Industrial, Commercial, Social, Religious, Criminal and Political Happenings Condensed in Few Lines.

Salisbury, Aug. 10.—George Hall was put on trial today charged with breaking into the jail and conspiring against the three lynched men. It was found there no witnesses supposed to prove murder in first degree, so the indictment was changed as above. The jury was chosen in fifteen minutes.

Governor Glenn was examined as a witness regarding a special term of Rowan court, he said what he called it he was out of the State, but made the order by wire to his private Secretary who signed it. The Governor said he did this to prevent lynching.

Many witnesses in this case are in various parts of the State. Deputy sheriff Julian was examined, he swore he arrested the man who attacked T. H. Vanderford and was taking prisoner to jail when George Hall came up with drawn sledge hammer, and calling Julian an infamous name said he would brain him if he did not release the prisoner. Other men joined Hall, one with three sticks of dynamite, which he said he would put under Julian's feet if he failed to release the man. Defense objected to this evidence on the ground that the indictment specified breaking into jail and conspiring against three lynched men. Judge Long ruled evidence competent and relevant but defense excepted. It is supposed Hall will be indicted for murder later if sufficient testimony is found against him.

Trains from all points bring witnesses here. A larger crowd was here today than on Monday.

Oyster Bay, Aug. 10.—President Roosevelt's private Secretary, Leob, has been sued for \$50,000 for causing the false arrest of a Jewish woman named Hadage Done in Washington last winter.

It is reported that the depositors will receive their money at the rate of 75 or 80 per cent of the investment.

They have enlivened the murders of the various Russian officials and conducted in secret the operations against the government.

The existence of a band of robbers has been found who ride bicycles and systematically rob churches to get money for the Revolution.

Raleigh, Aug. 11.—Governor Glenn was notified late this afternoon that three Salisbury rioters had been con-

victed, and that they would leave there to night under military guard arriving at the penitentiary here at five o'clock tomorrow morning. The Governor said he had given special orders to the penitentiary authorities to meet the prisoners at the gate and to guard them most carefully. The troops of the guard will then go on to the encampment.

Governor Glenn said: "I am very much gratified at the outcome of the trial of the lynchers. It shows that the court and jury measured up to what I expected of them, that is their full duty."

So much has been said in relation to who is to blame for the capture of the jail and the failure of the company on duty in it to fire on the mob, that I will order a court martial immediately after the encampment of the first regiment to investigate charges made against Captain Barker and his company. This court is requested by Capt. Barker, who says he is unwilling to submit to the charge that he and his men neglected their duty. I have no power to investigate civil officers conduct, that must be done by others, but I can get all the facts by the court martial and will do so. I am now preparing instructions and order, not only to the civil authorities but to the military which will for ever hereafter prevent a failure of notice to me in time to call out troops and a failure to act when they are so ordered on duty."

The Governor says the reports in the newspapers have been very correct and have greatly aided in bringing the lynchers to justice.

Raleigh, Aug. 11.—Governor Glenn declines to pardon Samuel and Hasty, the revenue officers sentenced to jail for six months for beating editor Deal of the Wilkesboro paper. He says their sentence is fully deserved.

Chicago, Aug. 11.—As the investigation of the Milwaukee Avenue State Bank proceeds the wretched criminal measures used by the officers to steal becomes known to the public everyday. It is now shown that the directors had a hand in the wholesale stealing and that they helped themselves generously.

The feeling is still intense against the officers and it is feared yet that violence may be done. The death wreath on the door of the teller Kowalski, who committed suicide, as soon as the bank failed was taken down and torn to shreds.

St. Petersburg Aug. 11.—Two thousand and soldiers and sailors who took part in the revolutionary demonstrations at Svenborg and Cronstadt are to be court-martialed. Two extraordinary commissions have been created to do this.

Greensboro Aug. 11.—This afternoon Republican congressional convention nominated postmaster Reynolds of Winston to make the race again for Congress against W. W. Kitchen. POOR R. R. FACILITIES FOR GUILFORD COLLEGE

A Brief Report On The Great Meeting of This Peculiar Sect. Lawyers Plead For Commutation of Sentence of Samuel and Hasty. The Hard Situation of Mr. Holmes. (Special Correspondence).

