Yale Beats Harvard

Boston, Mass., Nov. 25.—The Yale football team defeated Harvard in the annual game at Cambridge field today by a score of 6 to 0.

Liquor Money For Education.

Raleigh, Nov. 25.—The State Dept. of Public Instruction, announced that receipts from liquor licenses and dispensaries show a great increase. Last year receipts from liquor licenses were \$67,863 and from dispensaries \$19,551, total \$77,414. This year receipts from liquor licenses are \$53,778 a falling off of some \$14,000 but there is a big jump in receipts from dispensaries which aggregate \$78,237, making the total \$132,011, an increase of \$44,567 over last year.

John W. Gates' House Boat Here.

The Roxana, a house boat owned by John W. Gates of New York, the famous Wall street plunger, arrived here last night with a party of six gentlemen and ladies from New York. The boat is chartered for a Southern cruise by Mr. Arthur Kemp and is in command of Capt. Isaac T. Golden, a nephew of Mr. T. A. Henry. The schooner Pettie another New York boat belonging to the New York Yacht Club was towed here by the Roxana, having her tender out of order. She will be put in repair at the Meadows ship yard. This morning the Roxana will leave at 7:30 for Harbor Island, where the party will spend a few days hunting, they will then continue their cruise to the West Indies where they will pass the winter.

It will wash and not run off
This complexion all envy me,
It's no secret so I'll tell
Take this Rocky Mountain Tea.
For sale by F. S. Duffy.

Get Your Trees

The Woman's Club have delivered nearly fifty water oaks, and another lot will come in early next week. The trees are fine specimens, and now is the best time for planting, as the sap is out, and the young trees can make new feeding fibers during the winter and be ready for quick growth in the spring. Send your order for one or more to Mrs. R. P. Williams, 58 South Front St., who will see that you are supplied. The price is very reasonable, only 35 cents each. Five hundred ought to be planted on our streets, for this opportunity may never come again. The collections for silver maples, sugar maples, pecans etc., were very cheerfully advanced, and the order for them has been sent to the nursery, it is hoped to get them in about two weeks. Arbor day will be observed at the graded school, when each grade will plant an elm, with appropriate exercises.

Maysville Item

November 25.—Dr. A. W. Disoway has purchased the residence of Mrs. Carrie Henderson, on Main street, next to the M. E. Church and will move his office there.

Church at Eridgeton

The legal organization of the Methodist church at Eridgeton was affected Sunday, Rev. G. T. Adams officiating in the matter. The church has 23 members, Messrs D. W. Dowdy and J. S. Wallace were elected stewards. The Sunday school there was organized with 50 members, and the following were elected officers:
Superintendent, Wallace H. Whitehurst; secretary, Floeise Lee; treasurer, W. H. Mason.
Rev. J. K. Betts will be the pastor and services will be held every Sunday morning at 11 o'clock, Sunday school at 9 o'clock in the afternoon.

If you are troubled with dizziness, headache, indigestion, constipation, Hollister's Rocky Mountain Tea will make you well and keep you well. If it fails, get your money back. That's fair. 50 cents. For sale by F. S. Duffy.

Land for Rent.

I have four desirable one-horse farms located on North River, Craven county which I will let one to four tenants. Application should be made at once to

J. M. THOMAS.

SPECIAL TERM COURT

Farmers Urged to Hold Their Cotton.

Negro Assassin Sells Property and Leaves State.—Work Begun on Colored Hospital.—Governor Refuses to Pardon Murderer for Crime Committed in 1897.

Raleigh, N. C., Nov. 25.—Governor Glenn orders the special term of Duplin court for the trial of civil cases, the first week in January, Judge W. R. Alsty to preside.

Preparations are being made for placing steel filing cases in the office of the Secretary of State, and the floor will be underpinned with brick in order to sustain the extra weight.

Jacob Evans, colored, who is charged with assassinating another negro, Jas Hockaday, has fled the State, the sheriff says. Hockaday has made a dying declaration that it was Evans who called him to the door of his cabin in the country one night this week and shot him down. The father of Hockaday was here Thursday but failed to get a warrant in time. Evans was here Wednesday, and it is now found out all his property and departed that day. It is believed that he has gone somewhere in Virginia. Hockaday's father said that Evans claimed that his wife had left him and accused Hockaday of being the cause of her leaving. The father declared that there was no truth in this statement and that Hockaday had nothing whatever to do with the departure of the woman.

President John S. Cunningham of the North Carolina Cotton Growers' Association left here today for Enfield to address the farmers. He is urging them to hold their cotton and expects a sharp advance in the next 90 days. Very little cotton is coming into the market in this State.

