**A GROWING BUSINESS**

J. J. Baxter Will Divide Dry Goods and Clothing Stock to Make More Room For Beth.

As was announced in the Thursday Journal, Mr. J. J. Baxter is making preparations for a more extensive trade which he has been acquiring little by little. He has by dint of hard work established an enviable reputation as a merchant. His latest innovation is to remove his dry goods department to the E. K. Bishop store 97 Middle street where he has conducted his millinery department for two seasons. The store has recently had an addition making the store double its length which is now 100 feet. It has also been thoroughly overhauled and put in first class condition. Handsome plate glass fronts will be put in this week. The stock will be put in and the business commenced Thursday March 1. The store will contain everything in the dry goods and notion line. Mr. C. E. Wetherington will be the manager of this store. The millinery will be conducted by Miss Annie Hardison. Both of these departments will profit by this change.

The present store at 29 Middle street will be devoted exclusively to shoes for both ladies and gentlemen; and cloth and furnishing goods for men. The entire store being used for this purpose gives the proprietor more opportunity for enlarging his stock of goods in both of these branches of trade. Mr. Baxter's success as a merchant in these goods warrants this enlargement and the public may be assured that anything fashionable in either of these lines Mr. Baxter is sure to have.

In the clothing department he handles the B. Kuppenheimer and the Schloss Bros. makes of clothes. Each of these concerns are reliable clothing makers and any suit that bears their trademark is bound to please. In the shoe trade they handle the Stacy Adams Louis A. Crossett, W. L. Douglas and Ralston Health shoe for men. For the ladies the high grade Queen Quality and E. P. Reed shoes.

Mr. Baxter began business eleven years ago when the dimensions of his present store were only 22 by 50. He has gained his present position in the commercial world by strict attention to business and the square deal. His rise is well earned and his friends congratulate him on his enterprise.

**RESOLUTIONS AND PROTESTS.**

Recorded by New Bern Branch Amalgamated Horse and Mule Association in Meeting

The new and commodious Equine establishment of Daniels & Hahn on Craven street was last night the scene of a large and enthusiastic gathering. The occasion was the annual meeting of the New Bern Branch of the Amalgamated Horse and Mule Association of North Carolina.

A number of distinguished visitors from other sections of the country were present, transportation having been kindly furnished by Messrs Daniels & Hahn, C. H. Duggan & Co., J. A. Jones, J. M. Arnold and other. (see their adverts.)

At a few minutes past twelve o'clock the night watchman having turned in for much needed rest and sleep, the meeting was called to order by Old Jim, the fire horse, permanent chairman.

Owing to the lateness of the hour a detailed report of the proceedings cannot be given. Enough, however, is printed to show that the A. H. & M. Association is a live organization, and thoroughly awake to its own interests, as evinced by a lively discussion of public affairs.

The Transfer-drivers' Racing Association, through one of its members, complained of a growing public disregard of its privileges. On motion the Board of Aldermen was requested to set apart Middle street, for its entire length, for racing purposes, and to keep all traffic and vehicle of every kind, except transfers, off of it for one half hour before and after the arrival of the trains from the West and South. Carried.

A mule then got on his hind legs and said he wanted to register a kick against these here "devil wagons." He offered the following resolution: "Resolved that it is the sense of this meeting that no more big touring cars should be purchased for use in New Bern, we being not only scared half to death by em, but having to haul 'em back to town when they break down out in the country—thus adding insult to injury." Adopted unanimously.

On motion of a grocer's delivery horse a vote of thanks was "tendered to the ladies of the Department of City Improvement of the Woman's Club for their philanthropic efforts in causing so many young and tender trees to be planted along the streets, thus providing us with succulent and toothsome provender while waiting for our drivers to finish their flirtations with the cooks and housemaids." Carried amid great applause.

On motion: "Resolved, that we point with pride to the continued scarcity of hitching posts, but view with alarm the growth of the pernicious habit of enclosing young trees in wooden or metal boxes, thereby greatly curtailing the privileges which we have hitherto enjoyed without restraint." Adjourned.

**FRIENDS TELL FRIENDS— "NOTHING LIKE PE-RU-NA."**

PE-RU-NA'S POPULARITY IS IN NO SMALL MEASURE DUE TO THE GENEROUS PRAISE GIVEN IT BY GRATEFUL PEOPLE.

Tells Every One About Pe-Ru-na. Mrs. R. T. Fennessey, Bound Brook, N. J., writes: "I have taken Pe-Ru-na and find it a very good medicine. After I took one bottle of Pe-Ru-na, I was cured of my cold. I cannot help telling every one I know about Pe-Ru-na and asking them to try it. I would like every one to know of the good Pe-Ru-na does."

Recommended Pe-Ru-na to Many. Mrs. J. M. Horton, 225 S. 15th street, Birmingham, Ala., writes: "I had a severe attack of la grippe. After taking the third bottle of Pe-Ru-na I was fully restored to health. I have recommended it to many."

A Neighbor Advised Pe-Ru-na. Mrs. John Haynes, 307 E. Main St., Columbus, Ohio, writes: "For over two years I suffered with headaches and severe pains in my head, and all these two years my friends would say, 'Why don't you take Pe-Ru-na?' 'Finally one of my neighbors just insisted on my taking it. I tried it and before I had taken one-fourth of a bottle my headaches were gone. I am never without Pe-Ru-na. I advise every one to take Pe-Ru-na."

Spreading the Good News. Prof. J. Iverson, dealer in musical merchandise, box 813, Cumberland, Md., writes: "It is now five months since my wife began taking Pe-Ru-na and from the first day improvement has been going on noticeably. She is now in good health. We never tire of making this fact known to our many friends."

A Friend Had Used Pe-Ru-na. Mr. Henry L. Goodwin, portrait artist, 88 Gove street, E. Boston, Mass., writes: "For three years I have been suffering from a general rundown condition of the system. I tried many remedies. A friend of mine advised me to use Pe-Ru-na, as it had benefited him. After taking two bottles I felt better. Now I am in the best of health."

**A Menace to Health.**

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities and strengthens and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. For sale by Davis' Pharmacy.

**Common Colds are the Cause of Many Serious Diseases.**

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by Davis' Pharmacy and F. S. Duffy.

**Here is a Fact**

That cannot be impressed too strongly upon watch owners. This is it—A watch should receive the attention of our repair department at least once a year.

There may appear to be nothing particularly wrong with it, still a cleaning and an overhauling at least once a year would lengthen the life of a watch wonderfully.

It is asking too much of a watch to expect it to keep true to its duties if it is hampered more and more by slowly accumulating dust and dirt.

Besides this taxes the delicate mechanism to excess, and certainly shortens the life of a watch. A cleaning and a little oil in the right places will work wonders.