Greensboro, N. C., Aug. 10.—At Guilford College this afternoon, Gov. Glenn addressed an immense audience on the lines of his well known address delivered at other church gatherings on "Temperance". The North Carolina yearly meeting of Friends opened there yesterday morning, to continue until Monday. At this meeting every one of the eight districts are represented, and there is a large attendance from local points in a radius of one hundred miles, in which live many "Quakers". Besides this every train from the far West, and those from Eastern North Carolina bring a good number of "Friends" lay and clerical male and female going to Guilford College. Nearly all of these quit the trains at Greensboro, take a street car to Lindley Park, and drive by private hacks and carriages to Guilford College, three miles distant.

The passenger station at Guilford is a mile from the college, with no convenience of reaching there except to walk. Last night among the incoming passengers on a south bound train was a party of six women, eight men, three little boys and four little girls, who went out by the street cars to the park via the hack line. All of these people came from Indiana, and it was a tired and worn-out looking lot of pilgrims to the land of their forefathers raising. Every train brings just such family groups from Indiana, Illinois, Kansas and Nebraska, descendants principally of Guilford, Randolph, Forsyth and Alamance Quakers who emigrated west just previous to and during the civil war.

Governor Glenn's address this afternoon, followed the report made at the morning session preceding a journement for dinner of the standing committee on the suppression of the liquor traffic." The Quakers are constitutional prohibitionists, as well as "peace advocates," and the committee's report was replete with encouraging data as to the progress of the prohibition sentiment in North Carolina among all Christian workers and lovers of good government.

At the opening session of the "Yearly Meeting yesterday, presiding officer, L. L. Hobbs, made an excellent introductory address on "Our Meetings for Worship." He was followed by Mr. David Sampson, on "Lessons on Building new Meeting Houses," urging that such edifices be so constructed that they can be enlarged as future growth and necessities require without destroying the symmetry of the building. Rev. Allen Jay, of Indiana, preached the day's sermon on the parable of the "Talents."

The report of the committee on "Peace and Arbitration" by chairman of the committee F. S. Blair, of Guilford College was so encouraging and satisfactory the meeting voted an additional appropriation for further prosecution of the work. \$50 being devoted to State work and \$25 to the Peace Association of America.

In the afternoon Rev. Jabez Mendenhall, of Greensboro, made a report on the Bible Schools of the State, he being the Superintendent of that work, which showed a great advance in money contributed and personal work done.

At the night session, being the conference of Christian workers, Rev. Allen Jay made a strong plea for the ministry, pointing out the necessary qualifications for a minister. The service closed with a fine sermon from Mrs. Arthur Chisolm from the text, "Enoch walked with God."

Governor Glenn spent the night at the McAdoo hotel here, on his way to Guilford College. He had an appointment with attorneys Adams, of Greensboro, and Carter, of Mt. Airy, representing G. W. Samuel and John Hasty, who were applying for a commutation of sentence from imprisonment to a fine. Samuel and Hasty, under conviction and sentence to imprisonment for an assault and battery on editor Deal, of Wilkesboro, growing out of a publication in Deal's paper, are out on bail, although the Supreme Court has confirmed the decision of the Superior Court. Both attorneys made earnest appeals to the Governor for clemency. It is said that Mr. Deal, who was brutally assaulted and beat up, has recommended commuting the sentence

Prof. J. Paul Spence yesterday evening received official information from the officials of the Norfolk public school, that he had been elected principal of one of the Norfolk schools. Prof. Spence had previously been elected superintendent of the Wakefield Classical Institute, a high grade boarding school in the upland section of this State, which position he resigned upon the notification of the Norfolk school officials.

of imprisonment to a fine.

United States Deputy Marshal Joe Millikan, on trip to Orange County yesterday put a man into trouble who was already in it deep enough. Armed with a capias he went to the home of David Holmes, eight miles from Hillsboro. He arrested him on a charge of retailing.

Before a United States Commissioner, Holmes was bound over to the Federal court to be held in Greensboro in October, giving a one hundred dollar bond. On the day before the Superior court of Orange, Holmes had pleaded guilty of retailing in 18 cases, and was sentenced to jail for two years, with the understanding that if in ten days he emigrates from States, the sentence of imprisonment would not be imposed. If he emigrates now, he will forfeit his \$300 United States bond, and if he doesn't emigrate he will forfeit his freedom papers and have to be imprisoned two years. Holmes wife was also indicted for retailing, pleading guilty in several cases. She was given until December first so that she could "house her crop," and then she was to emigrate after her husband. The sad pair are in deep trouble, especially since it seems that the husband will have to stay, leaving her no husband in another state to emigrate to, being banished from both her state and her husband.

