SHORT PASSING EVENTS.

After quite a long season of quietude he Mayor had two or three disorderlies before him yesterday. Henny Mcy and Emma Neal were fined five foliars each for disorderly conduct and Cony Williams was taxed the costs for he same offense.

The partnership of Jones and Willis ng a hay and grain business on Midde street was yesterday dissolved by Mr. H. D. Willis buying Mr. W. S. Jones' interest.

The city sold a horse and mule at etion yesterday. The hore was purhased by Mr. H. S. Hancock for \$75 and the mule of Mr. B. E. Moore for 1101 00. Chief of police Harget was the auctioneer.

Rev. J. G. Garth commenced a garies of evangelistic sermons at the Fresbyterian church Sunday and he will conme with a particular view to revival effort for some time. His sermons were on the subjects of "W) y I am a Caristian" and "Repentance is godly sorrow" and they impressed the audiences deeply. Two people joined the

The Eastern Carolina Industrial Academy, a technical school for colored puils, in New Bern of which Dr. William lutton is president, is reported as mak ng good progress in their several manu ctures, embracing different lines: ng which is the making of brooms. Dr. Sutton reported that the sales ounted to 40 dozen in one day last sek, and very good orders were reclived other days. The pupils are takog great interest in the different es taught and are given remunrative pay for work done besides reciving the instruction that will fit hem in after life for positions that repuire skill and experience. This school tarted a few years ago on a small ocale and its rapid development to its present state of excellence is due argely to the untiring efforts and zeal of Dr. Sutton and his assistants.

to the building formerly occupied by the Williston Pharmacy on Queen strent.

FROM AN EYE WITNESS.

Graphic Account of the San Francisc Earthquake and Fire by a New Bern Boy

We herewith publish a letter to Mr. ed Mrs M. De W. Stevenson from heir son Mark, who, as has been stated in the Journal prior to this date, was in San Francisco and had many hard experiences on account of the earthquake and fire. The letter graphically describes the privations to say nothing of the suffering endured by the thou-sands of people:

San Francisco, Cal., April 19, '06 My Dear Mother and Father:

Your old boy is alive and well, thanks to the Good Lord. Yesterday at 5 15 a m there was the most awful earthquake ever had in the history of the United States, not a house escaped damage and hundreds of them just collapsed and thousands of people killed. The front of our house fell in and most of the plaster fell, but no one was in-

The earthquake was nothing compared the fire, which started all over town at once and is still burning, there is only a few houses left in the residence part of the city. Every business house in town that didn't fall down, has burned, all the hotels and apartment houses I am in the park tonight and writing this by the light of the fire, I have nothing but the clothes on my back and few odds and ends in a suit case and one dollar and sixty cents, a coffee pot and one pound of coffee, "no bread" two sheets and a spread. I'm lots better off than thousands around me, so don't worry one bit about me. I'm so thankful to be alive, that I shall forget that I'm hungry and be as happy as a bird and sleep tight with the stars for roof. Last night I had a good supper and a small mattress on the floor, it cost \$9 00, can't afford it tonight, my trunk went up in smoke this a m. I watched it from a distance, but that wasn't much satisfaction.

Tomorrow I hope to be able to get over to Oakland. Everything is too awful to write about. I haven't had any sleep in such a long time that it is almost impossible to write, any description that I could give will give you no idea of how terrible the condition of the people in Frisco is.

It is now ten o'clock and almost as light as day' though we are a mile or more from the fire which is still raging. This letter is somewhat of a conglomoration but I know you will be worried and it has been impossible for me to wire. No doubt I will be able to get a wire to you before you receive this let ter. I'm going to try and get a little rest now, will very see likely Neighbor tomorrow if he is still in the land of the living. With lots and lots of love for you all, I am still your devoted son,

Jacksonville Did Nobly.

Mr. F. W. Hargett, Mayor of Jack sonville, N. C., personally so icited donations for the San Francisco sufferers last week and succeeded in raising \$152 which was sent to the relief committee. The contribution is a large one for that city and the citizens are to be commended for their generous and sympathetic spirit.

The Great Mecklenburg Celebration.

Charlotte, N. C., April 28. - Contract was let today for the erection of a huge grand stand that will be located on the Cramer lot on South Tryon street. In front of this grand stand during the four days of the celebration some of the best features of the big meet will take place. A firemen's tournament which will consist of reel races and steamer contests will be pulled off directly in front of this large structure.

