Wire Crass.

Feby 23.

Rev. J. R. Jennett. who is teaching school at Venolia, spent Saturday and Sunday with his family.

Mr. Louis French continues very ill, there seems little chance for recovery.

Mr. D. A. Langdale will leave today by way of Beaufort for New Bern on business for a few days.

The Sunday School at Tuttles Grove has been changed from 3 p m to 10 a m. We are pleased to note that much interest is being manifested since the change.

Miss May Hellen has closed the public school and opened a private one at Wire Crass Academy.

Mr. C. B. Davenport of Russell's Creek and Misses Janie Lewis Lewis and Helen Russell of Beaufort were visitors at our Sunday School Sunday morning.

Mr. Nathan Farrell on "St. Elmo Farm" is among the first of our farmers to get in his Irish potato crop, others are getting ready to plant.

The Vandeiner, Capt. Dickinson, will sail from Norrris and Sanders mill and gin this week with a cargo of cotton and cotton seed brand.

A Guaranteed Cure For Piles

Itching, Blind, Bleeding, Protruding, Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to curein 6 to 14 days. 50c.

Capitalists go to Beaufort.

Saturday a special train containing a party of the members of the delegation from Rhode Island who were in Raleigh to deliver the Confederate battle flag went to Morehead City and from there they went to Beaufort. In the party were Chief Justice Douglas, of Rhode Island who was provost marshal at Beaufort during the war, Marsdan J. Perry, president of the Union Trust Co., Providence, R. I., and president of the A. & N. C. Co.; J. E. Studdy a banker, A. H. Watson, a manufacturer and George I. Shepley, a capitalist all of Rhode Island and a number of the officials of the Norfolk and Southern and Atlantic and North Carolina rail way companies.

They were much interested in the improvements contemplated and those in progress at Beaufort and expressed great hope for the little city by the sea.

Merchants Notice!

Schr. Ida G. Farren will take cargo from Baltimore here, leaving Baltimore during the coming week.

C. C. PAUL & Co., Brokers.

I give coupons with each order guaranteeing count, and offering special inducements to all purchasers.

E. L. CUMMING,
Maggetts, N. C.

A NEW BERNIAN HONORED.

Mr. Charles W. Roberts Tendered Banquet By Employers at Wilmington, Del.

Mr. Charles W. Roberts, a former citizen of New Bern, and for several years superintendent of the large dry goods establishment of Crosby & Hill, Wilmington, Del., was the guest of honor at a pleasant occasion a few days ago, given by his employers on the eve of his departure for Nyack, on the Hudson, N. Y., to engage in the manufacturing business. Mr. Roberts had for several years been connected with the firm and had won the respect and esteem of all who knew him. He will be interested in the manufacture of aprons, having established a factory at Nyack and he is also is part owner of another similar industry.

A pleasant feature of the occasion mentioned which was a banquet, was the presentation of a generous check by his former employers and words of cheer and congratulation from different associates in business.

Mr. Roberts is brother-in-law of our townsman, J. J. Baxter, and was salesman in E. B. Hackburn's store.

Wanted---a Fire Alarm to Strike

The Journal has repeatedly called the attention of the public to the poor fire alarm system of this city, and the fire of Wednesday afternoon at the colored church only proves the poor service that is being rendered. An attempt was made to send in an alarm at the corner of George and Cypress, a distance of two hundred yards from the fire, but the alarm failed to sound, so a messenger was hurried to the corner of New and George to turn the alarm in. In substantiation of this statement we give this: one of the fire horses was up on George street near the cemetery when the fire broke out; the driver drove his horse down to Broad street, where he stopped and unhitched him from the wagon, and then came on to the engine house and hooked up to the hose cart and was out to the postoffice corner when the alarm sounded. This is the second time that an alarm has failed to sound from this box within the last few weeks.

Members of the French Chambers of Deputies are opposing the extension of fortifications along the German frontier.

Beaufort

March 3rd.

Quite a little excitement occurred here today.

