TREAT ALL ALIKE

There Should be No Class Legislation in Ordering the Muzzling of Dogs

A few days ago Mr. Claud S. Chamberlain of Kinston purchased a St. Bernard dog in this city and took it home. Saturday the brute attacked him and bit him on the face. He sustained very painful if not serious injuries. He was petting the animal when it caught at Mr. Chamberlain's head and made a wound that he will very likely carry a 1 through life and perhaps may suffer very serious results.

One of this breed of dogs attacked a muzzled bull dog on the street Monday and very nearly killed it. The bull dog is a pet of Miss Mary Bryan and it has always been a highly respected member of dogdom.

The point is just this, if one dog is obliged to wear a muzzle why not all and for the protection of humanity why not put muzzles on them all? New Bern has recently had a bad experience with dogs and it ought to be a lesson but there should be no class legislation. The big, unwieldy St. Bernards are just as apt to run amuck as the smaller but more active dogs and the attention of the city aldermen is called to this fact and to make a law accordingly and when its made have it enforced.

COLORED CHURCH DESTROYED

The Cedar Grove Missionary Baptist Church in Ashes.

About half past four o'clock yesterday afternoon the Cedar Grove Missionary Baptist Church, colored, on Cypress Street, was entirely destroyed by fire. There was a revival meeting in progress in the church and it is believed that a spark from the chimney lodged on the roof, which was rapidly fanned into a blaze that sealed the doom of the building. A stiff breeze was blowing and the flames gained a headway that the firemen were unable to control. Their efforts were mostly bent upon saving the houses opposite to the burning building and had very hard work to save them; they were successful however and had poor water pressure to contend with. They are entitled to great credit for their efficient work.

The sixth ward hose reel company, which is composed of colored men, did quick and effective work in preventing the neighboring houses from catching the blaze. They were enabled to get to work before the Atlantic and Butlers reached the scene.

The building had but recently been repaired and the members and congregation had gone to considerable expense; the loss, consequently comes very heavy upon them. The loss is estimated at \$2,000, the insurance at \$1,000. Rev. A. L. E. Weeks is pastor of the church.
