Southern Cotton Association.
The Southern Cotton Association, Craven County Division, met at Court House in New Bern, Saturday Dec. 30, 12 m. President Daniel Lane being absent, Mr. J. M. Spencer was made Chairman pro tem.

Speeches were read by Mr. J. J. Wolfenden and others, urging the farmers to stand by the Association; showing the advantages the Southern Cotton Growers had over all the world combined, in producing the best staple of all countries that had attempted to grow cotton. The following were elected officers for the year 1906.

J. M. Spencer, President.
G. L. Hardison, Secretary.
J. J. Wolfenden, Treasurer.
John S. McGowan, Graham T. Richardson, Sipp Carman, John S. Morton, C. E. For, Business Committee.

J. M. Spencer was elected delegate and Graham T. Richardson alternate to attend the State Convention at Raleigh January 3 1906.
J. M. Spencer was elected delegate and John C. McGowan alternate to attend the National Convention at the city of New Orleans, La., January 11th to 13th 1906.

The meeting adjourned subject to call of the President.
It invigorates, strengthens and builds up. It keeps you in condition physically, mentally and morally. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Sold by F. S. Duffy.

SERMON THE ELKS

A Strong and Practical Address To The Order
The Sunday night service at Christ church was devoted to the Elks. The local order was present in a body and they listened to a remarkably strong and practical sermon by the pastor, Rev. L. G. H. Williams, which was greatly enjoyed by all who heard it.

The text was taken from St. Paul's admonition to the Philippians, "Quench not the spirit; hold fast to that which is good." The speaker held that the chief care of the citizen today should be that in all their transactions there should be no quibbling as to the possible harm that would happen if some little sin should be committed for the sake of pleasure. Sin is not to be condoned under any circumstances. God is first, His worship is first, none can supersede Him, no substitute can be made for Him. We heard in the eloquent address of our governor that each Elk lived up to the teachings of the order that they would be better men. Christian reform must be made. The stages, although slow have come regularly through the family, the church and then in social, business and political circles.

Aim high; have a steadfast purpose in life; live so that temptations to corruption shall have no influence. The popular cry today is "give us honor, give us wealth," and the question very properly arises, where does the business of the Lord come in? These matters have a place in daily life and when religion does enter our family, business and social life the reforms so badly needed will be commended.

Three little babes were nestled in bed, "I'll name William, Willie and Bill," mother said.
Wide was her smile, for triplets they be, She lays her good luck to Rocky Mountain Tea. (Great baby medicine.) Sold by F. S. Duffy.

GOOD EXAMPLE

Made of Violator of State Bird Law.

Increase Capital Stock of Railroad Company.
Negroes to Observe January First.
Big Social Event, Insurance Company Withdrawn From State. Treasurer Lacy's Condition.

Raleigh, Dec. 30.—The State authorizes the Durham & Southern Railway to increase its capital stock to a million dollars. This road is now completed and in operation between Durham & Dunn and there is no telling to what other point it will go.

A charter is granted the Spencer Mountain Mills, incorporated, the purpose of the company being to develop water power on the South Fork of the Catawba River in Gaston county, the capital stock being \$105,000.

This county and the Seaboard Air Line Railway have at last made an arrangement by which two of the most dangerous grade crossings in the State are to be replaced by crossings under the rails. In the course of the past twenty-five years a number of persons have been killed or injured at these crossings and damage suits have resulted.

As usual the negroes here will observe next Monday as Emancipation Day, and the address will be delivered by Chas. N. Williams, who is the principal of the State School for the negro-deaf mutes and blind here.

Walter Wilson, a white youth here, killed a mocking bird Wednesday in the corporate limits of Raleigh in violation of the Audubon law. Chief game warden John W. Upchurch was luckily here on a little vacation from his duties on Currituck Sound, and he lost no time in prosecuting Wilson, who was promptly convicted and sentenced by a magistrate to ten days imprisonment, though the penalty was finally reduced to a fine of \$1 and costs. The object lesson is a good one. Wilson's defense was that he thought the bird he shot at was an American cuckoo, or as the country people term this bird, a "rain-crow."

The largest social affair of the holidays was that given by Mrs. Florence P. Tucker to her daughters, Mrs. John C. Winder of Columbus, O., and Mrs. Edward H. Fellows, of Macon, Ga., there being some two hundred guests, society turning out in great force. While there have been many minor social events, the absence of large ones during the holidays has been quite marked.