Mr. J. N. Porter and wife and Mr. E B Wright and wife from Brooklyn, N. Y., are stopping at the Davis House for a few days. The two men are in search of a good hunting and were directed to come here to find it. This morning they left early in a small duck boat. which was surrounded with a high grass blind, for a point in the harbor near the bird shoal. After a long wait a couple of fishing ducks came along and such excitement prevailed in the small unsteady blind that it capsized. A darkey clamming nearby heard their shouts and went to the rescue. He says they were wildly kicking and churning the water, no doubt supposing it being fathoms deep underneath, when in fact top boot was all needed to get ashore. They offered a reward of $10 for the recovery of their guns, which was promptly claimed and paid to a darkey who used a pair of oyster tongs handily.

There was a theft here a few nights out of one of the stores of 17 quarts of whiskey, and this is a "dry town."

The Mormons on Harkers Island are in trouble again. About a month ago their church was burned to the ground by incendiaries. A few nights ago their house of worship was burned again.

In every clime its colors are unfurled
Its fame has spread from sea to sea;
Be not surprised if in the other world,
You hear of Rocky Mountain Tea.
—For sale by F. S. Duffy.

Sarah Louise Disabled.

The steamer Sarah Louise struck a sunken log in Neuse river, three miles above Kinston, Friday, and a hole was stove in her side which caused her to sink within ten minutes. The captain was enabled to steer the boat to shallow water and consequently the work of raising her was not so difficult as it would have been in the channel.

The hole was temporarily filled up and covered with canvass. The boat was repaired at Kinston Saturday and yesterday morning and was taken to the Meadows ship yard for permanent repairs.

SHORT PASSING EVENTS.

Rev. R. E. Knowles will preach at the Presbyterian church on Sunday morning instead of at the evening service as announced at prayer meeting. Rev. J. G. Garth will preach at 7:30 p. m. All are cordially invited.

Songs that reach the heart, witticism that will bring smiles, comedy that will cause laughter and sensational climaxes that will thrill all who witness the startliug situations contained in "A Jolly American Tramp," are promised when the comedy plays at New Masonic Opera House tonight.

There will be a shadow party at the Thurman hall Friday, March 9. The occasion will be enjoyable and plenty of features will be introduced to entertain. Proceeds for the benefit the Thurman band. Music will be furnished by the New Bern Knights of Pythias and the Thurman bands.

Insurance Commissioner, James R. Young has revoked the license of the Knights of Gideon, a colored secret insurance order.

Prince George VII, New Bern's false prophet has broken loose again and predicts dire disaster. He warns all to "put their houses in order for something dreadful is going to happen." He does not state how or when.

Chief Dawson was around the city yesterday making a change at the fire alarm boxes. The keys are no longer left in the box doors, but are placed in a box with glass front alongside the fire alarm box. The change is made to prevent as far as possible, sending in false alarms of fire by children, or irresponsible parties.

Two fire alarms were sounded yesterday. The first was sent in from box 34 at the corner of George and New streets at 12:30 p. m., and was false. The second one was from box 42 near Elm City mill and happened to be a small blaze in a lumber pile on the Eubanks property at the foot of Metcalf street which was easily put out.

One extra passenger coach and the parlor car Vance was added to the regular train yesterday morning to carry the citizens and veterans of Beaufort to witness the return of the Confederate flag returned from Rhode Island.

Mr. F. M. Hahn has sold his interest in the Daniels-Hahn Horse and Mule Co., to Mr. L. G. Daniels, who assumes charge of the livery stable on Craven street.

The special train to Wilson next Wednesday will afford an excellent opportunity to people to go to Goldsboro or to Wilson. The fare for the full return trip will be only $2 25. Persons outside of the order wishing to go will please notify J. B. Dawson.

Attention is called to the monthly report of the city treasurer to be found on the second page of this issue.

The little four-year-old daughter of W. R. Williams of Elizabeth City has mysteriously disappeared and a fate similar to that of the little son of Senator Beasly who was kidnapped last summer is feared. Bloodhounds and searching parties are out in all directions but no trace of the little girl has been found.

