SHORT PASSING EVENTS.

The new store building on South Front street being erected by Mr. J. J. Wolfenden is rapidly approaching completion. Handsome plate-glass windows have been put in and the interior is being finished. S. G. Roberts will occupy the store with his wholesale grocery stock.

The barrel of money which the DePew Burdette Co. will give away at their show Saturday night is on exhibition in Simmons & Hollowell's window.

The writer was shown a curiosity Tuesday in the way of a potato. In shape the tuber greatly resembled a duck, head, bill, body and all. The potato was found in a lot purchased by Cornelius Green, who by a few touches here and there, the insertion of two pins for eyes had completed the model.

The large three story water mill of Maj. H. F. Brown in the Tuckahoe section of Jones county, was burned Monday night. The mill was the largest and most valuable in this end of the State. The fire is supposed to have been of incendiary origin.

The catch of shad and herrings was reported by some of the local fishermen to be a little larger Tuesday. The prices still range very high, roe shad being sold at seventy-five cents each while herrings are offered four on the bunch for twenty-five cents.

Melvin is the name of a new post-office located between Havelock and Newport.

The Tidewater railway is to build a new passenger station in Norfolk which will cost \$500,000. There is a growing sentiment among business and traveling men of that city in favor of a Union Station and an active movement to that end will soon be made.

An Associated Press dispatch appeared in the morning papers yesterday telling of a wonderful merger of railroad interests in which nearly all the roads in this section, both real and apparent are involved and representing a valuation of the enormous sum of \$50,000,000. The deal was undoubtedly made, but the news itself was so full of errors as a cheese is full of holes. The papers of Norfolk, the home of the story say but little of the transaction.

This is the last day in which plants may be secured at reduced rates from the Woman's Club. Those who desire nice flowering plants may secure such today. Call at the Journal office, at Bradham's or Davis' Pharmacies and make a selection from a large variety.

The Joys of Motherhood.

Yesterday was stormy. The wind blew spitefully from the northeast, and the rain simply poured down all day. It was Saturday, too. Of how many mothers in New Bern was this the experience—no cook came to start the fire and get the breakfast, (not to mention dinner), make the beds and clean up the house? And, there being no school, there were the children, caged all day, to be amused and entertained.

The Outcast Son

The DePew-Burdette Stock Co., presented in an able manner the play, The Outcast Son last night. The specialty features were very enjoyable and displayed the merits of the performers to the best advantage. Among them, Miss Minnie DuPre buck and wing dancer was a favorite. Her work is very clever and the applause accorded her was well deserved. Her dancing to the tune of "Dixie" and "Swanee Ribber" was highly appreciated by the audience. A dance rarely seen here before was the Highland Fling executed by the Pepper Twins, who acquitted themselves with much credit.

Matinee and night performances will be given to-day. At Pikes Peak this afternoon and a Huespan Heart to-night. Tomorrow night the performance will be for the benefit of the Knights of Pythias band. The admission will be 15, 25 and 35 cents.

The Yellow Fever Germ

has recently been discovered. It bears a close resemblance to the malarial germ. To free the system from disease germs, the most effective remedy is Dr. King's New Kidney Pills. Guaranteed to cure all diseases due to malarial poison and constipation. 25c. at All Druggists.

The miners' need, ultimatum on the coal operators' strike that they will stand firm for the scale of 1903, which means an advance of 3.55 per cent.

VOICE OF THE PEOPLE.

A Plea for the Husband and Children.

Editor Journal.

"The Joys of Motherhood" published in the Sunday Journal awakened no response in my heart save pity for the children and husband and contempt for such a mother as "K." plainly pictures herself to be.

How can we mothers hope to train our children for noble manhood and womanhood if we are continually bewailing our lot as "K." seems to be, and not content with apportioning the happiness of our own home, we must needs publish our wrongs in the columns of the Sunday Journal, in the hope of striking an answering chord in the heart of as many discontented women as we can.

