TELEGRAPHIC NEWS

Events of Past Three Days Tersely Told For Journal Readers.

TERRITORY INCLUDED MAINE TO MEXICO

Industrial, Commercial, Social, Religious, Criminal and Political Happenings Condensed in Few Lines.

Raleigh, Sept. 25.—Governor Glenn has received a very cordial invitation from President Wilson of Portsmouth, Va., head of the Business Mens Association, inviting him and the people of North Carolina to christen the cruiser North Carolina at the navy yard giving as reasons convincing to the Governor that as the cruiser is to be fitted out there, that it is convenient to have the boat there as well as appropriate because there are so many North Carolinians residing in Portsmouth and for many other reasons.

Atlanta, Ga., Sept. 25.—The excitement of the race war is kept alive by incidents bearing on the terrible affair of Saturday. Three policemen killed two negroes who were barricaded in a house and were shooting at the crowd of whites. Other negroes laid a trap to kill these officers but they escaped.

Three companies of militia, a detail of policemen and many citizens surrounded Clark University, a colored institution, and made 400 arrests at daylight including professors and students and all negroes in the building; 100 of those arrested were armed. Among these was the man who early last night ambushed and killed county policeman Hart and two other policemen.

Washington, Sept. 25.—A thousand more marines have been ordered to Cuba. They will be taken on warships. Probably all marines at the Atlantic Coast stations will be drafted into the service. Many vessels including the Texas are being prepared for Cuba. It is expected that the island will be occupied by U. S. troops in a day or two.

Knoxville, Tenn., Sept. 25.—At the county jail, the 86 prisoners of whom 18 were charged with murder because unruly and kept officers at bay four hours. Four of the latter were cut by glass bottles which were thrown at them. The trouble arose by negroes reading the account of the Atlanta riots.

Buffalo N. Y., Sept. 25.—A startling change in the political situation was made today by W. T. Jerome abandoning the fight for the nomination as governor. It is that in order to crush the Hearst candidacy the Democrats are turning to J. N. Adam, Mayor of Buffalo and Justice Gaynor.

Lewis Nixon was made temporary chairman and that is considered favorable to the Hearst forces. Tammany has its eye on Murphy.

Havana Sept. 25.—Secretary Taft has been notified that the Cuban government does not positively reject the liberal proposition. Palma is willing to resign if the United States suggests that course but he will never consent to a free election. Gen. Andrade says that the only solution of the difficulty is to have the United States take control of Cuba as a political matter.

Raleigh, Sept. 25.—Orders have been placed with painters and decorators to put the House and Senate halls in an attractive condition. It is expected that the work will be completed by the end of the year.

Mobile, Ala., Sept. 25.—After a most thrilling experience with a giant devil fish six fishermen brought in the biggest specimen of an octopus that has ever been seen here. The monster was killed only after a fight lasting four hours during which it dragged the boat containing the fishermen ten miles.

Norfolk, Sept. 25.—The stockholders of the Norfolk and Southern and the Virginia Carolina Coast railways will meet here October 16, to ratify the consolidation of the two companies; and to provide for an extension from Eden-ton to a point near the northwestern boundary of the State; to sell to the A. & N. C. Co., the P. O. & W.; to sell to the Roper Lumber Co. that part of the Virginia & Carolina Coast railway lying south of Winthrop and to follow the Roper Lumber Co. to issue \$10,000,000 sinking fund bonds.

Raleigh, Sept. 25.—Chairman Simmons announces appointments for Senator Overman at Kinston October 12, Jacksonville 18, and H. L. Cook at Whiteville October 1st. Senator Overman's appointment at New Bern changed from October 18th to 11th at night.

Atlanta, Ga., Sept. 25.—The race riot situation has nearly reached an end and the police are in control. All troops will be withdrawn at noon today. The city aldermen having agreed to settle all damages done to property. At a mass meeting a fund of \$10,000 was subscribed to pay for the burial of the dead, caring for the wounded and the families of the victims.

Washington, Sept. 25.—The United Supreme Court will begin its sessions Monday October 8. An important case to come before that tribunal is one from Chattanooga in which a Federal prisoner was lynched.

Saratoga, N. Y., Sept. 25.—The Republican convention unanimously nominated Charles E. Hughes for governor today. He was the member of the legislative committee which conducted the examination of the life insurance officials last winter. As chief inquirer he brought into publicity facts which caused the undoing of many men and a change in the business policies of the concern under fire.