Work has begun on the new hospital at St. Augustine, Colored Normal School, a mile northeast of Raleigh. The funds for this building are a gift, amounting to \$15,000. The students of the male department of the school will do the work on the building. They have erected the other buildings on the grounds, including the chapel and library, both built of granite from this section, and they have also built gateways and a fountain.

Governor Glenn declines to pardon Thomas Broadway, who in 1897 killed M. H. Reid in Rowan county and fled the State upon requisition of Governor Aycock he was brought back to North Carolina from South Dakota, where he had been captured in the autumn of 1904, and was tried in November before Judge Cook, was convicted of manslaughter and sentenced to two years in the penitentiary. The jury recommended mercy to the court. Neither the Judge nor the solicitor recommended a pardon, and in a personal interview with the judge, the latter informed the Governor that he had given the prisoner as light a sentence as he thought he was entitled to and this, upon the recommendation of the jury. The Governor says as to this case; "In this I concur." The prisoner has a fair trial and was convicted and two years was little enough. An appeal for clemency, based on the condition of wife and children always touches a sympathetic chord in any heart, but the defendant himself showed very little consideration for these unfortunate ones when he took human life and remained away eight years from those he professed to love.

Fine Words of Praise.

Under the head of "A Good Example" the Industrial News of Greensboro Nov. 25th, has the following good words in an editorial for the New Bern Iron Works.

The Daily Industrial News has been especially careful to keep its editorial columns free from anything that savored of an advertisement, but there is one North Carolina firm whose enterprise we think should be held up for imitation, and we propose to do so. Our New Bern correspondent reports that on 2 o'clock of the morning of November 23rd, the engine-room and boiler room of the New Bern Iron Works was almost completely destroyed by fire. So far the story is simply one of many similar stories, which we regret to be obliged to report. But there is something else. The report says that the company immediately began to rebuild, but in the meantime procured the city's steam roller, coupled it up with the shaft of the main building, where most of the machinery was located, and was kept at work. The man who thought of using that roller deserves a medal—and a thousand imitators. More men of the same kind—men who think and act and do things while other men sit by and mourn their loss—are the greatest blessing that can come to any community. Good for the New Bern Iron Works, and good for the man, whoever he is, that "does things."

Xmas Suggestions.

For Gentlemen—A Kodak, shaving set, scarf pin, cuff buttons, match boxes, silver bandie pocket knives, hat brush, military brushes and nail files in silver case for pocket. It is the part of wisdom to have your selection put up for you before the rush is on, and to remember how hard it is to get anything suggested later on.

J. O. BAXTER.

MILLIONS FOR INVESTMENT

By Standard Oil Interests in Eastern North Carolina Railroads, Boats, Mills and Vast Timber Territory. Fortunes Being Made.

That millions of dollars are being invested in this Eastern North Carolina section, is to be seen by the activity in business circles, the number of strangers at all the leading towns, and particularly it is to be noted the number of lawyers engaged in examining titles to every kind of property upon the county books, and passing upon all kinds of papers, by these lawyers, which mean the transfer of property from one ownership to another.

In all this buying, the Standard Oil people are the buyers. Various agencies are employed to buy from local owners, but there is one center from which all checks come, and the various buying agencies simplify the work, and expedite the purchases.

The great saw mill and timber interests of the Roper and the Blades people, amounts to about \$4,000,000, while the purchase of the several steam boat and railroad lines in this section, can but be generally estimated.

In addition to these, parties having timber lands of fairly good dimensions are selling their possessions, and some big profits have been realized, for some of these lands are changing from their present owners to the Standard Oil people at prices varying from twice to five times their original cost, and handsome fortunes are being gathered in by those who bought timber lands during the last five and ten years, which are now being taken up by the Standard Oil people at about what price the owners place upon them.

These millions of dollars of new money, mean an activity in the commercial affairs in Eastern Carolina, for the new owners of the property are certain to make their investments pay interest, and this means that a good deal of business is to be done.

BIG POST OFFICE BUSINESS.

New Bern's Record Shows an Increase of Business.

The Washington correspondent of the Industrial News gives that paper a financial statement of the business done by North Carolina post offices last year. They all show a substantial gain and the New Bern office takes a leading place among those doing over a \$10,000 business. These figures show the business done up to June 30, the end of the fiscal year. The gain as reported by Postmaster Hancock is more than 15 per cent over the previous year.

Following is the statement in the Industrial News:
The Charlotte post office is ahead of all others in North Carolina in a business way. The receipts of the Queen City office amounted to \$82,303 last year, while the Wilmington office, which was second in this industrial race, collected a total of \$71,284.

