WHERE IN THE EVER SANE AND SAFE" MAN?

"William R. Hearst is the most dangerous demagogue to his inches who has appeared in public life for a generation."—Richmond Times-Dispatch, Ind. Dem.

Cut out "to his inches" and the statement is stronger and no less true. Norfolk Landmark.

A political phrase much in use lately, to describe men who are, or may be candidates, for office, is in line with what may be termed the peculiar political strenuosity of today. "sane and safe"—what man in public life can ascribe to himself these attributes with any assurance that those who vote, will place him in a position of public responsibility and trust?

The esteemed contemporaries quoted above, would quite likely have applied the same language to Theodore Roosevelt if that gentleman had been before the public ten years ago, with his well known strenuosity of today. It was only in the last Presidential campaign that Mr. Roosevelt was declared unsafe, a rusher in, a disturber of existing conditions, a man who would lead the American people into war with [illegible] foreign nation.

How "sane and safe" was W. Bryan declared to be in [illegible] ten years later, his chief [illegible] and calumniators rise up and [illegible] him extravagantly. Has the [illegible] the times changed, that warrants [illegible] more than radical political re[illegible] on Bryanism?

It may not be peculiar to the Democratic party, but it is noticeable, that its tenets seldom get up to date, that is the fallacy of yesterday is [illegible] passed upon as wisdom today, [illegible] tive of what the future might develop. William R. Hearst is denounced for demagogy, because he believes in the advocacy of certain principles, that would lead in their establishment. There has been no refusal to accept Mr. Hearst's aid in campaigns. His democracy has been good enough to recognize his weight, politically, when his money and newspapers were most wanted. There may be certain seemingly socialistic doctrines which Mr. Hearst advocates today, but are they less democratic than the 16 to 1 free silver doctrine of Mr. Bryan in 1896 and 1900?

Are "sane and safe" to be held as technical, or political? To be passed upon as attributes which a man must actually possess, or is it a politically juggled expression, a campaign cry to catch the unthinking, to stampede political gatherings and so ignore real conditions? Where is the "sane and safe" man, who was recognized so yesterday, meets the same approval today, and will not be found wanting tomorrow?

WHAT MAY RESULT IN CONTINUED FAILURE OF LIGHT SERVICE.

It is very doubtful if at any time within a number of years, the citizens of New Bern have suffered so much in light service, rather the entire absence of lights, which they stand responsible for, and which they pay for, whether they use them or not, as has been their experience on last Sunday and Monday nights.

With weather rainy and dark, with streets overshadowed by masses of foliage, the pedestrian who ventured out on those nights did so at personal discomfort, and with every possibility of risk to personal accident of a severe nature. The fact that the water and light commission can tender good excuses for no lights, and poor lights when they have been going, during the past two months, and longer, offers no comfort to the consumer, nor would such excuses hold in court should accidents result from the lack of sufficient light, as implied by guarantee.

But aside from the light service failure in itself, the constant expense which is attendant upon the public utility, for no lights or poor lights does not mean a single cent less in the expense of the plant, probably every night without lights means a greatly added cost, with a falling off in revenue, for poor light service means fewer consumers, and a deduction in the charges, for there is no reason why consumers should be forced to pay for something they do not get.

The result of poor service in the part of the city, can have but one end, that of bankruptcy so far as municipal ownership is concerned. Such a bankruptcy means that tax payers will be called upon to make good the bonds which they stand for, with all contingent expenses. It is not a pleasant issue to face, this financial collapse. It is even worse than poor lights and no lights, but first municipal ownership per se is not the guarantee of success. Every New Bernian can appreciate this point, and it is well to be warned in time, so as not to be too much overwhelmed if the collapse takes place.

OWEN H. GUION—JUDGE.

The nomination of Owen H. Guion, [illegible] of this city, as Judge of the Fourth North Carolina Judicial District, and the nomination is equivalent to election, is a happy culmination of an ambition now to be fulfilled, for the gentleman himself, and for his friends, both of this city, county and district, as well as the State, the selection is specially gratifying. Of an illustrious family, a gentleman of fable, courteous, of pleasing address. Distinguished in his profession, a student and one who studies for the joy of it, and learns things, not to forget, it seems a most fitting choice that the people have made, for it is a splendid equipment of character, sterling ability, a knowledge of the law from books and experience, with a social spirit, endowed with fine conversational gifts, it is indeed a matter of congratulation that the Third District will give North Carolina a Judge of excellent caliber, one who cannot fail to exalt the bench, and give to it an added dignity and character.

[illegible] honor, and a flattering one, [illegible] the Third District [illegible] with the encomiums of his fellow citizens of the State [illegible] into his unofficial [illegible]

[illegible] of Judge Henry R. [illegible] to the judgeship [illegible] H. Guion, Esq., present most [illegible] pleasant features. There [illegible] absence of political struggle, [illegible] elimination of every personal [illegible] that could so easily provoke [illegible] between men and their friends, when one retires voluntarily, with the commendation "well done and faithfully performed." The other enters with the acclamation of the people, who knowing his character and worth, ask him to fill the high position of honor and trust. There is not a regret on any side, but instead, the congratulation to the departing, who will still be honored in his private life, and the congratulation to the coming, whose people will welcome and rejoice with him in his official duties soon to be undertaken, and the wish of all is that only success and health may attend, Owen H. Guion, —Judge.

