Woods on Fire

Sunday New Bernians had a new kind of a trouble. The woods on the north side of the river particularly those along the line of the P. O. & W. railway were on fire and an easterly wind drove great clouds of smoke and ashes which enveloped the city entering the houses and churches and becoming very disagreeable.

The reason for the fire is of course the dry weather. The grass was undoubtedly set on fire by a spark from an engine and the fire spread until quite an area was burned over.

Letter to H. McDowell.

New Bern, N. C.

Dear Sir: You sell a good many things by the gallon. Being a decent man, you give full measure.

You know what we mean, you know that short weight and short measure are common among well, we hope there are no short measures and weights in your town.

There are, though. Ribbons and laces and trimmings, sold by the "dozen," measure nine or ten yards. There is no complaint, because "they all do it."

You have the same plague in your goods—nearly everything, canned or bottled, cheats in the quantity. Almost nobody gives full weight in a factory-package!

We are one of the almost nobodies. We sell paint, by the gallon is just the same size as yours that you measure vinegar with—22 cubic inches.

Good paint too—Devoe lead-and-zinc—takes fewer gallons than mixed paint and wears twice as long as lead-and-oil.

You own a house. That's why we are writing to you. Yours truly, F. W. DEVOR & Co.

P. S.—E. W. Smallwood sel's our paint.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Some of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on Materia Medica for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensatory, a standard authority, "to impart tone and increased power to the heart's action."

Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb general tonic.

Dr. Pierce's Pellets cure Constipation. Stone root is also recommended by Dr. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing cerebral affections in all parts of the system.

Candidate for Register of Deeds

I desire to announce to the Democratic voters of Craven county that I am a candidate for the Democratic nomination for the office of Register of Deeds at your county primary. As to my fitness and competency I refer to my past record as a clerk in the office of the two last Register of Deeds. I make no claim of right to the office, but I do ask that the white Democratic voters consider whether past party services are not entitled to some consideration. I have never failed to serve the party when I could, and in the White Supremacy campaigns I did so at considerable sacrifice and not a little danger. I have never asked for office before and if my request is declined you will still find me a faithful worker in the ranks of the private.

W. B. FLANNER.

C R Thomas Endorsed

At a democratic primary meeting held at Piney Grove, Jones county, May 19, 1906, a resolution was offered and adopted endorsing the course of our democratic member of Congress Hon. Charles E Thomas and we instruct our delegates to the county convention to be held in Trenton May 28, 1906, to vote for a resolution of instruction for his re-nomination. We also endorse the course pursued by Senators Simmons and Overman.

THE FIRST OF THE SEASON

About 350 Excursionists from Wilmington Spent the Day in the New Bern Yesterday.

The first excursion of the year under the direction of Knight the excursion man, arrived from Wilmington at about 11:30 yesterday morning. There were about six coaches all well filled, composing the train, of which there were two cars filled with white people.

The excursionists spent the day visiting with friends and all had an enjoyable time. The returning train left at about ten o'clock last night.

THEY COME AND GO.

All Smiles Now.

There alighted from the A. & N. C. train Saturday night a person who caused much joy in the hearts of the members of the K. of P. Band, that person being their valued instructor, Eugene Robeson.

'Genie', as they all call him, left for a few days stay at Greensboro and was to have returned home last Wednesday but owing to the fact that he caught the wrong train in Greensboro and was on his way to Washington City and had to walk back was the cause of his delay.

As an evidence of the esteem in which Genie is held, the boys have determined that the next time he takes a trip some member of the Band must accompany him to see that he returns for he is too good to lose.
