For further particulars apply at once to J. B. Canada, Swansboro, N. C.

### JOINT DEBATE.

#### Superintendent Brinson And Postmaster Hancock Discuss at Length The Condition of Schools.

County Superintendent of Instruction S. M. Brinson and Postmaster S. W. Hancock were the principals in a political debate at the court house last night on the phase of matters of state as connected with educational affairs. There was a large attendance and the interest in the speeches of the standard bearers was demonstrated by the frequent applause. Mr. Hancock was the first speaker and supported his side by comparing the cause of education under Republican and Democratic administrations. He showed how the schools of the state had prospered more under the Republicans than under the Democrats. That the terms were longer, the pay of teachers was higher and the general scholarship was better when the Republicans were in power and many of the ideas propagated during their regime were adopted by the Democratic party. He introduced many figures in substantiation of his statements.

Mr. Brinson's appearance was the signal for an outburst of applause. He said he was a Democrat born and bred and he believed in it as the champion of the best interests of the people. The Republican party had always had the reputation of being exceedingly smooth and its ability to juggle figures had made it expert in that feature as well as sophistry and flattery. In the year 1869 when the Republican party took charge of affairs in this State and by its high-handed methods established a record of extortion and robbery. In that year and in 1870 the aggregate of \$370,000 had been appropriated for school purposes. Of this sum only \$17,000 had been applied for that purpose and what were the conditions with which this State was confronted? Depleted treasury, lack of credit and scandalous proceedings in regard to the disbursement of funds. There had been no wise administration of the affairs of the schools while the Republicans remained in power.

### Letter to John Humphrey.

New Bern, N. C.

Dear Sir: You may like to know what you pay for paint in a gallon of "paint," assuming the pure paint part of all "paints" to be all alike; which it isn't; and worth \$1.75 a gallon.

Of a paint adulterated 10 per cent, the pure paint part brings \$1.94 a gallon.

15 per cent brings \$2.06 a gallon.

25	2.33
30	2.62
40	3.50
75	7.00

The average adulteration of paint in this country is about one-third; so, you see the average price the American people are paying for paint is about \$2.62 a gallon.

It is a game of wits. Adulterators are always too sharp for the bulk of consumers. People won't pay \$1.75 a gallon for paint and something that looks like paint mixed with it. (They pay the painter, besides, from \$2 to \$4 for painting those useless gallons.)

Why do they do it? They don't know Devoe.

Yours truly,  
 F. W. DEVOE & CO.  
 New York.

P. S.—E. W. Smallwood sells our paint.

### Two Fires at a Time

The fire habit seems to have the city in its clutch. Not content with keeping the firemen out all night and giving them one of the hardest fights they have ever had fate or some other hard master must give them two fires at one time. About 3 o'clock yesterday afternoon, the house of Hyman Thompson, junior of the Federal building, located at 32 Willis street was on fire from a defective chimney. The damage was slight.

Shortly after the uptown fire an alarm from box 24—the same one that announced the fire Tuesday night, was turned in. Two bales of cotton at the Trent river warehouse belonging to E. W. Rosenthal were set on fire probably by a spark from a passing locomotive. The fire was quickly extinguished with out any damage to the cotton.

### Importing English Labor

The Rev. W. S. Kay, who during his summer vacation has been delivering a series of addresses throughout England, in the "Resources of North Carolina," reached Wilmington Tuesday evening accompanied by a number of well-to-do English farmers and market gardeners, their wives and families. The party also included farm hands and mechanics. Mrs. Kay, a widely known English woman, met her husband and his friends in Philadelphia and has come South with the party to "weather" the women and children while their new homes are being located and erected.

### Next Sunday's New York World.

European courts are, just now being charmed by a young American girl not yet out of her teens. She has fairly hypnotized the affable monarchs and their courts by her great charms, and is having unprecedented honors showered upon her. She is a New York girl, and it will be a matter of pride for New Yorkers, as well as all Americans, to read about her and see her picture. Among many other most interesting features, this will be a part of next Sunday's New York World.