Lightning Destroys Schoolhouse.

Special to Journal.

Raleigh, June 25—During a heavy storm at Garners, six miles from Raleigh, lightning struck the new school house and academy totally burning it together with contents. The building was two stories and the second floor was occupied as a lodge room by the Junior Order United American Mechanics. The insurance is nine hundred dollars. It will be rebuilt.

Right Paint at the Start

Pure White Lead and Pure Linseed Oil should always be used for the first or priming coat. No other paint has the same affinity for the surface—marrying and becoming a part of the wood.

Yellow ochre, barytes, zinc or any other adulterant than Pure White Lead fails to combine with the wood and serves only to form a cushion, which will prevent even Pure White Lead from attaching itself when finally applied.

Satisfactory results can never be obtained so long as a surface is painted with a *veneering* (for that is all it is) of yellow ochre, barytes, zinc, etc. Such a coating is bound to crumble, crack and peel, and must be burned or scraped off, *down to the wood itself*, before a good job can be done—an expensive process, and not without danger of injury.

No house owner can scarcely make a more costly mistake than to use a substitute for Pure White Lead in the priming coat. Avoid all risk by using

At the Mecklenburg

Chase City, Va., June 25.—The latest addition to the facilities for giving pleasure and enjoyment to the guests is the opening of the splendid pavilion, which on Wednesday evening was used for the first time this season and presented a very gay and animated scene, being liberally patronized by the guests of the hotel and many visitors from Chase City. The situation of the pavilion is admirable, adjoining the ever popular Springs House and at an easy distance from the Hotel, thus making a delightful rendezvous during the evening hours.

The new orchestra from Washington, D. C., led by Mr. I. N. Boernstein, a violinist of considerable reputation, which is to delight the guests of the Mecklenburg during the summer season, arrived on Saturday, and will render a splendid program of inspiring music [illegible] dinner hours and evening [illegible]

[illegible] delighted guests [illegible] the Mecklenburg for a month, left on Thursday for their home in Lynchburg.

Mr. and Mrs. T. B. Cotter, of Pinehurst, N. C., are guests at the Mecklenburg. Mr. Cotter is general manager of the famous Pinehurst properties, owned and operated by the millionaire Tufts of Boston.

Mrs. Van B. Moore and daughter, Miss Lucy Moore, of Raleigh, N. C., are numbered among the very delightful guests here.

Mr. W. T. Harris, one of Danville's most prominent lawyers, accompanied by his son, Mr. T. M. Harris, arrived on Saturday for a stay of several weeks.

In the list of names on the hotel register for the past week we find the following:

NOMINATED BY ACCLAMATION.

Hon. O. H. Guion Named For Judge of Third Judicial District. L. I. Moore Rechosen For Solicitor.

Kinston Free Press 26th:

The Democratic judicial convention for the third district was held in the court house in this city this afternoon and nominated a judge to succeed Judge Henry R. Bryan, and a successor to Hon. L. I. Moore, solicitor for the district. There was a pretty good attendance considering the fact that the convention was held outside the district, and Pitt and Craven sent very full delegations. It was a fine body of men which composed the convention and the spirit of harmony prevailed throughout.

In the absence of the chairman, Mr. L. V. Morrill, of Greene, who was absent on account of sickness, Mr. A. D. Ward of New Bern was selected as temporary chairman, and called the convention to order. Mr. Ward made a short speech setting forth the object of the convention and then Capt. W. T. Caho, of Pamlico, was made secretary of the convention. Capt. Swift Galloway, of Greene, was made permanent chairman and the convention settled down to business.

A roll call of counties showed every one of the counties represented as follows: Carteret, Craven, Greene, Jones, Pamlico and Pitt.

Nominations for judge were declared in order and Carteret yielded to Craven. Mr. James A. Bryan, of Craven, in a very happy speech, placed in nomination his countryman, Hon. Owen H. Guion. Hon, T. D. Warren, of Jones, seconded Mr. Guion's nomination and read resolutions of Jones county convention endorsing him.

Mr. F. C. Harding, of Pitt, arose and stated that by request of Mr. Morrill he would withdraw the name of Mr. Morrill as a candidate for judge and moved Mr. Guion's nomination be by acclamation. Capt. Galloway then called Mr. Harding to the chair and after a splendid tribute to his countryman, Mr. Morrill seconded Mr. Harding's motion and Mr. Guion was unanimously nominated by acclamation.