He accepted the nomination without a pledge except that he would do his duty as he sees it. The platform endorsed President Roosevelt and Governor Higgins; it declared that the tariff should be revised only under the supervision of its friends and demands prompt punishment for investigators and leaders of mobs. The party realizes that great damages arise from the alarming growth of mob barbarities engendered by race hatred.

Chicago, Sept. 25.—What is probably the quickest work in criminal procedure in a case of such great interest and importance, was transacted here today. The defaulting bank president, Paul O. Stensland, just arrived from Morocco was indicted, arraigned in the criminal court, pleaded guilty and sentenced to a term in the State prison at Joliet. Stensland had only been in this country two days.

Havana, Sept. 25th.—Cuba is today without substantial government, the cabinet having resigned. President Palma announced that he will resign Friday. Secretary of State O'Farrell states that the island will probably be temporarily governed by a commission.

Havana, Sept. 25th.—Cuba is today without substantial government, the cabinet having resigned. President Palma announced that he will resign Friday. Secretary of State O'Farrell states that the island will probably be temporarily governed by a commission.

Havana, Sept. 25th.—Cuba is today without substantial government, the cabinet having resigned. President Palma announced that he will resign Friday. Secretary of State O'Farrell states that the island will probably be temporarily governed by a commission.

appealing to his patriotism to withdraw his resignation and co-operate with the peace commissioners.

The rebels have encamped in front of Havana, and Gen. Guerra is at the head. All have expressed delight at Palma's resignation, but say it was not given in good faith, but with intention to demoralize the government. The American marines are expected to land.

Raleigh, Sept. 27.—Four Sophomores of the Agricultural & Mechanical College have been expelled. One of them was heard to boast this week that every sophomore had a freshman for a servant, to clean his shoes, keep his room clean, bring and do any and all menial offices. The faculty got a tip on this new scheme at a meeting, unanimously decided on expulsion of four sophomores who were found guilty of this outrageous behavior. All were sent home this evening. It is found that freshmen were compelled by force, students and threats to do this work. Students expelled are by a rule required to depart at once. President Winston says the majority of sentiment of students is against hazing, and that the latter will not be permitted.

Buffalo, N. Y., Sept. 27.—W. T. Jerome, who was a prominent candidate for the gubernatorial nomination seems greatly disgruntled over the result of the convention and has threatened to organize a third party or faction. He says that he will fight Hearst.

New Orleans, Sept. 27.—Tropical hurricanes have been sweeping over the city for the past 12 hours at the rate of 25 to 30 miles per hour. The tide has risen to a great height along the coast and rice fields are damaged. A tidal wave is reported.

Atlanta Sept. 27.—Trade and other affairs have assumed their normal conditions and there will be no recurrence of the race riots.

Washington Sept. 27.—Plain dealing by Secretary Taft at Havana has revived some hope here among the army and navy officers that they may yet handle the situation. Soldiers are not needed in Cuba yet but the marines will go early next week as per schedule so as to have 10,000 marines on the island.

Married Near Beaufort. Mr. Ezekiel Wooten and Miss Susie Ipeck were happily united in the bonds of holy wedlock, Wednesday September 12, Justice of Peace L. J. French, officiating.

Miss "Nannie" presided at the organ giving a fine rendition of Mendelssohn's wedding march. After the ceremony a delightful supper was served which was partaken of and enjoyed by a host of the happy couples' friends.

May their lives be full of the sunshine of love and prosperity through a long and happy life is the wish of a friend.

The Next Opera House Attraction

The popular little comedian, Arthur Dunn, and his big company of merry-makers will be the attraction at the New Masonic Opera House Thursday October 11, in a new and original musical comedy, rightly named "The Little Joker." The comedy has been written expressly for Mr. Dunn and is said to abound with innumerable opportunities for the display of the many different styles of fun making which this clever artist introduces, while before the audiences. The plot of the piece, and revolves around the antics of a rich young man by the name of "Punch Swift" who is celebrated for his ability to spend his large fortune on all those persons who can be persuaded to listen to his jokes. This leads to many funny complications when "The Little Joker" falls in love seriously and is unable to make anybody believe it. Of course there are girls, pretty girls galore and songs that will be whistled all over town. The author has also introduced several unique characters to act as foils for "Punch" and the parts will be portrayed by a number of the best artists obtainable. The costuming and mounting of the production will be an attraction in itself and, taken as a whole "The Little Joker" promises to furnish one of the few yearly surprises in the way of theatrical novelties.

