

SHORT PASSING EVENTS.

The chairs for the Parish House having arrived, the Sunday school of Christ Church will meet for the first time in its proper quarters today at 4 p. m.

The sermon at Christ Church tonight will be on "Christian Womanhood," and will be especially to the members of the Girls Friendly Society. After evening prayer the admission service of the Friendly Society will be held by the Chaplain, and three new members will be admitted to the order.

Mrs. M. V. Wicks, the lady evangelist will preach at half past four today on the lawn in front of Moore's boarding house on South Front street. All are earnestly invited to attend this meeting.

Mr. John C. Green has received a car load of plumbing supplies Friday which he will use in putting a modern plumbing system in the hotel Chatawka.

The Journal acknowledges an invitation to the Trinity Park school, Durham, commencement which takes place June 2 to 4 inclusive.

Eastern North Carolina has often been called the "garden spot" of the State, and right well does this section deserve the title, but for being a land of "milk and honey" it easily takes first rank. Countless herds roam its broad verdant savannas yielding to the population a generous lacte tribute while wild bees are lying up rich treasures in the trees of the swamps for the use and enjoyment of mankind. These bee trees are often found containing fifty or more pounds of fine honey, but a report from Pamlico county tells of the richest find yet. It was on the land of Mr. G. T. Caboon, near lower Broad Creek, a hollow gum in which was packed honey to the depth of 11 feet, which must have been several hundred pounds.

A meeting will be held in the Presbyterian lecture room at five o'clock this afternoon to organize a Young Peoples Society of Christian Endeavor. Where ever these societies have been formed they have been found a great help to the church in both spiritual and social life. It is the largest and strongest religious society in the world. All young people in the city are cordially invited to attend and join. The society is not denominational.

The racket at Stanly hall yesterday afternoon was not due to a hair pulling match because somebody didn't like the awards in the baby show but it created a lot of excitement. Some of the men working at the bazaar were trying to get a big gun down the stairs but they did not have an opportunity to get a leverage and the big gun got away from them and went thundering down the stairs making a noise as if the building had fallen down. Large numbers of people went to the scene expecting some terrible catastrophe. Fortunately nothing was damaged.

Considerable excitement was created yesterday morning, in the finding of the supposed dead body of a white man in the cemetery. A large crowd gathered, and some of the boldest took hold of the expected corpse when the cause was discovered, and the excitement turned into laughter, and ridicule. The "corpse" was able to get out of the cemetery, later in the day.

The musical at Christ Church Parish house June 6th will be an enjoyable entertainment for those who love music. Mrs. Harrison is the program to sing.

The monthly business meeting of the Woman's Club will be postponed today on account of the Elks' Bazaar. It will be announced next week.

Jefferson Davis' birthday coming on June 3rd, which is Sunday, Monday June 4th will be observed by the New Bern Chapter of the Daughters of the Confederacy, at their rooms at eight o'clock. Mr. R. A. Nunn will be orator of the occasion.

The old steamer New Bern which has been a familiar craft in these waters has been sold by the old Dominion Steamship Co., to Dempsey & Sons, of Philadelphia, and has been removed to that city.

About 600 baskets of beans were shipped on the steamer Neuse last night. Prices paid here ranged from \$1.25 to \$1.40.

A very important meeting of the Knights of Pythias will be held tonight. Every member should attend.

Will Stroud, alias Hardy a white prisoner in Lenoir county jail awaiting to be taken to Raleigh to serve a ten year sentence, broke jail Saturday night and is now at large. A negro woman prisoner assisted him to escape, and she also left.

Preliminary steps to forming a Christian Endeavor Society were taken Sunday evening at the lecture room of the Presbyterian church. The attendance was large and the interest taken in the movement was sure indication of success.

The lively little city of Richlands was the subject of a fine article from the pen of H. B. Hardy in the Sunday News and Observer.

A pretty and appropriate window display is to be seen in J. G. Dunn & Co's window. An Elks' head occupies a prominent place in the display and the purple and white decorations make a pretty effect.

