BAD RACE RIOT

In Mississippi Town, Jail Dynamited. Deaths on Both Sides.

Special to Journal:
Hattiesburg, Miss., Nov. 5.—A race riot took place at Wiggins near here yesterday and last night. A negro resisted arrest, killed the marshal and his deputy, went home and barricaded his house, and defied capture. He was taken, jailed and the jail was dynamited, and the man left for dead. While the mob was stoning the jail, many negroes armed and began firing. Several people were killed on each side.

J. E. Latham's Weekly Cotton Letter.
Special to Journal:
New York, Nov. 3.—The decline has been half a cent a pound since my last letter, and is over \$7.00 per bale down from the top. Cotton is coming into sight in unequalled volume, and crop estimates are being increased. There is considerable difference of opinion about the size of the crop, and about the damage done by frosts, and storms. There is nothing unusual at this season of the year, but as a rule the final count greatly exceeds popular estimates. The condition of trade is wonderfully good and promises to continue good for at least six months. The question naturally comes up, has not the decline already gone far enough? If the cotton coming in was of good grade, I would unhesitatingly advise buying for a good upturn, but if the cotton is of such poor quality as the talk indicates, spinners will not buy willingly and as to laying in reserves, they will not do so of this quality in large volumes. Therefore the lower grades must be taken care of either by farmers holding back, or by the option markets of the world. Speculators are not inclined to buy cotton just yet, but the farmers seem willing to sell on all good advances. After such a big decline the market ought to be pretty near bottom for the time being, and a good rally would seem to be entirely in order in the near future.

Report of City Schools for October 1906.

WHITE SCHOOL:
This year the census gives only 881 white children of school age, while last year's census gave 1014. This year's figures are perhaps correct as there was a large number of names on last year's roll which did not belong there at all. In October 1905 the enrollment was 619, in 1906 it was 632. In October 1905 the average daily attendance was 536.04, while in October 1906 it was 530.67. The number of tardies in October 1905 was 6 while for '06 it was 10. The average percent of attendance in 1905 was .9357 while this year it was .9282. The best attendance was in the 9th grade .9720, 4 B grade .9583, and 10th grade .9555. There was left on the roll at the end of the month 559 names, 73 having dropped out during the month, for sickness or other causes.

COLORED SCHOOL:
This year's census gives 1643 colored children of school age against 1572 last year. The enrollment this year is 291 against 322 last year. The average daily attendance this year is 193.36 against 218.80 for last year. The average percent of attendance 8270 against 8560 for last year. The number on roll 243 at close of month against 273 last year. The number of tardies 4 against 23 for last year. The highest percent of attendance 3rd grade .8900, 4th grade .8500, adv 1st grade .8370.

PROBLEM OF FARM LABOR DISCUSSED.

Senator Simmons' Content of Democratic Success. Concert by Third Regiment Band. Commissioner of Agriculture in Hospital at Johns Hopkins.

[Special Correspondence.]
Raleigh Nov. 3.—State Chairman Simmons returned today from Morehead City and says everything is all right in the east. He says that the Democratic majority in the state this year will probably run very closely with that two years ago, this largely depending upon the turnout of the Democrats since if they turn out in large numbers the majority will be bigger.

The band of the Third Regiment last night went to Smithfield where it gave a concert and today it furnishes the music at a political rally.

Adjutant General Robertson says that there are remarkable few applications now for discharges from the National Guard. It is thought to be probable that the Second Regiment will next year participate in the maneuvers.

The increase in the number of charters granted to corporations this year is so great as to be remarkable. During the year ended December 31, 1905 there were 696 charters granted, while during the 11 months of the present fiscal year the number is 890.

The number of students now at the Agricultural and Mechanical College is 425. There are 43 members of the faculty. The value of the buildings etc. is \$325,000.

It is learned that Commissioner of Agriculture Patterson is in Johns Hopkins Hospital, Baltimore, where he has been operated on. Nothing was given out in regard to this at the Agricultural Department until today though he has been there since October 1. He is expected to be back some time this month.

State Veterinarian Butler is to be at Baton Rouge on the 12th inst to attend the meeting of institute workers and later will go to Jacksonville, Fla., to attend the meeting of Commissioners of Agriculture.

The number of students at the Baptist University for women today reached 357. During the year a number of improvements have been made and the largest organ in the State has been installed. The total value of the property is now stated by President Vann to be \$200,000.