Being blessed with littles of my own who are not yet of school age, every day is Saturday with us and not being blessed (?) with either cook or nurse, the meals are to cook, and children to care for on bright as well as stormy days, but with the help of God and a good husband I am trying to train them to be a help instead of a hindrance, and when they are old enough to go to school, I am sure I shall look forward to Saturday as a day of pleasure and rest, and not a taste of "the other place," as "K." seems to do.

Sunday was but a continuation of Saturday's storm, but for the sake of "K's" husband and children, we will hope the cook came to prepare the meals, and the nurse to care for the children—yes, and to kiss them too, as we see so many of them do—so that the poor mother was left entirely care-free to hold her hands, walk the streets, attend a club meeting, or anything else she may have had the energy left from her Saturday's toil, to do.

My own little ones are often very trying (and what healthy boy or girl is not noisy and naughty at times), but when the day is ended, and they, tired out with play and helping mother, give father and mother a good-night kiss, never forgetting to add "this has been such a nice day, or to end their evening prayer with "God make me a good little boy,"—my few cares are as speedily forgotten, and through the prayer uttered by their lips mother is given strength for the work of another day.

Every woman has the power to make of her home a heaven on earth, and I have little patience with the mother whose sole idea of heaven is an escape from a hell of her own making here below.

One who is proud to sigh herself.

WELL DESERVED

The Praise That Comes from Thankful New Bern People.

One Kidney remedy never fails. New Bern people rely upon it. That remedy is Doan's Kidney Pills. New Bern testimony proves it always reliable.

Charles E. Harget, a car painter at the A. & N. C. R. R. shops, residing 47 Broad street says: "I have found great relief by using Doan's Kidney Pills. My back has been hurting me for a long time, often so bad that I could not work. The kidney secretions were very dark and cloudy. Since using Doan's Kidney Pills the secretions have regained their natural color and I do not suffer from the pains in my back at all. I can advise all who are similarly troubled to what I was to go to Bradham's Pharmacy, procure Doan's Kidney Pills and give them a trial. They will not be disappointed in results."

I. Memoriam.

I feel it my duty to express my heartfelt sympathy for the departure of a dear friend of mine, Mr. L. H. French, who died in Carteret county. I shall also say not only do I mean a friend of mine alone, but a loving friend to all that knew him. I have known him from youth and when grown we were never too far apart to see and visit each other, and never could I say that I have had more pleasure at any place than I had when I was in his residence which was six miles from New Bern in Craven county. He married Julia McIlwain, the accomplished daughter of the late Franklin and Julia McIlwain of New Bern, and she also being very wealthy which caused and helped them to live happy together.

It was his kind and helpful ways which caused him to lose his wealth, but he was always honored by his children and all who knew him. About three years ago he moved to Carteret county to live with his youngest son Mr. L. I. French. Often has he relieved the suffering of the poor by giving them homes, they could stay with their own dear families; he was also ready to give good advice both kind and legal as he was a well read gentleman. He held different offices and has been Justice of the Peace for over 30 years of his life. He has left us all now to pay the debt that we will all pay and I deeply sympathize with his bereaved family.

Declars Are Puzzled.

The remarkable recovery of Kenneth Melver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the Throat and congestion of the Lungs, three doctors gave me up to die, when as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst Coughs and Colds, Bronchitis, Tonsillitis, Weak Lungs, Hoarseness and La Grippe. Guaranteed at All Druggists. 50c and \$1.00. Trial bottle free.

Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffiness or dark circles under the eyes, pain in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. Sold by Davis Pharmacy.

The four masted schooner Myrtle Tinsell, lumber laden, abandoned off Wilmington a week ago was towed into Charleston harbor. The boat was beached in the bay to be pumped out. She is in good condition.

Disorders of the stomach produce a nervous condition and often prevent sleep. Chamberlain's Stomach and Liver Tablets stimulate the digestive organs, restore the system to a healthy condition and make sleep possible. For sale by Davis Pharmacy and F. S. Duffey.