A dark rainy night and no lights, last night. That is no electric lights.

For additional local matter see second page.

DARING DAYLIGHT ROBBERY

Negro Breaks into a House in Dover and Steals a Trunk in Which a Large Amount of Money Was Concealed.

One of the most daring daylight burglaries that has occurred in this section for some time occurred Friday evening at Dover. The robber went to the house of Mr. O. L. Rhein at 3 o'clock, raised a window and stole a trunk contents and all. He carried the trunk to the woods or a secluded place and emptied the contents which were mostly women's clothing and got a purse containing \$105.

This having been accomplished with out detection he is reported to have gone to the store of the Goldsboro Lumber Co., and bought a whole outfit, clothes shoes and hat. Although near the house Mrs. Rhein did not discover the robbery until an hour or two later and promptly notifying the authorities at Dover found a tangible clue tracing the thief to New Bern. Mr. Rhein and a friend arrived in New Bern and notified the police and police officers were detailed to a house up town where the man was said to be staying. They surrounded the house but in spite of their watchfulness the man escaped, quite likely in very scant apparel as when they searched the house they found his now clothing, the purse containing \$105, a new revolver which the man neglected to take in his hurry to get away.

The description of the man is such that he can be easily apprehended and he is known. It is believed he had two accomplices, a woman and another man. There is not much suspicion resting on the second man however.

Police Court News

Mavor Patterson paid a month's arrearage for persons yesterday. Frank Ramsey, disorderly, \$100 fine and costs. John H. H. Ramsey, disorderly, \$100 fine and costs. J. H. H. Ramsey, disorderly, \$100 fine and costs. J. H. H. Ramsey, disorderly, \$100 fine and costs.

Organ Recital

Prof. J. W. Eisele, of Washington, D. C., a celebrated organist, will give an evening recital at 7:30 o'clock at the Methodist church, Friday evening. He will be assisted by his wife and Mrs. Anne D. Bissett Harris, of Wilmington, who will give vocal solos. Good music will be heard at the church thereafter.

Letter to J. E. Luffan and Co.

Dear Sirs: Would you like to hear of a 20-year patent? Mr. James A. O'Neil's body, Henderson, N. C., was buried 20 years ago with Devine's embalming and it is now better than common people of half that time. The reason for Devine is all plain and true point, while the competitors are part true and part false. Don't pay to monkey with pain. And Devine costs less than any of 'em, not by their alion, of course, by the house and year. That's how to reckon it. Go by the name. Yours truly, F. W. Devine & Co.

The Whale-Killing Orca

The whale, which was sixty or more feet in length, was attacked by these hounds of the sea, the orca or killer; they had seized it by its huge lips and were clinging with all the ferocity of a pack of bulldogs. In vain did the giant swing its deadly tail. The nimble foes leaped over it, avoiding it with ease, directing their attacks at its most vulnerable points—the throat, lips, and tongue. Impelled by the fascination of this deed of sea monsters, the observers drew nearer and watched what was in all probability one of the most remarkable sea fights ever witnessed by man at so close a range. They were so near that the blood of the whale changed the water about them from turquoise blue to encarine; and the waves created by the leaping and rushing of the ponderous body made their boat rise and fall, as though on a heavy sea. The orcas tore the wide lid-like lips of the whale, biting great pieces from the tongue, and crazed with the lust for blood, rent the huge creature until it seemed completely cowed, lying on the surface, making ineffective swings from right to left, rising, then sounding in a fury of indecision and fright.—Charles F. Holden, in the June Metropolitan.

THEY COME AND GO.

Mr. J. F. Cowell of Bayboro, was in the city yesterday. Mr. E. F. Sanderson of Pollockville, was here spending the day yesterday. Mr. Ed Land left last night for his home in Newport News, Va. Mr. James Hunter of Havelock, was in the city yesterday. Mr. George Allen of Raleigh, was in the city yesterday visiting his daughter, Mrs. C. L. Ives. Mr. M. B. Gowdy, of Beaufort, was in the city yesterday. Mrs. Francis Winston, of Franklin, is the guest of her parents, Mr. and Mrs. L. H. Cutler. Mrs. C. M. Crapan and niece Miss Emma Greenbaum left yesterday for Seven Springs.

