The movement has become very popular not only with the students but with many other young men, and it seems that the sale of "cotton tacks" in the city of Kinston is doomed for the people there never do things by halves.

Both gentlemen spoke with feeling tenderness of the life and character of the late William B. Lane. Truck Injured by old

It was learned Saturday, by inquiry among the truck growers that the late cold snap was quite severe on beans and cucumbers, injuring them at least 25 percent. Potatoes are set back and will be a week or more later in maturing. Very small cotton was up, therefore but little damage has been done to that crop. Some fields of corn were noticed, but no material damage was apparent.

Mysterious Disappearance.

A report was brought here of the disappearance last Monday of two colored girls from their home in the neighborhood of Island Creek, Jones county, and all efforts since to locate their whereabouts have been of no avail. It seems that the mother of the girls, who is a widow, sent them out Monday morning about 10 o'clock to look for some stray cattle, and they left on the errand followed by two dogs belonging to the family. No alarm was felt for their safety until night came on and they failed to return, when the mother realized that something was wrong.

The neighbors were summoned and a search was instituted early Tuesday morning and has been kept up since without revealing the whereabouts of the lost ones.

The home is situated near the head of Island Creek on the edge of the great Catfish Lake pocosin and it is surmised that the girls, in rambling about, got lost in the woods. The older one is named Julia Ann, and she is sixteen years old, the younger is Elsie, and she is thirteen, the daughters of Elsie Jarman. The dogs are described as follows: One weighing about forty pounds, color black, white chest and spot in the face; the other is of brindle color and weighs thirty or thirty-five pounds.

In the search a fragment of cotton cloth was found which might have been a portion of stocking worn by one of the wanderers, but it was so frayed and worn doubt of that was entertained. Tracks were found also but could not positively be identified as those of the girls. There is scarcely a doubt but they are wandering about in the pocosin, for if they were dead, it is likely that the dogs would return.

The writer remembers that about twenty-three years ago, a negro youth sixteen or seventeen years of age became lost in the same pocosin and rambled about for nearly two weeks.

When found, he was wild and after capture it was several days before he could give any account of his wanderings which could not have been over a very great area as he was found about three miles from home.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpid liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request for a card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of proven composition for the cure of almost any old chronic or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Advisor. A splendid 1008-page volume, with 1100 engravings and colored plates. A copy-paper-covered, will be sent to anyone sending 31 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

BIG CABBAGE SHIPMENT

The Succulent Vegetable is King of the Market.

The large cabbage shipment of the season was made on the steamer Neuse last evening. Big loads of crates fairly came in streams and the dock and warehouse was crowded with them. It is estimated that between 2,000 and 2,500 were shipped.

The price was the attractive thing about the whole matter. There seems to be an insatiable demand for cabbages in the north, and the supply is limited, hence, guilt edge prices. Here is a sample of the northern market: Boston, \$3.50; Providence, \$3.50; New York, \$2.00 to \$2.50; Philadelphia, \$2.00 to \$2.50; local, \$1.75 to \$2.00.

Slaters Comedians

The opening engagement of a company of players of the above name was given last night.

They played a patriotic drama called Under the Stars and Stripes. The play did not appeal to the audience very much and there seemed to be little merit in the performance. We hope they will improve during the week. Tonight the play will be "The Great Diamond Robbery."

Letter to F S Erml

New Bern, N. C.

Dear Sir:—The way to buy paint is to go by the name. There is a name never seen on sham paint or weak paint or short-measure paint: Devoe.

There are a hundred different names in paint. Some are sham; some weak; some short-measure, and some all three.

If there is another such paint as Devoe lead-and-zinc, we don't know it. There are a few fairly good paints; a few; only one Devoe is worth a gallon and a half of those few.

Mr. Aaron Higgins, of Plainfield, N. J., always used 15 gallons of mixed paint for his house. Last spring he bought 15 gallons of Devoe and had 4 gallons left.

Yours truly, F. W. DEVOR & Co.

Scott is still at large officers were looking for him Sunday night, at first it was claimed to be accidental, but later it seems there arose a dispute with the above result. The wounded man is in a serious condition. Dr. A. F. Hammond failed to locate the bullet in the examination.

LOST GIRLS RETURN

Wandered in Woods a Whole Week Without a Bit of Food to Eat.

The two colored girls, daughters of Elsie Jarman, of Jones county, of whose disappearance the Journal made mention Sunday, returned yesterday at 11 o'clock. They disappeared Monday May 7, and consequently were out one week. They reported that they had taken nothing to eat but drank a great deal of water. Their wanderings were described and showed that they had not gone over much territory but were unable to locate a road to lead them home until yesterday: They were very much weakened but seemed to have suffered nothing serious, when they shall have regained their strength they will be all right. Their dogs fared worse than they did.

The family wishes to thank all who have so kindly offered their services to find the girls and to those who contributed to pay for the expenses of a bloodhound. The service of the hound was not needed.

A PRACTICAL DISCOURSE

A Sermon Against Gossip Preached by Rev. L. G. W. Williams at Christ Church Sunday Night.

Rev. L. G. Williams preached a most powerful sermon before a very large congregation at Christ Church Sunday night. The discourse had unusual element of strength in it because of its practical nature. His text was from Christ's own words, "Judge not that ye be not judged for with what measure ye mete; it shall be meted out to you again." He applied this admonition to the common practice of gossip and of rendering vicious and untrue things on person's characters from hearsay evidence.

We are all sinners before God and have no right to sit in judgment on any man's acts we ourselves being under a condemnation as grievous as is the one we apply to another.

The world is given over to pessimism and it is because we misapprehend our brother's acts and attribute to him mean and unworthy motives. We are put into the world to discover the beauty, not the meanness there is in it. We are to uplift the lowly and to make glad the heart that is lonely and sad. We are to point to the cross of Christ and not by unkind criticism injure one man's character and possibly prejudice another so that his willingness to accept the Christian religion will be diminished.

Mrs. Annie DeRossett Harris sang at the offertory Ambrose, rendition of Alice Carys beautiful song "One Sweetly Solemn Thought." The words, the music and the rich, strong, sweet voice of the singer combined to make the song especially delightful.