Hon. Champ Clark, of Missouri, who will be the chief orator of the occasion has written that he and his wife will arrive in Charlotte on the morning of the 23d. His oration will be delivered in Charlotte's pretty play house, the Academy of Music.

All of the railroads leading into Charlotte have been very considerate in the matter of reduced rates. The fare will be one regular fare plus 25 cents. Mayor McNinch has just returned from Washington and he states that both the Southern and the Seaboard have agreed on this rate.

One of the most attractive features of the coming celebration will be the gorgeous floral parade that will take place the second day of the celebration. It is estimated that at least 300 of Charlotte's prettiest vehicles will be

in line. An additional feature will be a pa rade of business floats to be arranged by the numerous business houses of the city. Many northern firms have asked to be included in the line-up and positions have been granted them.

PACTS IN NATURE.

people who are run-down and nerv who suffer from indigestion or dys headuche, billionsness, or tornic

Nature's most valuable health giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain modicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic, or lingering aliments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or bliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel fashes of heat alternating with chilly sansations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Con-

will correct more speedily and perma-neally than any other known agent. Con-tains no alcohol or habit-forming drugs All its ingredients printed in plain Eug-

lish on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery." Constitution causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pieasant Pellets. One a laxative; two or three are cathartic.

Democrattc Executive Committee In Session

Immediately after the county convention adjourned Friday the Democratic Executive Committee met to transact business. N. Tisdale called the meeting to order.

The members present were as follows:

Vanceboro, J. B. Harvey; Truitts, F. S. Ernul; Ft. Barnwell, L. S. Harper; Dover, G. V. Richardson; Cove, Samuel Robinson; Taylor's Store, C. C. Bell; Lee's Farm, T. E. Haywood; Thurman, B. W. Ives; 1st Ward, City, Edward Clark; 2d Ward, J. A. Bryan; 3d Ward, J. C. Thomas, Jr.; 4th Ward, T. F, McCarthy; Bern Precinct, E. T. Hollowell; Tisdale's Precinct, N. Tisdale; Pleasant Hill, J. B. French; Gum Row, W H Scott; Jasper, A E Wads-

Mr. James A. Bryan was unanimou ly elected chairman but declined and named J. W. Biddle as chairman. Mr. Bryan was, however, requested to withdraw his refusal to serve and accepted the office. Mr. Edward Clark was elected secretary and he declined to act. The appointment of secretary was left with the chairman, and Mr. Clark was appointed.

The question of primaries was discussed at length and some opposition was expressed to the system. It was contended that it was optional with the committee whether they should or should not be called. The whole matter was referred to the chair with re quest to get legal advice as to whether primary elections of county officers were or were not compulsory and to report at the next meeting of the committee at an early date. The time of holding the elections will be announced after the next meeting.

Knight's Templars Fund Paid.

The following letter received yesterday is self explanatory:

Citizens Bank of New Berne. New Bern, N. C.

Agreeable to your instructions of the 24th inst, we have telegraphed to our San Francisco correspondent, the Crocker-Woolworth National Bank, directing them to pay to W. Frank Pierce. Esq. very Eminent Grand Junior Warden of Knights Templar at San Francisco, for account of St. John's Commandery No. 10 Knights Templar of New Bern, North Carolina, \$249.50, your instructions do not state that you desired this remittance sent by telegraph but inasmuch as you request us to forward the money in the usual way and that practically all of our transfers to the Coast since the earthquake, have been made by telegraph, we sent this in that way which we trust is satisfactory.

Very truly yours, Fred O. Foxcraft. Ass't Cashier.

Needs Attention

There is a public place in the city of New Bern that is recking with bad odors and conditions inimical to good health That place is the market dock at the foot of Middle street and any person can go there and see for himself if he has any doubt about it. There will be no one however filthy and careless he may live at home that will not say the dock is unpresented to the dock is unnecessarily dirty. Great pile of oyster shells on the walk obstruc mage, have a disagreeable odor and their accumulation make a continas weight too great for the platfor There is therefore a menace in safet and the health of those who work the neighborhood of the market does.
The health officers should take cogni-cance of this matter and compel a

The Little Tycoon.

The rehearsals for the comic opera, "Little Tycoon," are progressing fast and the people may expect a first class entertainment. New telent is being developed, the older artists are adding their skill and experience to the musical and operatic features in a way that the audience will be surprised and very much pleased.

Of the performers Mrs. Harris, the director, is premier. She has imparted to the participants case of manner and unconscious grace and has trained the voices in a wonderful manner. Mr. Pumphrey, whose magnificent voice h w charmed New Bern people many times, will have a prominent part in the