Education.

Education is entirely an artificial condition. Each parent sends his children to school so that they may be better prepared for the struggle of life. Perhaps he is in error when he thinks that school can give this preparation, very often he is, but one thing is certain: nothing can be done successfully unless the doer is interested in what he is doing, and this will never be the case with school children if seeing is a burden. All modern education is based on the use of the eyes. If the eyes are not suitable the child will not be interested in what he is doing, hence the necessity of having the eyes suitable for the purpose by the proper spectacles, if he is to get out of education what the system offers. An eminent professor of the United States Agricultural Department has been studying the hen. Think of writing books on hens. Listen to this! The American hen produces more in dollars and cents, than all the gold and silver mines in the country combined; and if the value of the hens be added, the aggregate is twice the annual yield of all the gold and silver mines and six times the value of the wool crop. The most independent man on earth is the farmer, for he makes the earth yield him almost everything needed for life. He knows that as he sows so will he reap. He usually keeps strong and healthy with constant strife with nature—in sunshine and in pure air. At sundown, when work is done, he finds most refreshing sleep in bed, such as only a tired man knows. In the summer, the earth yields food for man, so does it provide remedies for human ills. Thousands of households throughout the farming districts of the United States know the value of Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent, made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which spans forty years, and has been given to the public by Dr. R. V. Pierce, founder of the "Invaluable" Hotel and Surgical Institute at Buffalo, N. Y., for forty years, and has since been sold by druggists in ever increasing quantities. Some medicine enjoys a large sale for a few years, then disappears from the public attention, but Dr. Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, so that every bottle bears the stamp of public approval. Moreover, Dr. Pierce guarantees that it contains no alcohol or narcotic. Hon. John E. Sutt, Registrar of Deeds, Court House, Durham, N. C., writes: "We have used Dr. Pierce's Golden Medical Discovery in our family, and have known of some of our neighbors using it. We have always found it to do all that is claimed for it, and feel confident that it is a splendid remedy." Mrs. Betty Mill, of Cotton, N. C., writes: "I procured Dr. Pierce's Golden Medical Discovery and took it for my cough. The medicine acted like a charm; cured my cough all O. K. I feel very grateful to you for your kindness. Use my name if you choose." DO YOU KNOW YOUR OWN SYSTEM? A complete medical book and physiology of the body, by Dr. Pierce's Common Sense Medical Adviser, which can be had for the price of postage. Send Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for the cloth-bound book, or 21 stamps for the paper-bound volume of 208 pages.

A BOUNTIFUL RAIN

Saturday's Showers Keep Up the Good Work and Promise of Large Crops.

While Sunday was observed as a day of rest and devotion as usual there was another thing in which there was universal rejoicing and that was that the drought had been broken. There had been no rain for sixteen days and the conditions were becoming very serious among the farmers; all crops were in great danger and truck raisers regarded the situation with alarm. The long delayed rain commenced Saturday night, forecasts and barometer indications had preceded many hours. It came gently and rather reluctantly at first but with the promise of more copious showers. Sunday the showers came at intervals all day and at midnight the biggest rain set in that has visited this section for many months; a little lightning and thunder accompanied it. The total amount of rainfall for 36 hours was 1.82 inches and all crops have taken on new life and prospects for a larger yield of potatoes and beans are very bright.

"NO CURE NO PAY."

How F. S. Duffy Sells Hyomei, the Guaranteed Cure for Catarrh.