It is learned in conversation with officials here that there is strong possibility of the President commuting to life imprisonment the death sentence of the two negro mutineers now in jail at Wilmington. The district attorney, Harry Skinner, prosecuted them with great vigor, but now popular sentiment at Wilmington is very greatly in favor of a lesser sentence than death. These prisoners have conducted themselves admirably during their long imprisonment. It is said that Colonel Skinner will soon go to Washington and that he will probably assent to commutation which has been so urged by the ministers at Wilmington and others.

State Veterinarian Tait Butler was speaking to your correspondent about the scarcity of labor in this State and he says that much of it is due to the way things are managed, the cost of labor saving machinery and of the number of one horse farms. He thinks the latter are very unprofitable and are the principal cause of the labor scarcity, saying that instead of three men, each working one horse, one man ought to work two and thus leave the other man disengaged to do other work. He says that the following out of this plan would be found that the available labor would be immensely increased and he declares that North Carolina would really have more labor than many other States. Dr. Butler is a very close observer and no one knows better than he the resources of the state in an agricultural way, both developed and undeveloped.

PROF. HOLT RESIGNS BOARD OF EDUCATION.

Correction of Former News Item Regarding Mr. O. L. Sapp. Promotion of Railroad man. October P. O. Receipts Show Increase of Business.

[Special Correspondence.]
Greensboro Nov. 5.—The two weeks term of the Superior court for Guilford adjourned Saturday, the afternoon session being devoted to arguments on the motion docket. The jury in the case of W. T. Osborne against the Southern Railway Company, where plaintiff was suing for \$10,000 damages for alleged injuries received while he was riding on a handcar near Hotsburg, after being out all night brought in a verdict of \$2,000 for Osborne. The Railway atorney appealed to the Supreme court. Before adjourning the term of the court Saturday afternoon, Judge Moore signed an order in the case of Mrs. Laura Bain of High Point against her former husband, J. Frank Bain, granting the writ of habeas corpus for three children which were in the possession of Mr. Bain.

The decision directs that Mrs. Bain be given the custody of the three children now at the home of Mrs. Thomas Carrick, their aunt. It further provides that J. Frank Bain shall be permitted to see all the children at the home of their aunt once every week between the hours of 10 a. m. and 4 p. m., but that he should not under any circumstances visit them at the home of their mother, unless by her consent. The decree further provided that Mrs. Bain should give a bond in the sum of \$1,000 as a guarantee that the children will not be carried out of the State and beyond the jurisdiction of the court.

At a meeting of the Board of Education for Guilford county this morning, the resignation of its chairman, Prof. J. Allen Holt was tendered to take effect today. In his letter of resignation, after expressing his reluctance at resigning, Prof. Holt stated that he had been a member of the board for twenty years. That when he became a member in 1886, the sum of \$15,000 was the amount of money, or collected for the county public school fund, while the amount now expended for the county public school fund each year was \$50,000, and that since the era of democratic control of the State by the incoming of Aycock as governor, there had been erected in the county forty-five new, commodious and handsome school houses in the rural districts, several graded schools established, and many special tax districts voted by popular vote.

Mr. O. L. Sapp, a prominent lawyer and excellent citizen of Asheboro, who has purchased a residence in Greensboro and will remove his family here and will begin the practice of law in this city, writes that the statement made in this correspondence that he had formed a partnership for the practice with Judge Adams is a mistake, and says: "Judge Adams and myself have never discussed such a matter, and the statement will be as much of a surprise to him as it was to me."

The Greensboro post office receipts for October 1906 show a gain of \$741.90 over October 1905. This is an increase of over 13 per cent.

Industrial, Commercial, Social, Religious, Criminal and Political Happenings Condensed in Few Lines.

New York, Nov. 2.—In a letter from Hon. W. J. Bryan to kind color the writer expresses his great desire for Hearst's election, and thinks indications favor it. He calls on his New York friends to turn out and vote for Hearst.

Winston-Salem, Nov. 2.—The Grand Lodge of Masons will lay the corner stone of the magnificent Masonic Temple which is being built here next Thursday.

Milwaukee, Wis., Nov. 2.—Leonard Leopold in jail here confessed to the murder of the actress, Margaret Leslie.

Charleston, S. C., Nov. 2.—Immigration agents received today 500 immigrants from Germany who come here to work on farms and in mills. It is expected that more of these laborers will come.