Married. Trenton, Sept. 26.—At "Hotel Barker", of this place, Mr. S. C. Eubanks of Deppo, Onslow county, was married to Miss Della Sheppard of near Deppo, by J. B. Hawkins, J. P., where he made both souls happy and two hearts beat as one.

Mrs. Barker with her usual good and pleasant smiles, sent out and invited all of her friends and made it quite plain that for the happy couple. They soon made their way back to Deppo where they will spend a short while and will then make their home in Wilmington.

THE NORTH CAROLINA PINE ASSO.

Preparations For The Annual Banquet Now Being Arranged.

PROMINENT PUBLIC MEN WILL SPEAK.

The Association Seeks to Advance The Interests of All Lumber Manufacturers and Has Accomplished Much in That Line.

Norfolk, Va. Sept. 27.—The North Carolina Pine Association, composed now of nearly 200 manufacturers of pine lumber and representing the bulk of the entire lumber output in Virginia and the Carolinas is preparing for its annual meeting to be held in Charleston S. C. Oct. 11 and 12.

The meeting will be held in the Assembly Rooms of the Charleston Commercial Club. More than 300 lumbermen, principally of North and South Carolina are expected to attend.

A feature of the meeting will be a big banquet to which the most prominent orators of the South have been invited, including Governor Swanson, of Virginia; former Governor Aycock, of North Carolina; Governor Haywood, of South Carolina; Senator Ben Tillman, and Hoke Smith and John Temple Graves of Georgia.

Besides these general speakers others will be in attendance whose talks will bear more directly on the lumber industry; such as Lewis Dill, President of the National Wholesale Lumber Dealers Association; Richard D. White, President of the Eastern States Retail Lumber Dealers Association; John E. Kaul, President of the Yellow Pine Manufacturers Association; and others.

Special transportation rates are being arranged with the railroad companies and no effort is being spared to induce a record breaking attendance.

This semi-annual meeting of the North Carolina Pine Association is of unusual interest just at this time, in view of the great growth of the lumber industry in the three states in which it operates. The Association has grown from a membership of 30 two years ago to a membership that is expected to exceed 200 at the October meeting. Association mills in Virginia and the Carolinas cut nearly a billion and a half feet of lumber annually. Some of this enormous output is consumed locally, but the bulk of it is shipped to thirteen Eastern and Northern states from Ohio to Maine where it figures in all kind of building operations. Even the foreign markets recognize this North Carolina Pine lumber and it is used extensively in England, Germany and the Netherlands where it is being imported in ever increasing volume.

Heckers buckwheat arrived, 10c and 15c sizes at H. C. Armstrong's.

The Pamlico Teachers Union.

The Pamlico Teachers' Union met at the court house in Bayboro, Sept. 22, 1906, according to adjournment. In the absence of the president, the vice-president took the chair. The secretary was asked to read the minutes of the previous meeting and they were adopted. The next business was the reward offered the teacher who made the most improvements in his school house and grounds, which was explained by Mr. E. C. Ross. Mr. Long suggested having a program, also having the union divided into two sections. Business was then suspended and after some very appropriate remarks on entertainments by the vice-president the union adjourned for dinner. We had a very nice dinner indeed.

At 1:30 p m the union was called to order, and Mr. Long's suggestions considered and after a general discussion the union was divided and an advisory committee of three was appointed by chairman, with Mr. E. C. Ross, chairman. Mr. Ross urged the teachers to get the new books as soon as possible. The subjects for discussion at the next union, are the school and community, and attendance at unions and results. A collection was taken up and the amount was handed to the secretary. The union then adjourned.

FIFTY-SECOND ANNUAL CONVENTION.

A Short Session and Some Good Reports. Railway in Prosperous Condition.

The 52nd annual meeting of the Atlantic & North Carolina railway met in the Trent warehouse and was very well attended. There being no feature of special interest expected the stockholders did not appear in large numbers but most of the directors were present.

President J. W. Grainger opened the meeting and T. A. Green was made temporary chairman and W. L. Arendall secretary. On motion of T. D. Warren they were made permanent. The report of the proxy committee showed that there were 4,693 shares of stock represented for which there were 974 votes.

President Grainger then read his report which we herewith give: To the Stockholders of the Atlantic & North Carolina R. R. Co.: Gentlemen:— We herewith submit to you the 52nd annual report of your company for the fiscal year ending Sept. 1, 1906, which is the second year under the lease to the Howland Improvement Company, now being operated and known as the Atlantic & North Carolina Company.

