NEW BERN, CRAVEN COUNTY, N. C., FRIDAY, DECEMBER 1, 1905.—SECOND SECTION.

28th YEAR

TIME OF LICENSES

Notice From Revenue Collector. Shirts, Tents, Personal.

Raleigh, Nov. 29.—Revenue Collector Duncan is notified by the Commissioner of Revenue that the time on licenses for selling patent medicines is extended from December 1 to April 1 on retailers.

At the State arsenal shelter tents are being prepared for shipment to the second and third regiments of the North Carolina National Guard. The first regiment was supplied with these tents last year.

Governor Glenn will make a talk to the veterans at the Soldiers Home here on the third Sunday in December. There are now 134 on the roll and 105 are in quarters.

Mrs. Margaret Busbee Shipp, who for several weeks has had diphtheria at her home here, has recovered and was today able to leave her home.

Mrs. Robert B. Glenn and daughter, Miss Rebecca, have gone to their old home, Winston-Salem, for Thanksgiving, and will remain there about ten days.

ARRESTED FOR INSUBORDINATION

Chief Engineer of the Yacht Roxana in Trouble.

The house boat or yacht Roxana which came to New Bern last Saturday night has not left the city, although it was the purpose of the parties making the cruise to have left Sunday or Monday.

There seems to have been a little difficulty between the principal of the expedition, Mr. Arthur Kemp and the chief engineer Mr. McNamara. Matters became so bad that Mr. Kemp had McNamara arrested on two counts, being violations of sections 4596 and 5380 revised statutes—insubordination and resisting an officer.

He was taken before United States Commissioner Hill yesterday but the case was continued until today at 10 o'clock.

Mr. R. B. Nixon represents Mr. Kemp and Mr. D. L. Ward is counsel for the defendant. McNamara was placed under \$200 bonds which were given.

Extraordinarily Clever Show

Richmond News-Leader Nov. 14. A big house welcomed West and Vokes, with "A Pair of Pinks," to the Bijou last night. From the warmth of the reception given the company the show will run well all week. It will deserve a capacity business, for the entertainment given is up to the high standard set this season for the popular Bryan-street house.

"A Pair of Pinks" boasts some of the brightest lines yet offered an audience in musical farce at popular prices. The hits are good and clean and while some of the jokes were too keen and they came too close together at times to let us hand each other a laugh, they were fresh and clever and an enormous relief after the various grades handed out by the slap-stick comedians.

"A Pair of Pinks" shows here Friday December 8.

Black Patti

The merry Black Patti Troubadours are coming to the New Masonic Opera House, Tuesday December 5, with a brand new budget of songs, dances and specialties. This is the Troubadours' tenth season and the event is being emphasized by the brightest and best stage shows the Troubadours have yet offered, "Looney Dreamland," "South Land Scenes," "A Pinafore Review" and a fine bill of varieties, with Black Patti, John Rocker and forty others comprising the company's offering.

The Black Patti Troubadours always give a good show and the bill and company this year exceeds all former standards.

CONFERENCE OPENS.

Sixty-Ninth Session Methodist Meeting Opens at Wilson.

Bishop Wilson Presiding Officer. Sacrament Lord's Supper Administered. Before Business Session Opened. Twenty Question Called. Statement of Gattis Case Presented. Before Conference.

Special to Journal.

Wilson, Nov. 29.—In the M. E. Church, South, at 9:30 o'clock this morning the North Carolina Annual Conference was called to order in its sixty-ninth session, with Bishop A. W. Wilson in the chair.

In keeping with a resolution passed at the last session of the conference, the sacrament of the Lord's Supper was administered before the business session began. In this service Bishop Wilson was assisted by Revs. E. A. Yates, W. S. Rone, R. A. Willis and J. H. Moore.

The business of the conference began with the calling of the conference roll, which showed a large attendance of members of the conference.

Rev. W. L. Cuninggim was re-elected secretary of the conference. He has served the conference in this capacity for the past thirteen years.

The standing committees were nominated by the presiding elders, and were confirmed by the conference.

The 70th question was called and the characters of the nine presiding elders were passed and they made very encouraging reports of their districts.

The characters of the supernumerary and superannuated preachers were passed. When the name of T. J. Gattis was called, his presiding elder, J. H. Moore made the following statement with regard to Mr. Gattis' case, after which his character was passed: "The character of Brother Gattis has been virtually held up since the institution of his suit in the civil courts against Dr. J. C. Kilgo and other members of the M. E. Church, South. We desire to express our condemnation of his course in going to the law with his brethren before he had made any effort to settle the matter complained of in the church; but in consideration of his long service to the church as a minister, his feeble health and the near approach of that tribunal before which we all must stand at last in judgment, I move that his character pass."

The characters of the undergraduates and the pastors on the Raleigh and Durham districts were passed and they submitted their reports.

Rev. T. H. Law, D. D., addressed the conference in the interest of the American Bible Society.

Conference adjourned at 1 o'clock with the benediction.

Indigestion, constipation, dyspepsia, kidney and liver disorders, and all stomach troubles positively cured by using Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

The horse hose wagons were called out to a still alarm of fire about 6:30 last evening. The fire, which seemed of incendiary origin, was in an out building on the premises of Mr. Isaac Cohen on Pollock street, was put out before the department arrived.

The A. & N. C. Co. has added to its local equipment a new six drive wheel switch engine right from the Baldwin Locomotive Works of Philadelphia, for use in the yards. It is constructed after the most recent patterns and is pronounced by all who have seen it to be a very fine engine. Two or three new freight engines will soon be in commission.

A tenant house on George St., owned by Mr. J. A. Bryan and occupied by a colored woman named Hargett was damaged by fire yesterday morning to the extent of about \$75. The fire was caused by a spark falling from an unprotected chimney hole and lodging in some goods which it ignited.

