BARELY ESCAPED DEATH

Delivery Boy for Coast Line Market Has A Narrow Escape.

Master Howard Simpson, the delivery boy for the Coast Line Market came near climbing the golden stairs by the aid of an A. & N. C. locomotive last evening. As the mail train approached Broad street, going South, the boy went down the street from the vicinity of the market, the boy stepped for an instant on the near side of the railroad track, and then crossed the track right in front of the train. The cart had not passed quite far enough along to escape the tender, which pushed it along sideways on the ground for three or four inches, but not damaging it at all.

The boy frightened almost to death, leaped to the ground and ran to the mule's head and tried to lead the animal away but it is said that the beast assumed its prerogative and balked, after some persuasion it moved on, probably not aware of its close call.

The incident is one more instance of the great propriety in having gates at the crossings. Is it necessary for some one to be killed before these safeguards are instituted? or may we look for them in the near future? True, the boy may have been careless but there may come a time when carelessness can not be charged except on the part of the railroad itself. For the sake of protecting itself against expensive litigation the gates ought to be established.

Alleged Violation of Revenue Laws

Upon complaint of L. Kilpatrick, Deputy Collector of Internal Revenue, C. H. Willis, white, living at Vanceboro, was on February 15 charged with selling spirituous liquors without having paid the special government tax as required by section 3452 revised statutes.

Willis was brought to New Bern by Deputy Marshal Ward and taken before U. S. Commissioner Hill for preliminary examination. After hearing the evidence he was judged as probably guilty and required to furnish a justified bond of \$200 for appearance for trial at the next term of the United States court, which he gave.

BLACKBURN'S INDICTMENTS.

North Carolina Congressman Denied Every Charge.

Country. Must Have Navy or Leave Pacific. Democrats Hopeful Over Carrying Fall Elections. Pure Food Bill Carried By Large Majority.

Washington, Feb. 21.—Representative Blackburn tonight authorized a denial in two of the charges contained in the indictments returned against him today at Asheville, N. C., alleging that he practiced before the Treasury Department and received fees for such services in violation of law. Mr. Blackburn declared that he has not committed any offense. He declined to answer specifically the charges tonight but will make a statement tomorrow.

Chairman Hull, of the military affairs committee in presenting the army appropriation bill to the House today, urged the necessity of complete preparedness as to our army and navy for trouble in the Orient. He declared that any nation not prepared to defend its position in China might as well haul down its flag and quit the Pacific.

Democrats of the House have not in years been so hopeful of carrying the country as they are now of being able to return a majority to the House as the result of the elections this fall. Closest students of the latest available data have been taking much comfort out of the figures of the last elections, to say nothing of the lack of the old-time clan and cohesion of the majority in both branches of Congress.

After 15 years of more or less serious consideration of the subject, the Senate today passed a pure food bill, by the decisive vote of 68 to 4. The vote was taken after a day devoted almost exclusively to debate of a desultory character on the measure. Several efforts were made to amend the bill and the committee accepted a number of suggestions, but only those thus accepted were incorporated in the bill as passed. The bill makes it a misdemeanor to manufacture or sell adulterated or misbranded foods, drugs, medicines or liquors in the District of Columbia, the Territories and the insular possessions of the United States, and prohibits the shipment of goods from one State to another or to a foreign country. It also prohibits the receipt of such goods. Punishment by a fine \$500 or by imprisonment for one year, or both, is prescribed.

WHAT IS CATARRH

F. S. Duffy Guarantees a Cure by Hyomei or Will Refund the Money.

Until very recent years, it was thought that catarrh was a disease of the blood, but now modern science has proved that catarrh is a germ disease, and can be cured only by a treatment that will kill the germ and heal the mucous membrane of the nose and throat.

Therefore, when you have catarrh, you can readily see that if you want to cure it, you should use Hyomei, which mediates the air you breathe, thus killing the catarrhal germs and healing the smarting and raw membrane of the passage through the nose and throat.

The complete Hyomei outfit, consisting of an inhaler, a bottle of Hyomei, and a medicine dropper, costs only \$1, while extra bottles can be obtained for 50 cents.

F. S. Duffy has sold a great many Hyomei outfits, and the more he sells, the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

A Small Blaze

A spark from a passing steamboat set fire to a shed at the Broadus & Ives mill yesterday morning shortly after nine o'clock and started a blaze. The fire department was called out but the employees had extinguished it before fire wagons got there. Had the fire gained a headway, the strong north wind blowing at the time would have caused a terrible destruction by the flames. It was indeed a fortunate deliverance. The damage was small.

BUSY WITH CASES

Attorney General Gilmer Has A. & N. Under Consideration.

Governor Greatly Pleased With New Bern And Wilmington, Negro Shootist Arrested. Judge Womack Must Remain in Hospital. Important Marriage And Reception.

Raleigh, Feb. 21.—Attorney General Gilmer has been occupied with the cases on appeal in the Supreme Court from the third district, notably that of the State and the city of New Bern against the Atlantic & North Carolina Railroad for the violation of an ordinance obtaining in the town of New Bern, and based upon a contract entered into between the town of New Bern and the railroad as named. The lease of the road, with reference to the shifting of cars upon and about Hancock street, held that violation had been committed against the terms of the agreement and against an ordinance as well. The case was appealed to the Supreme court, having been tried at the October term of 1905. Another case is that of the State versus Davis, from Pitt county, in the matter of an assault under the statute by the pointing of a pistol. There was conviction in Pitt county Superior court.

