

GOLD PRODUCTION.

Truck and Wheat Injured by Cold Weather.

Well Known Drummer Found Dead. Machinery for Gold Mining in Randolph County. What is an Intoxicant Candidates announced.

(Special Correspondence)

Greensboro May 11.—Mr. S. M. Spangler a well known drummer for a Worcester Mass. Glass firm aged 53 was found dead in a bath room adjoining his sleeping apartment in the Benbow hotel. A Coroner inquest revealed that the cause of death was heart disease. On the table in his room was a letter addressed to his wife in Baltimore, which he had evidently written before retiring last night. Disrobing he had gone in the room to take a bath before going to sleep, and must have dropped dead just as he was preparing for his bath. The remains were sent to his home in Baltimore for burial on this afternoon's train.

A Philadelphia Syndicate had begun operating the Sand Creek Gold Mine six miles from Climax in Randolph County. Robert Holmes Page is managing Director of the Company and today \$15,000 worth of new machinery was unloaded there for the purpose of economizing the production of gold.

The heavy frost here this morning attended by an unusually cold snap, has greatly injured vegetation and truck. Cox Brothers, grocers here who run a truck farm in connection with their store, say that at least five hundred dollars damage has been done to their lettuce, beans and other tender plants.

Farmers here attending memorial services say they think wheat has been seriously injured.

Mayor Murphy last night announced that so many complaints were coming to head quarters about drunkenness of cider that he felt that something had to be done to relieve the situation and that hereafter dealers in cider, whether wholesale or retailers, would be held strictly to account. His test of whether a drink is intoxicating, he says, is not the amount of alcohol in it but whether or not when freely drunk it makes people drunk.

Since it has been learned that clerk of the Superior Court John J. Nelson, would not be a candidate for re-nomination the following well known gentlemen in the past few days have announced their candidacy for the office subject to the result of the democratic primaries: Ernest Clapp, Deputy Clerk, G. Arthur Rankin, merchant of Greensboro. John G. Wilborn insurance man of High Point.

Consumption Germs in Mummy Dust

Chicago, May 12th.—Physicians and scientists have been greatly interested in tests of overwhelming proofs of the life of tuberculosis germs. Experts have shown that the development and spread of the disease is largely due to Egypt and France where it first gained a foothold. Germs are extremely numerous in mummy dust and they live for thousands of years and are far more deadly than the spore of live persons.

Cloud on Russian Sky

St. Petersburg, May 11.—Russian people are much disappointed because the Czar did not grant amnesty to political prisoners on the opening of Parliament Thursday. They had expected it.

NOTICE

I am Pelletier's, N.C. prepared to do all kinds of repairs of buggies and carriages. Horse shoeing done at short notice. Also I have for sale some very nice buggies and harness, cheap for cash or reasonable terms on good security. SAMUEL LILLY.

Relieves Kidneys and Bladder Affect.

VICE ADMIRAL KILLED

Commander of Port of St. Petersburg Assassinated by Workman. Another Crisis in Russia.

Special to Journal.
St. Petersburg, May 14.—There is a fresh crisis in affairs, and it is felt the Czar must give amnesty to settle the impending trouble.
Vice Admiral Kuzrich, commanding the port of St. Petersburg, was stabbed in the back with a dagger by a workman, and instantly killed. The workmen in the arsenal desired to march out in a body and celebrate May day. Permission was refused by Kuzrich. He was cruel to all and generally hated. The man who wounded him had the dagger concealed in a hollow cane.

MacKay's Mac-u-dine

cures all headaches, etc. does not depress the heart, 10, 25 and 50 cents a bottle at druggists, 5c doses at fountains.

Shooting Affair in Dover

Kinston Free Press.
A shooting took place in a disreputable negro house in Dover Sunday, in which Redding Bryant, colored, was right seriously, though not fatally wounded by a pistol ball from a pistol in the hands of Ross Suggs, another negro. The shooting is said to have been accidental.

The bullet entered Bryant's right breast and penetrated deeply. He is getting along as well as can be expected.

