Past, Present and Future Paint

The best "past" paint is the paint which has worn down evenly, leaving the surface ready for repainting without the need of expensive scraping and "burning-off."

The best "present" paint is the paint which is applied with least labor, covers the most surface per gallon, and looks the best when on.

The best "future" paint is the paint which lasts without cracking or peeling, affording perfect protection for the greatest number of years.

Viewed in any of these ways,

Lewis Pure White Lead

SHORT PASSING EVENTS.

Miss Jessie Bumpass of Raleigh, is seriously ill at the home of Mrs. J. A. Meadows.

Miss Norman, professional nurse from Goldsboro, is now a member of the staff of nurses at the Stewart Sanatorium.

Mr. Owen Guion has purchased the property of the Seymour estate on East Front street occupied by Mr. L. H. Ervin and will remodel it for tenants.
The house known as old Manly house, corner of East Front and New streets, is being overhauled and remodeled by the present owner, Mr. E. K. Bishop. The house will be moved to a different position from that it occupies now.

As an evidence of the good health of New Bern, it was stated by the sexton of Cedar Grove cemetery yesterday that there was not an interment in the cemetery from June 26th to July 16th; an extraordinary record for this sickly time of a sickly year. There have been within that time two or three deaths, but the bodies have been shipped away for burial. This fact speaks well for our physicians.

The first new crop tobacco arrived in the city today and was taken to the Atlantic warehouse for grading and ordering, to be ready for the opening sale on August 1st: The tobacco is pretty good quality and came from the farms of Mr. J. T. Wooten and Mr. Richard King, both of Southwest township.—Kinston Free Press, 17th.

Miss Mildred Gray and Mary Louise Waters were riding yesterday morning when the horse took a notion to lie down in the shafts. The young ladies jumped out of the buggy thus escaping a bad accident. The shafts were ruined and the harness damaged.

Citizens generally are reminded that putting trash in front of their premises or places of business on any other day but those appointed for the collection of trash by the city is a violation of the ordinance and they will be held accountable for the same.

VOICE OF THE PEOPLE.

MR. W. C. BREWER REPLIES.

EDITOR JOURNAL:—In reply to an article in Friday's Journal, headed "Let us have light," I would reply, that I did not seek this notoriety, that I allowed my friends through their importunity to use my name and place it before the people of the county as a candidate for the lower House of the next general assembly. It is pleasant and makes one feel very much flattered to have his name coupled with so high an honor. I believe it the duty of a representative to represent the people and not his own personal views. I have no axe to grind in this contest, though I have strong personal opinions on the questions that are now being discussed by the people.

I quote from the article "Let us have light" moral questions are rightly overshadowing all others with the people, etc."

All moral law does and should come from the church. It is largely through the preachers that we have our civilization, our prosperity, our enlightened religion in fact about all the good things makes life worth while, they are the custodians and promulgators of the moral law. There is a clause in our constitution that reads something like this: "church and state shall forever be kept separate. (A wise act of the framers of the constitution) it preserves the liberties of the people I am personally opposed to any drastic measures to enforce moral law. My observation is that it degrades rather improves the morals of the people where it has been tried. Our common law reaches drunkards, profaners and adulterers, and is this not sufficient if it is enforced will protect the church and enforce the moral law.

We have too much law. "A people least governed is best governed."—Jefferson.

I quote, "as he was foreman of the grand jury which failed to find true bills etc."

Now, Mr. Editor, that is an impeachment of my integrity, I shall answer his charge, but I don't think I ought. I hope my friend the "Enquirer" knows a grand jury's duties and more especially the foreman. Eighteen men form a grand jury. It takes twelve votes to make a true bill, then it is necessary for the foreman to vote. I did that in one instance, making it a true bill, the only one found against the blind tigers; now I am not offering this as a defense, there is none necessary. The grand jury at the April term of court 1905, discharged their duties as they saw it faithfully as this implied charge has been made I think I owe it to myself and my associates on the grand jury, to give certificates to the people that are not generally known. The facts are that certain citizens of New Bern hired two men of Onslow county to come up to New Bern, find the blind tigers and make bills of indictment against those violating the prohibitory law, for which they were to receive one hundred dollars and expenses which included board, lodging and what whiskey and beer they drank while in the discharge of their duties as star witnesses. These facts were drawn from the tried witnesses by questions from the grand jurors.

Now these witnesses on the 6th day of March 1905, bought and drank six bottles of beer, one each, from six blind tigers, and also bought and sampled six bottles of whiskey, one from each blind tiger visited. Now the grand jury expressed themselves freely—the majority of them did, that witnesses that had drank six bottles of beer and sampled six bottles of whiskey in one day were hardly competent witnesses. We know who the men were that heard the witnesses. We have no comments to make. The grand jury for the April term of court 1905 has no defense to make. These are condensed facts.

As for temperance I strongly favor it. I think there ought to be a temperance organization at every church, school house and neighborhood in the State.

Train up a child in the way he should go and when he grows old he will not depart from it. I think I have said enough. I think I am pretty well known in the county. A voter who has no confidence in a candidate should not support him. I am not asking for votes, if they come voluntary I shall be thankful and feel very much honored.

W. C. BREWER.

When our soldiers went to Cuba and the Philippines; health was the most important consideration. Willis T Moran, retired Commissary Sergeant U S A., of Rural Route 1, Concord, N. THE KING OF BLOOD PURIFIERS

No other remedy has given such perfect satisfaction as a blood purifier and tonic or is so reliable in the cure of blood diseases of every character as S. S. S. It is known as "The King of Blood Purifiers," and the secret of its success and its right to this title is because "IT CURES DISEASE." It is an honest medicine, made entirely of purifying, healing roots, herbs and barks, which are acknowledged to be specifics for diseases arising from an impure or poisoned condition of the blood and possessing tonic properties that act gently and admirably in the up-building of a run down, weakened or disordered condition of the system.

One of the greatest points in favor of S. S. S. is that it is the only blood remedy on the market which does not contain a mineral ingredient of some kind to derange or damage the system. It is the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family, and persons who have allowed their systems to get in such condition that most medicines are repulsive to the stomach will find that S. S. S., while thorough, is gentle and pleasant in its action, and has none of the nauseating effects of the different mineral mixtures and concoctions offered as blood purifiers.

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs and poisons. So long as it remains uncontaminated we are fortified against disease, and health is assured; but any impurity, humor or poison acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison etc., are all deep-seated blood disorders that continue to grow worse as long as the poison remains.

But all blood diseases are not acquired; some persons are born with an hereditary taint in the blood and we see this great affliction manifested in many ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and as the taint has been in the blood since birth the entire health is usually affected.

In all blood troubles S. S. S. has proved itself a perfect remedy and has well earned the title of "KING OF BLOOD PURIFIERS." It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic this great medicine has no equal, and it will be found especially bracing to weak, anaemic persons. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Sold by Davis Pharmacy.

It thoroughly cleanses the system of impurities, increases the appetite, improves the digestion, and builds up the general health. I have given it to my children with fine results. It promptly restores the appetite and clears the skin of all eruptions. It is a very fine blood tonic and has my hearty endorsement.

Doctors Said He Would Not Live

Peter Fry, Woodruff, Pa., writes "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well."