### Woman's Trials.

The bitter trail in a woman's life is to be childless. Who can tell how hard the struggle may have been ere she learnt to resign herself to her lonely lot? The absence of this link to kind marital life together, the absence of this one pledge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous.

In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalide' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to cure the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, profuse inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for woman's use. The ingredients of which the "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on *Materia Medica* in all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

### PUT THIS IN YOUR HAT.

#### Now is the Time to Establish a City Market.

Now that the way is clear for a substantial city market it is the purpose of the Journal to agitate the matter. The erection of such a building will cost no more and perhaps not as much as any other structure that may go up on the site of the buildings recently burned and it will be a great advantage to the citizens to have such an institution where marketing may be centralized. Other cities make this feature important in the city affairs. It contributes a great deal to the neatness and order of the city and will save much in the way of labor and extra journeys.

Then there will be more system and regularity in marketing. Another big advantage which we think that will appeal to every one who has been a victim to the early morning calls, "nice peas, nice beans, potatoes, cabbages, squash," and then again the early strident calls of the fishermen, haltering their stock, will all be cut out and the peace of the community will be undisturbed. While perhaps it may require a very little more effort, than people are accustomed to now, it will, we believe, be very popular when once established.

THEY COME AND GO.

Dr. G. A. Caton went to Goldsboro last night. He will return Saturday.

Senator Simmons returned yesterday from Carteret county where he has been making campaign speeches.

Mr. D. E. Henderson went to Trenton, yesterday on legal business.

Mrs. J. H. Mock of Thomsville is in the city, the guest of Mrs. Wm. Hollister.

Mr. F. E. Dickinson of Blades was in the city yesterday.

### Report of Brinson-Hancock Debate

Incorrect.

Mr. Editor:

In your report of the debate between Messrs. S. W. Hancock and S. M. Brinson Wednesday night, you make a grave error. You state that Mr. Hancock "showed the schools had prospered more under the Republicans than under the Democrats; that the terms were longer, the pay of teachers higher and general scholarship better." If your reporter had been present through the debate instead of a few minutes, your report would no doubt have been fairer.

Mr. Hancock did not claim nor does the Republican campaign book claim that the Republicans ran the schools as long or paid the teachers as large salaries as did the Democrats. They admit, and Mr. Hancock admitted that the Democrats have run the schools longer and paid the teachers higher salaries than the Republicans, but they contend that the Democrats with the increase of funds should have made still greater increase of salaries and school term. So you state in your report that Mr. Hancock showed more than he attempted even to show. You claim even more than he claimed. You neglected to state that Mr. Brinson showed from educational reports which he had with him that there had been not only a large increase of salaries paid teachers and in the length of school term, but also progress in scholarship and over \$200,000 more spent for new buildings and equipment than spent by Republicans.

From your report one would think Mr. Brinson devoted almost his whole time to exposing the robbery of school funds by the Republicans in 1869 and 1870, when, as a matter of fact, he discussed that only briefly, spending almost his whole time showing that during the Fusion years the same evil tendencies were manifest and the same incompetency shown. You say nothing of the statistics he gave showing these facts while you have much to say of the figures given by Mr. Hancock. No report of a debate is better than a misleading one. I write this for the benefit of those who were not present.

Respectfully,  
 ERNEST M. GREEN.

J. E. CALLOWAY,  
Beaufort, N. C.

### SHORT PASSING EVENTS.

Hon. C. R. Thomas, had a joint debate with his opponent, Mr. W. R. Dixon in Tuscarora yesterday. There was a large crowd out and were entertained as well as enlightened by Congressman Thomas' plain instructive and convincing arguments.

Street hands are working hard to improve the condition of Griffith street and it is said that there will be less danger in riding on that thoroughfare.

The members of the woman's auxiliary are requested to meet this morning at 11 o'clock, at the Rectory. A full attendance is desired.

The special theatre train to Goldsboro to witness the play of The One Woman left the station last night without a passenger.

The Women's Foreign Missionary Society of the Centenary Methodist Church will meet this afternoon at half past three in the church parlors.

Arrangements are being made for receiving election news by telegraph at the Journal office next Tuesday night. The public is cordially invited to visit the office to get the news.