In our last report we call attention to the large number of unsettled claims against the road. Nearly all these claims have been adjudicated and settled. Only a few claims are left, and these will be settled as early as possible. However we have still pending two suits of some importance and we have employed able counsel to look after these cases.

The lessee of your company has paid all rentals as per contract under the lease, as they became due. And the directors of your corporation have disbursed the rentals in dividends to the stockholders, except such amount as the directors deemed it expedient to retain in the treasury to meet such claims or suits as are now pending in the courts.

Under the lease the lessee agreed to expend and apply or cause to be expended for the permanent betterment of the roadbed, terminal facilities and the equipment of your property the sum of \$250,000 within three years from date of lease. Taking into consideration the time which has elapsed since the lease and the amount of money expended, I feel satisfied that this clause will have been complied with at the end of the designated period.

The lessee has paid into our treasury as per contract, all interest accruing on the bonded debt of your company, and has deposited in the Wachovia Loan & Trust Company, of Winston-Salem, North Carolina, six per cent. coupon bonds amounting to \$100,000 for the faithful performance of their agreements under the lease. This deposit has been passed upon and accepted by the directors of your company.

I beg to call your attention to the reports of the expert, treasurer, and auditor, herewith attached, setting forth in detail a full statement of receipts, disbursements, and other matters of interest connected with your company. Respectfully submitted, J. W. GRAINGER, President.

The report was adopted. Upon motion of Mr. C. E. Foy the reading of further reports was suspended. The naming of committees was then in order and all were elected by unanimous consent with one exception, Messrs. T. D. Hewett and S. M. Brinson were candidates for membership of the proxy committee and a ballot had to be taken. The result was: Hewett 794; Brinson 583.

A resolution was then offered by E. C. Duncan that by law No. 1 be changed so as to read that "the regular annual meeting shall be held the second Thursday in August" instead of the fourth Thursday in September as it is now.

Mr. Foy then made a motion that the next annual meeting be held at Beaufort. The meeting then adjourned after being in session 45 minutes.

Assorted mangoes sweet, 2 for 5c. H. C. Armstrong.

For Sale That elegant home known as the Woodhill place, on the banks of White Oak river, near the beautiful town of Swansboro; five water, ten room house, about twelve acres of land, good orchard and all necessary out houses; right of way now being cut for a railroad to tap the Atlantic Coast Line. Pimples call for immediate treatment. There's nothing more offensive and disreputable than a pretty face covered with eruptions. The body must be kept perfectly healthy with Hottel's Pimples Remedy. You can't take it too often. For sale by R. E. Duff.

BOHANNON'S JURY HUNG ON VERDICT.

Brutal Murderer Has a Sympathizer Among His Jurors.

[Special Correspondence.]

Greensboro, Sept. 27.—Evidence in the murder trial of Bohannon and the two Crutchfields closed at 12 o'clock Thursday and argument began at once. For the State Mr. G. S. Furguson opened, followed by Messrs. W. J. Sherrod, G. S. Bradshaw and Col. John Barringer for defendants, Solicitor Brooks closing just as court adjourned for the night. Judge Long charged the jury the first thing this morning. Soon after the morning session opened, the State rested its case. Oscar Crutchfield, was the only one of the defendants who went on the stand, he testifying that when he brought Bohannon to Greensboro to buy the gun, he had no idea as to what he was going to do with it, and denied all knowledge of his further borrowing a pistol and giving it to Bohannon the night before when they went in the camp looking for the man Beachman who was killed next day. He also denied being in the camp. Several negroes who were at work at the scene of the shooting testified for defense that when Bohannon fired, Beachman was snapping pistol at him. Cross examination greatly disconcerted each of these witnesses, whose testimony was contradictory to statements given by witnesses for the prosecution. Each one admitted that Bohannon had a gun and pistol, was cursing, abusing and following Beachman who was at his work, but denied hearing Beachman begging the negroes to go away and not shoot, as he had his gun leveled on him not more than ten feet away. Witnesses for the prosecution detailed the circumstances of Bohannon coming to hardware store the morning of the murder the gun and ammunition, also cartridges to fit pistol. Ki Crutchfield had borrowed the night before. It was also shown that after the murder, Bohannon stopped at Crutchfields house, was fed and secreted. That Crutchfield in presence of his son, Oscar, told officer searching for Bohannon that he had gone towards Winston, when he had been sent towards Greensboro etc.

It looks like a clear case of murder against Bohannon, and a strong case of the Crutchfields as aiders and abettors in the crime. Judge Long offered to charge the jury last night but they preferred to wait until morning. The judge put the case in the hands of the jury this morning and after a deliberation of more than six hours reported that they were unable to agree. Judge is holding them.