Apron Bazaar

The ladies of the First Baptist church will hold an apron bazaar Friday May 18th at the store under hotel Hazleton, beginning at four o'clock p. m. Aprons of every description, suitable for every size and to meet the requirements of every taste will be on sale at reasonable prices. Refreshments will be served.

Magazines Explode

Special to Journal.
Bridgeport, May 14. The explosion of some of the Union Metallic Company's magazines here today, the shock was felt over nearly all Connecticut. No one was hurt.

"NO CURE NO PAY."

How F. S. Duffy Sells Hyomei. The Guaranteed Cure for Catarrh.

F. S. Duffy has an unusual offer to make to our readers, one that will be of the greatest value to many.
For some years F. S. Duffy has been watching the results from the use of Hyomei, a treatment for catarrh that cures by breathing medicated air, absolutely without any stomach dosing. The results have been so universally successful that F. S. Duffy feels justified in making a public offer to treat the worst case of catarrh in New Bern with the understanding that if Hyomei does not cure, the treatment will cost absolutely nothing.

The regular Hyomei outfit costs only one dollar, and consists of a neat pocket inhaler that can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomei. If this is not enough for a cure, extra bottles of Hyomei can be obtained for 50 cents.

F. S. Duffy positively guarantees a cure, if Hyomei is used in accordance with directions, or F. S. Duffy will refund the money.

Don't be fooled and make to believe that rheumatism can be cured with local applications. Hollister's Rocky Mountain Tea is the only positive cure for rheumatism. 35 cents, Tea or Tablets. For Sale by F. S. Duffy.

RALEIGH.

Killing Frosts Do Immense Damage to Crops

Governor Glenn and Entire Staff Will Attend Mecklenburg Celebration at Charlotte May 20. Confederate Veterans Will Ask for a Park to Enclose Battlefield of Petersburg.

Temperance Sentiment Not in Favor of Election of Prohibition.

(Special Correspondence.)

Raleigh, May 11.—A letter to the Agricultural Department from the Superintendent at the State Test Farm at Statesville says all the cotton up there was killed by the frosts this week and that the same remark applies to corn. From this statement it is believed that this was the case with crops generally in that section of the State. It is very bad news as it means replanting, of course.

Today the State Board of Public Buildings and grounds advertised for bids for laying the walks in the capital square with granolithic pavement. The penitentiary furnishes the money, \$6,000 with which to pay for the work as the board decides that it is not to exceed that cost.

The Governor says he will be at Charlotte at the 20th of May celebration with his entire staff. He remarked that he would be willing to do anything to help the great occasion and remarked that every citizen in North Carolina, whether National Guardsman or citizen that he thought that day ought to be given the state. He recognizes fully the importance of the celebration. He will review the troops. He does not expect to speak, or if he does so his remarks will be very brief, as he does not take time for much speaking.

The Wake county Confederate Veterans yesterday adopted resolutions offered by J. C. Birdsong asking Congress to separate the battlefields around Petersburg as a National park like Chickamauga or Gettysburg. Comrade Orrin G. Smith, a veteran of both the Civil War and the Mexican War spoke to these resolutions, saying the fighting around Petersburg was as severe as during the entire war.

The tearing down of a noted residence in the eastern part of the city is in progress, to make room for a large public school. It is expected that a little later work will begin on the high school which is only a block west of the capital square and adjoining the water tower.

At the Raleigh Phosphate Mills here a warehouse, 80x200 feet is under construction for the storage of phosphate rock. This new comes from Florida and the quality is said to be better and the grade more uniform than that of the Tennessee rock which has been used heretofore. The freight is the same from Florida as from Tennessee.

Trotman's Whiskey Distillery at Wilmington has been seized by the United States for irregularities. This follows the seizure of a number of barrels of whiskey at Wilmington last week.

Very little has been heard during the past few days about the proposed election on the question of prohibition here. It is said that a certain well known ex-saloon keeper here went to the pastor of a church took a very prominent part in the campaign in favor of the dispensary three years ago and asked him to lead in a fight for prohibition but the pastor declined and then the ex-saloon man went to the gentleman who is now interesting himself in having a vote on prohibition. The gentleman in question claim that the ex-saloon man has reformed and would no longer engage in the business even if Raleigh were an open town town. Much of the prohibition or temperance element here is not backing the movement for an election at this time because it is not thought opportune. The general opinion seems to be that no election will be ordered.

