"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardul still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up

the organs, regulates the functions, and aids in the replacement of a misplaced organ.

Big Sea Turtle Caught at Point of Marsh and Brought to New Bern.

There was brought to this city yesterday a sea turtle that was one of the biggest "critters" that has ever been seen here, in fact, it is believed to be about the limit of the sea turtle capacity. It was captured off point of marsh close to the mouth of the Neuse. It was found in a fish net by two colored fishermen who brought it to New Bern with their load of fish and sold it to Mr. John Watson.

The turtle measured six feet long and any scales but will tip the beam any ocean liners. Shrill whistles and toot cacy by many and it will probably be used for that purpose.

Letter to Mark Disosway. New Bern, N. C.

Our agent ought to sell nine-tenthe of the paint of his town and region; no use to try for the other tenth. The proportion of men, who won't take good advice, and use the least-gallons paint, is about one in ten among even owners of houses and stores and shops and barns and fences.

One man in ten will buy a gold brick or green goods, if he has the money and gets a good chance.

Devce at \$1,75 a gallon is better than old; adulterated and short-measure paints are green goods and gold bricks.

Devoe saves half, more or less, of the labor and wages of painting; it is all paint; full strength and full meas-ure. There is no other such paint with in ten per cent. Ten per cent of labor and paint is worth saving; and ten is the least. There are scores of paints that throw-away half of both gallons and labor on whiting, china-clay, ground stone, barytes, benzine, water all they are good for is to make gallon of nothing and look like paint in the can; more gallons to buy and more gal-lons to pay for putting-on—gold bricks and green goods. Because the electric are lights were not burning on the street on the night of June 23 the city has been sued for \$5,000. Deputy Sheriff E. J. White has filed papers in the Superior court of Craven county through his attorney D. L. Ward asking for damages for the

above mentioned amount.

The plantiff was going to his home on that night between the hours of 10 to 2 and there being no light on the street he fell across the steps in front of Mr. Maurice Sultans residence on Middle street which project into the atreet. He sustained a broken bone of the leg and ankle and was laid up for a ong time on account of it. He also mentions in the complaint negligence on the part of the city in prohibiting the nable length es to extend an unre across the sidewalk.