F. S. Duffy has an unusual offer to make to our readers, one that will be of the greatest value to many. For some years F. S. Duffy has been watching the results from the use of Hyomei, a treatment for catarrh that cures by breathing medicated air, absolutely without any stomach dosing. The results have been so universally successful that F. S. Duffy feels justified in making a public offer to treat the worst case of catarrh in New Bern with the understanding that if Hyomei does not cure, the treatment will cost absolutely nothing. The regular Hyomei outfit costs only one dollar, and consists of a neat pocket inhaler that can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomei. If this is not enough for a cure, extra bottles of Hyomei can be obtained for 50 cents. F. S. Duffy positively guarantees a cure, if Hyomei is used in accordance with directions, or F. S. Duffy will refund the money.

GREAT SHOW HAS COMMENCED

All Thoughts, All Eyes Are Turned to Stanly Hall. An Entrancing Scene.

Whenever the Elks undertake an amusement enterprise there is no gamble on it being a most enjoyable affair. It goes without saying that they have the art of pleasing the people down pat. And so we can say of the bazaar which opened last night, that the Elks are leaving nothing undone to make it a successful and thoroughly enjoyable affair and the crowning effort of their career. A look at the surroundings upon entrance to Stanly hall will convince one that he is in Elksdom. The rich colors of the order are seen on every hand, and while purple and white predominate other colors, particularly the national colors are to be seen all blending harmoniously and creating a novel and beautiful effect. It is a sight that will live long in the memories of those who behold it. Some of the booths have been described and we wish to call attention to a few stands which have not been previously noticed. The first booth is where soft drinks are dispensed under the supervision of Miss Mamie Kinser and no one need go anywhere but to her booth to get a soothing and satisfying beverage. A beautiful and attractive place is the Moorish smoker. Its a cozy nook fitted up with the unique oriental idea of op'ndor and comfort. Here a man can lounge and lazily take his fill of cigarettes and be a Turk for the time being. A telephone is one of the conveniences to be found here and the mistress, Miss Eulalia Willis will welcome all visitors. It is the very paragon of comfort. The Dutch booth is a large and handsomely decorated place, trimmed with pink and is in charge of Misses Kathryn Griffin, Eleanor Greenbaum, Kathrine Hunter Richardson, and Daisy Green. Here will be found Dutch work of art and souvenirs and many things to attract and please. The fortune teller will unfold thimisty future and let you see your finish Madam DoTell, an assumed name but she is a real Indian fortune teller engaged by the Elks at considerable expense. She is a member of the Cherokee tribe of Indians who have a reservation near Asheville. She is of royal blood and has a great reputation as revealer of secrets of the future. Light is shed on the scene of gaiety and pleasure by the Wunsch light. This well known lamp gives a soft strong light and showed its excellent features to the very best advantage. Today's Program. Today the festivities for and by the children will begin with a baby show. All children between the ages of eighteen months and three years may be entered. If it rains the show will be postponed until Thursday. Come at half past four o'clock this afternoon expecting to see the sight of your lives. When the babies are on parade all other numbers will remain quiet. Every baby will deserve the prize but of course the child receiving the largest number of votes will be entitled to the prize. It is not too late to enter the babies at 4:30. Bring them when you come. The old woman is already in her shoe and she has decided to sell all but two of her children. These two are so pretty that she will vote one of them off to the most popular child in New Bern and one the old woman has given a name, whoever guesses the correct name will get this beautiful doll. Wednesday Miss Greenbaum will present a most attractive program. The minuet will be a feature that will be greatly appreciated. Eight beautiful children will participate in this fine old graceful dance. Misses Pierce and Mitchell will then give one of their charming sketches. The ladies who have promised refreshments will kindly send them to the bazaar by four o'clock. Drink Dr. Pepper and retain your youth and health. Church Being Overhauled. The First Baptist church is in the hands of the carpenters and it will be greatly improved. The annex in the rear has been torn down and another larger addition will be erected on the site. The new church structure will be 20 feet wider than the body of the church and will be large enough to accommodate the increasing numbers at the Sunday school. The auditorium will be changed, the floor will be raised at the rear of the room and gradually descend to the pulpit. There will be other and important changes and the church much improved in appearance and convenience. While the repairs are being made services will be held in the old M. thodist church. The Richest Man in the World. The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up those organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life."