It is desired of every Knight of Pythias that he be at the lodge tonight at 7:30 sharp. Work in all three degrees and other business of great importance will be transacted.

A new barber shop has been established in the store building adjoining the Hazelton hotel. Tony Monaco, recently of Norfolk, is the proprietor.

In view of much criticism of the new A. & N. C. depot at Kinston, the company have decided to change the plans and make it larger.

A fire in the Loftin building at Kinston Sunday night did about $4,000 damage.

The Village Improvement of the Woman's Club will meet this afternoon at 3.30 at the Elks Club rooms,

Your stomach churns and digests the food you eat and if foul, or torpid, or out of order, your whole system suffers from blood poison. Hollister's Rocky Mountain Tea keeps you well. 35 cents Tea or Tablets. For sale by F. S. Duffy.

Trinity College Glee Club

An evening of rare entertainment was furnished at the opera house last night by the Trinity College Glee Club and Orchestra. A fair sized audience greeted the boys and they enjoyed the concert immensely. There was scarcely a number rendered but that an encore was demanded.

As singers in chorus the young gentlemen have smooth harmonious and resonant voices which makes it a pleasure to listen to them; it matters not what the quality of the music is they handled it admirably. Solos and quartetts were rendered in the same enjoyable manner. The orchestra was exceptionally fine and they have a splendid attraction in that one feature. The violen solo by Kimbrough Jones, Jr., was a piece by an artist.

The Glee Club is on its fourth annual tour and they have made many friends for themselves as well as the college which they represent. New Bern will always extend a warm welcome toward them.

Hand Mashed In Machinery

Stanley Moore, colored, caught his left hand in the cogs of the machinery at Broaddus & Ives mill at Cool Spring yesterday and three fingers were badly mashed. He was brought to the city and taken to Dr. J. W. Duguid's office where the wounds were dressed. The first finger was amputated. It is thought the other two can be saved.

A New X-Ray Machine.

Dr. J. W. Duguid has equipped his office with a new x-ray machine which has great power. It is known as Hoffmans High Speed Static machine and beside the x-ray is adopted for ultra violet ray high frequency and static applications. It is made in Clinton, New York. The machine is regarded by the profession to be the one from which the best results can be obtained.

The progress of medical science has made one of these machines almost indispensable in a doctors practice. With it Dr. Duguid will be helped in diagnoses of mysterious or complicated diseases and it will be of great benefit to him.

A Good Soil Food.

A beautiful specimen of the printers art was received at the Journal office yesterday heralding the virtues of German Kali fertilizer for orange culture. It is issued by the German Kali works of New York, and gives a simple and interesting story of the advantage of fertilizer and what its use will result in when properly applied. German Kali is widely used by farmers in this section and they can attest its excellence. While perhaps the climate here is too severe for orange it is well for those interested to know that this fertilizer is adaptable to everything that grows.

Death of T. A. Messick

Mr. Thomas A. Messick, sawyer in the Munger & Bennett mill in James City died suddenly in the street there Friday evening. He had just returned from New Bern and was apparently in good health and had no warning of any such sudden visitation. Two men who were near by went to help. saw that life was fast passing. Dr, Jones was called but was unable to render any assistance. He was 62 years of age, and was a native of Snow Hill, Maryland. He is survived by his wife, two sons, and two daughters, and a number of grandchildren. He had been a resident of New Bern more than eight years.

Funeral services will be held in the Centenary church this afternoon at 4.15 o'clock. Rev. W. A. Ayers will officiate. Interment will be made in Cedar Grove cemetery.

BESSIE GASKIN, Secty.

BALANCE OF STOCK SOLD

The Elks Temple Project Has Received a New Impetus to Action

Saturday a deal was transacted between the treasurer of the Elks Building Fund and Mr. James B. Blades whereby the latter purchased all the outstanding stock which has been held by the lodge for the purpose of raising funds for a new lodge building. Some over 300 shares had been disposed of already and Mr. Blades' portion therefore was about 150 shares at $100 per share.

