Ends in a Patal Shooting. The Outcome of a Dementic Affair and an Attempted Murder tast Fall.

News comes from Lukens, Carteret county, of a probably faial shooting af-air there Friday. Ed Lynch shot Bob tice, the bullet striking him in the back and passing through the body. Two shots were fired at him but only one took effect. Rice was alone in the boat when the affair occurred and returned the shots but it is not known whether he hit Lynch or not.

The two men have been enemies for long time. It will be remembered that the Journal had an account of Rice shooting Lynch last fail. The later was accused of having criminal relations with Mrs. Rice. He waylaid the man and shot him and supposed he had killed him; friends found him hosever, and he was restored so that he ould get around. Rick was arrested and he was tried for assault with intent to kill and he was tried in the last cour! at Beaufort. During the trial Lynch stated on the witness stand that Rice's alligations concerning him and Mrs. Rice were true, upon the strength of which the judge taxed Rice one penty and costs.

Since that time the two men had not met until the affair of Friday. Both men have reputations of being deaperate characters and the community have been held in awe and fear of them. No further news has been received whether Rice is still living or whether Lynch has been arrested. Coming Attract on.

alike to themselves and their easy going and indifferent, or over boay doctor, separate and distinct diseases, for which he assuming them to be such prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cusse of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cusse would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting confort instead of prolonged misery. It has been well said, that a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system. As a powerful invigorating tonic "Pavorite Prescription" imparts strength to the whole system and to the organic distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "thop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetiting cordial and restorative ionic. As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves megini anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy. THEY COME AND GO.

copy tube to the composing room: "The Herald Square Opera Co. presented "A Trip To India" here last night and they certainly made good. It is a musical comedy version of one of the old time favorites with all the objectionable features eliminated and bright, catchy features introduced. Miss Leona Watson, the soprano prims donna, had the audience from the start, as did Mr. Martin Pache, tenor, and both were obliged to respond to repeated encores. Miss Watson's voice is truly marvelous and in singing here. the Herald Square company has lived up to its reputation of discovering some new phenomenal singer each season. The costuming was brilliant and tasty; musical numbers well selected and rendered and the comedy work, clean, wholsome and abundant. Cox and Minor keeping the audience in an uproar at all times.