These figures are obtained from the annual report of the Postmaster General for the fiscal year just ending, and reflect the industrial development of the cities and towns in the State. Raleigh takes rank with receipts totaling \$83,976; Winston-Salem fourth, with receipts aggregating \$61,356, and Greensboro fifth, with receipts amounting to \$53,394.

There are 19 post offices in the State with receipts in excess of \$10,000. They are as follows: Asheville, \$46,941; Durham, \$24,454; High Point, \$19,921; New Bern, \$18,778; Salisbury, \$16,539; Goldsboro, \$16,536; Fayetteville, \$14,008; Statesville, \$12,078; Elizabeth City \$11,961; Wilson, \$11,708; Kinston, \$10,070; Rocky Mount, \$10,645; Concord, \$10,287; Washington, \$10,050.

There are 66 other presidential post offices in North Carolina, but their receipts fall below the ten thousand dollar mark.

Cigars and Tobacco at Warren's.

Successor to Archbishop Chapelle.

New Orleans, Nov. 27.—The question of a successor to the late Archbishop Chapelle of New Orleans, who died of yellow fever during the early stage of the epidemic, will be decided here in the second week in December, when the convention of bishops of the province and priests of the archdiocese will be held. It is stated on apparently good authority that Rev. J. M. Laval, of New Orleans, Vicar general will be chosen and that a petition in his favor has been signed by 90 out of 147 of the archdiocese.

"A Pair of Pinks"

The komicks—West and Vokes and Margaret Daly Vokes will bring to our city Friday Dec. 8, the funny aggregation known the country over as "A Pair of Pinks." Too much praise cannot be awarded this clever trio.

West and Vokes as Percy and Harold the two detectives hunting for fun and amusement, and Margaret Daly Vokes as Meg Netto, the original Rube Girl, are the top liners of mirth and song.

These people have surrounded themselves with a clever cast, pretty girls and clever men, and the theatre-goers of New Bern are assured amusement.

Leading Ladies.

AN AWFUL SKIN DISEASE

Sores Covered Neck and Cheeks—Itched Day and Night—Nothing Did Me Any Good—Was Growing Worse.

CURED BY CUTICURA AT COST OF \$4.50

Miss Nettie Vander Wiele, of Lakeside, N. Y., writing under date of April 13, 1904, says: "I do wish you would publish this letter in the newspapers, so that others suffering as I have may see it and be helped. I suffered for many months with an awful skin disease, sores covering my ears, neck, and cheeks. Scabs would form and they would swell, and itch day and night. Then they would break open and blood and matter run out. I had tried many different remedies, but none of them did me any good. I was growing worse when I tried the Cuticura Remedies. The first application helped me, and when I had used two cakes of Cuticura Soap, three boxes of Cuticura Ointment, and three bottles of Cuticura Resolvent, I was completely cured."

TORTURING, DISFIGURING Humours, Eczemas, Itchings, and Chafings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter, and salt rheum;—all demand a remedy of almost supernatural virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stand proven beyond all doubt by the testimony of the civilized world.

Children Scabs, Chafings, and Pills are sold throughout the world. Write for Cuticura Soap, Ointment, and Pills to J. C. Kennerly, N. B. 437 South 7th St. New York City.

S. C. A.

The above letters simply mean that the Southern Cotton Association wants to help our Southland to put (30,000,000) thirty million dollars more in circulation and in the cotton growers pocket. something like it did last spring and summer. How is it to be done? Well its quite simple, let the South hold its cotton ninety days, and the result will be another extra thirty millions for the cotton growers. Somebody is going to get this extra thirty millions, why not the farmer?

Brother farmer we are taking a long time to learn how to attend to our own business, but I believe we are learning one part of our business, is to know how to sell a crop when we have prepared it for sale.

Don't forget that the first Saturday in December is township or precinct day. You ought to organize at every voting precinct in the county and send three or five delegates to the county meeting to be held the second Saturday in December or 9th day at 12 o'clock at the court house.

This county meeting will elect its officers for the coming year and also delegates to the State Convention.

Come out and join us, you business men of New Bern, our fight is your fight, our victory is your victory, and our defeat is your defeat.

Let every section of our county organize and be represented at New Bern December 9th.

DANIEL LANE, Pres.
S. C. A. Craven Co.

Bellair is trying to be ready for Thanksgiving, and all times some of us. Cotton picked, corn husked, potatoes banked, peas picked, hens nearly fat, turkeys around and hens once in awhile laying nice white eggs, but they sum very slow about it. When we look on the calendar and realize that it is only one short month to Christmas.