In the roll call for nominations for Solicitor, Carteret yielded to Pitt, not having a candidate, and Mr. F. C. Harding in a very pretty speech placed before the convention the name of the present incumbent, Hon. Larry I Moore Mr. Ernest Green, of Craven seconded the nomination of Mr. Moore, and moved that it be made by acclamation, which was carried unanimously. Hon. T. D. Warren, Jones and J. E. Debnam, Greene seconded Moore's nomination also,

Mr. Moore was present and a loud call being made for a speech responded in a very graceful speech of acceptance, which was applauded long and heartily.

Mr. Ernest Green, of Craven, then in the absence of Mr. Guion, on behalf of the nominee and the delegates from Craven, made a short speech accepting the nomination for Mr. Guion.

Just before adjournment Mr. Green introduced a resolution endorsing the official record of Judge Henry R. Bryan, who has been judge for 16 years, and who voluntarily retires from the bench, which was unanimously adopted and was as follows:

Whereas, We feel that the Judge who wears the ermin, conferred by the people, in honor, and keeps it spotless is as worthy the admiration of men as the soldier who upholds the honor of the flag.

And whereas, the Hon. Henry R. Bryan voluntarily retires from the bench of this district after serving the people for sixteen years with honor to himself, the district and the State. Therefore be it

Resolved, that the democracy of the third judicial district extends its greeting to the Hon. Henry R. Bryan, Judge and assure him that he carries with him into a retirement crowned with years and honors, the respect and admiration of the people of his district. Resolved further, that a copy of this resolution be sent to the Hon. Henry R. Bryan by the Secretary of this convention.

The following executive committeemen were named for the several counties to serve for the next four years:

Carteret—W M Webb, Craven—Ernest M. Green, Greene—B W Edwards, Jones—T D Warren, Pamlico—W T Caho, Pitt—F C Harding.

E. M. Green was made chairman and W M Webb secretary of the Judicial Executive Committee.

Those attending from New Bern, were: E M Green, D L Ward, A D Ward, Wm Dunn Jr.; D E Henderson, C R Thomas, R A Nunn, Wm. Dunn, Sr., John Dunn, B S Guion, C E Foy, James A. Bryan, George Waters, W M Watson, F T Patterson, T F McCarthy, J J Baxter J C Thomas Jr., J W Biddle, L G Daniels. W M Webb, Morehead; M C Holland, Beaufort, G V Richardson, Dover.

NEW BERN GAS & FUEL CO.

Enterprising Capitalists Will Rebuild the Gas Plant Conduct Business on Larger Scale.

Mr. J. M. Cox, secretary of the new gas company which is to be known as the New Bern Fuel and Light Co., arrived Monday and gave the Journal a brief interview and told of some of the things the new company proposes to do.

The present plant will be thoroughly overhauled and improved. The capacity will be 120,000 cubic feet daily and will be able to supply gas for any purpose whatsoever. In connection with the manufacture of gas they will have a gas [illegible] where they will sell all gas appliances, lamps, stoves, burners, chandeliers and everything of the most modern and approved style. The vacant store in the Hazelton hotel block is being equipped for this purpose, and there is nothing in the line of lighting, heating or for the utilization of gas as a motive force that cannot be found there. Mr. Hugh Wood, who for fifteen years rendered valuable assistance to the former gas company has been retained by the new concern.

In the reorganization and improvement of the gas plant New Bern people will have a RELIABLE source of light and if the citizens show the proper appreciation it will develop into a prosperous industry. The men who have bought the plant are experienced on the subject. They own a similar plant in Fayetteville and they both have been connected with syndicates controlling gas and other franchises in northern cities and their judgment may be relied upon. Full possession will be given July 1, and they will begin their work of enlargement at once.

Jasper's Arc Champions.

Jasper, June 25.

A very fine game was played here Saturday between the Jasper and Lima teams. It was a championship game of the rural district of Craven county, but we must say that the home team was too much for the visitors, The Jasper boys played ball on the start; McMillan, Jasper's star pitcher did not let the Lima boys see first base for three innings; only three hits were made on him during the game. The star batting for Jasper was done by Clark, Jr. the best base sliding was by Brock and W. Clark, in fact the boys played good ball Spruill and Dawson did the best work for Lima.

NATURE'S WARNING

New Bern People Must Recognize and Heed It.

Kidney ills come quickly—mysteriously, But nature always warns you through the urine.
Notice the kidney secretions.
See if the color is unhealthy—
If there are settlings and sediment,
Passages too frequent, scanty, painful.
It's time then to use Doans Kidney Pills,
To ward off Bright's disease or diabetes.
Doan's have done great work in New Bern:

Charles F. Harget, a car painter at the A. & N. C. R. R. shops, residing at 47 Bern St., says: "I have found great relief by using Doan's Kidney Pills. My back has been hurting me for a long time, often so bad that I could not work. The kidney secretions were very dark and cloudy. Since using Doan's Kidney Pills the secretions have regained their natural color and I do not suffer from the pains in my back at all. I can advise all who are similarly troubled to what I was to go to Bradham's Pharmacy, procure Doan's Kidney Pills and give them a trial. They will not be disappointed in the results."