Governor Glenn is more than enthusiastic and is deeply appreciative of the reception accorded him both at New Bern and Wilmington as well as by the people he met enroute. The governor is more and more of the opinion that North Carolinians are the real salt of the earth. The governor is looking forward with much pleasure to his trip to Southern Pines where he will on February 24th deliver the principal address before the "Blue and the Gray." He has requested that his personal staff will attend him in full uniform. The aldermen of Fayetteville have petitioned Governor Glenn asking his good offices to the end that the National Government will co-operate with North Carolina in special work along the Cape Fear River in order that the fish may come up the Cape Fear as well as into the Albemarle waters. Governor Glenn has laid the matter before the North Carolina Board of Geological Survey and they hope to be able to effect such measures.

Ben Williams, Jr., the railroad shot who, on Monday afternoon shot and killed Alex Clark, another negro, in Raleigh, and who, even while under the influence of whiskey made his escape, was this morning arrested at Hamlet, by chief of police J. H. Spencer, of that place, who wired chief Mullins of the Raleigh Department for instructions. The Raleigh chief sent an officer on an early morning train over the Seaboard and Williams was brought here where he was committed to prison.

His friends over the State will regret to know that the condition of Judge T. B. Womack is such that he will be detained at the hospital for two or three weeks longer.

The Catholic church in Raleigh, was the scene this morning of the marriage of Miss Annie M. Dugli, the young daughter of Mr. A. Dugli, and Mr. J. D. Maag, a promising young business man of Baltimore, and son of Mr. and Mrs. Augustus Maag of that city. A reception that was markedly brilliant in all of its appointments as well as one of the most largely attended given in the city of Raleigh was tendered by Mr. Dugli who is one of the southern caterers of the distinguished note, tonight at his home on Saunders Street. The young bride was the recipient of almost countless presents, these being an expression to her, not only of personal esteem but also an evidence of the universal popularity of her father throughout several southern states.

HONORED BY VIRGINIA

Attorney General North Carolina Retail Grocers Association.

Convocation of Charlotte. College Committee to Definitely Locate Site for Methodist. Mental Anguish Cases Against Western Union Telegraph. Elks Have Banquet.

ROYAL BAKING POWDER CO., NEW YORK.

Greenboro, Feb. 21.—Mr. Norman Johnson, Attorney General of the North Carolina Retail Merchants Association was here last night, returning to Raleigh from a visit to the Virginia State Mercantile Association in session at Roanoke. Mr. Johnson was very much surprised, and pardonably proud of the honor done him by the Association of Virginia. Without a thought of such a thing he was unanimously chosen as the Attorney General of the Association of that State.

The Convocation of Charlotte, of which Rev. E. A. Osborn, is Dean will hold its regular quarterly session in St. Barnabas Episcopal church, Greensboro, beginning Thursday March 13.

The College Committee of the Protestant Methodist church of North Carolina will hold a meeting on February 25, in the Directors room of the Greensboro Loan & Trust Company building, for the purpose of definitely fixing a location for the proposed college for that denomination. Three years ago a site in Greensboro was decided upon and the property purchased near Pomona, but when the Railroad built its new shifting tracks nearby it was sold at a big advance and another site purchased in South Greensboro. In the meantime the work of raising an endowment fund has been prosecuted and contributions toward the building fund secured. At the recent session of the annual conference at High Point, this thriving city took up the question of locating the college there and made such liberal offers, the committee was appointed to consider the matter of changing the proposed location from Greensboro to High Point.

All of Monday was taken up in the Superior court here trying a damage suit for mental anguish against the Western Union Telegraph Company for failure to deliver a telegram announcing the death of her mother to Miss Hannah Burrough of Greensboro. She sued for \$2,000 and the jury gave her \$200. Yesterday a singular case was tried for her brother John Burroughs of Reidsville, and he got \$50. The court is today trying still another case for a sister, Miss Rosana Burroughs of High Point. It is remarkable that telegrams sent to three different people, in three different places should all have been delayed in delivery.

The Elks gave their annual banquet last night from nine to one o'clock and it was a distinctly swell affair. It was at the Cleggs Hotel, Proprietor Clegg himself one of the most ardent of Elks, giving it his best attention and skill. Covers were laid for 150 of whom forty five were guests. The committee of arrangements consisted of D. H. Collins, Chairman; J. J. Kaufman and A. R. Perkins and to them were accorded unstinted compliment for their excellent work. The menu card was in the royal purple colors of the Elks with an elks head handsomely embossed in gilt and silver on the front.

CURES WORST CASES OF CATARRH.

F. S. Duffy Sells Hyomei Under Guarantee That It Costs Nothing Unless It Cures.

Hyomei cures the worst cases of catarrh simply by breathing the remedy through the pocket inhaler that comes with every outfit.

Stomach drugging often causes disordered digestion, and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose, but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the catarrhal germs in the blood.

The complete Hyomei outfit, consisting of a vest-pocket inhaler and medicine dropper, and a bottle of Hyomei, costs only \$1. If this does not effect a complete cure, extra bottles can be obtained for 50 cents.

F. S. Duffy knows of many people who have been cured of catarrh by Hyomei. He believes in it so thoroughly himself that he offers to refund the money in case it does not cure.
