They Husted

With the cry ringing in their ears, "If you don't pay your poll tax you can't vote", the delinquents came running to the sheriff's office to settle their claims and clear their title to a free and untrammelled right to suffrage. The rush on Saturday and also yesterday was very satisfactory. Today being a day of grace in which the most tardy may have the last chance, the number of delinquent tax payers will be greatly reduced. Saturday about 80 paid their taxes and yesterday some 60 or 70 leaving a balance of 150 with poll tax still unpaid. It is expected that this will be greatly reduced by sunset.

Of course you pay your money. But you get your money's worth. For what does money mean to you When Rocky Mountain Tea's on earth? For sale by F. S. Duffy.

Raised Over Thousand Dollars.

The congregation of St. Peter's A. M. E. Zion church have reason to feel very proud of their efforts to raise a debt which has been a great burden to the church. Their endeavors for the past three months are well known to the community and the demonstration on Sunday was the culmination of their labors.

Large crowds of colored people arrived on both morning trains Sunday to attend these services. In all there were over five hundred negro visitors. The assemblies were orderly and seemed to enjoy the day very much. A great many came from Pamlico county.

Rev. T. H. Lomax, of Charlotte, Bishop of the A. M. E. Zion church, preached two very able sermons, morning and night, and Rev. H. H. Wells, of Kinston, preached in the afternoon. A very pleasant feature was the music rendered by the choir of Rev. Wells' church. It was said to be extraordinary fine.

After the sermon at night the result of the money raising project by means of the peculiar system originated by the pastor, Rev. J. Harvey Anderson, was made known. During the three months which the people have been at work at this one object—the payment of the \$1200 debt—they have raised the sum of \$1082, of which amount \$200 was raised by contributions during the day. They feel confident that they will be able within a few weeks to pay the whole amount.