Hope Cheers Mrs Davis' Friends

Special to Journal:
New York, May 11.—Word comes from Mrs. Jefferson Davis' physician that she is resting a little better from her attack of la grippe and a little hope is expressed for her.

Gold Weather Disastrous

Special to Journal:
Asheville, May 11.—Frosts have killed all early vegetables and nearly destroyed the fruit crop. Light snow fall in the mountains Wednesday.

Noted German Ill

Special to Journal.
New York, May 11.—Carl Schurz, the noted German-American citizen, and Secretary of the Interior under Grant is critically ill. His age and weakness caused by a slight accident some months ago combine to make his condition serious.

IN WASHINGTON

President Roosevelt Will Not Reply Directly to Tillman. Cotton Futures and Rate Bill Discussions.

Special to Journal:

Washington, May 14.—A bill was introduced today by representative Hoffman of Alabama to make keeping a place for dealing in cotton futures, a gambling place, and the penalty for such a fine of not less than \$5,000 and a year's imprisonment.

The President will personally make no reply to Senator Tillman. The reply will come in some other way. The rate bill was discussed in the Senate today. A new amendment was tabled which provides that investigations be made by the commission, to find the value of the property of every railroad.

Tillman Busy With Pitchfork

Special to Journal
Washington, May 12.—Senator Tillman made a characteristic speech in the Senate today, attacking President Roosevelt and his position on the rate bill. He said he had entered negotiations with the President at latter suggestion and that he had forsaken the agreement. He caused considerable laughter among the senators. Today's session was devoted to rate bill discussion. The Bacon amendment was voted down.

Hearse Drivers Strike

Special to Journal
New York, May 12.—The hearse drivers of the city have struck for an advance of two dollars per week. The undertaker have shown no sign of any concession or compromise and it is likely that the strike will last a long time. Bodies are removed to cemeteries on trucks and carts.

Puljiganes Loot and Rob

Special to the Journal.
Manila, May 12.—In the province of Samar a band of rebel Puljiganes entered a town and killed and wounded a large number of persons. The houses were robbed and burned and other atrocities committed. They took twenty prisoners and retired to their strong holds. Troops are in pursuit. Natives have asked that all rebels be exterminated.

Wirelets from Washington

Special to Journal.
Washington, May 11.—Progress on the rate bill discussion is being made rapidly and it is probable that a vote will be reached soon. The Allison amendments have been adopted by the Senate. One of these riders strikes out the phrase "fairly remunerative" and the other limits to two years the continuance of Interstate Commerce Commissions orders.

In the discussion of the Panama Canal matter in the House, Attorney Crowell refused to answer questions regarding the canal while he was counsel.

It has been discovered that 20,000 barrels of English manufactured cement has gone to Panama, thus the order to use only American made goods has been violated. Secretary Taft denies responsibility for the order.

The amount of money asked for by the Panama Commission is \$26,000,000.

Card of Thanks

Having disposed of my barbershop to F. A. Gaskill and H. N. Harrington, I wish to thank my many friends and customers for their patronage. I be speak for my successors, who are clever and industrious young men, the same patronage that has been accorded to me.

Turkey Yields

Special to Journal
London, May 12.—The Sultan of Turkey has notified the English government that Ottoman soldiers will be withdrawn from Egyptian territory and all the demands made upon the Turkish government will be complied with.

Bryan Says no and Winks

Chicago, May 11.—A personal friend of W. J. Bryan has received a letter from him saying that he will do nothing to get the nomination for the presidency and does not desire it unless circumstances seem to demand it, and that time alone can determine.

For Sale

One 20 h. p. fire box boiler in good condition. For terms and price apply to Hammon Lumber Co., Kellums, N. C.

MOTED QUESTION SOLVED

There Will Be No More Paving Litigation.

Mr. and Mrs. Cone to Sail Around the World. Safety Air Brake Invention.

(Special Correspondence.)