One sport not very much indulged in yesterday, was boating, either rowing or motor power. There were a few out, but the keen northwest wind was too much after a week of warm weather.

The bright skies and sunshine brought every one out doors yesterday afternoon. It was walking, cycling, driving or automobileing, and the streets were filled with young and old, enjoying the fine weather on their holiday.

The Golden Line band was around yesterday afternoon, playing to intense applause on the streets. The band played very well.

THANKSGIVING DAY.

Expressions From the State Officers Giving Reasons for Its Observance. Strong Opinions at North Carolinians.

Raleigh, Nov. 29.—Your correspondent asked each of the State officers for a few Thanksgiving words to the people of North Carolina. The replies are as follows: "Governor Glenn: We have so much to be thankful for in the way of health, peace and prosperity in this grand commonwealth of ours that I hope the people will show their gratitude in a proper way, by going to church Thanksgiving Day and returning their thanks for such a multitude of blessings."

Secretary of State Grimes: "The people of North Carolina have just cause to congratulate themselves on the progress their State has made during the twelve months. Peace and contentment and a certain amount of prosperity are found in every section of the State. We have cause to feel pride in our educational growth during the year, it being second to that of no other State, while our industrial growth has been marvelous. Our agricultural development is gratifying. Our people are more and more raising their own supplies and making cotton and tobacco money crops."

Treasurer Lacy: "We certainly have cause to rejoice. Our State is more prosperous than ever before in all its long history."

Auditor Dixon: "It has been a wonderful year for the people of the State, industrially, agriculturally and educationally. I have traveled in all sections of North Carolina and I find a prosperity, contentment and advancement everywhere."

Attorney General Gilmer: The small docket of the Supreme court at this time is an excellent indication that peace and good order have in a large degree prevailed in the State."

State Supt. Joyner: "I am especially thankful for the continued and very marked progress of the public schools, the multiplication of better school houses, worthy to be school homes for the children of the State; the increase in the number of local tax districts, the growth of public sentiment for public education and the many manifestations of the determination of our sturdy country people to give their children a chance to acquire education through the public school equal to that of the children in the cities and towns and those of other States and lands."

Commissioner of Agriculture Patterson: "The progress of the State in agricultural improvements has been fully maintained this year. The farmers are awakening, are reading and thinking more and the increase in the circulation of our agricultural literature shows they are applying themselves to better methods of farming and to development along other lines."

Chairman McNeill of the Corporation Commission: "The State has made a steady growth in banking, railway and other developments and our property valuation approximates \$450,000,000. The amount of railway exceeds anything done in many years."

Insurance Commissioner Young: "It is a matter of gratitude and thanksgiving that the growth of this department has during the year kept pace with the remarkable prosperity of the State. Our people are better protected as to fire insurance than ever before at lower rates and never have our home companies afforded such protection as at present. The organizations of new companies has marked the year. While people are surprised at revelations regarding certificate companies in other States, they can turn with pride and safety to our own companies."

It makes no difference how long you have been sick, if you are troubled with indigestion, constipation, liver and kidney troubles, Hollister's Rocky Mountain Tea will make you well. 35 cents. For sale by F. S. Duffy.

King of All Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. Service for about sixteen years, says: "We have tried many good medicines for cough, but Chamberlain's Cough Remedy is king of them all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by Davis Pharmacy and F. S. Duffy.

A very fine goose was presented the Bishop, as coming from the Cape Fear Presbytery, of the Presbyterian church Presentation by Rev. A. G. Davis. The Bishop accepted same in a fitting speech.

An important ruling was made by the Bishop concerning the Easter collection: "That all Easter moneys hereafter shall be divided by each minister, and each department; church extension and publication be sent their portion. The object of this ruling grew out of the misconception and misapplication of the law governing said collections; and to avoid further trouble, this ruling was made.

Special to Journal.

Norfolk, Nov. 30.—The University of North Carolina won a foot ball victory today which beat all foot ball records for fast and tactical playing. It was pretty game from start to finish and the science and athletic head work were prominent features, and they were easily recognized and received due applause.

The game was called promptly at 2:30 o'clock. Virginia won the toss and the game commenced with a vigor that never diminished for a minute. The Carolina team showed the effect of good training. With all their hard work of the season they have not been in better form than they had yesterday. The first half ended with a score of 11 to 0.

During the short intermission there was a demonstration by the Carolinian visitors who showed their delight by the most strenuous actions. Tin horns, pans, squawkers and every instrument available that could make a loud noise was put into commission and the little blue and white flags were unfurled to the breeze by the ladies who had caught the enthusiasm and were just as excited as were the men.

In the second half the first touch down was made in five minutes. The Virginia team had a slight advantage having possession of the ball but Abernathy at the head of the rush line swept it away in one tremendous effort and although the play for a short time was fierce the superior strength and weight of the Carolinian assisted itself and the big full back reached the goal and ended one of the most exciting games ever played at Franklin field. The work of Whitaker, left half back was also illustrious. He figured in several plays and was instrumental in bringing victor to his team.

After the game Abernathy and Whitaker were given very marked attention by the crowd and players of the field and the spectators showed congratulations upon them. There were no accidents of any consequence during the game. In fact for such a vigorous sport there was less brutality than has been seen at any big game. The Carolina team numbered 18 men and the Virginia had 10 substitutes.

The attendance was estimated at about 15,000; it is said that there were fully 6,000 North Carolinians in the crowd. The weather was perfect and the occasion was in every respect up to the most sanguine anticipation. The visiting teams were given a fine reception and were guests of honor at a theatre party at the Granby Opera House, the opera being "The Beauty Doctor."

The New Bern contingent are expected home today.

Below we give a schedule of the games played since the annual contests began:
