

THE WEEKLY JOURNAL

Established 1870. Published in Two Sections, every Tuesday and Friday, at Journal Building, 56-58 Craven Street.

CHARLES L. STEVENS, EDITOR AND PROPRIETOR.

SUBSCRIPTION RATES: Two Months, .35; Three Months, .85; Six Months, 1.60; Twelve Months, 3.00. ONLY IN ADVANCE.

Official Paper of New Bern and Craven County.

Advertising rates furnished upon application at the office, or upon inquiry by mail.

The Journal is only sent on pay-advance basis. Subscribers will receive notice of expiration of their subscriptions and an immediate response to notice will be appreciated by the Journal.

Entered at the Postoffice, New Bern, N. C. as second-class matter.

New Bern, N. C., Jan. 2, 1906.

DELICACY IN PUBLIC OFFICE.

Senator Bailey is credited with the thought that a United States Senator should resign when he finds himself in a position where delicacy required him to remain away from his duties in Congress, delicacy of course being the careful and gentle expression to stand for a Senator who has been found derelict in some public or private trust.

To the majority of people the association of delicacy with any one holding such a position as United States Senator, must appear ridiculous. But it has been lately demonstrated that while some Senators have through force of public opinion been compelled to relinquish fat jobs in corporations, yet the aforesaid delicacy has not caused them to give up their official positions, or release a dollar of salary, which they were paid for services presumed to be rendered to their constituents.

There is necessity for an open and unhesitating expression on the part of the public towards the conduct of every man in public office, who has been elected by popular vote, or otherwise secures a position of public trust, be it in the active administration of affairs or not, for public position demands acknowledgment in work on the part of those in office.

The fact that men in public office, and this is not confined to the United States Senate, or the House of Representatives, are found guilty of offenses outside of their offices, ought to raise the question and doubt, as to the honesty of their conduct in their official trusts, and in most instances it is likely to prove true that in some manner or degree will men who are dishonest outside of the official positions they may occupy, are likely to prove derelict in their positions of trust, and where delicacy may be found in such offenders there should be a public opinion expressed which would cause their retirement from office or any position of public trust.

TEMPERANCE EVERY WAY PROFITABLE.

Temperate living has long been preached from the pulpit, and declared by the moralist writer for the personal physical benefit, and the individual profit as it might keep those so inclined from harmful dissipation.

But in this age, while the educational movement for temperate living is more strongly proclaimed and advocated, yet there are outside influences which declare the commercial and financial value for those of temperate habits, which are as important factors in helping the cause of temperance, as those which urge temperance on purely physical grounds.

A notable instance in this financial value of temperance, is seen in the action of a Swiss life insurance company which offers a premium to those of temperate habits, the members of a temperance society of railroad employes being charged four per cent less premium, than employes who were not members of the organization. A Swiss accident insurance company is also giving total abstainers a reduction of ten per cent in rates, and beginning with 1906, this reduction is to be increased to fifteen per cent.

Among railroad people, it has been the aim to take men who were not drinkers of cigarette smokers, and among some leading railroads, men who use either liquor or smoke cigars were not put or held their positions on those roads.

In the matter of insurance companies it would seem the only wise policy for every company to make the temperance a condition precedent, for it is such persons who make the losses, and usually should the temperance be made a condition precedent.

fraternal organizations, where the members are taxed for each death.

As each year passes, education showing the value of temperance will prove of great value to the coming race, and as the money value of temperance is better known and appreciated, there will be more demands, that men and women must be temperate in order to secure profitable positions, to say nothing of the value which temperance works for human progress and the up-building and advancement of mankind.

A YEAR OF COLLOSAL THINGS.

The year just closing has been one of colossal things throughout the world. The great Russian-Japanese war was ended, and following it, Russia has been and continues to be the scene of a gigantic revolution.

But looking backward over the affairs of this country, with its peaceful scenes and plentiful harvests, with labor at good prices for those who work, and good prices for those who raised crops, or manufactured goods, there review is an immense one.

Agriculture has been the foundation of our national prosperity, the attendant of good prices for good crops. Harvest after harvest has seen the products from the soil go into consumptive use at prices which in the aggregate are stupendous. Some idea in the way of realization of what the earth has brought to the farmer, maybe gained from the figures, that the value of the farm products of 1905, exceed those of 1904 by \$1,300,000,000.

With such an aggregate increase of wealth from the ground, it is not surprising that the people of this country have been extravagant in many ways, that in diamonds alone, the importations were \$36,000,000, and in Wall Street over \$1,000,000,000 of important corporation bond issues were brought out and sold.

The payments of dividend and interest accounts, while they are to be distributed tomorrow, in the New Year of 1906, yet they were gained and made possible by the prosperous conditions of 1905. This dividend and interest payment to be distributed is a large amount, \$141,153,000, an increase over January 1905 of \$4,500,000.

In the material and industrial growth the figures are equally tremendous. Every town and city shows increase. Buildings have been erected by the thousands, and manufacturing plants by hundreds. One of the best situations as to the country in general, is that no wild speculation has developed from the prosperous times. It is to be hoped that with the promised continuation of good times, that there will be no general speculation during 1906, for with it must follow evil for all classes in the country, with demoralization in all trade and manufacturing interests.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions; and financially able to carry out any obligations made by him.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

Call money reached 125 per cent on some privately arranged loans in New York.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

Before the insurance investigation Louis F. Payne denied the report that he received \$40,000 from a company for allowing it to write its own report of an investigation he had ordered in 1899.

No Case of Pneumonia on Record. We do not know of a single instance where a cough or cold resulted in pneumonia or consumption where Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which causes constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse substitutes offered.

George B. McClelland has been sworn in as a stay of New York City for the next four years. Ancient witchery was believed in by only a few but the true merit of DeWitt's Witch Hazel Salve is known by every one who has used it for boils, sores, tumors, eruptions and piles.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away. Prudent relief and quick cure for liver and stomach troubles. Ask at all drug stores.

NO A. & N. C. INTEREST.

Did Howland Really Ever Have One Dollar In This Property? Asheville Citizen.

It was learned yesterday that Mr. R. S. Howland now has no interest in the Atlantic and North Carolina railway which the Howland Improvement Company leased from the State several years ago for ninety-nine years.

Mr. Howland's interests were sold to Mr. Perry J. Marsden, U. S. Senator Nelson Aldrich and other Rhode Island capitalists connected with the Rhode Island company, which owns practically all the street railways and electric plants in Rhode Island.

These facts were developed yesterday when Mr. Howland's representative was asked about a law suit which has been brought by Mr. R. F. Foster against Mr. Howland for damages for breach of contract. Mr. Foster was freight agent of the Southern at Asheville when Mr. Howland leased the road from Goldsboro to Morehead City and was at once general manager. It is learned that the suit arose out of an alleged breach contract in connection with this employment. Not a great deal of money is involved in the suit, it is said.

Mr. Howland is now devoting much time to his property in Cuba. In Praise of Chamberlain's Cough Remedy. There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and causes nothing injurious. Mr. E. A. Humphrey, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by Davis Pharmacy and F. S.

Gould Steamers to Europe.

New Orleans, Dec. 29.—The recent visit in this city of J. P. Spanier, General European agent for the entire Gould system has given renewed impetus to the story that the Gould's will make either a close alliance with some line operating between New Orleans and Mediterranean ports or operate their own line. The move may have a further significance in view of the early construction of the big government immigration station, General Passenger Agent E. P. Turner of the Texas and Pacific has taken much interest in this project which will assist the road in populating its line from New Orleans to El Paso from among the largely increased number of immigrants who will be sent to New Orleans for general Southern Distribution. It is said that the Texas and Pacific proposes to make further improvements in its general service with special reference to the handling of passenger traffic, industrial enterprises and immigration.

If n-a kind of billious mood, You wish an aid to digest food, No other pill is half so good As DeWitt's Little Early Risers. When e'er you feel impending ill, And need a magic little pill, No other one will fill the bill Like DeWitt's Little Early R is

Clarks.

It is quite wet around here. We have had a good deal of rain lately. Christmas has come and passed. We had a lively time here, but we are glad to say that Christmas passed without any accident. King Alcohol did not give any trouble.

We had a nice Christmas tree for the school, which was greatly appreciated by the little folks as well as the older ones. It was conducted by our very nice teacher, Miss Lottie Wilcox. Many little hearts were made glad by her efforts.

Mrs. A. T. Weatherington and children went to Cove to visit her sister, Mrs. Iпок.

Mr. A. T. Weatherington went to New Bern today on business.

Herbert Eubanks, son of G. I. Eubanks, has been quite sick with pneumonia, but is getting along all right now. Hope he will soon be out again.

Mr. Elijah Eubanks met with an accident yesterday morning, he attempted to open a sliding door to a work shop, by some means it struck him on the mouth cutting his upper lip very badly. He went to New Bern and had it dressed.

Mr. Frank Taylor of Sloop Point is visiting his parents in Clarks.

Mr. Elijah Taylor has moved here. We are glad to have him with us again.

Mr. H. C. McKee is spending Christmas with his family near here.

Mr. J. P. Stewart went to New Bern yesterday on business.

Mr. Phillips and wife are visiting at Thurman this week.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

Ex-Representative H. Kirke Portest, who represented Pittsburg in the last Congress, will make a tour of the world to raise \$1,500,000 for Baptist missions. This money will be used to endow schools in foreign lands.

A Fearful Fate. It is a fearful fate to have to endure the terrible torture of Piles. "I can truthfully say," writes Harry Colson, of Mansfield, Ia., "that for Blind, Bleeding, Itching and Protruding Piles, Chamberlain's Anodyne Salve is the best cure made." Ask your druggist, or send for a free trial.

RALEIGH

State Charters Continue to Be Granted.

Governor Speaks at Charlotte. Involuntary Bankruptcy. Important Criminal Case. Public School Teachers to Form Association. Old Confederate Veteran Buried.

Raleigh, Dec. 29.—Governor Glenn left for Charlotte to be the guest of the Manufacturers Club, and will make two addresses there. He may not return until next Tuesday, Monday being a holiday.

Charters are granted to the Brooks Mercantile Company of Nashville, capital stock \$50,000; the Carolina Drug Company of Washington, \$50,000; the Eagle Furniture and Carpet Company of Lumberton, \$25,000, to manufacture and sell.

An involuntary bankruptcy proceedings has been instituted here in the case of the Quinn Bird Mercantile Company of Mt. Olive. The assets are said to be about \$6,000, the petitions ask for the appointment of a receiver and upon the return of Judge Purnell from Richmond one will be appointed.

Attorneys for Burton Jarrell, the negro convicted of aiding and abetting in the killing of a man named King in Warren county say the appeal is perfected. The case is a very remarkable one. Garfield Hicks, who killed the man was tried for murder in the first degree, but there was a mistrial, the jury standing ten for first degree and two for second degree. Yet Jarrell was convicted and sentenced to twenty-five years. The attorneys say that there is no case like it anywhere in the books in which the principal failed of conviction, which the assistant was convicted.

The teachers of public schools in this county are to meet March 16th and will organize a thorough association, one of the purposes being to look more closely after rural schools. It is very notable that much more attention is being paid to rural schools in many of the counties than ever before.

F. M. Carter, who served in Company G, Second Regiment, N. C. Troops was buried today from the Soldiers Home. He was from Guilford county and had been in the Home only a month.

Doctors Could Not Help Her. "I had kidney trouble for years," writes Mrs. Raymond Connor of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible.

HALF THE WORLD'S COAL OIL. United States Breaks The Record For Petroleum.

Washington, Dec. 28.—The United States supplied more than half of the petroleum produced in the world in 1904. A statement of the world's production of petroleum, prepared by the British Board of Trade, which has just reached the bureau of statistics of the Department of Commerce and Labor, puts the petroleum production of the world in 1904 at 9,303,000,000 gallons, of which 4,916,000,000 gallons were produced in the United States, 3,650,000,000 gallons in Russia, 202,500,000 gallons in Austria, 206,500,000 gallons in Java and Sumatra, 135,000,000 gallons in Romania, 105,500,000 gallons in British India (principally Burma), 49,000,000 gallons in Japan, 20,000,000 gallons in Canada and 18,500,000 gallons in Germany.

The world production for 1904 breaks all records. In 1903, which made the highest record of any year prior to 1904, the total production was but 8,504,000,000, and in 1902 it was 7,588,000,000. The increase in 1903 and 1904 occurs chiefly in the United States. The United States and Russia produce practically nine-tenths of the petroleum of the world.

Water Cure for Constipation. Half a pint of hot water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by Davis Pharmacy.

Though Germany has held Metz for thirty-five years, she is still adding to the strength of its defenses and has built three more great forts commanding the plateau of Gravelotte and Amanvillers.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

Thousands of little ones die every year of croup. Most of them could have been saved by a few doses of Foley's Honey and Tar, and every family with children should keep it in the house. It contains no opiates and is safe and sure. Mrs. George H. Pickett, San Francisco, Cal., writes: "My baby had a dangerous attack of croup and we thought she would choke to death, but one dose of Foley's Honey and Tar relieved her at once after other remedies had failed. We are never without it in the house."

About 100 men were drowned by the sinking upon the rocks of the British bark Fawcett, off Amphitrite Point, B. C.

THE RUSSIAN TROUBLES

Bridge Over Volga River Blown Up. Serious Conditions Throughout The Empire.

The bridge over the Volga at Ivar has been blown up. It is stated the situation in Moscow is growing steadily worse. According to Russian Government advices, the Moscow "rebellion" is under the control of the military, and the strike is expected to be called off soon.

While the strike at Odessa is nearly over, martial law has been proclaimed there. In the fighting at Moscow the non-combatants were the worst sufferers. The Lettish insurgents in the Baltic provinces disabled a bridge and caused a frightful accident to a passenger train.

The situation in Poland, where the strike is spreading, is represented as growing worse. Eight hundred railroad men are said to have been killed or wounded at Rostoff-on-Don by an artillery bombardment.

Revolutionists in the Government of Lomzha stole all the Government funds it is stated, amounting to \$243,000.

Torture of a Preacher. The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased condition of Throat and Lungs. At all druggists; price 50c and \$1.00, guaranteed. Trial bottle free.

WORKMEN BURIED BY WALLS. Weakened By Rains Excavation Caves In Carrying Earth And Men.

Washington, D. C., Dec. 29.—Just after work was started this morning in an excavation for the new Metropolitan Citizens Band building, opposite the Treasury Department, at Fifteenth street, a cave-in occurred and a number of Italian workmen were buried in a pit thirty-five feet deep. Three badly injured were rescued immediately and another shortly after was taken from the pit dead. Further rescue was stopped by the adjacent wall threatening to fall. It is believed four or five men are buried in the bottom of the pit. Last night's rain weakened the wall and upon the resumption of work this morning the shoring gave way at the rear, precipitating several tons of earth and brick on the party wall and end of the blind alley into the excavation.

King of All Cough Medicines. Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. Service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by Davis Pharmacy and F. S. Duffy.

Gigantic Dry Dock Off For Philippines. Annapolis, Md., Dec. 29.—The gigantic dry dock Dewey made an auspicious start this afternoon on its 14,000 mile trip to the Philippine Islands, under the direction of Commander H. H. Hoesley, United States navy. The start was made at 2:05 o'clock, and at 6 the lights on the dock could be seen at a distance of eight or nine miles below Solomon's Island, the starting point. There was no mishap of any kind. Three vessels in tandem are towing the Dewey. Next to the dock is the collier Brutus, then the collier Caesar, and in front is the tug Potomac. Commander Hoesley will have his quarters on the Glacier, the supply boat, which will accompany the dock and its attendants. The huge tow line was dropped over from the Dewey at 11:30 this morning, taken aboard the Brutus and made fast just at noon. Chief Boatswain Philip Mullan, United States navy, had direct control of securing all the towing apparatus, the whole affair being under the control of the signal of Commander Hoesley from the Glacier. A salute was fired from the Sandy Point lighthouse as the Dewey passed, and it was returned from the Glacier.

"FOR KIDNEY TROUBLE AND A WEAK BACK."

"Pe-ru-na Has No Equal."

An Emphatic Endorsement. MR. M. BRODERICK.

Mr. M. Broderick, 435 E. 46th St., Financial Secretary Stable Employees Union, No. 1041, Chicago, Ill., writes:

"I have been suffering from a weak back and kidney trouble for some time and have been able to find relief only through the use of Peru-na. During the winter season I usually keep a bottle of your medicine in the house and by taking a dose at night, I am feeling fine the next morning. Some of my friends assure me that Peru-na is equally as good for their various ailments as it is for my complaint, but I do know that for kidney trouble and suffering from a weak back it has no equal."

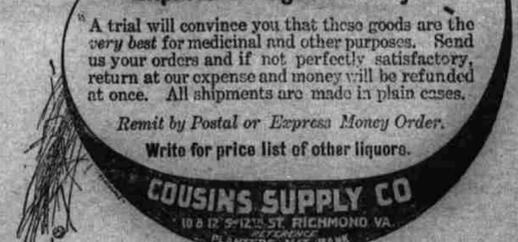

Kidney Trouble is Not Always Recognized as Catarrh—Pe-ru-na Relieves Kidney Disease because it is a Remedy For All Phases of Catarrh. Like catarrh, it pervades the whole system, and counteracts the effects of the disease. A great many people believe that they have been cured of chronic Bright's Disease by the use of Peru-na. It is certainly true that in the earlier stages of Bright's Disease, Peru-na is an effective remedy. Numerous testimonials on this point establish the fact beyond all doubt. Mr. Otto A. Fleisner, American epicurean, formerly Chief to Col. W. J. Cody, 1112 Sixth Ave., Seattle, Wash., writes: "I suffered with kidney and bladder trouble until life did not seem worth living. I had tried many medicines, but did not get any relief until I took Peru-na. It was really wonderful how much better I was after I used this medicine only a week. At the end of six months I found to my relief that I had rid my system of all poisons and I was cured to stay cured."

Now, Bright's Disease is thought by many the world over to be a phase of catarrhal inflammation. To relieve Bright's Disease something must be used that has the power to relieve catarrh. Any medicine that is a remedy for catarrh of one organ is obviously a medicine for catarrh of any other organ. Peru-na is an internal, systemic catarrh remedy.

Express Charges Paid By Us. A trial will convince you that these goods are the very best for medicinal and other purposes. Send us your orders and if not perfectly satisfactory, return at our expense and money will be refunded at once. All shipments are made in plain cases. Remit by Postal or Express Money Order. Write for price list of other liquors. COUSINS SUPPLY CO. 108 & 112 S. 12th St. RICHMOND, VA. PLANTERS' NAT. BANK.

Daniels & Hahn Sale and Exchange Stables