Insurance Commissioner Young is notified by the Law Union and Crown Insurance Company of Great Britain that it will do no business in North Carolina after January 1st. It has done a small business in this State for a number of years. Last year the premium receipts amounted to \$1,681.

Inquiry was made at the State Treasury today as to the condition of Treasurer Lacy and it was said to be unchanged. There will be no sort of question about his speedy recovery were it not for the asthma which has troubled him for so many years.

SHORT PASSING EVENTS.

There was a large gathering at Christ Church, yesterday afternoon to witness the Christmas celebration of the Sunday school. From the church the adults and children went to the new Parish house where a fine lighted Christmas tree filled with toys was on view. There was a distribution of presents to the children. Santa Claus was there and proved a great favorite.

There were very few people who lacked the sense to be out in the rain on Sunday. If they did the rain drove them back and made them stay in. It was as fierce, driving rain as has been seen here and like the storm of Friday the rain fell all at once. The rain fell was 1.98 inches.

Perhaps no one on the street yesterday was the recipient of more hearty greetings than was Capt. Gates who made his appearance after his severe sickness with which he was stricken a few weeks ago. He is recovering well, being able to walk and seems to be as well as ever. His friends are all glad to note his recovery.

A foot ball game was played at Blades Park yesterday between college boys and town boys. resulted in a score of 5 to 0 for the college team. The game was well played and the playing of the local or town team was a surprise to all. They made a splendid light.

Pictures of the Woodmen of the World parade, as they appeared in the parade which took place yesterday, will be on exhibition at noon today at Bradham's store and the Western Studio on West First street.

The members of the Atlantic Steam Ship Company are requested to call at their rooms tonight at the Grand Hotel.

Increase Your Yield Per Acre
You Can See The Growth
If you want to see dollars grow, feed your fields with Virginia-Carolina Fertilizers. They will increase your yields—more so—and thus bring down the cost of production, even if you use fewer teams and less labor. We have thousands of strong testimonials from farmers who have tried other makes of fertilizers and assert that—
Virginia-Carolina Fertilizers are by far the best. They will give you crops that will make more money for you. Buy no other, even if some dealer endeavors to get you to buy some "cheap" brand just because he may make little more profit on that. Of course, that would be to his interest—not yours.

NEW BERN IN 1905.

The Old Town Keeps up With the Progress. A Brief Record of Industrial Progress.

The year 1905 in New Bern has been one of steady progress and standing at the end we can see a gratifying advance over 1904. Some big and important enterprises have been completed and the building fervor has been quite marked. It has been a year in which a notable decrease of available building space has been made. The reign of prosperity has nowhere been so much in evidence as in the year 1905.

It has seen the Centenary Methodist church completed, one of the finest church edifices in the State, two stores have been built on Pollock street to replace those burned down, the National Bank was remodelled, the residence of Messrs. W. T. Hill, Walter Duffy, James W. Moore, E. H. Meadows and a tenant house built for Mrs. W. F. Rountree, Mr. O. A. Kafer has built two houses on Metcalf street; Mrs. H. B. Duffy has also erected a tenant house on the same street while other houses have been built on that thoroughfare for renting purposes. Among the buildings under the process of construction are two stories for J. J. Wolfenden on So. Front street and houses on Johnson for Mr. Mark Disoway.

There is still a big demand for houses for renters and several people have invested their money in building tenant houses. We need more of these houses and the demand is so great that a person may almost have a house rented before it is built. We have been told that the contractors have many jobs for the coming year 1906 and that it will be as busy in way of building as any previous year. One thing is certain, building lots are being taken up so fast that there will have to be an annexation to the city for additional lots to be surveyed.

In the industrial world there has been a great deal of activity also. Nearly all the big lumber concerns have added to their plants and one, the New Bern Lumber Company have commenced business on a very large scale; their plant being located in James City at the mouth of Trent river. This concern is one of the largest of the kind in the State. The Blades Congdon mill has been overhauled and refitted with new machinery; Mungler & Bennett have more than doubled the capacity of their mill and the Pine Lumber Co. has largely increased its working capacity.

The Carolina Stave Co's mill is a new enterprise that will henceforth be a big factor in the march of industrial improvement. An article was published about this concern in the Journal a few days ago.

The New Bern Iron Works has been placed on a bigger working basis and although they have been seriously handicapped by fires they have pluckily arisen above difficulties and it is now one of New Bern's best enterprises.