Greensboro, May 12.—At a meeting of the Board of Aldermen yesterday afternoon, the all absorbing topic of the street paving question was settled, and the report looks like a complete vindication of Messrs. Merrimon and Benbow, property owners, who sought to have the city enjoined some time ago from paying out any more money on the contract, alleging that the work was defective. The city fought the injunction and Judge Ferguson declined to grant it. Later the Board of Aldermen appointed a committee of its own to investigate the work and this committee submitted this report yesterday afternoon.

The committee to whom you referred the matter of the investigation of the paving of Elm street with vitrified brick would respectfully report that, pursuant to the authority conferred upon them, they secured the services of an expert engineer, Mr. G. C. White, of Durham, N. C. and on May 1, 1905 together with the said expert they proceeded to investigate said paving work, by opening the same digging into and examining it.

Fifteen excavations were made, in as many different places, chosen in the judgment of your committee in such a manner as to accord a fair test of said work.

From their own inspection and examination, and from the report of Mr. White, which is herewith submitted as a part hereof, your committee finds that said paving on Elm street is defective, and that said work does not comply with the contract and specifications.

Your committee recommends that no further sums be paid by the city to the contractors, the Southern Paving and Construction Company, until said pavement is done, built and finished in substantial compliance with said contract and specifications.

T. J. Murphy,
C. C. Wysong,
M. W. Thompson,
Committee

Mr and Mrs Moses H Cone will leave tonight for New York, from which place they will sail Saturday for a trip around the world. They will go to Naples first and from there to England to spend a month or two and then to the countries of Europe; leaving Constantinople for Palestine; thence to Egypt and from there through the Suez canal and the Indian ocean to points in India, from which place they will visit the Philippines and then China and Japan, returning via the Pacific ocean and across this continent. They expect to be away from six to twelve months.

Mr. John B. Wright, of this city, who has for three years been at work on a safety air brake attachment has had three patents issued to him and now has several applications for others pending. Mr. Wright has had his air brake in successful operation for three months on three important railroad systems and they have proven everything that is claimed for them, officials writing Mr. Wright in high commendation of the device. These tests have been so satisfactory, Mr. Wright is now building these brakes for general use. He has made eight different devices, and now has his brake as near perfection as possible. The device sets in operation the brake already on the train, automatically putting it into emergency in case of derailment or anything that caused the truck to be placed in an abnormal condition. Any derailment, a split switch, the breaking up a center pin, wheel or axle immediately puts the air brake on the whole train, thus doing what the engineer would do if he knew the moment any such accident occurred which he of course cannot know. The best railroad men in the country who have carefully investigated the invention, declared it to be absolutely new, and by far the most practical and perfect prevention of disastrous wrecks yet discovered.

Special Rates to Charlotte N C via Southern Railway

Account grand celebration Mecklenburg Declaration of Independence Charlotte, N. C., the Southern Railway will sell reduced rate tickets from all points in North Carolina, also Seneca, Anderson, Greenwood, Columbia, S. C., and intermediate points to Charlotte, at rate of one first class fare plus 25 cents for the round trip.

VOICE OF THE PEOPLE

A Pertinent Suggestion

Mr. Editor:—

As an old Confederate soldier and one who has always the interests of the veterans at heart, I have a suggestion in regard to the annual Fourth of July dinner, and I think I voice the sentiments of my comrades in asking that some good speaker who was in the army and shared our hardships and knew the conditions of the service. The old soldiers will feel better satisfied to hear a speech like that than all the canned oratory that could be produced.

School Notice.

On Monday May 14, all grades will begin a review of the work during this term and the final examinations will be given about May 17. I hope every pupil will be present for these reviews and the examinations. There are a number of children in the city who have passed on the first term's work once, and some twice, but they have dropped out of school before the final examinations and 30 have remained in the grades where they were. If it is possible these pupils should make every effort to be in school for the next three weeks, make up what they have missed and get promoted. I should like very much to see every pupil in school get promoted and those who fail are usually those who drop out in the spring or come once a week. I hope the parents in the city will help us in trying to help their children and see that we have every pupil now in the city, in school during the next three weeks. School will close on June 1.