Well if they wont lay we will just eat the hens and get the best of them that way. There seems to be some cases of whooping cough and lots of colds about here.

Rev. W. H. Townsend preached his last sermon for us the 19th, and goes to conference next week.

CONTRACTS BEING MADE

A Norfolk special to the Washington Post, Sunday Nov. 25th says:

"The Virginia and Carolina Coast Railway Company has awarded its contracts for railway construction to J. G. White & Co., of New York, and that firm already has a force of men at work on a portion of the contract in North Carolina.

The Virginia and Carolina Coast Railway, which is being built by a syndicate for the purpose of exploiting over 500,000 acres of timber lands in Virginia and North Carolina, will extend 142 miles, connecting with the Suffolk and Carolina Railroad on the north, and the New Bern, Oriental and Western on the south. The consolidation of three systems will form a through line from Norfolk to New Bern, N. C., and a new line will extend from New Bern to Beaufort, N. C.

MOREHEAD CHOSEN

By Board For Permanent State Military Encampment

What Board Says of Terms Offered by Morehead City and Wrightsville. What Each Place Offered to Secure The Annual Visits of North Carolina Brigades.

Special to Journal.

Raleigh, Nov. 27.—This afternoon the board of officers' report to Gov. Glenn on permanent encampment site was made public by the Governor. By his order the selection of the site was left entirely in the hands of the board, which unanimously select Morehead City.

This report gives terms of offer of Morehead City and the Atlantic & N. C. railway combined, and that of Wilmington for Wrightsville site, and then says that first named offer was to give old camp site with two thousand feet frontage on Bogue sound, with additional land adjoining, running two thousand feet back, and a rifle range two hundred by one thousand yards, also adjoining; to build range and pits, railway sidings, store houses, all other necessary buildings, to clear and grade grounds, set them in grass, furnish water supply and lights, and to care for all this property when unoccupied. Wrightsville offered 101 acres with fourteen hundred feet frontage on sound, five thousand dollars in cash, and five hundred dollars annually for five years, with no promise for future maintenance of property. Offered rifle range one thousand yards long on Wrightsville banks.

Board says that after duly considering these proposals, and going over the respective sites, it unanimously selects the site offered at Morehead City. It threw out the idea of having two encampment sites, so that one year two regiments would be at one, and one at the other, next year this being reversed and third year entire brigade at one place. Morehead City signified a willingness, but Wrightsville said its proposition was based only on encampment of entire brigade annually. The board says farther, that Morehead City offers more frontage on water, in such shape as best to serve the purpose, while site at Wrightsville though contains about same acreage, is in such shape that it is impossible to make it conform to needs. A railway runs through Morehead site, while Wrightsville site is a considerable distance from railway, thus rendering it necessary to use a large number of teams in hauling. Salt water bathing at Morehead is at one foot of camp. No cost to men and target range is in camp limits, while suitable range is not offered at Wrightsville in connection with camp site offered. Members of board left for their homes this afternoon.

The Agricultural Bulletin.

The North Carolina Agricultural Department and the North Carolina Agricultural Experiment Station are just now issuing some very valuable publications known as "Bulletins." Among the recent "Bulletins" published are "Farm Dairying," "Holding the Apple Crop," "Egg Preservation," and "Farmers Institutes."

These pamphlets are printed monthly and are designed for free distribution. The general farmer, truck grower or stock raiser who wishes to keep abreast of the times and in touch with improved methods in his business—and every intelligent man wishes to do that should receive these publications regularly.

A postal card to the Commissioner of Agriculture, Raleigh, N. C. and another to the Director of the Experiment Station, Raleigh, N. C. asking that your name and address be placed on the Bulletin Mailing List will bring this about.

These publications will give you much information regarding soils, their preparation, seeds, growing crops, harvesting and marketing them, etc. and will help you in many other ways in your farming operations. They embody the experience of other farmers and put forth the best results of the experiments of distinguished scientists.

A Solemn Duty.

A solemn duty which we owe society, our children and ourselves is that nothing which can be done to assist nature at that time when our wives are to become mothers should be left undone. Of all the countless details to be observed at such a time, no single one is of more importance than the bodily welfare of the expectant mother; she must not experience undue suffering through any lack of effort on our part.

MOTHER'S FRIEND

should be the recourse of all real men and women at such times; it is easily obtainable, and it is a positive crime not to procure it. Its offices are to relax the muscles and tissues intimately associated in this greatest of the Creator's phenomena, and by simple external applications a result is obtained which at the appointed time permits the mother to undergo her greatest joy with fortitude, and bring into the world a child worthy of its parents. \$1.00, all druggists. Our book "Motherhood" sent free.