There are very few seats left for The One Woman at the opera house tonight, in the balcony as well as the parquet. Those who have not secured tickets should do so as early as possible today.

There will be morning service and Holy Communion at eleven o'clock this morning at Christ Church today, being All Saints Day.

At the prayer meeting tonight Rev. J. G. Garth will give an account of the meeting of Synod at Statesville last week. After the prayer meeting a matter of special interest to the men of the church will be presented. The men are specially urged to be present.

Rev. B. F. Watson, of the Straits circuit is assisting Rev. G. T. Adams conduct evangelistic meetings in Bridge ton.

In the account of the fire in yesterday's Journal it was stated that the mattress and broom factory belonged to T. J. Turner. It should have been reported as the property of W. C. Brick and Co., Mr. Turner's wholesale furniture and manufacturing business having been purchased by the firm some weeks ago.

The game law relative to shooting ducks is raised from November 1, to April 1, and no doubt hunters will take advantage of the day.

A spar is being run from the P. O. & W. R. R. to the new mill site of the Roper Lumber Co. at Blades Park.

There are three new buildings being erected out on Riverside, these being built by Mrs. Kaffer, B. A. Sadler and L. H. Cannon. Mr. Sadler is erecting a store building nearly opposite the P. O. & W. R. R.

Those who have engaged gallery seats at Kaffer's, must take them up today by paying for them, or they will be put on sale tomorrow morning, and no longer held.

The Columbian half dollars which were sent out through the National Bank of this city last week, created several kinds of sensation. These coins have been held at a premium for years, and are not "current money" by any means. One party here receiving one of these coins thought it "queer" and sold it for 25 cents. A number were taken to Kingston and sold at 75 cents each. They are full legal tender and perfectly good for 50 cents each, and worth a premium as souvenir coins.

### FOR SALE.

I hereby announce myself as an independent candidate for the office of Constable for Eighth township, an ask that all voters favor me on November the 1st.

E. F. HOLTON, JR.

A great big nickel's worth in every bottle of Peppermint

### Sanders Store

Oct 26

Mr Billie Weeks cut his foot very badly while cutting wharf posts last Monday, Dr J W Sanders dressed the wound and he is getting along fairly well now but it will be several weeks before he will be able to walk.

Mr Andrew Higgins and daughter Miss Mittie and G S Bell and daughter Miss Carrie who have been attending the association at Sand Hill Duplin Co returned home Wednesday.

Captain W N Dennis made a business trip to Morehead City today.

Dr J W Sanders and wife and niece Miss Ethel Sanders who have been visiting relatives and friends at Beaufort returned home Monday.

Hon C R Thomas spent Saturday night with Mr A M Weeks.

Mr R M Kelley spent Saturday at Newport.

Mrs Vaasha Bell is visiting relatives and friends at Wild Wood this week. Quite a number of politicians are in our burg this week.

Master Paul Bell is on the sick list this week hope he will soon be well again.

Day Star.

### New Edition of Webster's International Dictionary.

Webster's International Dictionary is the latest gazetteer issued by the G. & C Merriam Co., the publishers of all editions of Webster. This book is on the encyclopedic plan. It contains not only the definition but also a short description of the object of the word stands for. It is the result of evolutionary progress in this line of work and it should be in every household whether previous editions are there or not. There are 25 000 new words in the International which have been coined to fit the necessities of the discoveries of science. It is in itself an educator of no mean ability and the person who chooses it as his guide, overseer and friend is wise.

### Card of Thanks.

I desire to express my sincerest thanks to the firemen for their splendid and successful efforts in saving my property from fire.

S. J. HUDSON.

### First Duck and Birds of Season.

Yesterday was the first day of the open season for duck and quite a number of our local Nimrod went out for a days sport and returned with some nice lots of birds. Hunters say that duck are not very plentiful. Whatever the cold of the northern winter will do toward driving duck south remains to be seen yet. Among those who went out to try their luck were Mr. R. A. Richardson, his sons, and Will Baxter went up Neuse river and killed 20 duck of the wood and teal variety. Dr. Jones, R. B. Blalock and J. W. Timberlake bagged 23 birds; and Ed Clark killed 8 birds.