This puts the Elks in a position to see their way to the building of their temple. They plan to have a four story structure which will be imposing as can be made, occupying the most prominent place in the city. No definite plans have been adopted and of course the process of accepting plans, the advertising for bids and preliminary matters will take time to transact but it is hoped that actual work will commence on the bilding within six months The building and site will cost $50,000.

Simpson Plant Destroyed

The large turpentine distilling plant of the Simpson Manufacturing Co., located near Riverdale was destroyed by fire early Sunday morning. The plant was for the manufacture of turpentine, paint and kindred products of pine. It had been in operation but a short time but was enjoying an excellent business, the plant being worked to its greatest capacity.

Mr. C. W. Billinger was manager and through his energy the place had been equipped, the most approved machinery and methods. The loss is stated to be between $8,000 and $10,000; no insurance.

The origin of the fire is unknown. The manager stated that at 12 o'clock Saturday night a thorough examination of the premises was made and there was no sign of any fire or smoke. Two hours later the entire plant was a mass of flames and was very quickly destroyed. He will build again and will proceed on the same lines that he adopted with the first plant.

TRADE MARK F.S.R. REGISTERED

have been the standard Cotton and Tobacco guanos in the South—because great care is used in the selection of materials.

Ask your dealer for **Royster's** goods and don't take substitutes said to be just as good. See that the trade-mark is on every bag.

F. S. ROYSTER GUANO CO., Norfolk, Va.

The New Bern Cotton Oil & Fertilizer Mills

CRAVEN COTTON GUANO
8-2-2.
We have large trade on this brand, it has given general satisfaction to those who use this grade. It makes any crop that stable manure makes and will be found much cheaper.

JONES COUNTY PREMIUM CROP GROWER
8-2½-3.
Great crop producer. Permanent soil enricher.

ONSLOW FARMERS RELIANCE GUANO
8-2½-3.
Good all round Fertilizer used largely for cotton and corn.

FOY'S HIGH GRADE FERTILIZER
8-3-3.
Excellent Fertilizer, carefully prepared from best material we can procure for this grade goods. We confidently recommend it. More profitable for farmers to use high grade Fertilizer on general staple crops, cotton, corn, etc., than to use low grades. All who use this brand speak in highest terms of it.

GREENE COUNTY STANDARD FERTILIZER
8-2-2.
Is a standard 8-2-2 grade. Once used its reputation will sell it again.

LENOIR BRIGHT LEAF TOBACCO GROWER
8-3-3.
For tobacco, more important to have pure Fertilizer than any other crop. Many materials might give required analysis but would spot or injure texture. We are very particular in manufacture of these goods. Potash contained in our Tobacco Guano is obtained exclusively from High-Grade Sulphate of Potash, free from chlorine, an element specially injurious to Tobacco plant.

PAMLICO ELECTRIC TOP DRESSER
5-10-2½.
The highest grade ammoniated goods we make. Used largely by Truckers for side dressing vegetable crops. Use Electric Top Dresser for sidedressing cabbage.

CARTERET BONE AND POTASH
10-0-2.
Prepared with especial view to use upon lands not deficient in Ammonia. Is made of excellent material, a splendid article of Bone and Potash.

FOURTEEN PER CENT. ACID PHOSPHATE
14-0-0.
Standard goods, well known to the trade.

GENUINE GERMAN KANIT
K-0-0.
Guaranteed to contain 12 per cent Potash.

IVES' IRISH POTATO GUANO.
7-5-7.
Carefully prepared for raising Irish Potatoes, and root crops generally. Contains Available Phosphoric Acid, Ammonia and Potash, derived from materials specially adapted to growth of Irish Potatoe crop, in right proportions for soil and climate. We believe it is finest Potatoe Fertilizer on market.

DUNN'S STANDARD TRUCK GROWER
7-7-7.
This Fertilizer compounded from best agricultural chemicals known to trade. Prepared for truckers, who need quick, powerful Fertilizer, has been used with splendid results on cotton crop as side dresser about the latter part June or first July.
