Chapel Hill, N. C., May 9, 1905

Mr. W. D. Burns, Principal Piedmont High School, Dear Sir: - The young men who have come to the University from the Piedmont High School have taken a good stand in their classes and have done faithful and satisfactory work.

F. P. VENABLE. President University of North Carolina.

In my opinion there is no High School in this part of the country doing more thorough educational work.

E. Y. WEBB, M. C.

Shelby, N. C., Eay 1, 1906.

I take pleasure in bearing testimony regarding the Piedmont High School. I have spent some time in this school and found the work of the class rooms to be thorough, practical and far reaching in its scope. The teachers are devoted to their work, are thoroughly competent, and they spare no effort in making the class . com a place of interest to the pupil. The school also has an excellent literary society. One of the strongest high school debates I ever listened to was the one given by the members of this society. In my opinion this school deserves a place among the best schools in this part of the State, and I readily commend it to all the people.