In the afternoon Rev. Jabez Mendenhall, of Greensboro, made a report on the Bible Schools of the State, he being the Superintendent of that work, which showed a great advance in money contributed and personal work done.

At the night session, being the conference of Christian workers, Rev. Allen Jay made a strong plea for the ministry, pointing out the necessary qualifications for a minister. The service closed with a fine sermon from Mrs. Arthur Chisolm from the text, "Enoch walked with God."

GRAND LODGE COLORED KNIGHTS OF HONOR.

Southerners Railway to Elevate its Tracks at Crossings Within City Limits.

Capitalize a \$5,000,000 Life Insurance Co. T. B. Farringtons Sentence Com- muted.

(Special Correspondence) Greensboro, N. C., August 11th.—Immense crowds are attending the Quaker Yearly meeting at Guilford College, and the services are being conducted in the large church there as well as in the spacious auditorium of the College while the offices are used for Committee meetings, conference rooms etc.

After a short talk yesterday morning by Governor Glenn, who made an extended prohibition address in the afternoon Mr. Elwood Cox of High Point introduced the following resolution, which was cordially commended by the Governor, and was adopted unanimously.

"The North Carolina yearly meeting of Friends in session at Guilford College, August 9th, 1906: The subject of the horrible lynching of the negroes who were on trial for murder in the city of Salisbury being brought before us. We record an abhorrence of such an occurrence within our state and our wish to co-operate with all good citizens in upholding the majesty of the law: We further express our hearty appreciation of the earnest endeavor of our honored governor and of the courageous activity of the judge presiding and of the Solicitor and others to prevent the stain upon the fair name of our beloved state."

There are nearly 300 negro delegates here from this state and South Carolina in attendance upon the annual convention of the Colored Grand Lodge Knights of Honor of the world. The session is being held under the jurisdiction of North and South Carolina lodges, the National Director, Dr. E. G. Williams, of Cincinnati, being present. The meetings are being held in the Colored Masonic Temple and will last until to-morrow night.

The Southern Railway is getting together material here, preparatory to the construction of Subways at street crossings in the city. The first subway to be constructed will be the Lithia street crossing between West Lee street and the Normal and Industrial College.

A movement is now in progress by leading financiers and insurance men to organize a \$5,000,000 Life Insurance Company here, and the prospects of success are bright. It will be a Mutual Company, and will be known as "The Mutual Life of Greensboro."

The republican congressional convention for this district will be held here to-morrow if enough delegates attend to have a meeting. At the time the convention was sought to be held here July 10, and it was postponed to August 11, only the name of John T. Benbow of Winston was mentioned as a candidate. It is now said that Hon. W. P. Ragan of High Point is an aspirant for the nomination, with first-class chances of getting it.

Mrs. Arlinda Yates, wife of the proprietor of Revolution Pharmacy, sister to Mrs. J. Allen Holt of Oak Ridge and of Dr. W. T. Knight of this city, died at St. Leo's Hospital last night, aged 82 years. She could not survive an operation.

Through the efforts of his attorneys, Col. J. A. Barringer and Wescott Roberson, the sentence of T. B. Farrington of one year on the roads, has been commuted by Governor Glenn to a fine of \$350. Yesterday Farrington paid this amount into the Clerks office in addition to \$26 costs and is now clear of law. Over a year ago Farrington, his two sons and a white laborer of his were arrested for burning the barn of Isaac Stanley, in revenge for Stanley having reported Farrington for retailing and blockading whiskey. At the trial the laborer turned States evidence telling the court he and the boys under Farrington's orders rode his mules to Stanley's and set fire to the barn. The jury convicted the boys and they got five years on the roads along with the hired man. It was a mistake as to Farrington, and he was released on a thousand dollar bond. He was found guilty on a charge of retailing whiskey and was sentenced to 10 years on the roads. The case was appealed to the Supreme Court, which confirmed the sentence. Farrington being free on another bond for \$1,000. It is understood that the Solicitor and Judge recommended the change of the sentence from imprisonment to a fine.