Pittsburg, Pa., Nov. 2.—The plant of Carnegie Plow and Manufacturing Company with its valuable machinery at East Carnegie was destroyed by fire early this morning. The loss is \$123,000.

Sheridan, Wyo., Nov. 2.—The rebellious Indians made a clever raid on a wagon train of provisions and supplies yesterday. They attacked the wagons and took much of the contents.

Albany N. Y., Nov. 2.—Fire destroyed a large tenant house today and drove hundreds of people out of their homes. Two men were caught on top of a blazing seven story building and had no way for escape. Some brave firemen ran a lofty ladder and took them out of range of the fire.

Raleigh, Nov. 3.—Gov. Glenn arrived today from Macon, Ga. He left the bedside of his brother, Edward T. B. Glenn at Macon yesterday afternoon. The physicians said they thought while there was no hope of recovery, Mr. Glenn was not in immediate danger, and as it was on the eve of the election, and some trouble might occur, they advised the Governor to come to N. C. Within an hour after his arrival here, a telegram announced his brother's death. Mr. Glenn was forty six years old and was born in Rockingham county, this State, married Miss Mary Pemberton of Fayetteville, and moved to Macon, Ga., where he was connected with the Central of Georgia Railway, until his death. This death is the fourth in the Governor's family during his term of office, including his brother General Glenn; the wife of Edward Glenn, a brother of the Governor's wife, who died in the far west, and whom she had not seen for thirty years, and now Edward Glenn, the youngest brother, and the last one. The public buildings are closed. The Governor left this afternoon for Macon where the burial of his brother takes place tomorrow.

Norfolk, Nov. 3.—The battleship Virginia rammed the Old Dominion steamer

er Monroe in Hampton Roads. Both boats are considerably damaged. No one was hurt.

Raleigh, Nov. 3.—Superintendent of Instruction Joyner received a contribution of \$250 for the McIver statue fund from Caesar and Moses Cone, of Greensboro, today. Mr. Joyner states that such a statue as he desires to see erected and one that will do justice to the memory of the great educator will cost \$15,000.

New York, Nov. 3.—Betting on the election favors Charles E. Hughes 4 to 1. Tammany says that Hearst has contributed nothing to the campaign fund.

Sheridan, Wyo., Nov. 3.—Ute chiefs have agreed for their people to return with the U. S. troops to Ft. Meade, South Dakota, and there be cared for while two of the principal chiefs go to Washington to see President Roosevelt. This was done in conference of the Council of War and White Bull, the Sioux Indian who acted as emissary of the Government.

New York Nov. 3.—Lt. Peary the famous Arctic explorer has returned from his three year trip in the polar zone. He touched the furthest point in the north that has yet been reached thus giving America the honor of expedition of discovery. He states his return was one continuous fight with ice, constant peril and much suffering. All the dogs were killed and eaten. His steamer, Roosevelt, was damaged by ice.

Goldboro Nov. 5.—At a lumber camp near here, two white men quarreled about an axe, and Ernest Pipkins killed Oscar Hoskins. After the quarrel Hoskins wandered off into the woods and later was found dead.

Wilmington Nov. 5.—Frank H. Stedman, sheriff of New Hanover, of which the city of Wilmington is the chief, denounced U. S. Judge Thos. R. Purnell for his reflections upon him as jailer in connection with his treatment of Federal prisoners under his care. Stedman says the charge is untrue that prisoners were half fed and ill treated.

New York, Nov. 5th.—The suspense here has been intense today. For the first time political party lines are swept aside, and the people are following their favorites rather than their party ticket. Today's fight on eve of election has been a tremendous one. Bets still 5 to 1 on Hughes. Tammany's leader, Murphy, says he is sure Hearst will carry New York by 125,000.

A Talented Actress.
Rose Mayo's appearance is always welcomed by play-goers everywhere and they know that with this talented actress enjoyment is certain and the announcement that she would be at the Masonic opera house Monday night, awakened the liveliest interest and Miss Mayo is endorsed with pleasing personality and has the gift of magnetism to a marked degree. She is in the very first rank of the emotional actresses of the day. Her style is natural, convincing and sympathetic.

"The Princess of Paris", the play Miss Mayo will present here, is a romantic drama of the Napoleonic era and it is clever in plot and dramatic construction and bright in comedy and affords Miss Mayo excellent opportunity for the display of her talents and she acts Hortense De Mauprat, a princess, gambler and spy and Siepiets the character with vivid dramatic strength. Miss Mayo is supported by an excellent company.