The Union Point Lumber Co is contemplating a much larger mill on the site of the present barrel factory operated by Mr. Warren Ellis. The manufacture of staves will be largely increased and a general lumber business conducted.

Another new industry, which was organized last fall is the Wood Pulp mill at James City. The new machinery is being installed and within a few days actual wood will commence. The manufacture of paper is the purpose of the company but for the present they will make wood pulp. This industry is also a new enterprise and will be a good thing for the city. They will employ 60 or 70 men and as a new industry in this section it starts with flattering prospects.

THE WOODMEN—THEIR DAY

Oxen And Axes Were Much In Evidence Yesterday.

The Woodmen Of The World Contributed to Sesann's Gayety With Unique Parade. Installation of Officers, and Banquet.

Citizens of New Bern have from time to time made their acquaintance with the Woodmen of the World through their charitable and benevolent work, but became known in another way and they are masters of unique shows and parades was demonstrated yesterday.

At no time has there been a more novel or more appropriate sight seen here and as for the fantastic and grotesque there could have been nothing better. Not for several years have so many teams of oxen been seen on our streets doing one thing—serving one purpose and when they went on parade they set a precedent of their own which will not very likely be followed.

The Woodmen of the World were on their mettle yesterday and they furnished a lot of amusement which was immensely appreciated.

At half past two the gathering in front of Rountree hall the "camp" of the Woodmen indicated that there must be something doing. The presence of log carts and oxen was also a sign of unusual transaction and soon the appearance of horsemen on mules was the signal for the fun to begin. Woodmen armed with axes were on hand everywhere and every one wondered where the wood bee was.

The Knights of Pythias hand lent excitement to the occasion.

The parade of the Woodmen of the World long anticipated and prepared was formed as follows:

- Chief marshal, C. J. McCarthy on mule.
- Bugler, Albert Willis on mule.
- Cordon of police.
- Class Barker with yellow dog.
- Sovereigns.
- Band.
- Officers on foot.
- Wagon containing city and county officials.
- Sovereigns.
- Log cart drawn by oxen containing the representatives of the press.
- Sovereigns.
- Accordion band.
- String band drawn by oxen.
- Sovereigns.
- Wagon load of children driven by J. J. Tolson attired as Santa Claus.
- Log cart drawn by oxen.
- Large W. O. W. float.

With a merry laugh and cheer from the big crowd the procession started off captained by Messrs W. N. Pugh and A. J. Gaskins on mules. The procession marched through the principal streets of the city and were the observed of all observers. Every where they went they were greeted by spectators. The grotesque parade was all the success that the originators planned for it.

Last night at Hughes hall the public installation of officers and banquet took place. Mayor Hood of Goldsboro was expected to be present and make the leading address but was detained at his home, and Mr. E. B. Lewis of Kinston made the speech, setting forth in a clear and able manner the motives of the order.

Mr. Lewis also installed the following officers:
Consul Commander, C. J. McCarthy.
Adlt., W. P. Jones.
Banker, A. J. Gaskins.
Clerk, W. N. Pugh.
Escort, T. P. Ashford.
Sentry, T. E. Land.
Watchman, J. C. Barker.
Camp physician, Dr. Frank Duffy.
Managers, J. J. Tolson, J. C. Hill and F. W. Smith.

Actor Fits the Play

There is satisfaction in knowing that Creston Clarke last season found in "Beaucaire" a character more agreeable to his noble ambition and giving him a more decided prestige as one of America's leading actors, than any other ever before interpreted by him. As a matter of fact, his friends and admirers everywhere often expressed a genuine delight to find such a splendid piece of theatrical property in such capable hands as Mr. Clarke's. Those who have carefully followed this young man's notable achievements in the past declare that the role of "Beaucaire" is in a direct line with this actor's expressed determination not to deviate from the path of exalted motive, and that it affords him special advantages such as have never before been enjoyed by him. "Beaucaire" with Creston Clarke in the role, will be offered here Thursday night, with such magnificent detail as to warrant the high-sounding compliments from both the public and the press as have been accorded everywhere this attraction has appeared this and last season.

Sold gold lockets from \$3.00 to \$25 with fine monogram. J. O. Baxter, Leading Jeweler.

It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and comfortable. It is the best for the vagina and makes it cool and comfortable. It is the best for the uterus and makes it cool and comfortable. It is the best for the ovaries and makes them cool and comfortable. It is the best for the fallopian tubes and makes them cool and comfortable. It is the best for the cervix and makes it cool and