North River. Rev. Ener is conducting a protracted meeting this week at Holly Grove church. We hope it will do much good in our neighborhood.

We are sorry to say Mr S Willis is on the sick list at this writing. We hope he will be out again soon. Mr L. Dudley has built him a new dwelling. Miss D Clarke of Pitt Co., is the guest of her Brother Mr B. Bowell. Miss Minnette King has returned home from Harlowe where she was a visitor. Some of our young folks were out driving Sunday Mr J Fulcher and Miss D. Clarke, Mr. D. Jackson and Miss Laura Arthur.

John E Gillikin killed a fine deer last Saturday. We note some improvements in the way of farm buildings at Mr Edward Chadwick's. Mr Louis Dickenson met with a sad accident Sunday afternoon he fell out of a cart breaking his collar bone, Dr. C Maxwell set the broken bone. Miss Sadie Chadwick of Mill Creek was the guest of Miss Mary Simpson Sunday and Monday, she is at present the guest of Miss Sallie Wynne. Mr B Small and J Whitney was callers in this section Sunday. Mr H D Simpson and J E Piver spent a few days in New Bern last week taking in the circus. Picking cotton and saving hay is the order of the day in this section at present.

Yours to serve, Blue Bell.

BONNETS ARE TRUMPS.

Baxter's Millinery and Dry Goods Opening Takes Place Under Favorable Circumstances.

The bareheaded season is over and the new fall hat is a necessity which confronts every woman. Baxter, on the alert to supply the wants of his customers, invited the public to his autumnal opening of modish millinery on Wednesday night from eight to ten o'clock and Thursday. Either the women wended their ways, some to buy, others to look and try on; all were welcomed. The windows were most artistic with roses, ribbons and streamers, and a beautiful life-like doll in a reclining chair, a feature sure to please the little folks.

The hats present many new features, conspicuous among which is the man-room shape, scooped out as its name indicates; this is very smart, and generally becoming. Nearly all the hats are worn at an angle, the tilt makes a great difference in the effect, and the arrangement of the coiffure, should be studied to make the line of the hair and hat harmonize a touch of buff is frequently seen, generally fluffy maline rosettes, which blend prettily with the hair. Graceful, sweeping plumes are a valuable asset in softening the severe outlines. Color is a great factor in becomingness, and the wise woman, however seductive is "London smoke" or "raspberry" hues; if the first bloom of youth is over, will cling to the conventional black hat, whose popularity never wanes.

The inimitable roses which are seen in juxtaposition with drooping plumes, are veritable works of art, and an otherwise sombre hat is made brilliant with a cluster of these glowing beauties. Plaids are as popular in millinery as in dress goods. The turbans are smaller than ever, and are stuck through with big oval pins, giving a nobly effect.

The unmitigated "guge" hat for traveling and general service is a good investment, it stamps the wearer as a person of good taste. A large number of hats were sold and Mr. Baxter's efficient milliners, Misses Hamilton and Baker will endeavor to please the most exacting.

The dress goods department was beautifully decorated with the season's latest dress goods, silks, ribbons, lace and accessories.

COULD NOT REST NIGHT OR DAY

With Irritating Skin Humor—Whole Body Affected—Scalp Itched All the Time and Hair Began To Fall Out—Wonderful Result From

APPLICATION OF CUTICURA REMEDIES

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. I did not take much notice of it at first, but it began to get worse all the time, and then I began to get uneasy and tried all kinds of baths and other remedies that were recommended for skin humors; but I became worse all the time. My hair began to fall out and my scalp itched all the time. Especially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend asked me to try the Cuticura Remedies, and I did, and the first application helped me wonderfully. For about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body; and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura on my scalp. It keeps all dandruff out and scalp is always clean. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D. E. Blankenship, Oct. 27, 1905. 319 N. 5th St., Indianapolis, Ind.

RECOMMENDED TO ALL MOTHERS

"I have used Cuticura Ointment for chafing of infants, and as they grow older all skin diseases were given treatment with that and the Cuticura Soap. I never found it necessary to call a doctor, as these Remedies are a sure cure, if used as directed. I am glad to recommend them to all mothers." Sincerely yours, Mrs. F. A. Kennard, June 21, 1905. St. Paul Park, Minn. Cuticura Soap, Ointment, and Pills are sold throughout the world. Write to D. E. Bliss, Chem., 1015 Broadway, Boston, Mass., for a "How to Cure for It" Book.
