Governor's Letter to Durham's Sheriff.

Turnpike to Top Blue Ridge. Frank Osborne to Leave Charlotte for New York. Hospital for Insane. Splendid Cotton Picking Weather. Decreased School Attendance.

Raleigh, Oct. 28.—State Treasurer Lacy says that work on the Wilkesboro Jefferson turnpike is being done as rapidly as possible and it will be completed to the top of the Blue Ridge by the end of the year. This is not a macadam road, but is of earth.

The Governor's letter to sheriff of Durham county instructing him not to show any favors to the prisoner Murray, seems to have created quite a stir. The newspaper had said that Murray was to be given all sorts of special privileges and news to that effect had come from other sources. The Governor's letter was to the sheriff, and this morning he said he had not heard from that official as yet. But that newspapers had published a denial that special privileges were being given. What the Governor had said had been based upon reports.

Walter Murphy of Salisbury, who spent the day here to procure a charter for the Salisbury Transfer Company says he had an enjoyable visit to New York and got right into the big political fight there. He says that James Osborne will be re-elected district attorney and added that Frank I. Osborne of Charlotte will probably make New York his home. He is now in that city.

A great deal of work is in progress at hospital for the insane here and the class of construction is of the very highest, equal in fact to that upon the original building, which is said to have been one of the best built structures in the State. The new wing for women will accommodate a large number, and has reached the third story. All the brick work and nearly all the other work on the new boiler house is now finished.

Rain fell again today, but was light. It is a singular fact that from the first of September to this date there have been only three days in which cotton could not be picked all day, and on two of these days there was picking for half a day. This is a very remarkable condition of affairs.

The reports on the public school attendance show a decrease in the number of children of school age in thirty one of the counties as compared with last year, there being an increase in all the other counties. Here in Wake the decrease is 438. In this county there is an increase of 176 colored children of school age.

RUSSIAN EMPIRE TOTTERS

Collision Between Soldiers and Citizens.

Royal Treasures of Czar Reported Sent to Denmark.

Sent to Denmark.

St. Petersburg, October 29.—While the day passed quietly without bloodshed in the Russian capital, and while the city is outwardly calm, today's developments all indicate that a crisis is imminent. Although the streets are filled with troops and reinforcements are now pouring in from Finland, the government seems utterly powerless to cope with the situation, and many calm observers seem seriously to believe that the present regime is tottering to its fall.

London, October 30.—A dispatch from Odessa, October 29th, says: A collision between the military and a crowd of students and strikers occurred an hour ago in Tirapolskaya street. The soldiers, without warning, fired point blank into the people, killing twenty and wounding sixty. The students are holding a stormy convocation at the university.

It is reported from Kieff that three regiments have mutinied in the South-western province, and there are alarming reports here of the doubtful fidelity of three battalions of infantry.

Manchester, England, Oct. 30.—A dispatch is authority for the statement the czar has shipped all the royal plate and jewelry to Copenhagen. The valuables were shipped on an English vessel. The cargo is insured for \$3,750,000.

RUSSIAN RIOTS

Began in Provinces. Telegraph Operators Urged to Strike and Cut off all Communications.

St. Petersburg, Oct. 28.—Advices received from provincial centres show that rioting, which has been dreaded so long has at last begun. So far however the disturbance has not become general. Instances are recorded however where the troops fired on the people and the demonstrations have been attended with bloodshed. What effect these encounters will have upon the people can only be guessed. If it stirs them to the point of demanding revenge for the wrongs to their fellows, terrible times are certain to follow. Strenuous efforts are being made to cut out all the operators and this, the only remaining means of communication may be stopped before the night is over. Dispatches coming into the city telling of disorders are meagre and give few details of rioting which has occurred.

ROOSEVELT AND THE SOUTH.

The President's Visit Fraught With More Importance Than the More Visit. He Has Established Himself in the Hearts of the People.

New Orleans, La., Oct. 30.—The real political significance of President Roosevelt's southern tour, which terminated in a veritable blaze of glory at New Orleans, is fraught with far greater potentialities than is as yet generally recognized. In fact as well as theory he is now the leader of the southern people who through personal contact with him have come to recognize in the man that broad degree of splendid Americanism which stands for fair play, first, last and for all time, which strikes a responsive chord in the Southern's breast. The effect on the nation of this new fraternal affection of the south for the nation's chief is sure to be far reaching. Since the Civil War the bulwark of Republican power has been the solid Democratic front presented by the Southern States, and as strength of this Jewark the Republican politician have frequently banked all.

The south has now accepted Mr. Roosevelt, not as the embodiment of Republican party ideas, but as the embodiment of the fair play dogma which every American is taught to believe in from the cradle. Thus, so accepting him, his opinion and plans now find support in the Southern States which, at least so long as he occupies the Whitehouse, cannot fail to curtail the power of the Republican party as a party.

The legislation proposed by Mr. Roosevelt is sweeping in its scope, but it dovetails perfectly with American ideas of fair play, hence the warmth of his reception at all southern cities visited by him.

He has unfurled the banner of non-partisanship has abandoned strict construction of party politics; and for the first time in the history of the south the Democratic party as a whole has accepted a Republican President on his own terms. Clearly then a new era is dawning in the political affairs of the government at Washington.

His advice to the negroes at Tuskegee was to improve themselves as artisans, mechanics and in the trades, and to keep away from the professions, which he declared, already are over-crowded, whereas labor is one of the great needs of the south. It is needless to say that this also the south advocates heartily.

Clearly, then, social equality is just as abhorrent to Mr. Roosevelt as it is to the southern people, and with his barrier removed the President's policy of fair play has logically enough, brought to play his standard in a body the manhood of the south, for there is no reason to believe the negro will ever again figure in the relations of Mr. Roosevelt and southern people.

Gorham's Silver

is the world's standard of quality and skill in silver craft. A beautiful variety shown at J. O. Baxter's, the leading jeweler.

New York Cotton Market.

The following were the opening and closing prices on the New York Cotton Exchange, Oct. 30.

DISFIGURED WITH ECZEMA

Brushed Scales from Face Like Powder—Under Physicians Six Months But Grew Worse—Some Said Face Would Be Marked for Life—Now Without a Blemish.

CUTICURA REMEDIES WORK WONDERS.

"As I was a sufferer with eczema I write to tell you what a great friend I found in Cuticura Remedies. In six months I had tried three doctors, but did not get any better. It was on my face and on my feet so thick that I could hardly put a pin in me without touching eczema. My face was covered, my eyebrows came out, and then it got in my eyes. I then went to another doctor. He asked me what I was taking for it, and I told him Cuticura. He said that was a very good thing, but that he thought that when I had taken one bottle of Cuticura did its work and my face is now just as clear as it ever was.

"My brother-in-law told me about the wonderful Cuticura remedies. I took his advice and got the Ointment, Soap, and Resolvent. I washed with the Cuticura Soap, and then applied the Ointment, and took Cuticura Resolvent as directed. In a short time my face began to get better, and when I had taken one bottle of Resolvent I could brush the scales off my face like a powder. When I had taken four bottles my face was as clear as ever.

"I told all my friends about my remarkable cure. I feel so thankful I want everybody far and wide to know what Cuticura can do. It is a sure cure for eczema. (signed) Mrs. Emma White, 641 Cherry Place, Camden, N. J., April 25, 1905.

Complete Cures and Internal Treatment for every Eczema, from Pinpoints to Scalds, from Itchiness to Aching, from Swelling to Stinging, from Cracking to Bleeding, from Pain to Discomfort. In form of Chocolate Coated Pills, per vial 50c. (In form of Tablets, per vial 50c.)
